3383. Partition Fences.

3374. Legal fences defined. Any one of the following, if not less than forty-four inches nor more than forty-eight inches in height, shall be a legal fence in the state of Montana:

1. All fences constructed of at least three barbed, horizontal, well-stretched wires, the lowest of which must not be less than fifteen inches

nor more than eighteen inches from the ground, securely fastened as nearly equidistant as possible to substantial posts, firmly set in the ground, or to well-supported leaning posts, not exceeding twenty feet apart, or thirty-three feet apart where two or more stays or pickets are used equidistant between posts; provided, that all corral fences which are used exclusively for the purposes of inclosing stacks which are situated outside of any lawful inclosure shall not be less than sixteen feet from such stack so inclosed, and shall be substantially built with posts not more than eight feet distant from each other and not less than five strands of well-stretched barb wire, and shall not be less than five nor more than six feet high; provided, further, that any kind of a fence equally as effectual for the purpose of a corral fence may be made in lieu thereof.

2. All fences constructed of any standard woven wire not less than twenty-eight inches in height, securely fastened to substantial posts not more than thirty feet apart, shall be a legal fence; provided, that two equidistant barbed wires shall be placed above the same at a height of not less than forty-eight inches from the ground.

4. All fences consisting of four boards, rails, or poles, with standing or leaning posts not over seventeen feet and six inches apart; provided, that if leaning posts are used, there shall be a pole or wire fastened securely on the inside of the leg or support of such leaning post.

5. All rivers, hedges, mountain ridges and bluffs, or other barrier over or through which it is impossible for stock to pass.

History: Ap. p. Sec. 1, p. 46, L. 1881; amd. Sec. 1, p. 76, L. 1885; amd. Sec. 1111, 5th Div. Comp. Stat. 1887; amd. Sec. 3250, Pol. C. 1895; amd. Sec. 1, p. 139, L. 1901; amd. Sec. 1, Ch. 37, L. 1905; amd. Sec. 1, Ch. 64, L. 1913; amd. Sec. 1, Ch. 163, L. 1919.

Cited or applied as section 3250, Political Code, before amendment, in Clemmons v. Gillette, 33 Mont. 321, 328, 83 Pac. 879, 114 Am. St. Rep. 814; as section 2082, Revised Codes, before amendment, in Herrin v. Sieben, 46 Mont. 226, 232, 127 Pac. 323.

The provisions of this section et seq. relative to legal fences, prescribing what are such fences, and defining the duty to maintain and repair partition fences, do not affect the right of an adjoining owner to build a division fence partly on the other's land. Hoar v. Hennessy, 29 Mont. 253, 261, 74 Pac. 452.

Constitutionality of fencing and stock laws, see note in 6 A. L. R. 212.

Effect of statute prohibiting recovery for damages done by trespassing animals on unfenced lands, see note in 9 Ann. Cas. 1005.

Fencing against stock running at large, see note in 81 A. S. R. 446.

3375. Penalty for violation. Any person constructing or maintaining any fence of any kind not described in the next preceding section is liable in a civil action for all damages caused by reason of injury to stock resulting from such defective fence.

Note.—Sections 3375 to 3376 were enacted as sections 1112 to 1120, 5th Division Compiled Statutes 1887; were carried forward as sections 3251 to 3252, Political Code 1895, and appeared as sections 2083 to 2084, Revised Codes 1907.

History: Sec. 2083, Rev. C. 1907.

3376. Barbed wire fences to be kept in repair. The owners of barbed wire fences must keep the same in repair, and any person receiving notice

in writing that his barbed wire fence or any part thereof is down, or in such condition as to be likely to injure any livestock, and fails or refuses to repair such fence, is liable to pay damages in an amount equal to the value of any cattle, horse, mule, or other domestic animal which may be injured by coming into contact with the fence.

History: Sec. 2084, Rev. C. 1907. See also history of Sec. 3375.

Liability of owner of barbed-wire fence for injuries caused, see notes in Ann. Cas. 1913D, 781; Ann. Cas. 1915D, 856.

3377. Damage to planted trees. In case of any damage done to planted trees by animals, the owner of the trees may recover damages from the owner of the animals, if said trees are planted inside of a lawful fence or boxed to a height of not less than five feet.

History: En. Sec. 3281, Pol. C. 1895; re-en. Sec. 2096, Rev. C. 1907.

3378. Liability of owners of stock for trespass. If any cattle, horse, mule, ass, hog, sheep, or other domestic animal break into any enclosure, the fence being legal, as hereinbefore provided, the owner of such animal is liable for all damages to the owner or occupant of the enclosure which may be sustained thereby. This section must not be construed so as to require a legal fence in order to maintain an action for injury done by animals running at large contrary to law.

History: En. Sec. 1119, 5th Div. Comp. Stat. 1887; re-en. Sec. 3258, Pol. C. 1895; re-en. Sec. 2090, Rev. C. 1907.

A lawful fence entirely surrounding the grounds or premises entered, or some obstruction equivalent thereto, is a condition precedent to the right to bring an action against the owner of trespassing animals for damages sustained by reason of such trespass. Smith v. Williams, 2 Mont. 195, 201.

A reasonable and substantial compliance with the statute is all that is required, and an immaterial variation in the height of the fence from that of a lawful fence will not defeat the action. Smith v. Williams, 2 Mont. 195, 202.

There can be no recovery for damages sustained to the owner of uninclosed lands by reason of sheep straying or being driven thereupon and destroying the grass and verdure, unless it appear that they were maliciously driven upon such lands for the purpose of causing injury. Fant v. Lyman, 9 Mont. 61, 62, 22 Pac. 120.

This section applies to trespasses committed by animals running at large without the knowledge of the owner, and not to a case where one knowingly and wilfully appropriates the use of another's land. Monroe v. Cannon, 24 Mont. 316, 320, 61 Pac. 863, 81 Am. St. Rep. 439. See, also, Musselshell Cattle Co. v. Woolfolk, 34 Mont. 126, 132, 85 Pac. 874; Rea Bros. Sheep Co. v. Rudi, 46 Mont. 149, 161, 127 Pac. 85; Light v. United States, 220 U. S. 523, 537, 55 L. Ed. 570, 31 Sup. Ct. 485.

This section, and the custom of the state making the maintenance of a legal fence by a land owner a prerequisite to recovery for trespass by domestic animals of another, do not charge the landowner with the duty to keep cattle lawfully at large from coming on his land, or make their entry thereupon rightful, so as to make him liable for injuries to such animals caused by the existence of dangerous agencies on the land, but not wantonly or intentionally caused. Beinhorn v. Griswold, 27 Mont. 79, 88, 69 Pac. 557, 94 Am. St. Rep. 818, 59 L. R. A. 771.

A person who unlawfully fences a portion of the public domain acquires only a tortious possession, which does not authorize him to maintain an action against another for depasturing such land, nor entitle him to restrain the latter, by way of injunction, from continuing to depasture the land. Clemmons v. Gillette, 33 Mont. 321, 328, 83 Pac. 879, 114 Am. St. Rep. 814.

The provisions of this section apply to all domestic animals, but have no application to animals in charge of a herder. Herrin v. Sieben, 46 Mont. 226, 232, 127 Pac. 323.

The owner of animals may not knowingly and wilfully drive or herd them upon the lands of another, whether such lands are protected by an inclosure or not, and to avoid encroaching upon his

neighbor he must at his peril ascertain the line at which his rights end and his neighbor's begin. Herrin v. Sieben, 46 Mont. 226, 233, 127 Pac. 323.

Right to distrain and sell animals running at large, see note in 90 A. S. R. 212.

Liability of owner for trespass of cattle, see note in 22 L. R. A. 55.

3379. Stock trespassing may be retained. If any such animal breaks into an enclosure surrounded by a legal fence, or is wrongfully upon the premises of another, the owner or occupant of the enclosure or premises may take into his possession the animal trespassing, and keep the same until all damages, together with reasonable charges for keeping and feeding are paid. The person taking any such animal into his possession shall, within seventy-two hours thereafter, give written notice to the owner or person in charge of the animal, stating that he has taken up such animal; said notice shall also give the date of such taking, the description of the animal or animals taken up, including marks and brands, if any, the amount of damages claimed and the charge per head per day for caring for and feeding the same, and shall describe, either by legal subdivisions or other general description, the location of the premises upon which said animals are held. In all cases a copy of said notice shall likewise be posted at a point where said stock was taken up. Such notice shall be given to the owner or person in charge only when said owner or person in charge of the animal or animals is known to the person taking up the same and resides within twenty-five miles of the premises upon which such animals have been taken up. In case the owner or person in charge of such animals resides more than twenty-five miles from the place of such taking, notice as aforesaid shall be mailed to him, and in such case, and also in case the owner be unknown, a like notice shall be mailed to the Montana livestock commission and the sheriff of the county in which such animals have been taken up. Upon receipt of such notice, the sheriff shall post a copy thereof at the court house and shall send by registered mail a copy thereof to the owner of the stock, if known to him; if unknown to him, the sheriff shall send a copy of such notice to the nearest state livestock inspector. In case the parties do not within five days thereafter agree as to the amount of damages, the lien claimant must within ten days thereafter institute a civil action to foreclose his lien in any court of competent jurisdiction, pending the outcome of which suit, the person taking up said stock may, at the expense of the owner, retain a sufficient amount of such stock to cover the amount of damages claimed by him; provided, however, that the defendant may, after the institution of an action as aforesaid, upon filing in said cause a bond executed by two or more sureties and approved by the court, in double the sum sued for, conditioned for the payment to the plaintiff of all sums, including costs that may be recovered by said plaintiff, have the return to him of all livestock held as aforesaid, and said person shall be liable to such owner for any loss or injury to said stock occurring through his fault or neglect. If the person taking up said stock shall fail to recover in said action a sum equal to that offered him by the owner of the stock, the former shall bear the expense of keeping and feeding same while in his possession.

Any person taking or rescuing any such animal from the possession of the person taking the same, without his consent, is guilty of a misde-

meanor, and upon conviction thereof shall be punishable by a fine of not less than one hundred dollars nor more than five hundred dollars.

History: En. Sec. 8, p. 48, L. 1881; re-en. Sec. 1120, 5th Div. Comp. Stat. 1887; re-en. Sec. 3259, Pol. C. 1895; re-en. Sec. 2091, Rev. C. 1907; amd. Sec. 1, Ch. 231, L. 1921.

Where plaintiff might have sued under this section for three hundred and fifty dollars because of the wrongful rescue of animals which had been trespassing upon his premises, but his demand was for only two hundred and eighty-six dollars, a justice's court had jurisdiction of the cause. Reynolds v. Smith, 48 Mont. 149, 150, 135 Pac. 1190.

Cited or applied as section 3259, Political Code, in Hoar v. Hennessy, 29 Mont. 253, 261, 74 Pac. 452.

Validity of statute authorizing landowner to seize and sell trespassing animals, see note in Ann. Cas. 1915C, 1263.

3380. Marking land and mining claims in national forest. It shall be the duty of the owner, or the person holding possessory right, to all unfenced lands, or patented mining claims, which said lands or patented mining claims lie within the boundary of national forest reserves in the state of Montana, or lying on public ranges adjoining to any national forest reserve, to mark the boundaries thereof by substantial monuments that can be readily seen and observed so that such boundaries can be readily traced.

History: En. Sec. 1, Ch. 222, L. 1921.

3381. Method of marking. For the purposes of this act, it shall be prima facie evidence that such boundaries are properly marked if the same are defined; provided, that such monuments or some tree, stump, or post adjacent thereto shall be conspicuously marked with the name of the owner or claimant of such ground and the name of the claim or the description of the land claimed.

History: En. Sec. 2, Ch. 222, L. 1921.

3382. Marking—Right of action against trespassing stock. No person owning or possessing agricultural or grazing land, or patented mining claims, lying within said national forest reserves of this state, or on the public range lying adjoining to any said national forest reserve, the boundaries of which said lands are not marked as required by the provisions of this act, shall have any claim or cause of action or right of action against the owner of herded sheep for trespasses committed by such sheep upon said land, and such shall be the rule regardless of whether the said sheep so trespassing strayed thereon of their own inclination and without being driven, or whether said sheep were herded or driven on said land; provided, that no person or persons can claim exemption for trespassing under the provisions of this section where such person or persons shall have actual knowledge of the boundary lines of any lands herein referred to.

History: En. Sec. 3, Ch. 222, L. 1921.

3383. Partition fences. Certain regulations relating to partition fences are found in sections 6778 to 6782 of the Civil Code.

Note.—New section recommended by code commissioner.

Upon petition of any owner or possessor of lands lying contiguous and adjoining any herd district theretofore created, and upon like hearing and notice as hereinabove provided for, such lands shall be included in said herd district and become a part thereof.

Should the signature of lessee appear on the petition creating or abolishing any herd district, the owner or owners of said land may appear either in person or agent and enter their protest. And the board of county commissioners shall remove the name of lessee from said petition, and no person shall be permitted to withdraw his name after the hour set for hearing same.

3386. Trespassing animals—Proceedings respecting. If any such animal or animals wrongfully enter upon premises within such district of any person, the owner or person in control of such animal or animals shall be liable for all damages sustained thereby to the party entitled thereto. The owner or occupant of the land upon which such wrongful entry is made may take into his possession such animal or animals and shall reasonably care for the same while in his possession, and may retain possession of said animal or animals, and shall have a lien and claim thereon as security for payment of such damages and the reasonable charges for the care of said animal or animals while in his possession. If the owner of said stock, or the person entitled to the possession thereof, can be found or is known to the person taking up said stock, it shall be his duty to notify said owner, owners, or persons in charge thereof in person, within forty-eight hours after taking possession thereof, by leaving a written notice at his usual place of residence with some member of his family over the age of fourteen years, describing said stock and stating the amount of damages claimed, and requiring him within forty-eight hours after receiving said notice to take the said property away, after making full payment of all damages and costs of trespassing animals. Upon demand, the owner or occupant of the land shall release and deliver possession of such stock to the owner or person entitled thereto, upon payment of such damages and charges, and if the parties cannot agree upon the amount of such damage and charges, the owner or person entitled to said stock shall issue a receipt to the owner or occupant of the land having possession of such stock, which receipt shall fully describe the animal or animals so that they may be at any time identified, and shall thereupon be entitled to the possession of such stock.

If the owner or person entitled to said stock does not furnish such bond within ten days after the notice of the commencement of said action, an order may be issued in such action, authorizing and directing the constable or sheriff to take possession and hold such stock to satisfy any judgment that may be recovered in such action, and such stock, when so taken possession of by the officer, shall be held, treated, and sold the same as though seized under a writ of attachment.

The owner or person entitled to said stock may, in lieu of furnishing

a bond, deposit an amount of money sufficient to pay any judgment which may be recovered in such action, the amount to be determined by the justice or judge of the court.

If the owner or person entitled to said stock, after delivery of possession to him, without payment of damages and charges as herein provided, shall sell or dispose of said stock, or shall permit the same to be taken from his possession, or shall in any manner prevent the seizure of same by the constable or sheriff as herein provided, before the lien thereon is discharged, he shall be guilty of a misdemeanor, and, in addition thereto, shall be liable to the party entitled to such damages and charges in double the value of such stock. At the time of delivery of the possession of such stock to the owner or person entitled thereto, a written statement of the amount of damages and charges shall be furnished to the owner entitled to such stock by the person claiming such damages and charges.

If the owner or claimant of such stock is not known to the person taking up such stock, he shall give notice thereof within forty-eight hours, by posting a notice at the nearest postoffice and notifying the stock inspector of the district, which notice shall contain the number of animals, the brand and description thereof, together with the date of trespass.

In an action for damages claimed to have been caused by defendant's neglect of duty imposed by this section and section 3392, plaintiff must plead nonobservance of the statute and make a case bringing the defendant within the liability created thereby. Ball Ranch Co. v. Hendrickson, 50 Mont. 220, 225, 146 Pac. 278.

Where simple negligence is relied on as a basis of recovery of damages caused by permitting rams to run at large, the plaintiff must prove, by a preponderance of the evidence, the negligence alleged, the defendant being held to the exercise of ordinary care only. Where, however, the damages are alleged to spring from non-compliance with the duty imposed by this section, disobedience in this respect constitutes negligence per se, and makes defendant liable, if the injury was proximately caused thereby. Ball Ranch Co. v. Hendrickson, 50 Mont. 220, 225, 146 Pac. 278.

Where rams or he-goats run at large without the tacit consent of the persons in control, or such persons make a reasonable effort to hinder or prevent them from running at large, no offense is committed and no liability is incurred, either under this section and the two succeeding sections, or in an action based upon simple negligence. The offense of forgery charged to have been committed by a bounty inspector in falsely making a bounty certificate is not

committed by making the false statements of fact in the certificate, but by making the certificate when certain conditions precedent to its issuance, with the fulfilment of which he is charged, have not been performed. 3417. Penalty for fraudulent claims. Any person or persons who shall patch up any skin or scalp, or who shall present any punched or patched skin or scalp, or who shall bring in any skin or skins from other states or territory, with intent to obtain the bounty on same fraudulently, or any officer who shall sign any certificate herein provided for without first counting the skins and examining same to determine the kind of skins, and to see that the skin from the scalp or head is properly severed and preserved as hereinbefore provided, or shall evade or violate any provision of any law of the state of Montana relative to bounties or bounty claims, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding one thousand dollars, or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment, and that two-thirds of the fine, if the same is collected, or can be collected, shall be given to the informer, and the balance be converted into the state bounty fund.

3418. Inspectors of quartz mines—Appointment, term, and compensation. The industrial accident board shall appoint not to exceed two inspectors of quartz mines and shall prescribe their term of office and fix their compensation.

History: En. Sec. 1, p. 109, L. 1897; re-en. Sec. 1711, Rev. C. 1907; amd. Sec. 1, Ch. 71, L. 1909; amd. Sec. 1, Ch. 22, L. 1921.

Statutory provisions for protection of workmen in mines, see note in 25 L. R. A. 848.

Effect of partial invalidity of statutes relating to mines and minerals, see note in Ann. Cas. 1916D, 70.

3419. Duties of mine inspector—Annual inspection. It is the duty of the inspectors of quartz mines to visit every mine in the state once every year and inspect its workings, timbering, ventilation, means of ingress and egress, and the means adopted and in use for the preservation of the lives and safety of the miners employed therein. For this purpose the inspectors at all times shall have access to any mine and all parts thereof. All mine owners, lessees, operators, or superintendents must render such assistance as may be necessary to enable the inspectors to make the examination. When upon such inspection any mine or portion thereof is found to be in an unsafe condition, the inspector shall at once serve a notice in writing upon the owner, lessor, lessee, agent, manager, or superintendent thereof, setting forth the nature of the defects which render such mine unsafe, and the point or place in such mine where such defects exist, and requiring the repairs necessary to remedy such defects to be made within a specified time, and if in his judgment the circumstances so require, he shall forbid the operation of such mine or portion thereof as has been declared unsafe, save and except for the purpose of making the repairs necessary for the purpose of remedying such defects and making such mine safe for the laborers employed therein.

History: En. Sec. 1, Ch. 98, L. 1903; re-en. Sec. 1713, Rev. C. 1907.

Note.—In this and succeeding sections the words "inspector of mines" have been changed to "inspectors of quartz mines" to conform to later enactments.

3420. Duty to inspect mine upon complaint. Whenever an inspector of mines receives a complaint in writing signed by one or more parties, setting forth that the mine in which he or they are working is dangerous in any respect, he must in person visit and examine such mine. Every complaint must set forth the nature of the danger existing at the mine, and the time the cause of such danger was first observed.

History: En. Sec. 2, Ch. 98, L. 1903; re-en. Sec. 1714, Rev. C. 1907.

3421. Notice to owner of defects. After such complaint has been received by an inspector of mines, he must, as soon as possible, visit such mine; and if from such examination he ascertains that the mine is from any cause in a dangerous condition, he must at once notify the owner, lessor, or agent thereof, such notice to be in writing, and to be served by copy on such owner, lessor, lessee, or agent, in the same manner as provided by law for the serving of legal process, and the notice must state fully and in detail in what particular manner such mine is dangerous or insecure, and require all necessary changes to be made without delay, for the purpose of making such mine safe for the laborers employed therein; and in any criminal or civil procedure at law against the party or parties so notified, on account of loss of life or bodily injury sustained by an employee subsequent to such notice and in consequence of a neglect to obey the inspectors' requirements, a certified copy of the notice served by the inspector is prima-facie evidence of the gross negligence of the party or parties so complained of. If the owner, lessor, lessee, or agent of any such mine shall neglect or refuse to obey or comply with the instructions of the inspector as contained in such notice, or shall neglect or refuse to cause the repairs necessary to remedy such defect to be made

within a reasonable time, or shall refuse to cause work to be stopped when so ordered, such party or parties so refusing may be prosecuted criminally by the inspector.

History: En. Sec. 3, Ch. 98, L. 1903; re-en. Sec. 1715, Rev. C. 1907.

3422. Annual inspection—Report. It is the duty of the inspectors of mines, at least once in each year, to visit each mining county in the state, and examine as many of the mines in the different counties as practicable, and make such recommendations as in their judgment are necessary to insure the safety of the workmen employed therein; and whenever, from his examination an inspector finds any mine to be in an unsafe condition, he shall at once serve a notice upon the owner, lessor, lessee, or agent thereof; and if any such owner, lessor, lessee, or agent fails to comply with such notice, he may prosecute them or any of them as provided in the next preceding section.

History: En. Sec. 4, Ch. 98, L. 1903; re-en. Sec. 1716, Rev. C. 1907.

3423. Investigation after accidents. Whenever a serious or fatal accident occurs in any mine, it is the duty of the person in charge thereof to immediately notify the industrial accident board, and upon receiving such notice an inspector must at once repair to the place of the accident and investigate fully the cause of such accident, and whenever possible to do so, the inspector shall be present at the coroner's inquest held over the remains of the person or persons killed by such accident and testify as to the cause thereof and state whether, in his opinion, the accident was due to the negligence or mismanagement of the owner or person in charge. If the inspector cannot be immediately present in case of a fatal or serious accident occurring, it is the duty of the owner or person in charge of the mine to have written statements made by those witnessing the same, and duly sworn to. In case no person was present at the time of the accident, then the verified statement of those first present after the accident must be taken, and such statement must be given to the inspector. If after making such investigation the inspector deems the facts warrant it, he may prosecute criminally the owner, lessor, lessee, or agent of the mine in which such accident occurred.

History: En. Sec. 5, Ch. 98, L. 1903; re-en. Sec. 1717, Rev. C. 1907.

Note.—In this and other sections reference to a deputy inspector has been omitted to conform to later enactments.

3424. Report. The industrial accident board must make an annual report to the governor on the first Monday of November, and in the report must state all the accidents that have occurred in the mines of the state which have occasioned serious injury or resulted fatally, together with the nature and cause of such accidents. Such report must also contain statistical and other information which may tend to promote the development of the mineral resources of the state, and must set forth the result of the inspector's labors.

History: En. Sec. 588, Pol. C. 1895; re-en. Sec. 1719, Rev. C. 1907.

3427. Safety apparatus must be used in mines. It is unlawful for any person to sink or work through any vertical shaft, where mining cages are used, at a greater depth than two hundred feet, unless the shaft is provided with an iron bonneted safety-cage to be used in lowering and hoisting employees or any other persons. The safety apparatus, whether consisting of eccentrics, springs, or other device, must be securely fastened to the cage, and of sufficient strength to hold the cage loaded at any depth to which the shaft may be sunk. The iron bonnet must be made of boiler sheet-iron of good quality, at least three-sixteenths of an inch in thickness, and must cover the top of the cage in such manner as to afford the greatest protection to life and limb, from any debris or anything falling down the shaft.

The said inspector of mines of Montana may add to or change such code of signals as circumstances may require, but no change of signals shall go into effect until a time specified by him, not less than sixty days nor more than ninety days from the time such change shall be ordered by him; provided, that the code of signals first prepared by him shall be used in all said shaft mines from and after June 1, 1895.

Underground workings consisting of chutes, manways, and winzes, or any opening kept for ventilating purposes, or for the removal of ore or waste material, shall when necessary be protected by guard-rails, or by a suitable cover known as a grizzly, made of good, substantial timbers or metal bars. Shafts at stations shall be protected by guard-rails at every level. In vertical manways used by employees exclusively for traveling purposes, in addition to proper ladders there shall be suitable landings, placed not to exceed thirty feet apart, and so far as feasible

History: En. Sec. 1, Ch. 120, L. 1911.

Note.—Throughout the entire act the necessary changes have been made to conform to subsequent legislation placing the office of coal-mine inspector under the control of the industrial accident board.

The common-law rule that the master must exercise ordinary care and diligence to provide his employees with a reasonably safe place in which to work, though not applying when they and their fellow-servants are creating the place to work, when it is constantly being changed in character by their work, or when it only becomes dangerous by their carelessness or negligence, does obtain where the place is a completed one, such as that part of a mine tunnel behind the miner driving it, and is applicable to coal mines as well as to any other place of employment. Kallio v. Northwestern Improvement Co., 47 Mont. 314, 321, 132 Pac. 419, Ann. Cas. 1915A, 1228.

The provisions of this and following sections, the purpose of which is to reduce as far as possible the hazards incident to coal mining, cannot be nullified by any agreement between employer and employee, or any rule or custom in derogation of the duties imposed. Kallio v. Northwestern Improvement Co., 47 Mont. 314, 324, 132 Pac. 419, Ann. Cas. 1915A, 1228.

Constitutionality of statutes with respect to safety regulations in coal mines, see note in 2 Ann. Cas. 781.

3448. Coal-mine inspector—Appointment, compensation and term. The industrial accident board shall appoint a coal-mine inspector and shall fix his compensation and term of office.

3449. Qualifications of inspector. No person shall be eligible to the office of state coal-mine inspector until he shall have attained the age of thirty years. He shall be a citizen of the United States, a qualified resident of the state of Montana, shall have been actually employed at coal mining ten years prior to his appointment, and shall possess a competent knowledge of all the different systems of coal mining and working and properly ventilating coal mines, and the nature and constituent parts of noxious and explosive gases of coal mines, and of the various ways of expelling the same from the said mines. He shall have passed a successful examination by the board of examiners, and his certificate of qualification shall have been filed with the governor by the said board of examiners, as provided by law.

History: En. Sec. 3, Ch. 120, L. 1911.

3450. Powers and duties of inspector. The state coal-mine inspector shall have the right, and it is hereby made his duty, to enter, inspect, and examine any coal mine or any shaft, drift, or slope in the process of sinking for the purpose of mining coal in this state, and the workings and the machinery belonging thereto, at all reasonable times, either by day or night, but not so as to impede or obstruct the workings of the mine, and when such inspection is contemplated he shall first notify the person in charge of his intention to make such examination. He shall also have the right and it is his duty to make inquiry into the condition of such mine, workings, machinery, scales, ventilation, drainage, method of lighting or using lights, and into all methods and things connected with or relating to, as well as to make suggestions providing for the health and safety of persons employed in or about the same, and especially to make inquiry whether or not the provisions of the laws providing for the regulation of coal mines, or other acts which may hereafter be enacted governing coal mines, have been complied with. The owner, operator, or superintendent of such mine is hereby required to furnish the means necessary for such entry, inspection, examination, inquiry, and exit. It shall also be the duty of the said coal-mine inspector to carefully examine all the coal mines in operation in this state at least every three months, and oftener if necessary, to see that every precaution is taken to insure the safety of all the workmen that may be engaged in said coal mine. The said inspector shall make a record of the visit, noting the time and the material circumstances of the inspection. At the time of making his regular quarterly inspection, in the event of the inspector having in his possession any complaint in writing to the effect that the mining code is being violated, he shall notify the employees that he is about to make such inspection, and if the employees, in some proper manner, select one of their number to accompany the inspector on such inspection, he shall permit such employee to so accompany him. In the event of no such selection being made, the inspector may, if he so desire, request some employee to accompany him. The

owner or operator shall at all times have the right to personally accompany the inspector while inspecting his property, or to designate some one to so accompany him.

3451. Inspector must not be employed by companies. The said state coal-mine inspector, while in office, shall not act as agent for any corporation, superintendent or manager of any mines, and shall in no manner whatever be under the employ of mining companies, nor shall he be interested in any coal-mining operation, either as owner, lessee, or otherwise. It shall be the duty of the industrial accident board, on or before the first day of January of every year, to make a report to the governor of the proceedings of such state coal-mine inspector and the conditions of each and every coal mine in the state, stating therein all accidents that have happened in or about said mine or mines, and to set forth in said report all such suggestions as he may deem important as to any further legislation on the subject of coal mines.

History: En. Sec. 6, Ch. 120, L. 1911.

3452. Instruments to be furnished to inspector. For the more efficient discharge of the duties herein imposed upon him, the said state coal-mine inspector shall be furnished, at the expense of the state, with an anemometer, a safety-lamp, and whatever other instruments or other appliances may be necessary in order to carry into effect the provisions of the acts regulating coal mines.

History: En. Sec. 7, Ch. 120, L. 1911.

3453. Inspector to post statement of mine at entrance. The state coal-mine inspector shall post up in some conspicuous place at the top of each mine visited and inspected by him a plain statement of the conditions of such mine, showing what, in his judgment, is necessary for the better protection of the lives and health of persons employed in such mine; such statement shall give the date of inspection, and be signed by the said inspector. He shall also post a notice at the landing used by the men, stating what number of men may be permitted to ride on the cage, car or cars at one time, and at what rate of speed men may be hoisted and lowered on the cage, car or cars in accordance as hereinafter provided for in this act. He must observe especially that the code of siganls provided in the act of regulating coal mines between engineer and topmen and bottommen is conspicuously posted for the information of all employees.

History: En. Sec. 8, Ch. 120, L. 1911.

3454. Inspector ex-officio sealer of weights and measures. The state coal-mine inspector is hereby made, equally with the secretary of state, ex-officio sealer of weights and measures, in so far as the same relates to coal mines and coal mining, and as such is empowered to test and compare all weights and measures used in weighing and measuring coal at any coal mines, or used in measuring air-passages or other openings in coal mines, with the standards of weights and measures kept by the state sealer of weights and measures. Upon the written request of any coal-mine owner or operator, or ten coal miners employed at any one mine, it shall be his duty to test and prove any scale or scales at such mine against which com-

plaint is directed, and if he shall find that they or any of them do not weigh correctly, he shall call the attention of the mine owner, lessor, or operator to the fact, and direct that said scale or scales be at once overhauled and readjusted so as to indicate only true and correct weights, and he shall forbid the further operation of such scale until such scales are adjusted. In the event that such test shall conflict with any test made by any other sealer of weights and measures, or under and by virtue of any municipal ordinance or regulation, then the test by such state coal-mine inspector shall prevail.

History: En. Sec. 10, Ch. 120, L. 1911. Note.—The above section changed in this code to conform to later enactments.

For the purpose of carrying out the provisions of this act, the state coal-mine inspector shall be furnished by the state with such sets of standard weights suitable for testing the accuracy of track-scales, and of all smaller scales at mines, as may in the judgment of the state coal-mine inspector be necessary; said test weights shall remain in the custody of the state coal-mine inspector for use at any point within the state, and for any amounts expended by him for the storage, transportation, or the handling of the same, he shall be fully reimbursed upon making proper entry of the proper items in his expense voucher.

History: En. Sec. 11, Ch. 120, L. 1911.

3456. Refusal of mine operator to furnish facilities for examination. If any owner, lessor, or operator shall refuse to permit such inspection, or to furnish the necessary facilities for making such examination and inspection, the inspector shall file his affidavit setting forth his refusal with the judge of the district court in said county in which said mine is situated, either in term-time or vacation, and obtain an order on such owner, operator, or agent so refusing as aforesaid, commanding him to permit and furnish such necessary facilities for the inspection of such coal mine, or to be adjudged to stand in contempt of court and punished accordingly.

the passage of this act, shall be worked in any mine, and the maps of all such seams shall show all shafts, drifts, tunnels, incline planes, or other passageways connecting the same.

History: En. Sec. 39, Ch. 120, L. 1911.

3482. **Map of the surface.** Every such map or plan, or, at the option of the operator, a separate map, shall show the surface boundary lines contiguous to the workings and pertaining to each mine, also all section or quarter-section lines and corners, town lots and streets, the tracts and side tracts of all railroads, the location of all wagon roads, rivers, streams, ponds, buildings, landmarks, and principal objects on the surface within the said boundary lines; and in all cases, if of a separate surface map, the same shall be drawn on transparent cloth or paper, so that it can be laid upon the map of the underground workings, and thus truly indicate the relative location of the lines and objects on the surface to the excavations of the mine.

History: En. Sec. 40, Ch. 120, L. 1911.

3483. **Copies of maps for state coal-mine inspector.** The orginal or true copies of all such maps shall be kept in the office at the mine, and true copies thereof shall also be furnished the state coal-mine inspector within thirty days after the completion of the same. The maps so delivered to the inspector shall be the property of the state, and shall remain in the custody of the said inspector during his term of office, and be delivered by him to his successor in office. They shall be kept at the office of the inspector and be open to inspection by all persons interested in the same, but such examination shall only be made in the presence of the inspector, and he shall not permit any copies of the same to be made without the written consent of the operator or owner of the property, under penalty of removal from office.

History: En. Sec. 41, Ch. 120, L. 1911.

3484. **Annual surveys.** An extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1st of every year, and the result of said survey, with the date thereon, shall be promptly and accurately entered upon the original maps so as to show all changes in plan or new work in the mine, and all extensions of the workings to the most advanced face or boundary of said workings which have been made since the preceding survey. The said changes and extensions shall be entered upon the copies of the maps in the hands of the state coal-mine inspector, or new copies thereof be furnished him, within thirty days after the last survey is made. Whenever the operator of any mine shall neglect or refuse, or for any cause not satisfactory to the state coal-mine inspector fail, for a period of three months, to furnish the said state coal-mine inspector the map or plan of such mine, or a copy thereof, or of the extension thereto, as provided for in this act, the said state coal-mine inspector is hereby authorized to make or cause to be made an accurate map or plan of such mine at the expense of the owner or leaser thereof, and the cost of the same may be recovered by

law from said owner, leaser, or operator, in the same manner as other debts by suit in the name of the state.

History: En. Sec. 42, Ch. 120, L. 1911.

3485. Abandoned mines. When any coal mine is worked out, or is about to be abandoned or indefinitely closed, the operator of the same same shall make or cause to be made a final survey of all available parts of such mine, and the results of the same shall be duly extended on all maps of the mine and copies thereof, so as to show all excavations and the most advanced workings of the mine, and their exact relations to the boundary or section lines on the surface.

The state coal-mine inspector may order a survey to be made of the workings of any mine which is about to be abandoned, or of which he has reason to believe the maps are inaccurate, whenever in his judgment the safety of the workmen, the support of the surface, the conservation of the property, or the safety of an adjoining mine requires it. Such survey shall be paid for by the state.

History: En. Sec. 43, Ch. 120, L. 1911.

3486. Mine operators to furnish wash houses for employees. It shall be the duty of the owner, operator, or superintendent of any coal mine in the state of Montana to provide a suitable building, not an engine or boiler house, for the use of the persons employed in such mine, for the purpose of washing themselves and changing their clothes when entering the mine and returning therefrom. The said building shall not be over eight hundred feet from and convenient to the principal entrance of such mine when practicable to do so. When not practicable to build the wash house within the said distance and still conform to the other requirements of this section, the state coal-mine inspector may give written permission to place the building at a greater distance from the mine than that herein specified, and the operator shall not be guilty of violation of this section. The said building shall be maintained in good order, be properly lighted and heated, and supplied with pure cold and warm water, and be provided with facilities for persons to wash, and a suitable locker for each person to be used by him as a repository for his clothes.

If any person shall maliciously injure or destroy, or cause to be injured or destroyed, the said building or any part thereof, or any of the appliances or fittings used for supplying light, heat, or water therein, or doing any act tending to the injury or destruction thereof, he shall be deemed guilty of an offense against this act and subject to a fine as hereinafter provided for.

History: En. Sec. 44, Ch. 120, L. 1911.

3487. Oath of weighman—Check weighman. The weighman employed at any mine shall subscribe to an oath or affirmation before some officer authorized to administer oaths, to do justice between employer and employee, and to truly and correctly weigh the output of coal from the mines as herein provided. The miners employed by or engaged in working for any mine owner, operator, or lessee of any mine in this state shall have the privilege, if they desire, of employing at their own expense a check weighman, who shall have like equal rights, powers, and privileges in the

weighing of coal as the regular weighman, and be subject to the same oath and penalties as the regular weighman. Said oath or affirmation shall be kept conspicuously posted in the weight office, and any weigher of coal or person so employed, who shall knowingly violate any of the provisions of this section, or any owner, operator, or agent of any coal mine in this state, who shall forbid or hinder miners employing or using a check weighman as herein provided, or who shall prevent or wilfully obstruct any such check weighman in the discharge of his duty, shall be deemed guilty of an offense against this act. Whenever the state coal-mine inspector, or his deputy, shall be satisfied that the provisions of this section have been wilfully violated, it shall be his duty to forthwith inform the prosecuting attorney of any such violation, together with all the facts within his knowledge, and the prosecuting attorney shall thereupon investigate the charges so preferred, and if he is satisfied that the provisions of this section have been violated, it shall be his duty to prosecute the person or persons guilty thereof.

History: En. Sec. 45, Ch. 120, L. 1911.

Validity of statutes regulating weighing of minerals which are mined by employees by weight, see note in 11 Ann. Cas. 74.

3488. Must not use false weights. Any person or persons having or using any scale or scales for the purpose of weighing the output of coal at mines must not arrange or construct them so that fraudulent weighing may be done thereby, and must not knowingly resort to or employ any means whatsoever by reason of which such coal is not correctly weighed and reported in accordance with the provisions of this act.

History: En. Sec. 46, Ch. 120, L. 1911.

3489. General equipment of shafts. Every hoisting shaft must be equipped with safely constructed substantial cages fitted to guide rails running from the top to the bottom of shaft. Said cages must be furnished with suitable boiler iron covers to protect persons riding thereon from falling objects, and with sheet-iron or steel casings on each side, not less than one-eighth inch in thickness, or wire netting of not less than one-eighth inch in diameter. They must be equipped with safety-catches, said safety apparatus, whether consisting of eccentrics, springs, or other devices, must be securely fastened to each cage, and must be of sufficient strength to hold the cage loaded at any depth to which the shaft may be sunk. Every cage must be fitted with iron bars, chains, or rings in proper place, and sufficient in number to furnish a secure hand hold for every person permitted to ride thereon. Gates not less than four feet high from the bottom of the cage shall be fitted to each cage, and must be used during the regular hoisting or lowering of men; provided, that when such cage is used for sinking only it need not be equipped with such doors as are hereinbefore provided for. At the top landing cage supports, when necessary, must be carefully set and adjusted so as to act automatically and securely hold the cage when at rest.

History: En. Sec. 47, Ch. 120, L. 1911.

3490. Passageway around the bottom of shafts. At the bottom of every shaft and at every caging place therein a safe and commodious

passageway must be cut around such landing place to serve as a travelway, by which men or animals may pass from one side of the shaft to the other without passing under or on the cage.

History: En. Sec. 48, Ch. 120, L. 1911.

3491. Gates at the top of shafts. The upper and lower landings at the top of each shaft, and the opening of each intermediate seam from or to the shaft, shall be kept free and clear from loose materials, and shall be securely fenced with automatic or other gates, so as to prevent either men or materials from falling into the shaft.

History: En. Sec. 49, Ch. 120, L. 1911.

3492. Two places of egress. For every coal mine in this state, whether worked by shaft, slope, or drift, there shall be provided and maintained, in addition to the hoisting shaft, slope, or drift, or other place of delivery, a separate escapement shaft, slope, or drift, or opening to the surface, or an underground communication passageway between every such mine and some other contiguous mine, such as shall constitute two distinct and available means of egress to all persons employed in such coal mine. The time allowed for completing such escapement shaft or drift or making such connections with an adjacent mine, as is required by the terms of this act, shall be three months for shafts, slopes, or drifts, two hundred feet or less in depth or length, six months for shafts, slopes, or drifts less than five hundred feet in depth or length, and more than two hundred, and twelve months for all other shafts, slopes, or drifts or connections with adjacent mines. The time to date in all cases from hoisting of coal from main shaft, slope, or drift.

History: En. Sec. 50, Ch. 120, L. 1911.

3493. Unlawful to employ more than ten men. It shall be unlawful to employ at any one time more men than in the judgment of the state coal-mine inspector is absolutely necessary for speedily completing the connections with the escapment shaft, slope, or drift, or adjacent mine, and said number must not exceed ten men at any one time for any purpose in said mine until such escapement connection is completed.

History: En. Sec. 51, Ch. 120, L. 1911.

3494. Passageways to escapement. Such escapement shaft or opening, or communication with an adjacent mine aforesaid, shall be constructed in connection with every seam of coal worked in such mine, and all passageways communicating with the escapement shaft or place of exit, from the main hauling ways to said place of exit, shall be maintained free of obstructions, at least five feet wide and five feet in height. Such passageways must be so graded and drained that it will be impossible for water to accumulate in any depression or dip of the same, in quantities sufficient to obstruct the free and safe passage of men. At all points where the passageway to the escapement shaft or other place of exit is intersected by other roadways or entries, conspicuous sign-boards shall be placed indicating the direction it is necessary to take in order to reach such place of exit. Where pillars are being drawn on an entry outside of where other men are working, or where more than fifty per cent. of the coal is taken out in rooms, connec-

tions for escapement shall be made with some adjoining entry to provide a safe exit for the men.

History: En. Sec. 52, Ch. 120, L. 1911.

3495. Distance of escapement from main shaft. The distance between the main shaft and escapement shall not be less than one hundred feet where steel head-frames are used, nor less than three hundred feet where wooden head-frames are used; provided, that where slopes or drifts are driven in or on the coal strata, the distance between the escapement road or travelway and the slope drift or hauling way shall not be less than fifty feet.

History: En. Sec. 53, Ch. 120, L. 1911.

3496. Buildings on surface. It shall be unlawful to erect any inflammable structure or building in any space intervening between the main shaft, slope, or drift and the escapement shaft, slope, or drift on the surface, or any powder-magazine in such location or manner as to jeopardize the free and safe exit of the men from the mine by said escapement shaft, slope, or drift, in case of fire in the main shaft, slope, or drift buildings.

History: En. Sec. 54, Ch. 120, L. 1911.

3497. Stairway or cages in escapement shaft. The escapement shaft at every mine which does not exceed one hundred feet in vertical depth shall be equipped with safe and ready means for the prompt removal of men from the mine in time of danger, and such means shall be a substantial stairway which shall be provided with the hand-rails and with platforms or landings not more than ten feet apart. Where the escapement exceeds one hundred feet in vertical depth, in place of the stairway, it may be equipped with a cage for hoisting men, and such cage must be suspended between guides and be so constructed that falling objects cannot strike persons being hoisted upon it. Such cage must be operated by steam or electricity, which power shall be kept available for immediate use at all times, and equipment of said hoisting apparatus shall include a depth indicator, a brake on the drum, a steel or iron cable and safety-catches on the cage; and all such hoisting machinery must be inspected at least once each week by some competent person representing the operating company or owner.

History: En. Sec. 55, Ch. 120, L. 1911.

3498. Obstructions in escapement shaft. No accumulation of ice or obstruction of any kind shall be permitted in any escapement shaft, nor shall any steam be discharged into said shaft; and all surface or other water which flows therein shall be conducted by rings or otherwise to receptacles for same, so as to keep the stairway or cage free from falling water.

History: En. Sec. 56, Ch. 120, L. 1911.

3499. Weekly inspection of escapements. All escapement shafts and passageways leading thereto or to the works of a contiguous mine must be carefully examined at least once each week by the mine foreman, or by a man specially delegated by him for that purpose, and the date and findings of such inspection must be entered in a record book in the office

at the mine. If obstructions are found, their location and nature must be stated, together with the date on which they were removed.

History: En. Sec. 57, Ch. 120, L. 1911.

3500. Communication with adjacent mines. When operators of adjacent mines have by agreement established underground communication between said mines as an escapement outlet for the men employed in both mines, the roadways to the boundary on either side shall be regularly patrolled once each week and kept clear of all obstructions to travel by respective operators, and the intervening door shall remain unlocked and ready at all times for immediate use. When such communication has once been established between adjacent mines, it shall be unlawful for the operator of either mine to close the same without the consent of the contiguous operator and the state coal-mine inspector; provided, that when either operator desires to abandon mining operations, the expense and duty of maintaining such communication shall devolve upon the party continuing operations and using the same.

History: En. Sec. 58, Ch. 120, L. 1911.

3501. Ventilation of mines. The owner, operator, or superintendent of every coal mine, whether operated by shaft, slope, or drift, shall provide and hereafter maintain ample means of ventilation for the circulation of air through the main entries, cross entries, and all other working places, to an extent that will dilute, carry off, and render harmless the noxious or dangerous gases generated in the mine, affording not less than one hundred cubic feet per minute for each and every person employed therein, and not less than six hundred cubic feet per minute for each and every animal in the mine; but in any mine, or section of a mine, where fire-damp is generated, not less than one hundred and fifty cubic feet of air per minute shall be provided for each person, or as much more as may be necessary to keep such section free from fire-damp. The quantities of air in circulation shall be ascertained with an anemometer or other efficient instrument; such measurement shall be made by the foreman or his assistants once a week at the inlet and outlet airways, and also at or near the face of each entry, and shall be recorded in the book kept for that purpose at the mine office. The quantity of air as provided for in this act for each person shall be conducted to each working place.

In rooms generating fire-damp, the volume of air required by this act shall be conducted to the face thereof by the use of brattice-cloth or other suitable means.

History: En. Sec. 59, Ch. 120, L. 1911.

Master's liability for vice-principal's negligence in failing to keep place of work properly ventilated, see note in 34 L. R. A. 133.

3502. Pressure-gauges. At each mine generating fire-damp so as to be detected by a safety-lamp a water-gauge for the purpose of recording the pressure of vacuum of the main air current shall be provided and maintained, which shall be kept in constant use, and records preserved subject to the inspection of the state coal-mine inspector or his authorized representative.

History: En. Sec. 60, Ch. 120, L. 1911.

3503. Number of persons permitted to work in same air current. The current of air in mines must be split or subdivided so as to give a separate current to a number not exceeding one hundred men at work, and the inspector has the discretion to order a separate current for a smaller number of men if special conditions render it necessary.

History: En. Sec. 61, Ch. 120, L. 1911.

3504. Cross-cuts and brattices for ventilation. Cross-cuts between the entries, except where same are within the confines of shaft bottom pillars, shall be made not exceeding sixty feet apart, unless sufficient brattice is used to keep the air current up to the entry face, in which case they shall not exceed one hundred feet apart. When there is a solid block on one side of a room, cross-cuts shall be made between such room and the adjacent room not to exceed sixty feet apart; where there is a breast or group of rooms, a cross-cut shall be made on one side or the other of each room, except the room adjoining said block, not to exceed fifty feet from the outside corner of the cross-cut to the nearest corner of the entrance of the room, and on the opposite side of the same room a cross-cut shall be made not to exceed ninety feet from the outside corner of the cross-cut to the nearest corner of the entrance of the room, and thereafter cross-cuts shall be made not to exceed eighty feet apart on each side of the room. The required air current shall be conducted to the cross-cut nearest the face of each entry or room.

Brattices between permanent inlet and outlet air-ways shall hereafter be constructed in a substantial manner of brick, blocks, masonry, concrete, or non-perishable material. Rooms must not be worked in advance of the ventilating current.

History: En. Sec. 62, Ch. 120, L. 1911.

3505. Operation of ventilating fans—Furnaces, etc. All ventilating fans, furnaces, and any means in use to ventilate mines shall be kept in constant operation, day and night, in mines generating fire-damp, or where two shifts are being worked. Where no fire-damp is generated, or only one shift is worked, the fan, furnace, or other means of ventilation shall be started and kept running not less than two hours before the time to begin work. Should it at any time become necessary to stop the fan or other means of ventilation on account of accident or needed repairs to any part of the machinery, furnace, or other means of ventilation connected therewith, or by reason of any unavoidable cause, it shall then be the duty of the mine foreman, or any official in charge, after first having provided as far as possible for the safety of the persons employed in the mine, to order said fan or other means of ventilation to be stopped so as to make the necessary repairs or to remove any other difficulty that may have been the cause of such stoppage. All ventilating furnaces in mines shall, for two hours before the appointed time to begin work and during working hours, be properly attended by a person employed for the purpose.

History: En. Sec. 63, Ch. 120, L. 1911.

3506. Overcasts, air-bridges and doors—How to be constructed. In all mines, all main air-bridges or overcasts built after the passage of this act shall be constructed of masonry or other incombustible material of

ample strength, or be driven through the solid strata. In all mines the doors used in guiding and directing ventilation of the mine shall be so hung and adjusted that they will close themselves, or can be supplied with springs or pulleys so that they cannot be left standing open, and an attendant shall be employed at all principal doors through which cars are hauled, for the purpose of opening and closing said doors when trips of cars are passing to and from workings, unless an approved self-acting door is used. Necessary room shall be provided at each door so as to protect said attendant from being run over by the cars while attending to his duties, and persons employed for this purpose shall at all times remain at their post of duty during working hours. On every inclined plane, or where haulage is done by machinery, and where a door is used, an extra door shall be provided to use in case of necessity.

History: En. Sec. 64, Ch. 120, L. 1911.

3507. Underground stables. Where livestock is kept underground, the stables or stalls shall be separated from the main air-course by not less than twenty feet of solid strata, or a solid wall of brick masonry or concrete not less than twelve inches in thickness. The construction of the stable shall, as far as possible, be free from all combustible material. No hay or straw shall be taken into the mine unless same be compressed into compact bales, and only from time to time in such quantities as will be required for two days' use. No greater quantity of hay or straw shall be stored in the mine or stable, and when such is taken inside the mine it shall be taken to the stable at once and placed in a separate room provided therein for the same. The stable must be so placed that the air ventilating the same is returned immediately to the main outlet air-course, and not allowed to go further into the mine to where men are working. The connections between the air-courses and the stables must be fitted with substantial doors, placed so that they can be readily reached in the event of fire in the stable. Where conditions prohibit the use of entirely incombustible material in the construction of the stable, the doors leading to or from the same shall be made of iron or steel plate, not less than one-quarter inch in thickness, set in masonry or concrete walls. The lights used in the stable shall be incandescent lamps placed so that same will not be injured by the stock or the persons required to enter the stable, or lanterns of railroad type suitable for using lard or signal oil, and only such oil shall be used therein. All refuse and waste shall be promptly removed from the stable in the mine, and shall not be allowed to accumulate.

Stables constructed underground after the passage of this act shall be located not nearer than one hundred and fifty feet to any opening to the mine used as a means of ingress or egress.

History: En. Sec. 65, Ch. 120, L. 1911.

3508. Precautions when approaching abandoned workings. Whenever any working place of a mine approaches within one hundred feet of the abandoned workings of another mine, as indicated by an accurate survey, or while driving any working place parallel with the workings of such abandoned mine within one hundred feet thereof, and such abandoned

mine cannot be explored, or when same contains fire-damp or water which may inundate such working place, the mine foreman shall not permit such working place to be advanced until a drill hole has been extended not less than twelve feet in the center of such working place, and a flank hole not less than twelve feet extended on each rib, starting at the working face after taking out each cut of breaking.

Whenever the limits of an abandoned mine are not known by actual survey, the above rule shall apply whenever any working place approaches within two hundred feet of the supposed limits of such abandoned mine.

History: En. Sec. 66, Ch. 120, L. 1911.

3509. Timber and supplies. The operator of any mine shall keep an adequate supply of suitable timber constantly on hand, and deliver to the working place of each miner the props of approximate length, caps, and other timbers necessary to securely prop the roof thereof. Such props, caps, and other timbers shall be delivered in mine cars at the point where the miner receives his empty cars, or unloaded at the entrance to the room.

History: En. Sec. 67, Ch. 120, L. 1911.

3510. Hauling roads. On all hauling roads or entries on which the hauling is done by machinery, where men have to pass to or from their work, and on all entries on which the hauling is done by draft-animals, there shall be a clearance on one side of at least two and one-half feet between the car and the rib of such entry. This place shall be kept free from all obstructions, and no material shall be placed thereon. In mines already opened prior to the passage of this act where such clearance does not exist, or in mines where mining conditions prohibit the driving of entries wide enough to give such clearance, places of refuge must be cut in the side wall at least three feet wide, two and one-half feet deep, five feet high, and not more than twenty yards apart, but such places of refuge shall not be required in entries from which rooms have been driven at regular intervals not exceeding twenty yards. All such places of refuge must be kept clear of obstructions, and no material shall be stored nor allowed to accumulate therein.

History: En. Sec. 68, Ch. 120, L. 1911.

3511. Airways. It shall be the duty of the owner, lessee, or operator of every coal mine to provide and maintain airways of sufficient dimensions, and in no case shall the area of the air-course be less than twenty-five feet in mines operated on the room and pillar system.

History: En. Sec. 69, Ch. 120, L. 1911.

3512. Drainage—Traveling ways. Standing or stagnant water shall not be allowed to remain in traveling ways, nor shall the intake airways be used by miners or other persons as a depository for excrement or any other refuse. Obstructions of any kind must not be placed in cross-cuts, rooms, or entries used as main airways. Where necessary to provide a traveling way other than the main entries, slope, or drift in any mine for men going to or returning from their work, the same shall be kept clear from debris or obstructions of any kind, and all loose coal,

slate, and rock overhead or in rib in traveling ways, where miners have to travel to or from their work, must be taken down or carefully secured.

History: En. Sec. 70, Ch. 120, L. 1911.

Cited or applied as section 70, chapter 120, Laws of 1911, in Kallio v. Northwestern Improvement Co., 47 Mont. 314, 323, 132 Pac. 419, Ann. Cas. 1915A, 1228.

3513. Examination by foreman. All main airways or traveling ways in any underground workings shall be examined at least twice a week by the mine foreman or some other competent person so directed by said mine foreman, and a record of such inspection shall be kept at the mine office.

History: En. Sec. 71, Ch. 120, L. 1911.

3514. Removal of combustible matter. It shall be the duty of the mine foreman or his assistant in charge of any coal mine where coal dust or any other inflammable material may accumulate, to cause the same to be properly saturated with water or with some compounds or chemicals used for such purpose as often as necessary in either air-courses or entries, and all accumulated matter, explosive in its nature, shall be removed from the mine.

History: En. Sec. 72, Ch. 120, L. 1911.

3515. Mine foreman and his duties. In order to secure efficiency in the coal mines, the operator or superintendent shall employ a competent and practical foreman; said mine foreman shall have passed an examination and obtained a certificate of competency as required by this act, and said mine foreman shall devote the whole of his time to his duties at the mine when in operation.

The mine foreman or his assistant shall visit and examine every working place in the mine at least each alternate day while the miners of such places are or should be at work, and shall examine and see that each working place is secured by timbering so that the safety of the mine is assured; he shall see that a sufficient supply of timbers and material is always on hand at the working places in compliance with this act.

When the mine foreman is personally unable to carry out the requirements of this act as pertaining to his duties, on account of sickness or of other unavoidable conditions, a competent person shall be appointed to act in his place. The said person so appointed shall possess a certificate of competency, either as mine foreman or mine examiner, as provided for in this act, or shall receive a permit to act as such from the state coal-mine inspector's office within thirty-days after taking charge.

Whenever such mine foreman, his assistant, or assistants, shall have an unsafe place reported to him or them, he or they shall order and direct that the same be placed in a safe condition, and until such is done no person or persons shall enter such unsafe place except for the purpose of making it safe.

History: En. Sec. 73, Ch. 120, L. 1911.

Defendants being aware of the existence of a pot-hole in a coal mine for a sufficient time before an accident to an employee to enable them to make a proper examination and repairs, they were bound by this section and were liable in damages for their failure to perform their duty in this respect. McInness v. Republic Coal Co., 49 Mont. 112, 118, 140 Pac. 235.

3516. Mine examiners and their duties. A mine examiner shall be required at all coal mines generating dangerous and explosive gases.

His duty shall be to visit the mine before the men are permitted to enter it, and, first, he shall see that the air current is traveling in its proper course and quantity. He shall inspect all places where men are expected to pass or to work, and observe if there are any recent fall or obstructions in rooms and roadways or accumulations of fire-damp or other unsafe conditions.

He shall especially examine the edges and accessible parts of recent falls and old gobs and air-courses. As evidence of such examination, he shall mark with chalk upon the face of the coal his initial and the date of the month and year; if there is any standing gas discovered he shall leave a danger-signal across every entrance to such place.

He shall make a report on a blackboard provided on the outside of the mine, or at some other convenient place for that purpose, and arranged so that the men can inspect it while passing to their work, showing the conditions of the mine as to the presence of fire-damp, and indicating the place or places where present, if any is present, before he permits any person or persons to enter the mine. He shall complete his inspection before the time for the day-shift men to go to work, and shall personally check each miner or loader into the mine, advising each as to the condition of his working place, and holding back any man whose working place is in dangerous condition. He shall return to the mine with such miners or loaders thus held back, and remain there attending to the removal of any standing gas.

He shall examine parts of the mine not in actual course of working and available, not less than once each three days. He shall see that every part of the mine is kept free from standing gas and all old workings are properly fenced off. He shall examine the mine on idle days and Sundays if any men are required to work in any part of it, and, if any time elapse between the day turn leaving and night turn starting, the places to be worked by night turn must be examined by him with a safety-lamp and reported safe before persons go to them. He shall make a daily record of the conditions of the mine as he has found them, in a book kept for that purpose, which shall be preserved in the office of the company. No miner or loader, when advised by the mine examiner that his working place is dangerous, shall leave the bottom of the shaft or the main partings on slopes or drifts until accompanied by the mine examiner.

History: En. Sec. 74, Ch. 120, L. 1911.

3517. Safety-lamps. At any mine where fire-damp or other explosive gases are being generated so as to require the use of safety-lamps in any part thereof, the operator of such mine, upon receiving notice from the state coal-mine inspector or the mine examiner that one or more lamps are necessary to the safety of the men in such mine, shall at once procure and keep for use such number of the most improved safety-lamps as may be necessary. All safety-lamps used for working therein shall be the property of the operator, and shall remain in the custody of the mine foreman or other competent person, who shall clean, trim and fill, examine,

and deliver the same, locked and in safe condition, to the men when entering the mine, and shall receive the same from the men at the end of their shift. Persons using such lamps shall be responsible for the conditions and proper use of safety-lamps while in their possession.

History: En. Sec. 75, Ch. 120, L. 1911.

3518. Only safety-lamps to be used. In every working approaching any place where there is likely to be an accumulation of explosive gases, or in any working where danger is imminent from explosive gases, no light or fire other than a locked safety-lamp shall be allowed or used.

History: En. Sec. 76, Ch. 120, L. 1911.

3519. Keys for safety-lamps. No one except a duly authorized person shall have in his possession a key or other contrivance for the purpose of unlocking any safety-lamp in any mine where locked safety-lamps are used. No lucifer matches or any other apparatus for striking light shall be taken into said mine or parts thereof.

History: En. Sec. 77, Ch. 120, L. 1911.

3520. Firing of blasts where safety-lamps are used. In any mine where locked safety-lamps are used, no blast shall be fired in such portion of the mine except by permission of the mine foreman or his assistants, and before a blast is fired the person in charge must examine the place and adjoining places and satisfy himself that it is safe to fire such blast before such permission is given.

History: En. Sec. 78, Ch. 120, L. 1911.

3521. Storing of explosives in mines. No workman shall have at any time more than one twenty-five pound keg of black powder in the mine, nor more than five pounds of high explosives. Every person who has powder or other explosives in a mine shall keep it or them in a wooden or metallic box or boxes, securely locked, and said boxes shall be kept at least five feet from the track, and no two powder-boxes shall be kept within twenty-five feet of each other, nor shall black powder and high explosives be kept in the same box.

History: En. Sec. 79, Ch. 120, L. 1911. Regulating keeping or storing of explosives, see note in 41 L. R. A. (N. S.) 460.

3522. Manner of handling explosives. Whenever a workman is about to open a box or keg containing powder or other explosives, and while handling the same, he shall place and keep his lamp at least five feet distant from such explosive, and in such position that the air current cannot carry sparks to it, and no person shall approach nearer than five feet to any open box containing powder or other explosives with a lighted lamp, lighted pipe, or other thing containing fire.

History: En. Sec. 80, Ch. 120, L. 1911.

3523. Copper tools. In the process of charging and tamping a hole, no person shall use an iron or steel pointed needle. The needle used in preparing a blast shall be made of copper, and the tamping-bar shall be

tipped with at least five inches of copper. Some soft material must always be placed next the cartridge or explosive.

History: En. Sec. 81, Ch. 120, L. 1911.

3524. System of blasting. A workman who is about to explode a blast with a squib shall not shorten the match, saturate it with oil, or ignite it except at the extreme end; he shall see that all persons are out of danger from probable effects of such shots, and shall take measures to prevent any one from approaching by shouting "Fire" immediately before lighting the fuse or squib.

When firing shots in close proximity to other workmen on rib or in cross-cut driven for air or other purposes, he or they, firing such shots, shall notify in person or by signals the workmen in adjoining rooms or other place or entry.

When a squib is used and a shot misses fire, no person shall return until five minutes shall have elapsed. When a fuse is used and a shot misses fire, no person shall return until one hour for each foot of fuse shall have elapsed. When it is necessary to tamp dynamite, nothing but a wooden tamper shall be used.

No hole shall be drilled to a greater depth than the cut or shearing, neither shall fine coal, coal dust, or any combustible material be used for tamping any hole.

No workman shall put off any blast in any mine known as a "following shot."

At all coal mines the firing of shots shall be restricted to a specific time at the end of each shift, except that in entries, slants, and doom necks, when necessary, one snubbing shot may be fired in each at the middle of the shift. No miner shall fire a shot until the time appointed for him to do so, and then only in such rotation as designated by the proper authority. After each blast he shall exercise great care in examining the roof and coal, and shall secure them safely before beginning to load coal. Where shooting is done by shift work, the same precaution shall be used by some person or persons designated by the operator.

When draw slate is over the coal, the miner shall not go underneath the draw slate until it is made safe from falling by securely posting it, and he shall not remove the posts until the coal is removed and he is ready to take down the draw slate. He shall not place in the gob or refuse pile any fine coal or coal dust, but shall load same into cars. When more than one shot is to be fired at the same time with fuse, in the same working place, different lengths of fuse shall be used so as to prevent any possibility of the shots going off simultaneously.

History: En. Sec. 82, Ch. 120, L. 1911.

Liability of mine owner to servant for injuries caused by premature explosion, see note in Ann Cas. 1913C, 954.

3525. Care of working places. Each miner shall examine his working place upon entering the same, and shall not commence to mine or load until it is made safe. He shall be very careful to keep his working place in safe condition at all times.

Should he at any time find his place becoming dangerous from any cause or condition, to such an extent that he is unable to take care of

the same personally, he shall at once cease work and notify the mine foreman or his assistant, as provided for hereinbefore in this act, of such danger, and upon leaving such place he shall place some plain warning at the entrance thereof to warn others from entering into the said danger, and he shall not return to his place until ordered to do so by the mine foreman or his assistant. Each miner, or other person employed in a mine, shall securely prop the roof of the working place therein under his control, and shall obey any order or orders given by the superintendent or mine foreman relating to the width of his working place or safety of the same. Such miner or other person shall not be held to have violated the provisions of this section if the owner, lessee, agent, superintendent, or mine foreman fail to supply the necessary props, caps, timber, or necessary material as provided for in this act.

Each miner or other person shall avoid waste of props, caps, timber, or other material. When he has props, caps, timber, or other material unsuited for his purpose, he shall not cover them up or destroy them, but shall place same near the track where they can be readily seen.

History: En. Sec. 83, Ch. 120, L. 1911.

A positive duty is imposed upon the employee to examine and keep in a safe condition his working place, or in the event of his inability to do so, to cease operations and report to the employer, and in the event of his absence to observe this statutory duty, recovery cannot be had for injuries sustained, where no examination was made prior to commencing work, though the employer had failed to discharge its duty in keeping the place safe, since both were in pari delicto. Kallio v. Northwestern Improvement Co., 47 Mont. 314, 323, 132 Pac. 419, Ann. Cas. 1915A, 1228; McInnes v. Republic Coal Co., 49 Mont. 112, 115, 140 Pac. 235.

The "working place," within the meaning of the above section, of a miner engaged in loading coal, was the place where he was about to load the coal previously blasted down by him, and not the place in the tunnel where the accident occurred. McInness v. Republic Coal Co., 49 Mont. 112, 115 et seq., 140 Pac. 235; Kallio v. Northwestern Improvement Co., 47 Mont. 314, 132 Pac. 419, Ann. Cas. 1915A, 1228.

3526. Duties of machine-men. Machine runners and helpers shall use care while operating mining machines. They shall not operate a machine unless the shields are in place, and shall warn all persons not engaged in the operating of a machine of the danger in going near a machine while in operation, and shall not permit such persons to remain near the machine while in operation. They shall examine the roof of the working place and see that it is safe before starting to operate the machinery. They shall not move the machine while the cutter-chain is in motion.

When connecting the power cable to electric wires, they shall make the negative or grounded connections before connecting to the positive, and, when disconnecting the power cable, shall disconnect from the positive line before disconnecting the negative, or grounded. When positive feed wires extend into rooms, they shall connect such wires to the positive wire on the entry before connecting the power cable, and as soon as the power cable is disconnected shall disconnect such wire from the wire on the entry. They shall use care that the cable does not come in contact with metallic rails of the track, and shall avoid, where possible, leaving the cable in water. If any machine-men remove props which have been placed by the miner for the security of the roof, they shall reset such props as promptly as possible.

History: En. Sec. 84, Ch. 120, L. 1911.

3527. Duties of motormen, trip riders, and drivers. Motormen and trip riders shall use care in handling the motors and cars, and shall see that signals or markers, as provided for, are used as provided, and shall be governed by the speed provided for in this act in handling cars. They shall not run the motors with the trolley ahead of the motors, except in case where they cannot do the alternative, and then only at a speed of two miles an hour. They shall warn persons forbidden to ride on the motors or cars, and shall not permit such persons to ride on motors or cars contrary to the provisions of this act.

Drivers shall use care in handling cars, especially when going down extreme grades and at junction points.

Motormen, trip riders, and drivers in charge of hauling trips, passing through doors used as a means of directing the ventilation, shall see that such doors are closed promptly after the trip passes through.

History: En. Sec. 85, Ch. 120, L. 1911.

3528. Duties of other employees. No person shall enter a mine generating fire-damp so as to be detected by a safety-lamp until the mine examiners make a report on the blackboard for that purpose, as hereinbefore provided for in this act.

No person, unless accompanied by the mine examiner, shall go beyond a danger-signal until all standing gas discovered has been removed or diluted and rendered harmless by a current of air. Any person, being ordered to withdraw by the mine foreman or mine examiner from the mine on account of the interruption of the ventilation, shall not re-enter the mine until given permission to do so by the mine foreman.

No person other than the mine examiner shall remove any caution board or danger-signal placed at the entrance to any working place, or at the entrance to any old workings in a mine.

No person shall erase or change a mark of reference or monument made in connection with a measurement; change marks or dates or any caution board, or erase or change the dates at room or entry face, when made by the mine examiner; change the checks on cars, wrongfully check a car, or do any act with intent to defraud. No person shall take a lighted pipe or other thing containing fire, except lanterns as provided for in this act, into any underground stable or barn.

No person shall place refuse in or obstruct any airway or breakthrough used as an airway. No workman or other person shall injure a water-gauge, barometer, air-course, brattice equipment, machinery, or livestock; obstruct or throw open any airway; handle or disturb any part of the machinery of the hoisting-engine of a mine; open a door of a mine and neglect to close it; endanger the miners or those working therein; disobey an order given in pursuance of law, or do a wilful act whereby the lives and health of persons working therein or the security of a mine or machinery connected therewith may be endangered.

History: En. Sec. 86, Ch. 120, L. 1911.

3529. Persons permitted to ride on haulage trips. No person or persons, except those in charge of trips, superintendents, mine foremen, mine examiners, electricians, mechanics, and blacksmiths, when required by

their duty, shall ride on haulage trips, except where by mutual agreement in writing between the superintendent or agent and the employees a special trip of empty cars is run for the purpose of taking employees into or out of the mine, or empty cars are attached to loaded trips, which shall not be run at a speed exceeding six miles per hour.

History: En. Sec. 87, Ch. 120, L. 1911.

3530. Employees shall not loiter nor use intoxicants around the mine. Each employee of a mine shall go to or from his place of duty by the traveling ways provided; shall not travel around the mine or the buildings, where duty does not require, and when not on duty shall not loiter at, in, or around the mine, the buildings, or machinery connected therewith, except by permission of the owner, lessee, operator, superintendent, or foreman.

No person shall go into or around a mine, the buildings, or the machinery connected therewith, while under the influence of intoxicants. No person shall use, carry, or have in his possession, at, in, or around a mine, the buildings, or the machinery connected therewith, any intoxicants.

History: En. Sec. 88, Ch. 120, L. 1911.

3531. Top and bottom men. At every shaft, operated by steam or other power, the operator must station at the top and the bottom of such shaft a competent man, charged with the duty of attending to signals, preserving order, and enforcing rules, during the carriage of the men on cages.

History: En. Sec. 89, Ch. 120, L. 1911.

3532. Lights on landings. Whenever the hoisting or lowering of men occurs before daylight or after dark, or when the landing at which men leave or take the cage, car, or cars is at all obscured by steam or otherwise, there must always be maintained at such landing a light sufficient to show the landing and surrounding objects distinctly. Lights shall also be maintained at each landing and the bottom of all shafts while men are at work underground.

History: En. Sec. 90, Ch. 120, L. 1911.

Liability of master for injury to servant resulting from insufficient lighting of mine, see note in 20 Ann. Cas. 5.

3533. Regulations for hoisting or lowering of men. Cages in shafts, or cars in any slope, on which men are riding, shall not be lifted or lowered at a rate of speed greater than six hundred feet per minute.

No more than twelve persons shall ride on any cage or car at any one time, except where specially constructed man-cars are used on a slope.

No person shall carry any explosives, tools, timber, or other material with him on a cage, car, or cars in motion, in any shaft or any slope or incline plane while the men are being hoisted or lowered, except for use in repairing the shaft, slope, or incline plane.

No cage having an unstable or self-dumping platform shall be used for the carriage of men or materials, unless the same is provided with some device by which the platform can be securely locked, and unless it is so locked whenever men or materials are being conveyed thereon.

The rope-rider on any slope or incline plane shall, during working hours, see that all ropes and signals are in perfect working order, and, if he perceives anything wrong, he shall at once report the same to the mine foreman or his assistant.

He must be cautious when men are being hoisted out of or lowered into any slope, and shall see that all safety appliances are properly attached, and that all cars are securely coupled. He shall pay strict attention to all signals.

When more than twelve persons get on a cage or on one car on a slope or incline plane, except as above provided for, the bottomman, topman, or rope-rider in charge of the lowering and hoisting of such persons shall order a sufficient number to get off to reduce the number to twelve persons on the cage or car, and the person or persons so ordered shall immediately comply.

The car or cars used to hoist or lower men into or out of any slope or on any plane shall be connected by safety-chains, or some safety appliance must be used to maintain the trip in case of breakage of coupling or other connection.

History: En. Sec. 91, Ch. 120, L. 1911.

3534. Rights of men to come out. Whenever men who have finished their day's work, or who have been prevented from further work for any cause, shall come to the bottom of any shaft to be hoisted out, a cage shall be given them for that purpose, unless there is an available exit by slope or stairway in an escapement shaft, and providing there is no coal at the bottom to be hoisted. Whenever the designated number of persons for a cage load shall arrive at the bottom of the shaft in which persons are regularly hoisted or lowered, they shall be furnished with an empty cage and be hoisted.

History: En. Sec. 92, Ch. 120, L. 1911.

3535. Stretchers, blankets, etc. At every mine where men are employed underground, it shall be the duty of the operator thereof to keep always on hand and at some readily accessible place, a properly constructed stretcher, a woolen and water-proof blanket, and roll of bandages, in good condition and ready for immediate use, for binding, covering and carrying anyone who may be injured at the mine; also to provide a comfortable apartment near the mouth of the mine in which anyone so injured may rest while awaiting transportation home, and to provide for the speedy transportation of anyone injured in such mine to his home. When more than one hundred and fifty men are employed in any one mine two stretchers, two woolen and two water-proof blankets, with a corresponding supply of bandages, shall be provided and kept on hand. There shall also be provided and kept in store a suitable supply of linseed or olive oil, for use in case men are burned by an explosion or otherwise. There shall also be provided at any mine where more than five hundred men are employed an ambulance of standard make or kind to be used for the purpose of transporting sick or injured workmen from the mine to the hospital or home of such sick or injured workmen; provided, however, that mines employing less than five hundred men may jointly,

when located within a radius of six miles of each other, provide an ambulance as provided in this section for the joint service of such mines, which ambulance shall be kept at the mine or garage that is most centrally or conveniently located for the service of the joint users.

History: En. Sec. 93, Ch. 120, L. 1911; amd. Sec. 1, Ch. 185, L. 1921.

3536. Oils to be used in coal mines. No person, firm, or corporation shall compound, sell, or offer for sale, for illuminating purposes in any coal mine, any oil, other than oil composed of not less than eighty-four per cent. of pure animal or vegetable oil, or both, and not more than sixteen per cent. pure mineral oil. The gravity of such animal or vegetable oil shall not be less than twenty-one and one-half and not more than twenty-two and one-half degrees Baumé scale measured by Tagliabue or other standard hydrometer, at a temperature of sixty degrees Fahrenheit; the gravity of such mineral oil shall not be less than thirty-four and not more than thirty-six degrees Baumé scale, measured by Tagliabue or other standard hydrometer, at a temperature of sixty degrees Fahrenheit, and gravity of the mixture shall not exceed twenty-four degrees Baumé scale, measured by Tagliabue or other standard hydrometer, at a temperature of sixty degrees Fahrenheit. It is provided, however, that any material that is as free from smoke and bad odor, and of equal merit as an illuminant as a pure animal or vegetable oil, may be used at the pleasure of mine operators and miners.

Each person, firm, or corporation compounding oil for illuminating purposes in a coal mine or mines, shall, before shipment thereof is made, securely brand, stencil, or paste upon the head of such barrel or package, a label which shall have plainly printed, marked, or written thereon the name and address of the person, firm, or corporation compounding the oil therein contained, the name and address of the person, firm, or corporation having purchased same, the date of shipment, the percentage and gravity in degrees Baumé scale, at a temperature of sixty degrees Fahrenheit, of each of the component parts of animal, vegetable, and mineral oil contained in the mixture, and the gravity in degrees Baumé scale of the mixture, at a temperature of sixty degrees Fahrenheit.

Each label shall have printed thereon, over the facsimile signature of the person, firm, or corporation having compounded the oil, the following: "This package contains oil for illuminating purposes in coal mines in the state of Montana, and the composition thereof as shown herein is correct."

No person, firm, or corporation shall sell or offer for sale any oil for illuminating purposes in any coal mine, unless the barrel or package in which such oil was received bears the label of the compounder as provided for in this act.

Each person, firm, or corporation selling or offering for sale any oil for illuminating purposes in any coal mine, shall, upon request of the state coal-mine inspector, or of any officer or duly authorized agent of any owner or lessee of a coal mine located within five miles of the point where such oil is offered for sale, or of any coal-miner, submit such oil for examination, and upon request give a sample of such oil from one or more original containers selected by such inspector, officer, agent, or miner for the purpose of making a test thereof.

No person shall adulterate any oil, either before or after taking same from original containers, and shall not alter, transfer, or reuse any label placed upon any container.

No person shall use for illuminating purposes in any coal mine any oil other than oil specifically provided for in this act. Each person while in a coal mine shall, upon the request of the inspector of mines, or any officer or duly authorized agent of the owner or lessees, submit his lamp and supply of oil for examination, and upon request give sample of oil for purpose of making test thereof, and state from whom purchased.

The provisions of this act relating to compounding, sale, and use of oil for illuminating purposes in coal mines shall apply to oil used in lamps for open lights only, but do not apply to drivers, rope-riders, or motormen while acting in such capacity. The oil used in safety-lamps may be of such composition as will best serve the purpose.

History: En. Sec. 94, Ch. 120, L. 1911.

3537. Boundary lines. In no case shall the workings of a coal mine be driven nearer than ten feet to the boundary line of the coal rights pertaining to said mine, except for the purpose of establishing connecting workings between properties owned by the same person, or an underground communication between contiguous mines as provided for elsewhere in this act.

History: En. Sec. 95, Ch. 120, L. 1911.

Right to drill through coal of another owner, see note in 25 L. R. A. 225.

3538. Notice to inspectors. Immediate notice must be conveyed to the state coal-mine inspector by the operator interested.

First. Whenever an accident occurs whereby any person receives serious or fatal injury.

Second. Whenever work is commenced to sink a shaft, slope, or drift, either for hoisting or escapement purposes.

Third. Whenever it is intended to abandon any mine or to reopen any abandoned mine.

Fourth. Upon the appearance of any large body of fire-damp in mine, whether accompanied by explosion or not, and upon the occurrence of any serious fire within the mine or on the surface around the mine.

Fifth. When the workings of any mine are approaching near any abandoned mine believed to contain accumulation of water or gas.

Sixth. Upon the accidental closing or intended abandonment of any regularly established passageway to an escapement outlet.

History: En. Sec. 96, Ch. 120, L. 1911.

3539. Duty of inspectors. When advised by an operator of any accident in a coal mine involving loss of life or serious personal injury, the state coal-mine inspector shall, if he deem it necessary from the facts reported, and in all cases of loss of life, immediately go to the scene of said accident, or send some competent person authorized by him. It shall, moreover, be the duty of every operator of a coal mine, or his agent, to make and preserve for the information of the inspector, upon uniform blanks

furnished by the said inspector, a record of all injuries sustained by any employees in the pursuance of their regular occupation.

The state coal-mine inspector may also make any original or supplementary investigation which he may deem necessary as to the nature and cause of any accident within his jurisdiction, and shall make a record of the circumstances attending the same and of the result of his investigations for preservation in the files of his office.

To enable him to make such investigation, he shall have the power to compel the attendance of the witnesses and to administer oaths or affirmations to them, and the cost of such investigation shall be paid by the county in which such accident has occurred, in the same manner as the cost of coroner's inquest is paid.

History: En. Sec. 97, Ch. 120, L. 1911.

3540. Coroner's inquest. If any person is killed by any explosion or other accident, the operator must also notify the coroner of the county, his authorized deputy, or, in the absence of either or in the inability of either to act, any justice of the peace of said county, for the purpose of holding an inquest concerning the cause of such death. At such inquest the state coal-mine inspector, his deputy or authorized representative, shall offer such testimony as he may be possessed of, and he may question or cross-question any witness appearing in the case; and the owner, agent, or manager of the coal mine, either in person or by counsel, shall also be at liberty to examine or cross-examine any witness at any such inquest.

Any person having personal interest in or employed in the management of the mine in which the accident occurred shall not be qualified to serve on the jury impaneled on the inquest; and it shall be the duty of the constable or other officer not to summon any person disqualified under this provision, and it shall be the duty of the coroner not to allow any such to be sworn or sit on the jury; nevertheless, when possible, one-third of the jurymen shall be miners.

Unless the state coal-mine inspector, or some person authorized by him, is present at an inquest held upon the body of any person, where death may have been caused by any such accident, the coroner shall adjourn the same, and, by written notice or telegram delivered or sent to the state coal-mine inspector, at least two days before holding the adjourned inquest, give notice of the time and place of the holding of the same. Before such adjournment the coroner, his authorized deputy, or the justice of the peace, may take evidence to identify the body and order the interment therof.

History: En. Sec. 98, Ch. 120, L. 1911.

3541. Code of signals at coal mines. At any coal mine operated by shaft more than one hundred feet in depth, or by slope, the manner of signaling to and from the bottomman, the topman, the rope-riders, and the engineer shall consist of wires, or a tube or tubes, through which signals shall be communicated by electricity, compressed air, or other pneumatic devices.

The following signals are provided for use at coal mines where signals are required:

One ring or whistle—One ring or whistle shall signify to hoist coal or the empty cars or cage, and also to stop either when in motion.

Two rings or whistles—Two rings or whistles shall signify to lower cage or car.

Three rings or whistles—Three rings or whistles shall signify that men are coming up; when return signal is received from engineer, either by bell, whistle, or slight movement of the trip, men will get on cage or cars and the cager or rope-rider shall ring or whistle "one" to start.

Four rings or whistles—Four rings or whistles shall signify to hoist slowly, implying danger.

Five rings or whistles—Five rings or whistles shall signify accident in the mine and call for stretchers.

From top to bottom—One ring or whistle shall signify—All ready, get on cage or cars.

From top to bottom—Two rings or whistles shall signify—To send away empty cage or cars.

Provided, that the management of any mine may, with the consent of the state coal-mine inspector, add to or change this code of signals at their discretion, for the purpose of increasing its efficiency or of promoting the safety of the men in said mine, but, whatever code may be established and in use at any mine, it must be approved by the state coal-mine inspector, and shall be conspicuously posted at the top and at the bottom of every shaft or slope, and at the landing-place on all rope-haulage systems, also in all engine-rooms, for the information and instruction of all persons. In any coal mine where more than fifty men are employed underground, one or more telephones shall be installed communicating with the surface.

History: En. Sec. 99, Ch. 120, L. 1911.

3542. Duties of hoisting engineers. The hoisting engineer on any shaft, slope, or drift at any mine shall be in constant attendance at his engine during working hours when there are workmen underground. He shall not permit anyone to enter or to loiter in the engine-room except those authorized by their positions or duties to do so, and he shall hold no conversation with any officer of the company or other person, or leave his engine while in motion, or while his attention is occupied with the signals. A notice to this effect shall be posted on the door of the engine-house.

The hoisting engineer must thoroughly understand the established code of signals, and such signals must be delivered in the engine-room in a clear and unmistakable manner, and he shall not recognize any signals other than those provided for in this act, or such as have been approved by the state coal-mine inspector; and when he has the signal that men are on the cage, car or cars, he must work his engine only at the rate of speed herein provided for by this act. He shall permit no one to handle or meddle with any machinery under his charge, nor suffer anyone who is not a certified engineer to operate his engine except for the purpose of learning to operate it or repair same, and then only in the presence of the engineer in charge, and when men are not on the cages, car, or cars.

History: En. Sec. 100, Ch. 120, L. 1911.

3543. Qualifications of miners. Each person desiring to work by himself at mining or loading shall first produce satisfactory evidence, in writing, to the mine foreman of the mine in which he is employed, or to be employed, that he has worked at least nine months with, under the direction of, or as a practical miner; provided, however, that if the mine in which such person is to be employed generates explosive gas or fire-damp, he shall have worked not less than twelve months with, under the direction of, or as a practical miner. Until a person has so satisfied the mine foreman of his competency, he shall not work or be permitted to work at mining or loading unless accompanied by a miner holding the foregoing qualifications.

History: En. Sec. 101, Ch. 120, L. 1911.

3544. Operators must make reply to statistical inquiry. Every coal-mine operator, whether person, copartnership, or corporation, shall, within thirty days after receipt of blanks from the state coal-mine inspector asking for statistical data relative to any coal mine operated by the person, copartnership, or corporation addressed, fill in the blanks of such forms, answering all interrogations correctly and mail the same to the state coal-mine inspector.

History: En. Sec. 102, Ch. 120, L. 1911.

3545. Penalties. If any operator, company, or corporation neglects to comply with or violates the requirements of this act, either in part or in whole, or if any owner, operator, manager, superintendent, mine foreman, or his assistant coerces, intimidates, or causes any employee to do the things prohibited, or causes them to do as provided against in this act, such operator, company, corporation, manager, superintendent, mine foreman, or his assistant shall be liable to a penalty of twenty-five dollars for each and every day during which the offense continues; proceedings to be instituted in any court of competent jurisdiction in the county in which such offense is committed.

In case of the failure of any operator, company, or corporation to comply with the provisions in this act in relation to the sinking of escapement shaft or the ventilation of mines, the state coal-mine inspector, through the county attorney for the county in which such failure occurs, or through any other attorney in case the county attorney fails to act promptly, shall proceed against such operator by injunction, without bond, to restrain him from continuing to operate such portion of the mine until all legal requirements have been complied with.

When the state coal-mine inspector shall discover that any section of this act, or any part thereof, is being neglected or violated, he shall order immediate compliance therewith, and in case of continued failure to comply shall, through the county attorney or any other attorney in case of his failure to act promptly, take the necessary legal steps to enforce compliance therewith through the penalties herein prescribed.

Such notice of appeal may be given by letter or notice to the commissioner of agriculture, stating that such party appeals from the decision of the inspector, and specifying the initials and numbers of the cars in which such grain was contained when inspected and graded.

The appellant shall also file with the commissioner of agriculture a list containing the names and addresses of all parties interested in the subject

matter. It shall be the duty of the commissioner of agriculture, upon receiving such notice and list of interested parties, to immediately notify the parties interested of the time and place designated by it for a hearing, and at such time and place, which shall be five days from the date of receiving such notice, hold a hearing and inquire into the reasonableness and correctness of such original grading, and such evidence shall be received as parties thereto may desire to offer. Owners of warehouse receipts surrendered for shipment shall furnish the warehouseman with written instructions regarding the capacity of cars to be ordered from the transportation company, and as to the manner of loading and billing shipments made in such cars as are furnished by the transportation company. The warehouseman shall load and bill all such shipments in exact accordance with instructions given, and shall be liable to the owner of the warehouse receipt so surrendered for the amount of any excess freight paid, or for other damages suffered by the owner of the warehouse receipt, resulting from the failure of the warehouseman to follow accurately the loading and billing instructions as given him.

History: En. Sec. 1, Ch. 193, L. 1921.

Note.—The fish and game laws are arranged in this code in the following order:

First. Chapter 193, Laws of 1921, which relates chiefly to the powers and duties of the fish and game commission and fish and game warden.

Second. Chapter 238, Laws of 1921, which deals with the subject of licenses and closed seasons.

Third. The remaining unrepealed parts of chapter 173, Laws of 1917, and such other fish and game laws as were not repealed by either of the above acts.

3651. Membership—Terms. The members of the commission hereby created shall be appointed by the governor of the state of Montana. The selection of said members shall be made without regard to political affiliation, but for the sole welfare of the fish, game, and wild life of the state, and not more than three of said members shall belong to the same political party. Two of said members shall be appointed to serve for one year, one to serve two years, one to serve three years, and one to serve four years, and thereafter to be appointed by the governor at the expiration of their first terms, to serve for four years, unless sooner removed. All vacancies in the commission shall be filled by the governor. The governor is hereby given the power to remove any member of said commission for cause or for the good of the commission. No person shall be appointed a member of said commission unless he shall be informed on, and interested in, the subject of wild life, fish, and game, and the requirements for the conservation and propagation of fish, game, and game birds and animals. The first members of the commission shall be appointed by the governor within thirty days after the passage and approval of this act. Each commissioner shall, before entering upon his official duties, execute and file a bond with the secretary of state, running to the state of Montana, in the penal sum of one thousand dollars, with sureties to be approved by the state treasurer, conditioned for the faithful performance of his duties, and that he will account for, and pay over to the fish and game fund of the state, all moneys received by him, and he shall be reimbursed for the premium on said bond from the state fish and game fund upon furnishing a proper voucher therefor.

History: En. Sec. 2, Ch. 193, L. 1921.

3652. Meetings. The members of the commission shall, within thirty days after their appointment and annually thereafter, meet and organize by electing from its membership a chairman, and shall hold quarterly or other meetings, at such times and places as it may deem necessary and proper, said meetings to be called by the chairman, or a majority of the commission, and to be held at the times and places specified in the call for the same. A majority of the members of the commission shall constitute a quorum for the transaction of any business which may come before it. The said commission shall keep a record of all the business transacted by it; it shall have power to discharge any appointee or employee of such

commission, for or without cause, at any time. The chairman and secretary, hereinafter designated, shall sign all orders, minutes, or documents for the commission.

History: En. Sec. 3, Ch. 193, L. 1921.

3653. Powers and duties of commission. The commission hereby created shall have supervision over all the wild life, fish, game, game and non-game birds and water fowl, and game and fur-bearing animals of the state, and shall possess all powers necessary to fulfil the duties prescribed by law with respect thereto, and to bring actions in the proper court of this state for the enforcement of the fish and game laws of the state, and the orders, rules, and regulations promulgated by the commission. It shall have full power and authority to enforce all the laws of the state of Montana, respecting the protection, preservation, and propagation of fish, game, game and non-game birds within the state. It shall have the exclusive power to expend for the protection, preservation and propagation of fish, game, and game-birds, all funds of the state of Montana, collected or acquired for that purpose, whether arising from state appropriations, licenses, fines, gifts, or otherwise. It shall have full power and authority to dispose of all property owned by the state of Montana, used for the protection, preservation, and propagation of fish, game, and game birds, which shall have been found to be of no further value or use to the state, and shall turn over the proceeds arising therefrom to the state treasurer, to be by him credited to the state fish and game fund. It shall have full power and authority to use so much of the fish and game fund of the state as may be necessary for the construction, maintenance, operation, upkeep, and repair of fish hatcheries, game farms, or other property or means and appliances for the protection and propagation of fish, game, or game-birds in the state of Montana; and it shall have the authority to appropriate moneys from the funds at its disposal for the extermination or eradication of predatory animals that destroy fish and game. It shall have authority to provide for the importation of game-birds and animals, and for the protection, propagation, and distribution of imported or domestic game-birds or animals, and for that purpose to acquire, by gift, purchase, lease, or otherwise, such lands as may be deemed necessary for the purpose of establishing a state game farm, and to employ a person or persons skilled in game breeding to run, operate, and manage said game farm and to distribute the output of such game farm on the public lands of the state, or where, in the judgment of the commission, such birds or animals will receive adequate protection and be most likely to thrive and multiply. It shall have authority to spend so much of the state fish and game funds as may be necessary to introduce and propagate such wild water-fowl food as will thrive, grow, and mature in the waters of this state, and for that purpose may secure expert advice as to what kinds of wild water-fowl foods are adapted to the climate, soil, and waters of this state. It shall be its duty to furnish plans for, and to direct and compel the construction and installation and repair, of fish ladders and dams and ways, upon dams and other obstructions in streams which, however, shall be installed and maintained at the proper cost and expense of the owner or owners of same. It shall

have the authority to purchase and maintain at the expense of the state fish and game fund, suitable fish screens or fish wheels, and to install them in irrigation ditches to prevent fish entering said ditches, and to maintain said fish screens or fish wheels after the installation thereof, in such a manner that no damage shall result therefrom to the owner or owners of the irrigation ditch or ditches in which said fish screens or fish wheels are installed. It shall have authority to locate, lay out, construct, and maintain nurseries and rearing ponds, where fry can be planted, propagated, and reared and, when of suitable size, liberated and distributed in the waters of this state, and may expend from the state fish and game funds such sums as may be necessary for this purpose. It shall have authority to acquire by gift, purchase, capture, or otherwise any fish, game, game-birds or animals for propagation, experimental, or scientific purposes. It shall have authority to divide the state into fish and game districts, and to create fish and game districts throughout the state of Montana, and to declare closed seasons for hunting or fishing in any of said specified districts, and to later open districts so closed, or a closed season on any species of game, fish, or game-birds threatened with undue depletion from any cause, and to close any stream, public lake, or portions thereof, for limited periods of fishing, when such action is necessary to protect a recently stocked water, to protect spawning waters, or spawn-taking stations, or to prevent the undue depletion of fish. It shall have authority to establish game refuges for the purpose of providing safe sanctuaries in which game may breed and replenish, adjacent to game ranges, it being the purpose of this provision to establish small refuges rather than large preserves or rather than to close large areas to hunting; provided, however, that no refuge, preserve, or sanctuary shall be set aside or created by the commission except that the same be petitioned for by seventy-five per cent. of the actual property owners to be included within the proposed boundaries of said refuge, preserve, or sanctuary, or in case there are no property owners within the proposed boundaries of said area proposed to be set aside, then by a petition to the commission, signed by seventy-five per cent. of those directly interested or affected financially by the setting aside of said area. It shall have authority to designate and protect certain areas as rest grounds for migratory birds, in which hunting shall be forbidden, it being the purpose of this provision not to interfere unduly with the hunting of water-fowl but to provide havens in which they can rest and feed without molestation. It shall have authority to establish and maintain an educational and biological department of their work for the collection and diffusion of such statistics and information as shall be germane to the purpose of this act. After petition has been duly filed with the secretary of the commission praying that an area shall be set aside for any purpose or purposes in this section enumerated, the said secretary shall immediately publish a notice in a paper of general circulation in the county in which said area is proposed, that a hearing in connection therewith will be held at the courthouse in said county on a day not less than fifteen days from date of first publication to be specified in said notice at which time and place all interested parties shall have the right to

appear and be heard. In case the area proposed to be set aside is in more than one county, the commission shall have the right to designate a place in either county, but notice must be given of said meeting in a paper of general circulation in all counties affected. Said commission shall, in addition to the powers heretofore granted, have such other and further powers as may be necessary to fully carry out the purposes and intent of all the laws pertaining to fish, game-bird and animal propagation, protection and conservation of this act.

History: En. Sec. 4, Ch. 193, L. 1921.

3654. Compensation of commissioners. The members of the commission shall receive no compensation for their services as members thereof, except a per diem of ten dollars for each member for every day in actual attendance at the meetings of said commission, or in the execution of their duties as members of said commission; provided, however, that in no instance shall any member of said commission receive as said per diem a sum in excess of two hundred dollars in any one year, and the members of said commission shall be allowed their actual and necessary traveling expenses, while performing their duties as members of said commission, which shall be paid quarterly upon proper vouchers, from the fish and game fund of the state.

His powers and duties shall include those of a deputy state fish and game warden hereinafter enumerated. He shall be subject to the supervision and control of said commission and may be removed from office by said commission for neglect of duty, incompetency, or any other good cause. The said state fish and game warden shall be paid a salary of not to exceed three thousand dollars per year, and in addition thereto shall be allowed his actual and necessary traveling expenses while away from the seat of government upon official business connected with his office; provided, however, that in no instance shall he be allowed as expenses in excess of two thousand dollars in any one year, the same to be paid upon proper vouchers from the fish and game fund of the state.

History: En. Sec. 6, Ch. 193, L. 1921.

Note.—Earlier acts relative to the fish and game warden were sections 1949-1979, inclusive, Revised Codes 1907; these sections together with several acts amendatory thereof were superseded by chapter 193, laws of 1921.

3656. Deputy fish and game wardens—Appointment. Said deputy state fish and game wardens shall perform their duties at the direction of, and subject to, the supervision and control of the state fish and game commission and the state fish and game warden; provided, however, the commission may employ, for a limited period of time, a special game warden to patrol said district and enforce the game and fish laws of the state of Montana therein, and to perform such duties in said district as may be prescribed by said commission for the limited time for which they are so employed; and further, such special deputy game wardens shall receive in compensation such amount as the commission may allow per day for services rendered and actual expenses not to exceed two dollars per day.

Said board shall also have the power, and it shall be its duty, to fix and establish for all or any connecting lines of railroad in this state reasonable joint rates of freight charges for the various classes of freight, and cars that may pass over two or more lines of such railroads. The rates, tolls, or charges on any property, which shall for any reason remain unclassified by the board, shall not in any event exceed the highest rates fixed for any classification by said board. And it shall be within the province of the board to entertain and hear complaints made by any shipper to the effect that unjust discrimination is being made as against the state of Montana, or any point therein, in the way of rates for the transportation of freight or passengers from points without the state to points within the state, and vice versa; and in proper cases, where it appears that the United States interstate commerce commission law has been violated, it is hereby made the duty of said board to make complaint to the interstate commerce commission of the United States, and to aid such commission

Each railroad affected by the provisions of this act shall display, in a conspicuous place in each of its stations in this state, a schedule printed in plain, legible, English type, showing all classifications and rates fixed and established by the said board. The said board shall make and establish reasonable rates for the transportation of passengers over each and all of the railroads subject hereto, and shall prescribe rates, tolls, and charges for all other services performed by any railroad subject hereto. The said board shall not make or establish any increase or raise in the rate of charge for the transportation of freight by any railroad within the state of Montana, unless ten days' notice be published in two daily papers, one of which shall be published in the city of Helena, setting forth in said notice that at a certain time and place the board will proceed to make and establish such increase or raise in the rate of charge for the transportation of freight; and the board shall at such time and place hold a public hearing thereon, at which time and place the public generally, or any person, firm, or corporation, shall be given an opportunity to present such facts, information, or statistics as shall be pertinent to the hearing then being held. The said board must, within forty days after the filing with such board of a complaint by a shipper, or other person interested, proceed to investigate and determine the justness and reasonableness of any classification, rate, charge, toll, regulation or order made by said board.

And no witness furnished with free transportation shall receive mileage for the distance he may have traveled on such free transportation. No person shall be excused from attending or testifying, or producing any books, papers, documents, or any thing or things, before any court or magistrate, or commissioner or board, upon any investigation, proceeding or trial under the provisions of this act, or for any violation of any of them, upon the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him, may tend to convict him of a crime, or to subject him to a penalty or forfeiture; but no person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he may so testify, or produce evidence; and no testimony or evidence so given or produced shall be received against him upon any civil or criminal proceeding, action, or investigation.

Actions to review the determination of the board fixing any classification, rate, toll, charge, regulation, or order, or the refusal of said board to make, fix, or establish any classification, rate, toll, charge, regulation, or order, shall be commenced in the district court of the county having jurisdiction thereof by the filing of a complaint, duly verified as provided for the verification of pleadings in civil actions, and notice may be served upon the party defendant, either by summons issued and served as provided for in the Code of Civil Procedure in civil actions, or the court may issue an order directed to the defendant requiring him to answer the complaint at such time as the court may deem reasonable; provided, however, that such time shall not be less than five days from the time of the service of such order. Upon the appearance of the defendant, he may deny or admit the facts set forth in said complaint, by answer, which shall be verified as the pleadings in other civil actions. If, upon the hearing, the court shall find that the rates fixed or the classifications made are unjust and unreasonable, it shall thereupon be the duty of said board to make new rates or a reclassification, as the case may be. All orders or notices required under the provisions of this section may be issued by the court, or by the judge thereof at chambers.

3804. Prohibition against rebates and discrimination. If any railroad subject hereto, directly or indirectly or by any special rate, rebate, drawback, or other device, shall charge, demand, or receive from any person, firm, or corporation, a greater or less compensation for any service rendered, or to be rendered, in the transportation of property subject to the provisions of this act, than that fixed by the said board of railroad commissioners for such service, such railroad shall be deemed guilty of extortion, and shall forfeit and pay to the state of Montana not less than five hundred dollars nor more than two thousand dollars for each offense; provided, that nothing herein shall be so construed as to prevent any railroad or railroad corporation from giving excursion rates to or from any point within or without the state.

History: En. Sec. 22, Ch. 37, L. 1907; Sec. 4385, Rev. C. 1907.

3805. Discrimination in rates and charges. If any railroad subject to this act, or its agents or officers, shall hereafter collect, charge, demand, or receive from any person, company, firm, or corporation, a greater rate, charge, or compensation than that fixed and established by the said board of railroad commissioners for the transportation of freight, passenger, or cars, or for the use of any car on the line of its railroad, or any line operated by it, or for receiving, forwarding, handling, or storing any such freight-car, or for any other service performed, or to be performed by it, such railroad and its agents and officers shall be deemed guilty of extortion, and shall forfeit and pay to the state of Montana a sum not less than five hundred dollars nor more than two thousand dollars.

History: En. Sec. 23, Ch. 37, L. 1907; Sec. 4386, Rev. C. 1907.

Is shipper's common-law right of action for discrimination by carrier taken away by statute on the subject, see note in 45 L. R. A. (N. S.) 612.

3806. Jurisdiction to enforce orders of board. The district court shall have jurisdiction to enforce, by proper decree, injunction or order, the rates, classifications, rulings, orders, and regulations made or established by the commission. The proceeding therefor shall be by equitable action in the name of the state, and shall be instituted by the attorney-general or county attorney, whenever advised by the board that any railroad is violating or refusing to comply with any rule, order, rate, classification, or regulation made by the commission and applicable to such railroad. Such proceedings shall have the precedence over all other business in such courts, except criminal business. In any action the burden of proof shall rest upon the defendant, who must show by clear and satisfactory evidence that the rule, order, regulation, rate, or classification involved is unreasonable and unjust as to them. If, in such action, it be the decision of the court that the rule, regulation, order, rate, or classification is not so unreasonable or unjust, and that in refusing compliance therewith the railroad is thereby failing or omitting the performance of any duty, debt, or obligation, the court shall decree a mandatory and perpetual injunction compelling obedience to and compliance with the rule, regulation, order, rate, or classification by the defendant, and its officers, agents, servants, and employees, and may grant such other relief as may be deemed just and proper. Any violation of such decree shall

render the defendant and officer, agent, servant or servants, or employee of the defendant, who is in any manner instrumental in such violation, guilty of contempt, and shall be punishable by a fine not exceeding one thousand dollars for each offense, or by imprisonment of the person guilty of contempt until he shall sufficiently purge himself therefrom, and such decree shall continue and remain in effect and be in force until the rule, regulation, order, rate, or classification shall be modified or vacated by the board; provided, however, that nothing herein contained shall be construed to deprive either party to such proceedings of the right to trial by jury, as provided by the seventh amendment to the constitution of the United States, or as provided by the constitution of this state. An appeal shall lie to the supreme court from the decree in such action, and the cause shall have precedence over all other civil actions of a different nature pending in the supreme court.

3807. Appeals to supreme court. Appeals may be taken to the supreme court from the judgment of any district court in any action brought under the provisions of this act; such appeals shall have precedence over all other business, except criminal business and original proceedings in such court, and shall be heard and determined as are appeals in civil actions.

History: En. Sec. 25, Ch. 37, L. 1907; Sec. 4388, Rev. C. 1907.

3808. Actions to recover excess charges. Any sum or amount of money paid to any railroad by any person or shipper in excess of the rates, tolls, or charges fixed and established by the board for such service, may be recovered from such railroad by the person or shipper in any action instituted and maintained in the district court of the county in which such payment was made, provided such action shall be brought within twelve months from the date of such payment. No contract or agreement, written or otherwise, between such person or shipper and the said railroad, shall be admissible in evidence for the purpose of showing a waiver of the right given by this section. No voluntary payment by any person or shipper of any such excess or overcharge to any railroad shall be, or held to be, a waiver on the part of such person or shipper of the right to sue and recover for such excess or overcharge, as provided for in this section. If, upon the trial of such action, it shall satisfactorily appear to the court or jury that such overcharge was wilfully made, the person or shipper bringing the said action shall be awarded damages in treble the amount of such excess or overcharge, together with the costs and expenses of such action, including a reasonable attorney's fee, to be taxed and collected as other costs in the action.

History: En. Sec. 26, Ch. 37, L. 1907; Sec. 4389, Rev. C. 1907.

3809. Action to determine reasonableness of rates or classification. Any railroad may bring an action in the district court of the county where the principal office or place of business is situated, or in any county where any such classification, rate, toll, charge, regulation, or order of

the board is applicable, against the said board as defendant, to determine whether or not any such classification, rate, toll, charge, regulation, or order made, fixed, or established by the board under the provisions of this act is just and reasonable; provided, that until the final decision in any such action the classification, rate, toll, charge, regulation, or order of the board affecting rates or charges shall be deemed to be final and conclusive; and provided further, that in any action, hearing, or proceeding in any court, the classification, rate, tolls, charges, regulations, and orders made, fixed, and established by said board shall prima facie be deemed to be just, reasonable, and proper. All costs and expenses incurred in the hearing, tral, or appeal of any action brought under this section shall be fixed and assessed as to the court may seem just and equitable.

History: En. Sec. 27, Ch. 37, L. 1907; Sec. 4390, Rev. C. 1907.

The district court has no power of control over any order of the railroad commission relating to rates and charges, except by final judgment; and this necessarily deprives a railroad company, as well as the shipper, of the right to invoke, and prohibits the court from issuing a preliminary injunction in this behalf. It has, however, jurisdiction to use the provisional remedy of injunction in limine to suspend an order made by the commission, requiring a railroad company to operate a local passenger-train each way daily between designated stations, pending a final determination of an action brought by the company to have the order reviewed as unjust and unreasonable. State ex rel. Board of Railroad Commrs. v. District Court, 53 Mont. 229, 233, 163 Pac. 115.

3810. Action by shippers. Any shipper, or other person interested, may bring an action in the district court of the county where the principal office or place of business of such railroad is situated, or in any county where any classification, rate, toll, charge, regulation, or order of the board is applicable, against the said board of railroad commissioners as defendant, to determine whether or not any such classification, rate, toll, charge, regulation, or order, made, fixed, or established by the board under the provisions of this act, is just and reasonable; provided, that until the final decision in any such action, the classification, rate, toll, charge, regulation, or order of the board affecting rates or charges shall be deemed to be final and conclusive, except as herein otherwise provided; and provided further, that in any action, hearing, or proceeding in any court, the classifications, rates, tolls, charges, regulations, and orders made, fixed, and established by said board shall prima facie be deemed to be just, reasonable, and proper. Costs shall be awarded in all actions brought under the provisions of this section as in other civil causes.

3811. Penalty for violation of law by railroad. If any railroad shall wilfully violate any provision of this act, or shall do any other act herein prohibited, or shall refuse to perform any and all lawful orders emanating from said railroad commission relating to rates and charges, or any other duty enjoined upon it, for which a penalty has not herein been provided, for every such act of violation it shall pay to the state of Montana a penalty of not more than five hundred dollars.

History: En. Sec. 29, Ch. 37, L. 1907; Sec. 4392, Rev. C. 1907.

3812. Recovery of penalties and forfeitures. 3830. Proceedings in district court. The district court shall have jurisdiction to enforce, by proper decree, injunction, or order, the rulings, orders, and regulations made or established by the commission under the provisions of this act. The proceeding therefor shall be by equitable action in the name of the state, and shall be instituted by the attorney-general or county attorney, whenever advised by the board that any railroad is violating or refusing to comply with any rule, order, or regulation made by the commission, and applicable to such railroad. Such proceedings shall have the precedence over all other business in such courts, except criminal business. In any action the burden of proof shall rest upon the defendant, who must show by clear and satisfactory evidence that the rule, order, or regulation involved is unreasonable and unjust as to them. If, in such action, it be the decision of the court that the rule, regulation, or order is not so unreasonable or unjust, and that in refusing compliance therewith the railroad is thereby failing or omitting the performance of any duty or obligation, the court shall decree a mandatory and perpetual injunction compelling obedience to and compliance with the rule, regulation, or order, by the defendant, and its officers, agents, servants, and employees, and may grant such other relief as may be deemed just and proper. Any violation of such decree shall render the defendant and officer, agent, servant or servants, or employees of the defendant, who are in any manner instrumental in such violation, guilty of contempt, and shall be punishable by a fine not exceeding one thousand dollars for each offense, or by imprisonment of the person guilty of contempt until he shall sufficiently purge himself therefrom, and such decree shall continue and remain in effect and be in force until the rule, regulation, or order shall be modified or vacated by the board; provided, however, that nothing herein contained shall be construed to deprive either party to such proceedings of the right to trial by jury, as provided by the seventh amendment to the constitution of the United States, or as provided by the constitution of this state. An appeal shall lie to the supreme court from the decree in such action, and the cause shall have precedence over all other civil actions of a different nature pending in the supreme court.

History: En. Sec. 5, Ch. 136, L. 1909.

3831. Appeals to supreme court. Appeals may be taken to the supreme court from the judgment of any district court in any action brought under the provisions of this act; such appeals shall have precedence over all other business, except criminal business and original proceedings in such court, and shall be heard and determined as are appeals in civil actions.

History: En. Sec. 6, Ch. 136, L. 1909.

3832. Action to determine reasonableness of rule. Any railroad may bring an action in the district court of the county where the principal office or place of business is situated, or, in any county where any such rule, regulation, or order of the board is applicable, against the said board as defendant, to determine whether or not any such rule, regulation, or order, made, fixed or established by the board under provisions of this act, is just and reasonable; provided, that until the final decision in any such action, the rule, regulation, or order of the board affecting any railroad shall be deemed to be final and conclusive; and provided further, that in any action, hearing, or proceeding in any court, the rules, regulations, and orders, made, fixed, and established by said board, shall prima facie be deemed to be just, reasonable, and proper. All costs and expenses incurred in the hearing, trial, or appeal of any action brought under this section shall be fixed and assessed as to the court may seem just and equitable.

History: En. Sec. 7, Ch. 136, L. 1909.

3833. Power of railroad commission to compel construction of commercial spurs. The board of railroad commissioners of the state of Montana shall have power and authority, after such investigation as they may deem necessary, and under such rules and regulations as they may establish with reference thereto, to compel railroads or railways or other companies or corporations operating and holding themselves out to be common carriers in the state of Montana, to extend or construct commercial or industrial spurs from constructed lines or tracks at stations or from within station limits; provided, the length of such commercial or industrial spurs or tracks shall be not to exceed two miles from the headblock to end of track.

3834. Powers of railroad commission as to stations and crossings. The board of railroad commissioners of the state of Montana shall have power and authority, in addition to all other powers hereafter vested in said board, whenever the line of one railroad or railway shall cross, intersect, or parallel (overhead, at grade, or otherwise) the railroad or railway of another company or corporation, after notice and hearing, to order and compel the installation of suitable platforms and station-houses for the convenience of passengers desiring to transfer from one road to the other, and for the transfer of passengers, baggage, or freight, whenever the same shall be ordered by the board of railroad commissioners. And such company or corporation shall, when so ordered by the board of railroad commissioners, keep such passenger station warmed, lighted, and opened to the ingress and egress of all passengers a reasonable time before the

arrival and after the departure of such trains as accommodate such station, carrying passengers on such railroad or railway. And said railroad or railway companies crossing, intersecting, or paralleling (overhead, at grade, or otherwise) shall stop such trains at said station-house so located for the transfer of baggage, passengers, and freight, so as to furnish reasonable facilities for that character of a station when so ordered by the board of railroad commissioners, and the expense of construction and maintenance of such station-house and platform shall be paid by such corporations in such proportions as they may agree, and if they fail to agree, as may be fixed by order of the board of railroad commissioners. Such corporation connecting by crossing, intersecting, or paralleling (overhead, at grade, or otherwise) shall also, when so ordered, after notice and hearing by the board of railroad commissioners, unite and connect the tracks of said several corporations so as to permit the transfer from the tracks of said several corporations to the tracks of each other, of loaded and unloaded cars designed for transportation on both roads; provided, however, that no such union or connection shall be ordered except where and when necessary to properly serve the public. The expense of construction and maintenance shall be apportioned, and the material to be used and the route to be followed shall be determined by such corporations as they may agree, and in the event that they fail to agree, as may be fixed by order of the board of railroad commissioners, and the expense thus incurred by the board of railroad commissioners shall be paid by the railroad or railway companies jointly interested, on such basis as the commission may order.

History: En. Sec. 1, Ch. 105, L. 1913.

Note.—This section repealed by implication section 3, chapter 136, Laws of 1909.

3838. Enforcement of regulation in district court. The district court shall have jurisdiction to enforce, by proper decree, injunction, or order, the rulings, orders, and reguations made or established by the commission under the provisions of this act. Such proceedings shall have precedence over all other business in such courts, except criminal business. In any action the burden of proof shall rest upon the defendant, who must show by clear and satisfactory evidence that the rule, order, or regulation involved is unreasonable and unjust as to him. If, in such action, it be the decision of the court that the rule, regulation, or order is not unreasonable or unjust, and that in refusing to comply therewith the railway, railroad, or common carrier is thereby failing or omitting the performance of any duty or obligation, the court shall decree a mandatory and perpetual injunction compelling obedience to, and compliance with the rule, regulation, or order by the defendant, and its officers, agents, servants, and employees, and may grant such other relief as may be deemed just and proper. Any violation of such decree shall render the defendant, officer, agent, servant, or servants or employees of the defendant, who is in any manner instrumental in such violation, guilty of contempt, and shall be punished by a fine not exceeding one thousand dollars for each offense, or by imprisonment of the person guilty of contempt, until he shall sufficiently purge himself therefrom, and such decree shall continue and remain in effect and be in force until the rule, regulation, or order shall be modified or vacated by the board of railroad commissioners; provided, however, that nothing herein contained shall be construed to deprive either party to such proceedings of the right to trial by jury, as provided by the seventh amendment to the constitution of the United States, or as provided by the constitution of this state. 3849. Pipe lines public utilities—Jurisdiction. It is declared that the operation of these pipe lines, to which this act applies, for the transportation of crude petroleum, in connection with the purchase or purchase and sale of such crude petroleum, is a business in mode of the conduct of which the public is interested, and as such is subject to regulation by law; and accordingly it is provided that from and after the expiration of thirty days from the time this law takes effect the business of purchasing, or of purchasing and selling crude petroleum, using in connection with such business a pipe line of the class subject to this act to transport the crude petroleum so bought or sold shall not be conducted, unless such pipe line so used in connection with such business be a common carrier within the purview of this law and subject to the jurisdiction herein conferred upon the board of railroad commissioners of Montana. It shall be the duty of the attorney-general to enforce this provision by injunction or other adequate remedy.

History: En. Sec. 2, Ch. 8, Ex. L. 1921. Pipe line companies as public utilities, see note in L. R. A. 1918C, 855.

3850. Regulation of construction pipe lines—Eminent domain. The right to lay, maintain, and operate pipe lines, together with telegraph and telephone lines incidental to and designed for use only in connection with the operation of such lines along, across, or under any public stream or highway in this state, is hereby conferred upon all persons, firms, limited partnerships, joint-stock associations, or corporations coming within any of the definitions of common carrier pipe lines as hereinbefore made. Any person, firm, limited partnership, joint-stock association, or corporation may acquire the right to construct pipe lines and such incidental telephone and telegraph lines along, across, or over any public road or highway in this state, by filing with the board of railroad commissioners of Montana an acceptance of the provisions of this law, expressly agreeing in writing that in consideration of the rights so acquired it shall be and become a common carrier pipe line, subject to the duties and obligations conferred or imposed in this act. This right to run along, across or over any public road or highway, as before provided for, can only be exercised upon condition that the traffic thereon be not interfered with, and that such road or highway be promptly restored to its former condition of usefulness, and the restoration thereof be subject also to the supervision of the county commissioners of the county in which said highway is situated. And, provided that in the exercise of the privileges herein conferred, such pipe lines shall compensate the county for any damage done to such public road, in the laying of pipe lines, telegraph or telephone lines, along or across the same; and nothing herein shall be construed to grant any pipe line company the right to use any public street or alley in any incorporated city or town, except by express permission from the city or governing authority thereof.

Every person, firm, corporation, limited partnership, joint-stock association, or association of any kind mentioned in this act, which shall have

filed with the board of railroad commissioners of Montana its acceptance of the provisions of this act, is hereby granted the right and power of eminent domain in the exercise of which he, it, or they may enter upon and condemn the land, rights of way, easements, and property of any person or corporation necessary for the construction, maintenance or authorization of his, its, or their common carrier pipe line, the manner and method of such condemnation and the assessment and payment of the damages therefor to be the same as is provided by law in the case of railroads.

History: En. Sec. 3, Ch. 8, L. 1921.

Taking of land for pipe line as public purpose, see note in 22 L. R. A. (N. S.) 136.

3851. Establishment of rates—Hearing—Complaints. The board of railroad commissioners of Montana shall have the power to establish and enforce rates of charges and regulations for gathering, transporting, loading, and delivering crude petroleum by such common carrier in this state, and for the use of storage facilities necessarily incident to such transportation and to prescribe and enforce rules and regulations for the government and control of such common carriers in respect to their pipe lines and receiving, transferring and loading facilities, and it shall be its duty to exercise such power upon petition by any person showing a substantial interest in the subject. No order establishing or prescribing rates, rules, and regulations shall be made except after hearing and at least ten days' and not more than thirty days' notice to the person, firm, corporation, partnership, joint-stock association, or association owning or controlling and operating the pipe line or pipe lines affected. In the event any rate shall be filed by any pipe line and complaint against same or petition to reduce same shall be filed by any shipper, and such complaint be sustained, in whole or in part, all shippers who shall have paid the rates so filed by the pipe line shall have the right to reparation or reimbursement of all excess in transportation charges so paid over and above the proper rate as finally determined on all shipments made after the date of the filing of such complaint.

History: En. Sec. 4, Ch. 8, Ex. L. 1921.

3852. Railroad commissioners may require connections—Facilities—rules. Every common carrier as above defined shall exchange crude petroleum tonnage with each like common carrier, and the board of railroad commissioners of Montana shall have the power to require such connections and facilities for the interchange of such tonnage to be made at every locality reached by both pipe lines whenever a necessity therefor exists and subject to such rates and regulations as may be made by the board of railroad commissioners of Montana; and any such common carrier under like rules and regulations shall be required to install and maintain facilities for the receipt and delivery of crude petroleum of patrons at all points on such pipe line. No carrier shall be required to receive or transport any crude petroleum except such as may be marketable under rules and regulations to be prescribed by the board of railroad commissioners of Montana which they are hereby empowered and required to prescribe. The board of railroad commissioners of Montana is also empowered and required to make rules for the ascertainment of the amount of water and other foreign

matter in oil tendered for transportation, and for deduction therefor and for the amount of deduction to be made for temperature, leakage, and evaporation. It is provided, however, that the recital herein of particular powers on the part of said board of railroad commissioners of Montana shall not be construed to limit the general powers conferred by this act. Until set aside or vacated by some decree or order of a court of competent jurisdiction, all orders of the board of railroad commissioners of Montana as to any matter within its jurisdiction shall be accepted as prima facie evidence of their validity.

History: En. Sec. 5, Ch. 8, Ex. L. 1921.

3853. Tariffs and reports. Such common carriers of crude petroleum shall make and publish their tariffs under such rules and regulations as may be prescribed by said board of railroad commissioners of Montana, the board of railroad commissioners of Montana shall require them to make reports and may investigate their books and records kept in connection with such business. The board of railroad commissioners of Montana shall require of such common carrier pipe lines monthly reports, duly verified under oath, of the total quantities of crude petroleum owned by such pipe lines and of that held by them in storage for others, as also of their unfilled storage capacity, provided no publicity shall be given by the board of railroad commissioners of Montana to the reports as to stock of crude petroleum on hand of any particular pipe line; but the board of railroad commissioners of Montana in its discretion may make public the aggregate amounts held by all the pipe lines making such reports, and of their aggregate storage capacity. The board of railroad commissioners of Montana shall have the power and authority to hear and determine complaints, to require attendance of witnesses, and to institute suits and sue out such writs and process as may be necessary for the enforcement of its orders.

History: En. Sec. 6, Ch. 8, Ex. L. 1921.

3854. Discrimination prohibited—Establishment of rates. No such common carrier in its operations as such shall discriminate between or against shippers in regard to facilities furnished or service rendered or rates charged under same or similar circumstances in the transportation of crude petroleum; nor shall there be any discrimination in the transportation of crude petroleum produced or purchased by itself directly or indirectly. In this connection the pipe line shall be considered as a shipper of the crude petroleum produced or purchased by itself directly or indirectly and handled through its facilities. No such carrier in such operation shall directly or indirectly charge, demand, collect, or receive from any one a greater or less compensation for any service rendered than from another for a like and contemporaneous service; provided, this shall not limit the right of the board of railroad commissioners of Montana to prescribe rates and regulations different from or to some places from other rates or regulations for transportation from or to other places, as it may determine; nor shall any carrier be guilty of discrimination when obeying any order of the board of railroad commissioners of Montana. When there shall be offered for transportation more crude petro-

leum than can be immediately transported, the same shall be equitably apportioned. The board of railroad commissioners of Montana may make and enforce general or specific regulations in this regard. No such common carrier shall at any time be required to receive for shipments from any person, firm, corporation, or association of persons, exceeding three thousand barrels of petroleum in any one day.

History: En. Sec. 7, Ch. 8, Ex. L. 1921.

3855. Rules for prevention of waste. The board of railroad commissioners of Montana, when necessary, shall make and enforce rules and regulations either general in their nature or applicable to particular oil fields for the prevention of actual waste of oil or operations in the field dangerous to life or property.

History: En. Sec. 8, Ch. 8, Ex. L. 1921.

3856. Penalty for violation of act—Recovery of damages. Any common carrier as herein defined who shall violate any provisions of this act or who shall fail to perform any duty herein imposed or any valid order of the board of railroad commissioners of Montana, when not stayed or suspended by order of court, shall be subject to a penalty of not less than one hundred dollars nor more than one thousand dollars for each offense, such penalty to be recoverable at suit of the attorney-general of the state of Montana in the name of the state and for its use. Actual damages may also be recovered by and for the use of any person, corporation or association of persons against whom there shall have been an unlawful discrimination as herein defined; such suit to be brought in the name of and for the use of party aggrieved, and may be maintained in any court of proper jurisdiction having due regard to the ordinary statutes of venue. For the wilful violation of any of the provisions herein forbidding discrimination on the part of common carriers, it is hereby provided that the owners, officers, agents, or employees of such carriers who may be guilty thereof shall be deemed guilty of a misdemeanor; each violation of any of such provisions shall be deemed a separate and distinct offense and upon conviction thereof the party violating same shall be fined in a sum of not less than fifty dollars nor more than one thousand dollars, and may be further punished by confinement in the county jail for not less than ten days nor more than six months.

History: En. Sec. 9, Ch. 8, Ex. L. 1921.

3857. Duty to transport without discrimination. Subject to the provisions of this act and the rules and regulations which may be prescribed by the board of railroad commissioners of Montana, every such common carrier shall receive and transport crude petroleum delivered to it for transportation and shall so receive and transport same and perform its other duties with respect thereto without discrimination.

History: En. Sec. 10, Ch. 8, Ex. L. 1921.

3858. Effect of partial invalidity act. If any of the provisions of this act shall be held unconstitutional, or for any reason shall be held void, such holding shall not have the effect to nullify the remaining parts or

provisions of this act, but the parts not so held to be void shall nevertheless remain in full force and effect.

Said inspector shall have a practicable knowledge of such boats and vessels and ferry-boats as ply the navigable waters of the state of Montana, and shall be experienced in the construction and familiar with the safety appliances of all such boats and their appurtenances.

History: Sec. 1, Ch. 63, L. 1913.

Note.—The first navigation laws were enacted as sections 2580 to 2589, inclusive, Political Code 1895; re-enacted as sections 1327 to 1336, inclusive, Revised Codes 1907. These provisions were superseded by chapter 63, Laws of 1913.

3860. Inspection and examination—Determination of capacity of boat. The inspector shall annually, or as often as the board of railroad commissioners may order, inspect every steamboat or other barge propelled by machinery, or sailing boat, ferry-boat or barge, other than private pleasure boats, and shall examine carefully the hull of such boats and their equipment, and require such changes, repairs, and improvements to be adopted and used as he may deem expedient for the safety of all such boats. He shall also fix the number of passengers that may be transported upon any boat; he shall likewise fix the number of tons of freight that may be carried upon any such boat, barge, or ferry-boat. He shall, whenever he deems it expedient to do so, visit any such boat and examine into its condition or their condition, for the purpose of ascertaining whether such boat or boats have a certificate from the board of railroad commissioners, and whether such boats are conformable to and obeying the conditions imposed by this act and by the board of railroad

commissioners. The owner, master, pilot, and captain or engineer of such vessel or boat shall answer all reasonable questions, and give all the information in his or her possession in regard to such boat or boats, or any of them, concerning their machinery and the manner of managing said boat. History: En. Sec. 4, Ch. 63, L. 1913. Regulations for licensing of pilots, see note in 39 L. R. A. 183.

3863. Number of passengers limited to number specified in certificate. No greater number of passengers shall be transported upon licensed boat, steamboat, or other boat propelled by machinery, or sailing-boat, or ferry-boat or barge, than the number allowed in the certificate to such boat, vessel, steamboat, or other boat propelled by machinery, or sailing-boat, ferry-boat or barge, and any captain, pilot, owner, or engineer of such boat, who shall violate any of the provisions of this section, shall be guilty of a misdemeanor and shall be punished accordingly, and shall have (at the discretion of the board of railroad commissioners) his license revoked.

History: En. Sec. 5, Ch. 63, L. 1913.

3864. Fire protection in boats. All steamboats to which this act shall apply shall be so constructed that all woodwork about the boiler, smoke-stack, fire-boxes, chimneys, cook-houses, stoves, and stove pipes exposed to ignition shall be so shielded by some incombustible material that the air shall circulate freely between such material and woodwork or other ignitable substance, and before granting the certificate of inspection the board of railroad commissioners shall require that all necessary provisions be made as it may deem expedient to guard against loss or damage by fire.

History: En. Sec. 6, Ch. 63, L. 1913.

3865. Rules of navigation. The following rules shall be observed in navigating steam vessels, steamboats, and all other boats propelled by machinery, and sailing crafts on any of the navigable waters of the state of Montana affected by the provisions of this act.

Rule 1. All steamboats or other boats propelled by machinery shall be equipped with either steam or compressed-air whistles.

Rule 2. When two boats are meeting, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

Rule 3. When two boats are crossing so as to involve risk of collision, the boat which has the other on her starboard shall keep out of the way of the other.

Rule 4. When a steamboat or boat propelled by machinery and sailing boat are proceeding in the same direction, so as to involve risk of collision, the boat propelled by machinery shall keep out of the way of the sailing craft.

Rule 5. When, by any of these rules one of the two of the vessels is to keep out of the way, the other shall keep her course and speed.

Rule 6. Every boat propelled by machinery under way and approaching another boat or vessel of any kind so as to involve a risk of collision, shall slacken her speed, or, if necessary, shall stop and reverse her engine, and every boat propelled by machinery shall, when in a fog, go at a moderate speed.

Rule 7. Any boat propelled by machinery overtaking another boat propelled by machinery shall keep out of the way of the last-named boat.

Rule 8. When two boats propelled by machinery are going in the same direction, and the stern boat wishes to pass the other, she shall signal the forward boat of her intention to pass on the port side, by two distinct whistles, and to pass on her starboard side by one distinct whistle, which shall be answered by the forward boat by the same number of whistles, and the forward boat shall keep on her course as if no signal had been given.

Rule 9. When two steamboats or other boats propelled by machinery are approaching each other, and if the course of such boats is so far on the starboard side of each other as not to be considered by the pilot as meeting end on or nearly so, or, if such boats are approaching each other in such a manner that passing is not as in rule 2, being deemed unsafe, the pilot of one boat shall give two short and distinct blasts of his whistle, which the pilot of the other boat shall answer by two blasts of his whistle, and they shall pass to the left (on the starboard side) of each other.

Rule 10. Steamboats or other boats propelled by machinery approach-

ing each other at not less than three hundred yards distance from each other shall give a signal with one loud distinct whistle.

Rule 11. When two steamboats or other boats propelled by machinery are approaching each other, and the pilot of either boat fails to understand the course or intention of the other, whether from signals being given or answered erroneously, or from other causes, the pilot so in doubt shall immediately signify the same by giving several short blasts of his whistle, and if the boats shall have approached within five hundred yards of each other, both shall immediately slow up to a speed barely sufficient for steerage, or until the proper signals are given, answered, and understood, or until the boats have passed each other.

Rule 12. When a steamboat or other boat propelled by machinery is in a fog or is in thick weather, it shall be the duty of the pilot to cause a long blast of the whistle to be sounded at intervals of not to exceed one minute.

Rule 13. Signals of distress shall be four blasts of the whistle, and shall be recognized by the master of any steamboat or other boat propelled by machinery hearing the same, and he shall render such assistance as in his power.

Rule 14. Any steamboat or other boat propelled by machinery landing at a wharf or dock shall have the right to such wharf or dock for a period of five minutes. If detained at the wharf or dock for a longer period than five minutes, the steamboat or other boat propelled by machinery already at the wharf shall allow another steamboat or other boat propelled by machinery to land alongside and discharge her passengers and freight over her deck for at least ten minutes, and thereafter until the first steamboat or other boat propelled by machinery shall leave said wharf or dock.

Rule 15. In the construing of these provisions, due regard must be had for all of the dangers of navigation, and to any special circumstances, which may render a departure therefrom necessary in order to avoid immediate danger.

Rule 16. Every steamboat or other boat propelled by machinery which is under sail and not under steam is to be considered a sailing vessel, and any or every vessel under steam or propelled by machinery, whether under sail or not, is to be considered a steam vessel.

Rule 17. All steamboats or other boats propelled by machinery licensed under the provisions of this act or article shall conform to and obey such other rules and regulations, not inconsistent herewith, as the board of railroad commissioners may direct.

Rule 18. Every steamboat or other boat propelled by machinery on the navigable waters within the jurisdiction of this state shall have two copies of this section framed; one to be posted in the pilot-house, and the other to be hung in a conspicuous place on the vessel for the inspection of passengers.

History: En. Sec. 7, Ch. 63, L. 1913.

3866. Lights to be carried by boats. The master or pilot in charge of the steamboat, or other boat propelled by machinery, or sailing craft, when navigating any of the water of this state, shall between sunset and sunrise cause said boats to carry the following lights: First, at the fore-

most head, a bright white light of such a character as to be visible on a dark night, in a clear atmosphere, at a distance of at least two miles, and so constructed as to show a uniform and unbroken light over an area of the horizon to twenty points of the compass, and to be fixed as to show the light ten points on each side of the vessel, namely, from right ahead to two points abaft the beam on either side; second, on the starboard side, a green light of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles, and be so constructed as to show a uniform and unbroken light over an arc of the horizon to ten points of the compass, and so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side; third, on the port side, a red light of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles, and so constructed as to show a uniform and unbroken light over an arc of the horizon to ten points of the compass, and so fixed as to throw the light from right ahead to two points abaft to the beam on the port side. The red and green lights shall be fixed with screens so as to prevent them from being seen from the rear.

History: En. Sec. 9, Ch. 63, L. 1913.

3867. Force pumps to be carried. Every steamboat or other boat propelled by machinery, other than private pleasure boats, shall be provided with a force pump or an equivalent apparatus for throwing water, and the same shall be at all times, during the navigation of such boat, kept ready for use. Such pump shall be of suitable size and construction to use either in extinguishing fires or pumping water out of the boat, and shall be approved by the board of railroad commissioners.

History: En. Sec. 10, Ch. 63, L. 1913.

And every captain shall order and hold a practice drill for the lowering of life-boats, and fire-drill at least once every month, and shall keep a record of all such drills, which record shall be kept in a convenient place on such boat, and shall at all times be subject to inspection by the public.

History: En. Sec. 11, Ch. 63, L. 1913.

3869. Life-preservers. Every steamboat or other boat affected by this act shall have a life-preserver for each passenger, and she shall also carry one for each of her crew. Such life-preserver shall be made of good, sound cork blocks, easily adjusted to the body with belts and straps, properly attached, and so constructed as to pass the cork under the shoulders and around the body of the person wearing the same. Each life-preserver shall contain at least six pounds of good cork, having a buoyancy of at least four pounds to each pound of cork. It shall be the duty of the inspector to satisfactorily ascertain that every life-preserver is as herein required. All such life-preservers shall be kept in a convenient place, accessible in case of accident, in readiness for immediate use, and the place where same are kept shall be designated in the certificate issued by the board of railroad com-

3907. Investigation of Accidents—Report as to Accident.
3908. Public Utility Violating Laws or Failing to Comply With Order.
3909. Verification of Reports and Statements—Perjury.
3910. Recovery of Forfeitures and Penalties.
3911. Mandamus, Injunction, and Other Remedies.
3912. Traveling Expenses of Commission.
3913. Effect of Invalidity of Part of Law.

3879. Creation of public service commission. A public service commission is hereby created, whose duty it shall be to supervise and regulate the operations of the public utilities hereinafter named, such supervision and regulation to be in conformity with this act.

History: En. Sec. 1, Ch. 52, L. 1913.

Sections 3879 et seq., creating a public service commission and defining its powers, are constitutional. Public Service Commission v. City of Helena, 52 Mont. 527, 159 Pac. 24.

Regulations made by the public service commission must be reasonable in order to be valid, and any regulation which imposes upon a city an obligation which is invalid is not reasonable. Public Service Commission v. City of Helena, 52 Mont. 527, 540, 159 Pac. 24.

The act conferring authority upon the public service commission must be construed in harmony with the theory of self-government in cities, and the retention of police power by the state. Public Service Commission v. City of Helena, 52 Mont. 527, 541, 159 Pac. 24.

Inasmuch as a franchise contract made in 1912 between a city and a gas company must be presumed to have been entered into with knowledge that the state could thereafter enact legislation toward exercising the power of rate regulation reposed in it, and thus change the rates fixed by the contract, this act is not open to attack on the ground that it impairs the obligation of the contract made the year before. State ex rel. Billings v. Billings Gas Co., 55 Mont. 102, 111, 173 Pac. 799.

In the enactment of this law the legislature intended to provide a comprehensive and uniform system of regulation and control of public utilities, by a specially created tribunal, through which the state itself exercises its sovereign power. State ex rel. Billings v. Billings Gas Co., 55 Mont. 102, 112, 173 Pac. 799.

3880. Railroad commissioners as ex-officio commission. The board of railroad commissioners of the state of Montana shall be ex-officio the public service commission hereby created, and for the purposes of this act shall be known and styled "Public Service Commission of Montana." It shall provide itself with a seal bearing these words, by which its official acts shall be authenticated in all cases where a seal is required; and in the name as above set forth, it may sue and be sued in the courts of the state and of the United States. The secretary of the railroad commission of Montana shall act as secretary of the commission hereby created, but the business of the public service commission shall be kept entirely separate from that of the railroad commission.

History: En. Sec. 2, Ch. 52, L. 1913.

3881. "Public utility" defined. The term "public utility," within the meaning of this act, shall embrace every corporation, both public and private, company, individual, association of individuals, their lessees, trustees, or receivers appointed by any court whatsoever, that now or hereafter may own, operate, or control any plant or equipment, or any part of a plant or equipment, within the state, for the production, delivery, or furnishing for or to other persons, firms, associations, or corporations, private or municipal, heat, street-railway service, light, power in any form or by any agency, water for business, manufacturing, household use, or sewerage service, whether within the limits of municipalities, towns and villages, or elsewhere, telegraph or telephone service; and the public service commission is hereby invested with full power of supervision, regulation, and control of such utilities, subject to the provisions of this act, and to the exclusion of the jurisdiction, regulation, and control of such utilities by any municipality, town, or village.

History: En. Sec. 3, Ch. 52, L. 1913.

It was the intention of the legislature to go no further than to provide that, within the limited sphere of its jurisdiction, the public service commission may make reasonable regulations which the city must heed, and to that extent only is the au-

thority of the city superseded. It was not intended to take from the city the active management of its water plant, or the authority to appoint the proper officers and employees to operate it, or to interfere with such officers in the proper discharge of their duties. 3882. Power to prescribe rules of procedure—Judicial power. In addition to the modes of procedure hereinafter prescribed in particular cases and classes of cases, said commission shall have power to prescribe rules of procedure, and to do all things necessary and convenient in the exercise of the powers by this act conferred upon the commission; provided, that nothing in this act shall be construed as vesting judicial powers on said commission, or as denying to any person, firm, association, corporation, municipality, county, town, or village the right to test, in a court of competent jurisdiction, the legality or reasonableness of any fixed order made by the commission in the exercise of its duties or powers.

History: En. Sec. 4, Ch. 52, L. 1913.

3883. Public utilities to furnish service for reasonable charges. Every public utility is required to furnish reasonably adequate service and facilities. The charge made by any public utility for any heat, light, power, water, telegraph, or telephone service, produced, transmitted, delivered, or furnished, or for any service to be rendered as or in connection with any public utility, shall be reasonable and just, and every unjust and unreasonable charge is prohibited and declared unlawful.

3884. Power of commission to ascertain property values. The commission may, in its discretion, investigate and ascertain the value of the property of every public utility actually used and useful for the convenience of the public. In making such investigation the commission may avail itself of all information contained in the assessment rolls of various counties, and the public records of the various branches of the state government, or any other information obtainable, and the commission may at any time of its own initiative make a revaluation of such property.

3885. Books, accounts, and records of public utilities. Every public utility shall keep and render to the commission, in the manner and form prescribed by the commission, uniform accounts of all business transacted.

Every public utility engaged directly or indirectly in any other business

than those mentioned in section 3881 of this code shall, if required by the commission, keep and render separately to the commission, in like manner and form, the accounts of all such other business, in which case all the provisions of this act shall apply with like force and effect to the books, accounts, papers, and records of such other business.

The commission shall cause to be prepared suitable blanks for carrying out the purposes of this act, and shall, when necessary, furnish such blanks to each public utility.

No public utility shall keep any other books, accounts, papers, or records of the business transacted, than those prescribed or approved by the commission. Each public utility shall have an office in one of the towns, villages, or cities in this state, in which its property, or some part thereof, is located, and shall keep in said office all such books, accounts, papers, and records as shall be required by the commission to be kept within the state. No books, accounts, papers, or records, required by the commission to be kept within the state, shall at any time be removed from the state, except upon such conditions as may be prescribed by the commission.

History: En. Sec. 7, Ch. 52, L. 1913.

3886. Annual report to public service commission. The accounts of such public utilities shall be closed annually on the thirty-first day of December, a balance sheet taken promptly therefrom, and full annual reports of the business be made to the commission not later than the fifteenth day of March following the closing of the accounts; provided, however, that the accounts of any municipal utility shall be closed annually on the thirtieth day of April, a balance-sheet taken promptly therefrom, and full annual reports of the business be made to the commission not later than the fifteenth day of July following the closing of the accounts. The reports shall be in such form as prescribed by the commission, and shall contain all the information deemed by the commission necessary for the proper performance of its duties. The commission may at any time call for desired information omitted from such reports, or not provided for therein, whenever, in the judgment of the commission, such information is necessary.

History: En. Sec. 7, Ch. 52, L. 1913; amd. Sec. 1, Ch. 186, L. 1919.

3887. Right to examine books, records, etc. Any commissioner, or any person or persons authorized by the commission, shall have the right to examine the books, accounts, records, and papers of any public utility for the purposes of determining their correctness, and whether they are being kept in accordance with the rules and system prescribed by the commission.

Power of public service commission to compel production of papers and records of public utility for inspection, see note in L. R. A. 1917F, 1202.

3888. Failure of public utility to make reports or permit examinations. Any officer, agent, or person in charge of the books, accounts, records, and papers, or any of them, of any public utility, who shall refuse or fail, for a period of thirty days, to furnish the commission with any report required by the provisions of this act, and any officer, agent, or person in charge of any particular books, accounts, records, or papers relating to the business of such public utility, who shall refuse to permit any commissioner or other person duly authorized by the commission, to inspect

such books, accounts, records, or papers on behalf of the commission, shall be subject to a fine of not less than one hundred dollars nor more than five hundred dollars, such fine to be recovered in a civil action upon the complaint of the commission in any court of competent jurisdiction; and each day's refusal or failure on the part of such officer, agent, or person in charge, shall be deemed a separate offense, and be subject to the penalty herein prescribed.

History: En. Sec. 8, Ch. 52, L. 1913.

3889. Records and reports of commission. The commission shall make and publish annual reports for each calendar year, showing its proceedings, which reports shall, as nearly as may be, conform in a general way to those of the railroad commission of the state, and be made at the same time. All the reports, records, accounts, files, papers, and memoranda of every nature in the possession of the commission shall be open to the public at all reasonable times, subject to the exception that when the commission deems it necessary, in the interest of the public, it may withhold from the public any facts or information in its possession for a period of not more than ninety days after the acquisition of such facts or information.

History: En. Sec. 9, Ch. 52, L. 1913.

3890. Commercial units of product or service—Standard of measurement—Examination and testing. The commission shall ascertain and prescribe for each kind of public utility suitable and convenient commercial units of product or service. These shall be lawful units for the purposes of this act.

The commission shall ascertain and fix adequate and serviceable standards for the measurement of quality, pressure, initial voltage, or other conditions pertaining to the supply of the product or service rendered by any public utility, and prescribe reasonable regulations for examination and testing of such product or service and for the measurement thereof.

The commission shall provide for the examination and testing of any and all appliances used for the measuring of any product or service of a public utility. Any consumer or user may have any such appliances tested upon payment of the fees fixed by the commission. The commission shall establish and declare reasonable fees to be paid for testing such appliances on the request of the consumers or users, the fee to be paid by the consumer or user at the time of his request, which fees, however, shall be paid by the public utility and repaid to the complaining party, if the quality or quantity of the product, or the character of the service, be found by the commission defective or insufficient in a degree to justify the demand for testing; or the commission may apportion the fees between the parties as justice may require.

The commission may, in its discretion, purchase such materials, apparatus, and standard measuring instruments for such examinations and tests as it may deem necessary.

The commission, its agents, experts, or examiners, shall have the power to enter upon any premises occupied by any public utility for the purpose of making the examinations and tests provided in this act, and to set up and use on such premises any apparatus and appliances and occupy

reasonable space therefor. Any public utility refusing to allow such examinations to be made, as herein provided, shall be subject to the penalties prescribed in section 3888 of this code.

History: En. Sec. 10, Ch. 52, L. 1913.

3891. Schedules of rates, tolls, and charges. Every public utility shall file with the commission, within a time fixed by the commission, schedules which shall be open to public inspection, showing all rates, tolls, and charges which it has established, and which are in force at the time, for any service performed by it within the state, or for any service in connection therewith, or performed by any public utility controlled or operated by it. The rates, tolls, and charges shown on such schedules shall not exceed the rates, tolls, and charges in force at the time of passage of this act. Every public utility shall file with, and as a part of such schedule, all rules and regulations that in any manner affect the rates charged or to be charged for any service. A copy of so much of said schedule as the commission shall deem necessary for the use of the public shall be printed in plain type, and kept on file in every station or office of such public utility, where payments are made by the consumers or users, open to the public, in such form and place as to be readily accessible to the public, and as can be conveniently inspected.

When a schedule of joint rates or charges is or may be in force between two or more public utilities, such schedule shall in like manner be printed and filed with the commission, and so much thereof as the commission shall deem necessary for the use of the public shall be filed in every such station or office as prescribed in the first paragraph of this section.

No change shall thereafter be made in any schedule, including schedules of joint rates, except upon twenty days' notice to the commission, and all such changes shall be plainly indicated upon existing schedules, or by filing new schedules in lieu thereof ten days prior to the time the same are to take effect; provided, that the commission, upon application of any public utility, may prescribe a less time within which a reduction may be made; provided, however, that no advance or reduction of existing schedules shall be made without the concurrence of the commission. Copies of all new or amended schedules shall be filed and posted in the stations or offices of public utilities as in the case of original schedules. The commission may prescribe such changes in the form in which the schedules are issued by any public utility as may be found to be expedient.

History: En. Sec. 11, Ch. 52, L. 1913.

Power of state to change private contract rates for public utilities, see note in 9 A. L. R. 1423.

3892. Greater or less charges than those prescribed—Rebates and privileges. It shall be unlawful for any public utility to charge, demand, collect, or receive a greater or less compensation for any service performed by it within the state, or for any service in connection therewith, than is specified in such printed schedules, including schedules of joint rates, as may at the time be in force, or to demand, collect, or receive any rate,

toll, or charge not specified in such schedules. The rates, tolls, and charges named therein shall be the lawful rates, tolls, and charges until the same are changed, as provided in this act. It shall likewise be unlawful for any public utility to grant any rebate, concession, or special privilege to any consumer or user, which, directly or indirectly, shall or may have the effect of changing the rates, tolls, charges, or payments, and any violation of the provisions of this section shall subject the violator to the penalty prescribed in section 3888 of this code. This, however, does not have the effect of suspending, rescinding, invalidating, or in any way affecting existing contracts.

History: En. Sec. 12, Ch. 52, L. 1913.

The concluding sentence of this section refers to the sentence immediately preceding, forbidding rebates, concessions, etc., and was not intended to except from the operation of the act rate contracts made between cities and public utilities prior to its passage. State ex rel. Billings v. Billings Gas Co., 55 Mont. 102, 112, 173 Pac. 799.

Since this section exempts from the operation of the act all "existing contracts" and does not exclude from the provisions of the exempting clause renewals or extensions of such contracts, the renewal or extension of the contract involved in this case was not unlawful. Helena Light & Ry. Co. v. Northern Pacific Ry. Co., 57 Mont. 93, 186 Pac. 702.

3893. Classification of service. The commission may prescribe classifications of the service of all public utilities, and such classifications may take into account the quantity used, the time when used, and any other reasonable consideration. Each public utility is required to conform its schedule of rates, tolls, and charges to such classifications.

History: En. Sec. 13, Ch. 52, L. 1907.

3894. Rules as to inspections—Public hearings. The commission shall have the power to adopt reasonable and proper rules and regulations relative to all inspections, tests, audits, and investigations, and to adopt and publish reasonable and proper rules to govern its proceedings, and to regulate the mode and manner of all investigations and hearings of public utilities, and other parties before it. All hearings shall be open to the public.

History: En. Sec. 14, Ch. 52, L. 1913.

3895. Inquiry into and investigation of management of all public utilities. The commission shall have authority to inquire into the management of the business of all public utilities, and shall keep itself informed as to the manner and method in which the same is conducted, and shall have the right to obtain from any public utility all necessary information to enable the commission to perform its duties.

The commission or any commissioner, or any person or persons employed by the commission for that purpose, shall, upon demand, have the right to inspect the books, accounts, papers, records, and memoranda of any public utility, and to examine, under oath, any officer, agent, or employee of such public utility in relation to its business and affairs.

Any person, other than one of said commissioners, who shall make such demand, shall produce his authority to make such inspection.

The commission may require, by order or subpoena, to be served on any public utility, in the same manner that a summons is served in a civil action in the district court, the production, within this state, at such

time and place as it may designate, of any books, accounts, papers, or records kept by such public utility in any office or place without the state of Montana, or verified copies in lieu thereof, if the commission shall so order, in order that an examination thereof may be made by the commission, or under its direction.

Any public utility failing or refusing to comply with any such order or subpoena, shall be subject to the liability named in section 3888 of this code.

History: En. Sec. 15, Ch. 52, L. 1913.

3896. Employment of engineer and other help—Salary of secretary. The commission is authorized to employ an engineer at a salary of four thousand dollars per annum, also examiners, experts, clerks, accountants, or other assistants as it may deem necessary, at such rates of compensation as it may determine upon; and it is further provided that the secretary of the public service commission shall receive an annual salary of six hundred dollars, such salary to be in addition to the salary now provided by law to be paid to the secretary of the board of railroad commissioners of the state of Montana.

History: En. Sec. 16, Ch. 52, L. 1913; amd. Sec. 1, Ch. 188, L. 1919.

3897. Complaints against public utility—Hearing. Upon a complaint made against any public utility by any mercantile, agricultural, or manufacturing society or club, or by any body politic or municipal organization, or association or asociations, the same being interested, or by any person or persons, firm or firms, corporation or corporations, provided such persons, firms, or corporations are directly affected thereby that any of the rates, tolls, charges, or schedule, or any joint rate or rates, are in any way unreasonable or unjustly discriminatory, or that any regulations, measurements, practices, or act whatsoever affecting or relating to the production, transmission, or delivery or furnishing of heat, light, water, or power, or any service in connection therewith, or the conveyance of any telegraph or telephone message, or any service in connection therewith, is in any respect unreasonable, insufficient, or unjustly discriminatory, or that any service is inadequate, the commission shall proceed, with or without notice, to make such investigation as it may deem necessary. But no order affecting such rates, tolls, charges, schedules, regulations, measurements, practice, or act complaint of shall be entered without a formal hearing.

The commission shall give the public utility and the complainant or complainants at least ten days' notice of the time when and the place where such hearing will be held, at which hearing both the complainant and the public utility shall have the right to appear by counsel or otherwise, and be fully heard. Either party shall be entitled to an order by the commission for the appearance of witnesses or the production of books, papers, and documents containing material testimony. Witnesses appearing upon the order of the commission shall be entitled to the same fees and mileage as witnesses in civil cases in the courts of the state, and the same shall be paid out of the state treasury in the same manner as other claims against the state are paid; but no fees or mileage shall be allowed,

unless the chairman of the commission shall certify to the correctness of the claim.

3898. Subpoena to witnesses. If any party ordered to appear before the commission as a witness shall fail to obey such order, the commission or any member, or the secretary thereof, may apply to the clerk of the nearest district court, for a subpoena commanding the attendance of said witness before the commission. It shall be the duty of such clerk to issue such subpoena, and of any peace officer to serve the same. Disobedience to such subpoena shall be deemed a contempt of court, and punished accordingly.

History: En. Sec. 18, Ch. 52, L. 1913.

3899. Fixing rates and making regulations on hearing—Complaint by public utility. If, upon such hearing and due investigation, the rates, tolls, charges, schedules, or joint rates shall be found to be unjust, unreasonable, or unjustly discriminatory, or to be preferential or otherwise in violation of the provisions of this act, the commission shall have the power to fix and order substituted therefor, such rate or rates, tolls, charges, or schedules, as shall be just and reasonable. If it shall in like manner be found that any regulation, measurement, practice, act, or service complained of is unjust, unreasonable, insufficient, preferential, unjustly discriminatory, or otherwise in violation of the provisions of this act, or if it be found that the service is inadequate, or that any reasonable service cannot be obtained, the commission shall have power to substitute therefor such other regulations, measurements, practices, service, or acts, and make such order relating thereto, as may be just and reasonable.

When complaint is made of more than one rate, charge, or practice, the commission may, in its discretion, order separate hearings upon the several matters complained of, and at such times and places as it may prescribe. The commission may at any time, upon its own motion, investigate any of the rates, tolls, charges, rules, regulations, practices, and service, after a full hearing, as above provided, by order make such changes as may be just and reasonable, the same as if a formal complaint had been made.

Any public utility may make complaint as to any matter affecting its own product or service with like effect as though made by any mercantile, agricultural, or manufacturing society, body politic, or municipal organization, or person or persons. Notice of the hearing upon any such complaint shall be given to the persons interested in such manner as the commission may by rule prescribe.

History: En. Sec. 19, Ch. 52, L. 1913.

3900. Depositions of witnesses. The commission, or any party to any proceeding befor it, may cause the depositions of witnesses to be taken in the manner prescribed by law for like depositions in civil actions.

History: En. Sec. 20, Ch. 52, L. 1913.

3901. Records of proceedings—Copies. A full and complete record shall be kept of all proceedings before the commission or its representa-

tives on any formal investigation, and all testimony shall be taken down by the stenographer appointed by the commission. Whenever any complaint is served upon the commission as hereinafter provided for the bringing of actions against the commission, before the action is reached for trial the commission shall cause a certified copy of all proceedings held and testimony taken upon such investigation to be filed with the clerk of the court in which the action is pending.

History: En. Sec. 21, Ch. 52, L. 1913.

3902. Privilege of witnesses—Perjury. No person shall be excused from testifying, or from producing books and papers, in any proceedings based upon or growing out of any alleged violation of the provisions of this act, on the ground of, or for the reason that, the testimony or evidence, documentary or otherwise, required of him may tend to incriminate or subject him to penalty or forfeiture; but no person having so testified shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing, concerning which he may have testified or produced any documentary evidence; provided, that no person so testifying shall be exempted from prosecution or punishment for perjury in so testifying.

History: En. Sec. 22, Ch. 52, L. 1913.

3903. Refusal of public utility to fill blanks or produce evidence. Any officer, agent, or employee of any public utility who shall wilfully fail or refuse to fill out and return any blanks as required by this act, or shall wilfully fail or refuse to answer any questions therein propounded, or shall knowingly or wilfully give a false answer to any such questions, or shall evade the answer to such questions, where the fact inquired of is within his knowledge, or who shall, upon proper demand, wilfully fail or refuse to exhibit to any commission or any commissioners, or any person also authorized to examine the same, any book, paper, or account of such public utility which is in his possession or under his control, shall be subject to the penalty prescribed in section 3888 of this code.

History: En. Sec. 23, Ch. 52, L. 1913.

3904. Investigation of violation of law—Duty of attorney-general and prosecuting attorneys. The commission shall inquire into any neglect or violation of the laws of this state by any such public utility as hereinbefore defined, doing business therein, or by the officers, agents, or employees thereof, and shall have the power, and it shall be its duty, to enforce the provisions of this act, and report all violations thereof to the attorney-general; upon the request of the commission it shall be the duty of the attorney-general, or the prosecuting attorney of the proper, or any county, to aid in any investigations, prosecutions, hearing, or trial had under the provisions of this act, and to institute and prosecute all necessary actions or proceedings for the enforcement of this act.

History: En. Sec. 24, Ch. 52, L. 1913.

3905. Enforcement of rates or charges. All rates, fares, charges, classifications, and joint rates fixed by the commission shall be enforced, and shall be prima facie lawful, from the date of the order until changed or modified by the commission, or in pursuance of the next section. All

regulations, practices, and service, prescribed by the commission, shall be enforced and action shall be brought for that purpose, pursuant to the provisions of the next section, or until changed or modified by the commission itself upon satisfactory showing made.

History: En. Sec. 25, Ch. 52, L. 1913.

3906. Action to set aside rates or charges fixed by commission. Any party in interest being dissatisfied with an order of the commission fixing any rate or rates, fares, charges, classifications, joint rate or rates, or any order fixing any regulations, practices, or services, may within ninety days commence an action in the district court of the proper county against the commission and other interested parties as defendants, to vacate and set aside any such order on the ground that the rate or rates, fares, charges, classifications, joint rate or rates, fixed in such order is unlawful or unreasonable, or that any such regulation, practice, or service, fixed in such order, is unlawful or unreasonable. The commission and other parties defendant shall file their answer to said complaint within thirty days after the service thereof, whereupon such action shall be at issue and stand ready for trial upon twenty days' notice to either party.

All actions brought under this section shall have precedence over any civil cause of a different nature pending in such court, and the court shall always be deemed open for the trial thereof, and the same shall be tried and determined as other civil actions; any party to such action may introduce evidence in addition to the transcript of the evidence offered to said commission.

No injunction shall issue suspending or staying any order of the commission except upon application to the court or judge thereof, notice to the commission having been first given and hearing having been had thereon; provided, that all rates fixed by the commission shall be deemed reasonable and just, and shall remain in full force and effect until final determination by the courts having jurisdiction.

If, upon the trial of such action, evidence shall be introduced by the plaintiff which is found by the court to be different from that offered upon the hearing before the commission, or additional thereto, the court, before proceeding to render judgment, unless the parties to such action stipulate in writing to the contrary, shall transmit a copy of such evidence to the commission, and shall stay further proceedings in said action for fifteen days from the date of such transmission. Upon receipt of such evidence, the commission shall consider the same, and may modify, amend, or rescind its order relating to such rate or rates, fares, charges, classifications, joint rate or rates, regulation, practice, or service complained of in said action, and shall report its action thereon to said court within ten days from the receipt of such evidence.

If the commission shall rescind its order complained of, the action shall be dismissed; if it shall alter, modify, or amend the same, such altered, modified, or amended order shall take the place of the original order complained of, and judgment shall be rendered thereon, as though made by the commission in the first instance. If the original order shall not be rescinded or changed by the commission, judgment shall be rendered upon such original order.

Either party to said action, within sixty days after service of a copy of the order or judgment of the court, may appeal or take the case up on error as in other civil actions. Where an appeal is taken to the supreme court of Montana, the cause shall, on the return of the papers to the higher court, be immediately placed on the calendar of the then pending term, and shall be assigned and brought to a hearing in the same manner as other causes on the calendar.

In all actions under this act, the burden of proof shall be upon the party attacking or resisting the order of the commission to show that the order is unlawful or unreasonable, as the case may be.

3947. Creation of commission. There is hereby created the Montana irrigation commission to consist of three members whose duties it shall be to assist in the organization and management of irrigation districts in the state of Montana, and to supervise the sale of water and water rights, and the contracting of water for irrigation purposes, as hereinafter provided.

The board of railroad commissioners of the state of Montana shall be ex-officio the Montana irrigation commission hereby created, and for the purposes of this act shall be known and styled "Montana Irrigation Com-

mission." It shall provide itself with a seal bearing the foregoing words, by which its official acts shall be authenticated in all cases where a seal is required. The chairman of the board of railroad commissioners shall be president and the secretary of the board of railroad commissioners shall be secretary of the Montana irrigation commission, but the business of the Montana irrigation commission shall be kept entirely separate from that of the board of railroad commissioners. The attorney-general shall act as legal adviser of the Montana irrigation commission, and the state engineer shall make such preliminary investigation and render such engineering advice as may be required of him by the terms of this act.

No extra compensation shall be paid to any member or employee of the state board of railroad commissioners, or the state engineer or the attorney-general, by virtue of any duties imposed by this act.

History: En. Sec. 1, Ch. 13, Ex. L. 1919.

3948. **Powers to issue permits for the sale of water or water rights, or contract for the delivery of water.** The Montana irrigation commission shall supervise the sale of water and water rights, and contracts to deliver water for irrigation purposes upon which a charge for delivering water is made or reserved by any person, firm, association, or corporation, their lessees, receivers or trustees, that are engaged or propose to engage in the business of selling water or water rights, or of contracting for the furnishing and delivery of water for the irrigation of lands held or owned by others; or who are selling lands, together with a right to the use of water for their irrigation from a source or system of water supply, the control and operation of which is kept and retained by the seller of such lands or by any person, firm, association, or corporation other than the purchaser or purchasers of the said lands. Any person, firm, association, or corporation, their lessees, receivers or trustees, before so selling or offering for sale any water or water rights, or contracting or offering to contract for the delivery of any water for irrigation purposes of such lands, shall first obtain from the commission a permit for such sale or contract to deliver water.

In order to obtain such permit a petition in duplicate shall be filed with the secretary of the Montana irrigation commission, which petition shall set forth the number of acres and a description of the same for which it is desired to sell accompanying water or water rights, or to contract for the delivery of water; a full statement of the amount of water available for such land, full evidence of title to such water and water rights; a copy of the deeds, contracts, or other instruments to be used in the sale of or contract for such water; a full description of the system and its location to be used in the delivery of such water; and all other facts which will enable the commission to determine whether sufficient water is available and the system capable of furnishing the water to be used upon such land.

Upon presentation of such petition, the commission shall submit one copy thereof to the state engineer, who shall furnish an estimate of the expense which will be incurred in making an examination of the water supply and irrigation system of the petitioner.

The petitioner shall thereupon pay to the secretary of the commission

the amount of such expense, together with the cost of publishing the notice of such application hereinafter mentioned.

Upon deposit with the secretary of the commission of the total amount of such preliminary expense and advertising, the state engineer shall proceed with the examination of the water supply and irrigation system in question, and shall submit his report to the commission.

The secretary of the commission shall cause to be published, once a week for two consecutive weeks, in a newspaper of general circulation, printed and published in the county within which said irrigation system, or the larger portion thereof is located, a notice of the filing of such petition, and stating the time within which any protest or objections to the granting of such permit would be received. In case any protests or objections are filed, a hearing may be had by the commission under such rules and regulations as it may prescribe.

Upon receipt of the report of the state engineer, and after a hearing by the commission, in case such hearing is had, if it is found by the commission that sufficient water is available for the land covered by the petition, and if sold or contracted for in sufficient amount, and in a manner so that crops can be profitably raised on the land to be served, and such proposed deeds, contracts, or other instruments to be used in the sale of or contract for such water or water rights are fair and equitable as to all parties concerned, said petition shall be granted and the commission shall make and enter an order to that effect.

If it is found by the commission that water is available for only part of the land covered by the petition, the commission may issue a permit covering a smaller acreage.

If it is found by the commission that the water supply is insufficient, or the system incapable of delivering water to the land covered by the petition, or that the water is to be furnished in insufficient amount, or in a manner so that crops cannot be profitably raised on the land to be served, or that such proposed deeds, contracts, or other instruments to be used in the sale of or contract for such water or water rights are not fair and equitable as to all parties concerned, the commission shall dismiss the petition, and shall make and enter an order to that effect. In passing upon such deeds, contracts, or other instruments, the commission shall consult with the attorney-general.

If the petition is granted, the commission shall issue to the petitioner a permit, which shall be signed by the president and the secretary of the commission, and shall contain a statement of the number of acres and a description of the land for which water or water rights may be sold, or water for irrigation contracted for, together with the minimum amount of water which shall be furnished to each acre thereof.

History: En. Sec. 2, Ch. 13, Ex. L. 1919.

3949. Fee for issuance of permit. There is hereby created the Montana irrigation fund. Upon the issuance of the permit, provided for in the preceding section, the petitioner shall pay to the secretary of the commission a fee of ten cents per acre for each acre covered in said permit. All moneys received for the issuance of such permits, and those deposited to cover the expenses of the state engineer, shall be deposited by the sec-

The duties of the public service commission of Montana are hereby enlarged to include the organization and management of irrigation districts hereafter created in the state of Montana, as hereinafter provided. The word "commission," as used in the following sections, shall be understood to refer to and mean the public service commission of Montana.

History: En. Sec. 1, Ch. 153, L. 1921.

3954. Duties of commission concerning organization and management of districts. It shall be the duty of the commission to encourage, aid and assist in the organization and management of irrigation districts in the state of Montana, wherever feasible; to employ under the direction of its chief engineer the necessary engineers for the purpose of making examinations and necessary surveys as to available water supplies and feasible areas to be benefited by irrigation, and to do all things necessary for the full development of the irrigation of lands within the state of Montana. The commission shall cause to be made by the chief engineer the necessary preliminary examinations for the organization of irrigation districts, in accordance with the terms of this act. It shall approve all contracts for the original construction of all works or for the acquisition of works, constructed or partly constructed for irrigation districts under its supervision; provided, however, that the provisions of this act shall not apply to irrigation districts co-operating with the reclamation service of the United States government. It shall assist with the issuance and sale of all bonds hereafter issued by irrigation districts under its supervision, and supervise the letting of contracts and the disbursements of moneys by such districts in the manner hereafter provided. It shall have the power to appropriate water and water rights for any irrigation district and may exercise the power of eminent domain for the purpose of acquiring any property or rights, except water rights for the district. It shall exercise the supervisory and advisory powers hereinafter specified, and co-operate with the boards of directors of irrigation districts for the successful irrigation of the lands within such district.

History: En. Sec. 2, Ch. 153, L. 1921.

3955. Duties of commission re irrigation of arid land. It shall be the duty of the commission to encourage and assist in the irrigation of the arid lands in the state of Montana, and for this purpose it shall obtain all possible data pertaining to water resources and to the irrigability of arid lands in the state and shall co-operate with the boards of county commissioners, county agricultural agents, or any other agency for the purpose of collecting data and encouraging the organization of irrigation districts. The commission is authorized to aid in every manner possible districts which are organized, or are organizing, for the purpose of seeking financial assistance from the United States government to the end that such assistance may be obtained with the least possible delay and in the

amounts and under the conditions assuring the successful irrigation of the lands of the district.

History: En. Sec. 3, Ch. 153, L. 1921.

3956. Procedure for organizing irrigation district—Petition—Map—Bond—Examination and report. For the purpose of establishing and organizing an irrigation district hereunder, a petition in duplicate, signed by a majority in number of the holders of title, or evidence of title to lands susceptible of irrigation from the same general source, and by the same general system of works, such holders of title or evidence of title also representing a majority in acreage of said lands shall be filed with the clerk of the district court of the county in which the lands of the proposed district, or the greater portion thereof, are situate, accompanied by written instructions that one of the copies of the petition shall be forwarded to the secretary of the public service commission of Montana; provided that if there are three or more counties embraced in the proposed district, and no one county embraces fifty per cent. or more of said lands, then and in that event shall be filed in the county which embraces a greater portion of said lands than either one of the other two counties embraced in said proposed district. The county assessment-roll or rolls for the year last preceding or the certificate of the county clerk and recorder or the certificate of the register of the state land office shall be sufficient evidence of title for the purpose of this act. Such petition shall set forth: (1) The name suggested for the proposed district; (2) A general description of the lands to be included in the proposed district; (3) The names of the holders of title or evidence of title to the lands in the proposed district ascertained in the manner hereinbefore mentioned; and if any holder is a non-resident of the county or counties in which the proposed district lies, the postoffice address of such non-resident owner, if known; (4) Generally the source from which the land in the proposed district is to be irrigated, the character of the works, water-rights, canals and other property proposed to be acquired or constructed for irrigation purposes in the proposed district; (5) A statement that signers will pay any and all expenses incurred and any tax or taxes that may be levied against their lands for the purpose of paying the expense of organizing or attempting to organize the proposed district, retiring any bonds that may be issued and the interest thereon; (6) A prayer that the lands embraced within the proposed district be organized as an irrigation district according to the provisions of this act.

The petition shall be accompanied with (1) a map or plat of the proposed district, and (2) a good and sufficient bond or undertaking to be approved by the district court or judge thereof of the county in which the petition is filed, equal in amount to the probable cost of organizing such district, to be filed under the provisions of this act, to pay all costs in and about the proceeding preliminary to the organization of the district in the event that said organization shall not be effected.

Mere error or omission in the description of any land or in the names of any of the holders of title or evidence of title to lands, shall not operate to render invalid any proceedings hereunder or to deprive either the district court or the commission of jurisdiction in the subject-matter;

provided, such misdescribed lands or misnamed persons shall not be included in said district.

It shall be the duty of the clerk of the district court in which such petition is filed to forward one copy of the petition, properly certified by him, to the secretary of public service commission, who shall refer the same to its chief engineer, who shall advise the commission of the estimated amount of his expenses in making a preliminary examination of the lands to be included in the proposed district and the source from which the lands are to be irrigated. The secretary of the commission shall thereupon advise the party or parties filing the petition for the proposed irrigation district, of the amount of the preliminary expenses of the engineer, which amount shall forthwith be paid to the secretary of the commission and by him turned over to the state treasurer to be credited to the Montana irrigation fund, hereby created. Upon payment of such amount to the secretary of the commission, the engineer shall make a preliminary examination of the lands to be included in the proposed irrigation district, and the source from which the lands are to be irrigated, and shall make a report to the commission as to the feasibility and advisability of the creation of such proposed district. The expenses of the engineer (not including his salary, but including the salaries of the necessary assistants) shall be paid out of the funds so deposited with the secretary of the commission and any surplus over and above said expenses shall be returned to the petitioners by a warrant drawn on the Montana irrigation fund. Upon the report of the engineer being filed with the commission, showing an estimate of the amount of water available for irrigating the lands to be served thereby, the number of acres that can be irrigated by such water and the approximate cost per acre and annual maintenance cost, the commission shall thereupon make a recommendation as to whether or not the estimated cost of the construction or acquisition of the irrigation works will be disproportionate to the benefits to be derived therefrom. The secretary of the commission shall thereupon transmit to the clerk of the district court in which the original petition was filed, a certified copy of such estimate and recommendations, under the seal of the commission. The district court shall examine and consider the estimate and recommendation of the commission before establishing any irrigation district, such estimate and recommendation being hereby made competent and relevant testimony. The petitioners shall have the right to subpoena and cross-examine any member of the commission or its engineers at the initial and all subsequent hearings pertaining to the district; provided, however, that the provisions of this act shall not apply to any irrigation district organized for the purpose of co-operating with the reclamation service of the United States government.

History: En. Sec. 4, Ch. 153, L. 1921.

3957. Notice of hearing on petition. After the receipt of the estimate and the recommendations of the commission, the district court or judge thereof shall make an order fixing the time and place of hearing on the petition and directing that notice thereof be given. Thereupon the clerk of said court shall cause to be published, at least once a week for two successive calendar weeks in some newspaper published in the county where the said petition is filed a copy of such petition, together with a notice,

stating the time and place by the said district court fixed, when and where the hearing on said petition will be had, and if any portion of the lands within the proposed district lies within any other county or counties, then the said petition and notice shall be published as above provided in a newspaper published in each such other county. If there be no newspaper published in such county said petition and notice may be published in a newspaper published in an adjoining county. The first publication of said petition and notice shall not be less than thirty days prior to the time mentioned in said notice for said hearing.

In addition to such publication, the clerk of said court shall, within three days after the first publication aforesaid, mail a copy of said petition and notice to each such land owner whose postoffice address is stated in said petition.

The certificate of the clerk of the district court, under seal of the court, as to the facts of the publishing and mailing of said petition and notice, affixed to a copy of said notice, shall be sufficient evidence of such facts.

History: En. Sec. 5, Ch. 153, L. 1921.

3958. Hearing of petition—Adjournment—Amendment—Order of court. At the time specified in the notice mentioned in the preceding section, the district court in which the petition aforesaid is filed shall hear the petition, but may adjourn such hearing from time to time, not exceeding three weeks in all, and may continue the hearing for want of sufficient notice or other good cause. The court, upon application of the petitioners, or any person or persons interested, shall permit the petition to be amended, and may order further or additional notice to be given. Upon such hearing all persons interested whose lands or rights may be damaged, benefited or affected by the organization of the district or the irrigation works or improvements therein, or to be acquired or constructed as hereinafter set forth, may appear and contest the necessity or utility of the proposed district, or any part thereof, and the contestants and petitioners may offer any competent evidence in regard thereto.

It shall be the duty of the court to hear and determine whether the requirements of the two preceding sections have been complied with and for that purpose shall hear all competent and relevant testimony that may be offered.

The court may make such changes in the proposed district as may be deemed advisable, or as fact, right, and justice may require; but shall not exclude from such proposed district, if approved by the commission, any land which is susceptible of irrigation from the same general source and by the same general system of works applicable to the other lands of such proposed district if the owner or owners of such lands shall file in such district court a written request that such lands be included in such district; nor shall any lands which will not in the judgment of the court be benefited by irrigation by means of said system of works, nor shall lands already under irrigation, nor lands having water rights appurtenant thereto, nor lands that can be irrigated from sources more feasible than the district system, be included within such proposed district, unless the owner of such lands shall consent in writing to the inclusion of such lands in the proposed district, as hereinafter provided, and to this end the court may

subdivide lands included within the petition or proposed at the hearing to be included within such district into forty-acre tracts or smaller subdivisions thereof as near as may be; provided, however, that where a district is formed to co-operate with the United States, lands previously irrigated and having water-rights appurtenant thereto, may be included within the district boundaries if it shall appear to the court that the same will be benefited thereby; and, provided further, that all lands having water-rights appurtenant thereto which are served by a system of irrigation works supplying more than ten thousand acres of land, may, in the discretion of the court, be included in the proposed district on petition of at least a majority both in number and acreage of the holders of title or evidence of title to the land having water rights appurtenant thereto and served by the same system of irrigation works. Lands of the district need not be contiguous, and any particular tract or tracts, irrespective of their location in the district, may be excluded.

If, in the final hearing, it is found by the court that the petition does not substantially comply with the aforesaid requirements of this act, or that the facts therein stated are not sustained by the evidence, then the court shall dismiss the petition at the cost of the petitioners, and shall make and enter an order to that effect; but if it is found that said petition substantially complies with said requirements and that the facts therein stated are sustained by the evidence, then the court shall make and enter an order: (1) Setting forth said finding and allowing said petition; (2) Establishing the proposed district; (3) Giving descriptions of the lands included within the proposed district sufficient to identify the same; (4) Dividing the proposed district into three (3), five (5) or seven (7) divisions, approximately equal in area and number of holders of titles; (5) Appointing as director one competent person for each division of the district having the qualifications as provided by the next section of this code.

Such finding and order shall be conclusive upon all the owners of lands within the district that they have assented to and accepted the provisions of this act; and shall be final unless appealed from to the supreme court within sixty days from the day of entry of such order. A copy of such order duly certified to by the clerk of said court shall be transmitted to the secretary of the public service commission, and one copy duly certified shall be filed for record, within thirty days after such order is made and entered with the county clerk and recorder of each county wherein the lands included within such district are situated.

Every irrigation district so established hereunder is hereby declared to be a public corporation for the promotion of the public welfare, and the lands included therein shall constitute all the taxable and assessable property of such district for the purposes of this act.

History: En. Sec. 6, Ch. 153, L. 1921.

3959. Directors—Qualifications—Term of office and bond. No person shall be qualified to hold the position of director unless he be an owner of land within the district, and shall be a resident of the county in which the division of the district, or some portion thereof, for which such director is elected, is situated.

The directors appointed as aforesaid shall hold their respective offices

until the third Saturday in April following their appointment and until their respective successors are elected and qualified as and in the manner hereinafter provided. Each of such directors shall give a bond in the sum of two thousand dollars, conditioned upon the faithful performance of his duties, to be made payable to the state for the benefit of the district; which bond shall be approved by the district court or judge thereof and filed in the office of the clerk of said court; provided, that in case any district organized under this title is appointed fiscal agent of the United States each director shall execute a further and additional official bond in such sum as the secretary of the interior may require, conditioned for the faithful discharge of the duties of his office and the faithful discharge by the district of its duties as fiscal agent of the United States under such appointment or authorization, and any such bond may be sued upon by the United States or any person injured by the failure of such director or the district to fully, promptly, and completely perform their respective duties.

History: En. Sec. 7, Ch. 153, L. 1921.

3960. Meeting of directors—Election secretary—Office. The directors shall meet within ten days after their appointment by the court, and shall organize as a board by the election of one of their number as president, to serve at the pleasure of the board; they shall also elect a secretary (who may or may not be a director). The compensation of the secretary and all other employees authorized under this act shall be fixed by the board.

The board shall also at this meeting designate the place in the district where the office of the board shall be established and maintained and its records kept, which place shall be in the county containing the major portion of the lands of the district; and such place shall not be changed except by resolution of the board, of which notice shall be given by at least one publication in some newspaper published, or of general circulation, in the county wherein the office of the district is located, and by posting in at least three public places in each division.

History: En. Sec. 8, Ch. 153, L. 1921.

3961. Record of proceedings—Meetings and quorum. All meetings of the board of directors shall be public and a complete record of all proceedings shall be kept by the secretary.

Regular meetings of the board shall be held at such times as the board may by rule or by-laws prescribe; and special meetings may be called on twenty-four hours' notice by the president or any two members of the board, or in such other manner and upon such other notice as the board may by rule or by-laws prescribe. All meetings of the board may be adjourned as the board shall order or direct. A majority of the directors shall constitute a quorum for any and all lawful purposes.

History: En. Sec. 9, Ch. 153, L. 1921.

3963. District engineer — Employment — Contract — Duties. The district engineer thereafter shall have control of the engineering work of the district under the direction of the chief engineer of the commission; he shall make all surveys and examinations, prepare all plans and specifications for the construction of any or all irrigation or drainage works constructed or partly constructed and shall be superintendent of the construction, and no payments shall be made to contractors unless the bills for work done and materials furnished shall be approved by the district engineer.

No engineer-in-chief shall be employed by the board of directors of any irrigation district under the supervision of the commission, either in a consulting capacity or for the purpose of carrying out any engineering work, unless his appointment, and contract fixing the rate of compensation for his services and the terms of his employment, have first been approved by the commission for the particular work for which the board of directors wish to employ him.

History: En. Sec. 11, Ch. 153, L. 1921.

3964. Powers of board of directors—Approval of contracts—Appropriation of water—Plans. The board of directors of every irrigation district established and organized under and by virtue of this act shall constitute the corporate authority of said district. All contracts for the purchase of irrigation and drainage works already constructed, and all contracts for the construction of irrigation and drainage works for districts under the supervision of the commission, where the amount to be paid under such contract is in excess of two thousand five hundred dollars shall be approved by the commission before any warrants upon the funds of the

district shall be drawn by the board of directors. Said board shall have power generally to do and perform all such acts as shall seem necessary or appropriate to fully carry out the purposes of this act. All orders and resolutions shall be passed or adopted by a majority of directors by a yea and nay vote, to be entered upon the records of the board. For the purpose of purchasing or constructing necessary irrigation canals or works or acquiring the necessary property and rights therefor and otherwise carrying out the provisions of this act, the board of directors of any such irrigation district must as soon after such district has been organized, as practicable, formulate a general plan for such purchase, construction, and acquisition of such property, and shall cause such surveys, examinations, and plans to be made as shall demonstrate the practicability of such plan, the amount of land that can be irrigated thereunder, and furnish the proper basis for an estimate of the cost of carrying out such plan and the value of any canal, works, property, or system of irrigation proposed to be purchased. All such surveys, examinations, maps, plats and estimates shall be made by or under the direction and supervision of the district engineer provided for in the preceding section, under the general direction of the chief engineer of the commission, and all such necessary surveys, examinations, maps, plans, and estimates must be certified to by him. Before making any sale the board shall, at a meeting, by resolution, declare its intention to sell a specified amount of bonds and the day and hour and place of such sale, and shall cause such resolution to be entered on the minutes and one copy to be forwarded to the secretary of the commission, and notice of sale to be given by publication thereof at least thirty days in three newspapers published in the state, one of which shall be a newspaper published in the county in which the office of the board of directors is situated, if there be a newspaper published in said county, and in any other newspaper, at their discretion; the notice shall state that sealed proposals will be received by the board at their office for the purchase of the bonds till the day and hour named in the resolution. In addition to the provision for the payment of said bonds and interest by taxation and other provisions of this act, all the property of the district, including irrigation and other works, shall be liable for the indebtedness of the district, and the holder or holders of the bonds of the United States, in case contract has been executed by the United States, may in case of default in the payment of interest or principal on the bonds, or the amount due on the contract, upon the order of the court, take possession of the irrigation and other works of the district and operate the same until the amount in default shall have been fully paid.

All bonds issued hereunder shall be a lien upon all the lands originally or at any time included in the district for the irrigation and benefit of which said irrigation district was organized and said bonds issued, except as to such lands as may at any time have been included in such district on account of the exchange or substitution of water under the provisions of this act, if any there be, and all such lands shall be subject to a special tax or assessment for the payment of principal and interest of such bonds; and said special tax or assessment shall constitute a first and prior lien on the lands against which levied to the same extent and with like force and effect as taxes levied for state and county purposes.

Said notice shall set forth that plans and specifications can be seen at the office of the board, and the board will receive sealed proposals therefor, and that the contract will be let to the lowest responsible bidder, stating the time and place for opening said proposals, which, at the time and place appointed, shall be opened in public; and as soon as convenient thereafter the board shall let said work, either in portions or as a whole, to the lowest bidder subject to the limitations as mentioned in section 3964 of this code, or they may reject any and all bids and readvertise for proposals, or may proceed to construct the work under their own superintendence. Any person or persons to whom a contract may be awarded shall enter into a bond, with good and sufficient sureties to be approved by the board, payable to said district for its use for not less than fifty per cent. of the amount of the contract price, conditioned for the faithful performance of said contract. The board of directors shall on or before the third Monday in July of each year determine the whole amount of money necessary to be raised by said district for the ensuing year, for any and all purposes whatsoever in carrying out the provisions of this act, including bond interest, sinking fund requirements and maintenance. Said amount of money, when so determined by said board, shall be and constitute an assessment upon all of the lands included in said district, and shall be apportioned by said board to the lands owned or held by each person, firm, or corporation, so that each acre of irrigable land in the district shall be assessed and required to pay the same amount as every other acre of irrigable land therein except as hereinafter provided; provided, however, that no assessment shall be made or levied against any lands which may at any time be included within the district on account of the exchange or substituting of water under the provisions of this act, but all such lands shall be assessed for administrative and maintenance purposes the same as other lands in the district. The board of directors shall determine the number of irrigable acres owned by each land owner in the district and the proportionate assessments as herein provided for as nearly as may be from available information, and should it be found that a substantial error has been made in such determination, proper adjustment may be made at the next equalization of the annual assessment by increasing or decreasing the amount any landowner shall pay.

Where straight maturity bonds are issued, it shall be the duty of the board of directors of the district to create and maintain a sinking fund sufficient to pay and discharge said bonds at maturity. If said bonds shall be issued for twenty years or less, there shall be annually levied for such sinking fund a special tax or assessment as aforesaid, sufficient to produce a net amount represented by the quotient found by dividing the aggregate amount of the principal of the bonds by the number of years the bonds have to run; but if said bonds are issued for more than twenty years, then it shall not be necessary to levy a special tax or assessment for sinking fund until the twentieth year prior to the maturity of the bonds, at which time and each year thereafter there shall be levied and collected a special tax or assessment sufficient to produce a net sum equal to one-twentieth part of the aggregate amount of the principal of the bonds. A certified copy of such proportionate assessments as made by the board of directors and specifying the percentage of each that has been levied for the United States contract fund; bond principal and interest fund; sinking fund to redeem bonds; maintenance fund; construction fund and general fund shall be filed with the county clerk of each county in which the lands of the irrigation district lie and the special tax or assessment therein provided for shall be levied and collected as hereafter prescribed, and when so collected by the county treasurer having custody of the funds of the district shall be placed in a special fund and used solely for the payment of the interest on the principal of said bonds when due so long as any of said bonds or the interest coupons thereto appertaining remain outstanding and unpaid, and in the event that the board of directors shall fail to make such levy or make a levy insufficient in amount for the carrying out of the provisions of this act including sinking fund

requirements, bond interest, annual maintenance charges, it shall be the duty of the public service commission to certify the amount of the necessary levy to the county clerk in which any part of such irrigation district is located, who shall thereupon levy the same. In the event that for any reason any special tax or assessment hereinabove provided for cannot or shall not be levied and collected in time to meet any interest falling due on any bonds issued hereunder, then the board of directors shall have the power and authority and it shall be its duty to provide for and pay such interest when due either out of any of the funds in hand in the treasury of the district not otherwise appropriated, or by warrants (which may bear interest at a rate not to exceed six per centum per annum) drawn against the next district tax or assessment levied or to be levied. Said warrant shall be in addition to those mentioned in section 3975 of this code.

The board shall have power and authority to direct the investment of funds in any bond sinking fund in interest-bearing securities, whenever in their judgment the same may be to the best interests of the district. But all such securities shall be such as will be paid and converted into cash in time to meet the principal on the bonds payable from such sinking fund promptly at their maturity.

On or before the second Monday in July each year the board of directors of each irrigation district in this state shall ascertain the total amount required to be raised in that year for the general administrative expense of the district, including costs of maintenance and repairs and interest on and the principal of the outstanding bonded or other indebtedness of the district, including any indebtedness incurred under any contract between the district and the United States accompanying which bonds of the district have not been deposited with the United States, and shall levy against each forty-acre tract, or fractional forty-acre tract of land in the district (or where lands shall be owned and held in twenty-acre tracts or less, then against each said tract), that portion of the said amount so to be raised with the irrigable area of such tract bears to the total area of all the irrigable lands in the district. But the tax thus determined by the irrigable area of each such tract shall become a lien upon the entire tract of land of which such irrigable area forms a part, and attaches thereto as of the first Monday of March of that year. In order that such irrigable area may be determined, the directors shall cause to be made under the direction of the district engineer, a careful topographical survey and map of all the irrigable lands in the district. A copy of the assessment-list as outlined herein shall be transmitted to the county clerk of each county in which any of the lands of the district are situated not later than the first Monday in August of each year, and a duplicate copy thereof accompanied by a statement showing the various items of expense the assessment is designed to cover, shall be transmitted to the secretary of the commission by registered mail. In case the commission finds it necessary to increase the levy as made by the board the secretary shall transmit such change to the county clerk in each county containing acreage within the district not later than the first Tuesday in September;

immediately thereafter the county clerks shall cause to be entered in the assessment-book of said county or counties, and prior to the delivery of the said assessment-books to the county treasurer, the assessment-roll as transmitted by the commission, or in the event the commission has seen fit to make no change in the assessment as made by the board of directors, the original assessment-roll as submitted by the board shall be taken as the true and correct assessment against each tract for that year. The county treasurer shall thereafter collect such taxes or assessments at the same time and in the same manner as county and state taxes.

In the event that the ownership of any tract of land in the district shall be divided after any tax or assessment against the same has been levied, each or either of the owners of such divisions shall be entitled to have such tax or assessment equitably apportioned to and against such divisions, so that each such owner shall be enabled to pay such tax or assessment against his portion of such tract, and have the same discharged from the lien thereof.

3999. Nomination of candidates for director. Candidates for the office of director to be filled by election under the provisions of this act, may be nominated by petition filed with the secretary of the board of directors of the district at least ten days prior to said election and signed by not less than five electors of the district; such petition shall specify the respective divisions for which such nominees, respectively, are candidates; and the names of all candidates for each division of the district shall be printed on the same ballot.

4000. Special elections, how called and held. The board of directors may at any annual election or at any time call a special election and submit to the qualified electors of the district any question which under the provisions of this act is required, or which in the judgment of the board is proper, to be submitted to popular vote. Such election shall be called, noticed and conducted and the result thereof determined and declared in the manner provided in this act relative to general district elections; provided, however, that the notice thereof shall in addition to being posted also be published at least once, not less than ten days prior to

the date of the election, in some newspaper published in the county in which the office of the board of directors of the district is located.

History: En. Sec. 48, Ch. 153, L. 1921.

4001. Filing of papers when lands in more than one county. Where the lands of a district lie within more than one county, all petitions, papers, documents or other instruments shall be filed, and proceedings had in the county where the petition for the organization of the district was filed.

History: En. Sec. 49, Ch. 153, L. 1921.

4002. Change of boundaries—Procedure—Order of court—Appeals. The boundaries of any irrigation district organized hereunder may be changed in the manner herein prescribed; provided such change of the boundaries of the district shall not impair or affect its organization or its rights in or to property nor any of its rights or privileges of whatsoever kind or nature, nor shall it affect, impair or discharge any contract, obligation, lien or charge for or upon which it was or might become liable or chargeable had such change of its boundaries not been made.

Whenever lands have been included within the boundaries of an established and organized irrigation district which, from their location or confirmation cannot be successfully irrigated by the irrigation works or system already constructed or proposed to be constructed, or the cost of irrigating the same will become burdensome upon the land owners of the district, a majority in number of the holders of title or evidence of title to the land included in such district, such holders of title or evidence of the title also representing a majority in acreage of said lands, may petition the district court of the county in which the lands of the district, or the greater portion thereof, are situated, for an order or decree changing the boundaries of the district by the elimination therefrom of such lands. The petition for this purpose must be signed by the required number of holders of title or evidence of title to lands within such district as hereinbefore specified and the same shall be filed with the clerk of the district court as herein designated. Such petition shall set forth:

(1) The name of the district;

(2) A general description of the lands to be eliminated or excluded from the district;

(3) The names of the holders of title or evidence of title to the lands sought to be excluded; also the names of the holders of title or evidence of title to the remainder of the lands of said district; and if any holder of title is a non-resident of the county or counties in which the district lies, the postoffice address of such non-resident owners, if known;

(4) A brief description of the character of the works, water rights, canals and other property acquired or proposed to be acquired or constructed for irrigation purposes in the district;

(5) A brief statement of the reasons why the lands sought to be excluded should be eliminated from the district;

(6) A prayer for the exclusion of the lands sought to be eliminated therefrom.

The petition shall be accompanied with (1) a map or plat of the district showing thereon the lands sought to be eliminated therefrom and (2)

a good and sufficient bond or undertaking to be approved by the district court or judge thereof of the county in which the petition is required to be filed under the provisions hereof, to pay all costs in and about the proceedings and the hearing thereof in the event that said petition is denied.

Mere error or omission in the description of any lands or in the names of any of the holders of title or evidence of title to lands shall not operate to render invalid any proceedings hereunder or to deprive the district court of jurisdiction of the subject matter.

On such petition being filed, the district court or judge thereof shall make an order fixing the time and place of hearing on the petition and directing that notice thereof be given. Thereupon the clerk of said court shall cause to be published at least once a week for two successive calendar weeks in some newspaper published in the county where the said petition is filed, a notice stating the time and place by the said district court fixed when and where the hearing on said petition will be had and containing a brief statement of the matters set forth in said petition and the object thereof; that if any portion of the lands sought to be excluded from the district lie within any other county or counties, then said notice shall be published as above provided in a newspaper published in each such other county.

The first publication of said notice shall be not less than thirty days prior to the time mentioned in said notice for said hearing.

If any holder of title or evidence of title to lands sought to be excluded from the district is a non-resident of the county or counties in which the district lies, the clerk of said court shall within three days after the first publication aforesaid mail a copy of said notice to each such non-resident whose postoffice address is stated in said petition. The certificate of the clerk of the district court under the seal of the court as to the facts of the publishing and mailing of said notice affixed to a copy thereof shall be sufficient evidence of such facts.

At the time specified in the notice the district court in which the petition is filed shall hear the petition, but may adjourn such hearing from time to time, not exceeding two weeks in all, and may continue the hearing for the want of sufficient notice or other good cause. The court, upon application of the petitioners, shall permit the petition to be amended and may order further or additional notice to be given. Upon such hearing all persons interested whose lands or rights may be damaged or benefited by the granting of the petition or the exclusion of the lands from the district may appear and contest the necessity or justice of the court's making an order granting such petition in whole or in part and the contestants and petitioners may offer any competent evidence in regard thereto.

It shall be the duty of the court to hear and determine whether the requirements as herein set forth have been complied with and for that purpose shall hear all competent and relevant testimony that may be offered.

The court may grant such petition in whole or in part and may make an order making such changes in the boundaries of the district by the exclusion of such lands therefrom as may be deemed advisable or as fact, right and justice may require.

Such order shall be conclusive upon all of the owners of lands within the district and shall be final unless appealed from to the supreme court within sixty days of the entry of said order. For the purpose of any such appeal such order shall be regarded as a final judgment of said district court. A copy of such order duly certified to by the clerk of said court, shall be filed for record within thirty days after such order is made and entered with the county clerk and recorder of the county wherein lands included within such district are situated; provided, however, there shall be omitted from such copy lands not situated in the county in which such copy is filed.

History: En. Sec. 50, Ch. 153, L. 1921.

4003. Extension of boundaries—Order of court—Reduction of acreage—Order of court. (a) The boundaries of any irrigation district may be extended at any time to include lands susceptible of irrigation by the works of the districts or through exchange or substitution of water as hereinafter provided, excluding and excepting therefrom, however, all lands already under irrigation, or lands having water rights appurtenant thereto or lands that can be irrigated from sources more feasible than the district system, unless the owner of such lands shall consent, in writing, to have such lands included in said district; provided, however, that a petition be presented to the district court of the judicial district in which the irrigation district was organized, asking for such extension upon terms to be fixed by the court, signed by the holders of title, or evidence of title (evidence as in this act provided) of the lands proposed to be included in the district, representing not less than two-thirds in acreage of said lands. When such petition is presented, the district court, or judge thereof, shall appoint a day for a public hearing, notice of which shall be given by the clerk of the court, by publication at least once a week for at least two weeks in a newspaper published or in general circulation in the county in which the office of the district is situated; and if any of said lands sought to be included in the district lie in a county or counties other than that in which the office of the district is situated, such notice shall also be likewise published in some newspaper published or of general circulation in such other county or counties; or if there be no such newspaper, then such notice shall be posted in at least three public places in the territory sought to be included. At such public hearing, the district court shall hear those who may desire changes made in the proposed extension, and all those whose lands are included or sought to be included in the district, and all other persons whose rights may be affected by the proposed extension. Such public hearing may be adjourned from day to day, not exceeding twenty days in all, and the court shall make an order, either granting or denying said petition; and if said petition is granted, said order shall describe the lands included in said extension and the terms on which said land shall be included, and a copy of said order shall be filed with the county clerk and recorder in the county wherein said lands are situated. The order of the district court shall be final and conclusive, the same as the order originally creating the district, unless appealed from to the supreme court within two days from the entry of the order; provided, however, that the extension of such boundaries shall not

deprive the lands already in said district of an adequate supply of water for irrigation purposes.

(b) That whenever any lot, tract, or parcel of land has been heretofore, or may hereafter be included, within the boundaries of any public irrigation district formed under the provisions of this act, and the acreage thereof fixed and stated in the decree for creation of said district or in any other proceeding relating thereto, is fixed at a greater number of acres than actually exists within such lot, tract or parcel of land, or at a greater number of acres than can be irrigated from the reclamation system of said district, or whenever from any action or proceeding by or on behalf of said district or its commissioners, any such lot, tract or parcel of land included therein has been or is about to be assessed for a greater acreage than exists therein, or can be irrigated from the reclamation system of said district, the owner or holder of title, or evidence of title to said lands as defined by the irrigation district act, may have the taxable acreage contained therein fixed and adjudicated as provided for by this act.

(c) That the owner or holder of title, or evidence of title, as defined by the irrigation district acts, may file in the district court of the county wherein said lands are situated a petition praying that the acreage of the lands set forth and described in such petition may be permanently fixed and adjudicated, which petition shall set forth:

(1) The name or names of the owners, holder of title or evidence of title thereto, who shall be the party or parties "plaintiff" therein.

(2) The names and kind and character of interest of every person owning, holding, or claiming any right, title or interest in or to the lands described in said petition, who shall, where they do not appear as parties plaintiff under subdivision 1 hereof, sit as parties "defendant";

(3) The name of the district in which said lands are included, together with the name of the board of commissioners thereof, and the secretary thereof, and the name or names of the bondholders, if any, thereof, if known; and said district, its commissioners, secretary, and the known or unknown bondholders thereof shall be made parties defendant therein;

(4) A statement of the substance of all proceedings, orders, and decrees creating said districts and fixing the acreage of the lands therein described, together with any proceedings of the board of commissioners of said district, or its officers, relating to the acreage thereof, to such extent as to fully inform the court of the manner and extent to which said lands have been included and taxed or assessed in said district;

(5) The actual acreage of the lands described irrigable from the reclamation system of said district;

(6) The excess of acreage complained of;

(7) The amount of taxes previously paid on such excess acreage;

(8) A general statement of the exact nature of the relief sought and the grounds therefor;

(d) That upon the filing of such petition, summons shall be issued thereon and served upon all parties defendant thereto, in the same manner and in the same form as are issued in civil actions;

(e) That whenever the bondholders of any district who are necessary

parties to such a proceeding are unknown, they may be joined as the unknown bondholders of said district, and whenever said bondholders are unknown or any necessary party thereto cannot after due diligence be found within the state of Montana, service upon such party or parties, including said bondholders, may be had by publication of a summons which shall be obtained, issued, and published in the same manner as a published summons in a civil action;

(f) That the provisions of the code of civil procedure of the state of Montana, and the rules of pleading and practice applicable to civil actions generally shall apply, so far as applicable, to this proceeding;

(g) That if the allegations of such petition be denied the district court shall, when the time for appearance of the parties defendant thereto has expired and said parties have appeared by answer or made default, proceed to hear and determine the issues in said proceedings as joined;

(h) Upon the hearing of said petition the court shall by its decree, fix and determine the irrigable acreage contained in the lots, tracts or parcels of land complained of, and the acreage so fixed by such decree shall be the acreage upon which all assessments of said lands in said irrigation district shall thereafter be based, and upon said hearing the court shall determine the amount of taxes, if any, which have theretofore been levied and assessed upon any excess or non-existent acreage, and shall enter judgment in favor of the owner or holder thereof and against said district for the excess of taxes theretofore collected by said district, or shall cancel such excess if the same shall not have been collected for the benefit of said district; provided, however, that no judgment for the recovery of excess taxes paid shall be entered against any district until there shall have been deducted therefrom any unpaid valid taxes and assessments levied and assessed for the benefit of said district against the lands described in said petition, and all sums so recovered shall bear interest at the rate of eight per cent. per annum from the date of payment by the landholder, and said judgment shall bear legal interest from the date of entry; and the judgment so rendered may be paid by warrants or funds of said future taxation upon said lands, and costs shall be allowed to the plaintiff in the same manner as other civil actions;

(i) From any such judgment or decree an appeal may be taken to the supreme court by any party thereto, at any time within ten days of the entry of said judgment or decree. Such appeal shall be taken, perfected, and heard in the manner prescribed by the Civil Code of Procedure governing appeals from the district court to the supreme court. If no such appeal be taken within the time aforesaid, or if taken, the judgment or decree of the district court shall be affirmed by the supreme court, such judgment or decree shall be forever conclusive upon the parties thereto; provided, that in case contract has been made between the district and the United States no change shall be made in the boundaries of the district, and the district court shall make no order changing the boundaries of the district until the secretary of the interior shall assent thereto in writing and such assent be filed with the district court.

across any stream of water, water-course, street, avenue, highway, railway, canal, ditch or flume which the route of said canal or canals may intersect or cross, in such manner as to afford security to life and property; but said board shall restore the same, when so crossed or intersected, to its former state as near as may be so as not to destroy its usefulness; and every company whose railroad shall be intersected or crossed by said works, shall unite with said board in forming said intersection and crossing; and if such railroad company and said board, or the owners and controllers of said property, thing or franchise so to be crossed cannot agree upon the amount to be paid therefor, or the points or the manner of said crossing or intersections, the same shall be ascertained and determined in all respects as herein provided in respect to taking of land for public use.

But nothing herein contained shall require the payment to the state, or any subdivision thereof, of any sum for the right to cross any public highway with any such works. The right of way is hereby given, dedicated, and set apart, to locate, construct and maintain said works over and through any of the lands which are now or hereafter may be the property of this state.

The board of directors shall have the power, with the written consent of a majority in number and acreage of the owners of the lands in the district, to lease in whole or in part the system of canals and works or water belonging to the district, whenever such leasing may be deemed for the benefit of the district; provided, that when said board contemplates the leasing of the canals or works, or water of such district, they shall so declare by resolution or order, and give notice thereof by publishing the same in some newspaper published in the county in which the office of such irrigation district is situated, at least two calendar weeks prior to the making of any lease; provided, however, that no such lease shall be made unless a majority in

number and acreage of the holders of title or evidence of title to the lands in the district, shall file with the board a written consent to make such lease. Such lease shall in no way interfere with any rights that may have been established by law at the time such lease is made, nor shall such lease operate so as to deprive any owner or owners of land in such district of the use of water from such works upon such lands; and further provided, that the board of directors shall require a good and sufficient bond to secure the faithful performance of the lease by the lessee.

History: En. Sec. 55, Ch. 153, L. 1921.

4009. Use of water a public use. The use of all water acquired for the irrigation of the land of any district formed under the provisions of this act, together with the rights of way for canals and ditches, sites for reservoirs, and all property required in fully carrying out the provisions of this act, is hereby declared to be a public use, subject to the regulations and control of the state, in the manner prescribed by law.

Irrigation as a public use or benefit, see notes in 1 Ann. Cas. 304; 4 Ann. Cas. 1174; 14 Ann. Cas. 905.

4010. Water, use apportioned for irrigation. The board of directors shall apportion the water for irrigation among the lands in the district in a just and equitable manner and the maximum amount apportioned to any land shall be the amount that can be beneficially used on said land, and such amount of water shall become and shall be appurtenant to the land and inseparable from the same, but subject to reduction as hereinafter provided; provided, however, that any water owner of the district shall have the right to sell or assign for one season any of the water apportioned to him and not required for use upon the land to which such water belongs.

History: En. Sec. 58, Ch. 153, L. 1921.

4011. Reduction on shortage of water. In the event of a shortage of water, the amount of water delivered to each particular tract or piece of land shall be reduced proportionately, and all surplus water belonging to the district may be sold or disposed of by the board for the benefit of the district.

either at the time of the organization of such district, or at any time thereafter, and such land shall be entitled to receive and shall be given the same amount of water necessarily used thereon at the time of such inclusion; and the canals, ditches, flumes, dams, or other works previously used to irrigate such land, may be used or supplanted either wholly or in part by the district works; provided, however, that the owner of such land, canals, ditches, flumes, dams or other works shall be entitled to compensation for any and all damages sustained by reason of the appropriation of the same, or by the construction of said district works; provided, however, that lands already under irrigation, or lands having water rights appurtenant thereto, or lands which can be irrigated from sources more feasibly than the district system, shall not be included within such district, unless the owner of such lands shall consent in writing to have such lands included in said district.

History: En. Sec. 60, Ch. 153, L. 1921.

Lands which may be included in an irrigation district, see note in Ann. Cas. 1916A, 1222.

4013. Contract with owners for use of water—Mutual rights. Whenever any canal, constructed, owned, or controlled by the district crosses any creek, stream, water channel or course, the water of which is used to irrigate land lying below such canal, the district shall have the right to contract with the owner or owners of the right to the use of the water or waters in any such stream, creek, water channel or course, for an exchange of water, and to supply him with water from the district system, which contract shall be in writing, signed and acknowledged by all the parties thereto before some officer authorized to take acknowledgments, which acknowledgment shall be certified by such officer in the manner that deeds are now required to be certified to entitle them to be recorded, and shall be filed and recorded in the office of the clerk and recorder of the county in which the creek, stream, water channel or course is situated, and thereafter such district shall have the right to supply such land below the canal whether such land is included in the district or not, with water from the works of the district, and the owner or lessee of such land shall, in such case, be furnished with the same quantity of water as that to which such owner or lessee would be entitled out of such creek, stream, water channel or course, had the district works not been built. The district shall have the right to appropriate and take possession of the water so replaced and shall have the same right to such water as the owner or lessee of the land had, so long as such water shall be replaced by a like quantity of water but the district shall never deprive such owner or lessee of the right to retake and use the same, should such owner or lessee at any time be prevented from having or using a like quantity of water from such works; and the district shall also have the right to make appropriation and take possession of such water at any point, and to sell, lease, or use such water on any land, either above or below the canal, and the appropriation of such water at any point or selling, leasing, or using the same shall not prejudice the right of the district to the water and shall not increase the right of the owner or owners of any water right on such creek, stream, water channel or course.

History: En. Sec. 61, Ch. 153, L. 1921.

4014. Inclusion state lands—Power of land board. The state land board for and on behalf of the state of Montana is hereby empowered to sign a petition for the inclusion of any lands belonging to the state in an irrigation district, and to pay all annual assessments thereon to the treasurer of the county in which the lands are located out of appropriations made by the legislative assembly for such purpose; such payments shall be added each year to the appraised value of the land, and the land shall thereafter be sold for a sum not less than the appraised value, plus all assessments paid to date of sale.

4015. Certain irrigation works not chargeable with tax. Where lands already under irrigation, the water and irrigation works irrigating the same belonging to the owner of said lands, are included in any district, such lands shall not be charged with any tax or assessment for construction or for payment of the interest or principal of any bonds issued to secure money for construction or purchase of the district irrigation works, or for any payments other than for operation and maintenance, except with the consent of the owner thereof, which consent shall be filed with the county recorder of the county in which such lands are situated, but such lands shall be assessed for administrative and maintenance purposes the same as other lands in the district.

History: En. Sec. 63, Ch. 153, L. 1921.

4016. Generation of power. Any irrigation district which shall generate power for the purpose of pumping water for irrigation, or which shall have a dam across a stream, and can produce power therefrom, may generate power for lighting and domestic purposes within the irrigation district. An irrigation district is also authorized to contract and pay for power for the purpose of pumping water for irrigating the lands of the district. The commission shall have and exercise general supervisory control over all rates charged and to be charged under this section.

History: En. Sec. 64, Ch. 153, L. 1921.

4017. Apportionment cost pumping projects. In the event that water for irrigating all or any portion of the lands of an irrigation district is obtained by pumping, and for the purpose of irrigating the lands of such district it is necessary to pump water to different elevations, the total cost of such pumping, maintenance and operation of the pumping project shall be apportioned and levied in such manner as may be determined fair and equitable by the public service commission after considering the facts in each case. Such apportionment shall be made and shall be certified to the board of directors before the time fixed herein to make the first levy.

History: En. Sec. 65, Ch. 153, L. 1921.

4018. Drainage expense, how defrayed. In case it becomes necessary to drain any lands within an irrigation district on account of seepage or saturation, or for the purpose of carrying off waste water, such drains

shall be constructed by the board of directors, and all expenses in connection with the same shall be borne by the district and paid by warrants upon the general fund of the district.

History: En. Sec. 66, Ch. 153, L. 1921.

4019. Dissolution of organized district—Procedure. Whenever an irrigation district has been organized under this act, and no irrigation system for the reclamation of the lands in the district has been constructed, purchased, or acquired, and no bonded indebtedness has been incurred, and all expenses of organization, and all other indebtedness of the district have been paid, then such district may be dissolved by an order of the district court of the county in which the lands, or greater portion thereof, are situated. In order that the district court may acquire jurisdiction to enter such order dissolving the district a petition must be filed with the clerk of said court, signed by an equal number of holders of title, or evidences of title as are required to sign the original petition for the creation of the district. The court must make an order for the hearing of said petition within sixty days from its filing, and the clerk must transmit a copy of such petition and order to the public service commission of Montana, and give notice of such hearing by posting a notice thereof in each of three public places in said district and by publishing a copy thereof once a week for two consecutive weeks in a newspaper of general circulation published in such county. Upon the hearing of said petition any person interested may appear and give evidence for or against the granting of the petition. If upon said hearing the court finds that no bonded indebtedness of the district exists, that all expenses of organization and all other indebtedness have been paid, and that the best interests of the land owners of said district require that the district shall be dissolved, the court shall make an order dissolving such district, and shall cause a certified copy thereof to be filed in the office of the clerk and recorder of each county in which any of the lands included in such district are situated.

History: En. Sec. 67, Ch. 153, L. 1921.

4020. Liberal construction of act. The object of this act being to better secure the irrigation of lands of the state and thereby to promote the prosperity and welfare of the people, its provisions shall be liberally construed so as to effect the objects and purposes herein set forth.

History: En. Sec. 68, Ch. 153, L. 1921.

4021. Expenses public service commission, how paid. All expenses incurred by the public service commission pursuant to the provisions of this act in connection with the organization of any irrigation district, except the salary of the chief engineer, or such engineer as the commission may detail for its investigative work in connection with the district or in the issuance of bonds thereof, shall be borne by such irrigation district and shall be paid by warrants drawn upon the funds derived from the sale of bonds of such district, such warrants to be payable to the public service commission and deposited in the state treasury to the credit of the Montana irrigation fund herein created.

History: En. Sec. 69, Ch. 153, L. 1921.

4022. Employment assistants by public service commission. It shall be the duty of the public service commission to employ such attorneys, engineers, accountants and assistants necessary to carry out the provisions of this act, fixing the term of their employment and rate of compensation. The secretary of the commission shall keep a record of the amount of time spent by employees on work connected with the several districts and shall make proper charges therefor, together with the necessary traveling expenses.

History: En. Sec. 70, Ch. 153, L. 1921.

4023. Bonds of engineers—Payment of premium. The chief engineer of the public service commission and any assistant irrigation engineers employed by the commission pursuant to the provisions of this act, placed in responsible charge of investigations relative to the feasibility of districts, shall, before entering upon the discharge of duties hereunder, give a good and sufficient bond to the state of Montana in the sum of ten thousand dollars for the chief engineer, and in the sum of five thousand dollars for each said assistant engineer, with sureties to be approved by the governor, conditioned upon the faithful discharge of their duties hereunder. The premium on said bonds, if any, shall constitute a valid charge against the state of Montana and be paid, on proper claim therefor, by the state board of examiners in the same manner as the premiums on the bonds of elected and appointed officers of the state, where bond is required.

The board of directors of any district organized under the provisions of this act, may require, before confirming the appointment of the district engineer, a bond in such amount as may be justified by the amount of responsibility involved, said bond to be for the faithful discharge of the duties as herein outlined, the premium thereon to be a legitimate claim against the district and to be paid by the board of directors in the same manner as other claims against the district.

History: En. Sec. 71, Ch. 153, L. 1921.

4024. Validity existing districts and bonds not affected—Election of act. Nothing in this act shall be construed as to affect the validity of any district heretofore organized under the laws of this state, or its rights in or to property, or any of its rights or privileges of whatsoever kind or nature; nor shall it affect, impair or discharge any contract, obligation, lien, or charge for, or upon which it was or might become liable or chargeable had not this act been passed; nor shall it affect the validity of any bonds which have been issued but not sold.

And where districts have heretofore been organized, or bonds authorized, issued or sold or any proceedings have been undertaken on the theory that under the laws as they then existed, assessments might be assessed, levied or collected, such organization, authorization, issuance or sale of bonds and any and all such proceedings are hereby validated, cured and confirmed. All districts that have been organized or that are now in process of organization in the manner provided by chapter 14, acts of extraordinary session sixteenth legislative assembly shall hereafter be considered as being subject to and governed by the provisions of this act and all proceedings conforming with the provisions of said

chapter 14 to and including the order for the creation of the district by the judge of the district court, are hereby declared sufficient and confirmed and complying with the terms of this act; and provided, further, that any district organized or in process of organization under the provisions of chapter 146 acts of eleventh legislative assembly and acts amendatory thereof and supplemental thereto, may at any time elect to hereafter proceed under and be governed by the provisions of this act by filing a written election and consent in duplicate to that effect with the clerk of the district court with written instructions that one copy be forwarded to the public service commission, said written election and consent to include the signatures of the majority in number of the holders of title, or evidence of title, such signatures also representing a majority in acreage of said lands, and otherwise conforming to the general requirements of that petition mentioned in section 3956 of this code; and when such written objection and consent shall be so filed in the office of the clerk of said district court and copy thereof forwarded to the office of the commission, such district shall be thereafter under, subject to and controlled by the provisions of this act; and provided further that if any district heretofore created shall have issued any bonds or entered into any contracts for the construction or acquisition of works or property, nothing herein contained shall be construed as affecting the rights of the holders of such bonds or the right of any person, persons or corporation, party or parties to any such contract with the district under or by virtue of any of the provisions of said acts.

History: En. Sec. 72, Ch. 153, L. 1921.

4025. Repealing clause—Proviso. Chapter 14 acts extraordinary session sixteenth legislative assembly entitled "An act to create the Montana irrigation commission; to define its powers and duties; to define the powers and duties of the state engineer in connection therewith; to provide for the furnishing of and contracting for power by an irrigation district; to provide for the apportionment of the cost of pumping water; to provide for drainage of lands within an irrigation district; and to provide penalties for a violation of the provisions of this act," and all other acts and parts of acts in conflict herewith are hereby repealed; provided, however, that none of the provisions of chapter 146 acts of eleventh legislative assembly or of any act amendatory thereof or supplemental thereto (sections 7166-7263) shall be deemed to be repealed by this act, it being intended that after the passage of this act two methods shall be prescribed by the laws of this state for the creation, organization, administration and control of irrigation districts, one of such methods being prescribed by chapter 146 acts eleventh legislative assembly and acts amendatory thereof and supplemental thereto (sections 7166-7263), and the other provided by this act, and hereafter, any persons desiring to create and organize any irrigation district shall have the option of causing such district to be created, organized, governed and controlled either under and by the provisions of said chapter 146 acts eleventh legislative assembly and acts amendatory thereof and supplementary thereto, or under and by the provisions of this act.

It shall be the duty of the investment commissioner to examine the statements and documents so filed, and if said investment commissioner shall deem it advisable, he shall make or have made a detailed examination, audit or investigation of such investment company's affairs; providing, that such investment company may at its option, in writing, refuse to have such investigation made, in which event said investment commissioner shall reject its application. If he finds that such investment company is solvent, that its articles of incorporation or association, its constitution and by-laws, its proposed plan of business, and proposed contracts contain and provide for a fair, just, and equitable plan for the transaction of business, and in his judgment promises a fair return on the stocks, bonds, or other securities by it offered for sale, the investment commission shall issue to such investment company a statement, entitling it to sell such securities in the state of Montana, and reciting that such company has complied with the provisions of this act, that detailed information in regard to the company and its securities is on file in the investment commissioner's office, and that such investment company is permitted to do business in this state; and such statement shall also recite in bold type that the investment commissioner in nowise recommends the securities to be offered for sale by such investment company. Such permit, however, shall be subject to revocation at any time by the investment commissioner for cause to him sufficient. But if said investment commissioner finds that such articles of incorporation or association, charter, constitution, and by-laws, plan of business, or proposed contract contain any provision that is unfair, unjust, inequitable, or oppressive to any class of contributors, or if he decides from his investigation or examination of its affairs that said investment company is not solvent, or does not intend to do a fair and honest business, or in his judgment does not promise a fair return on the stocks, bonds, or other securities by it offered for sale, then he shall not grant such company a permit as herein provided, and shall notify said company in writing of his decision.

Notice in writing shall be given the commissioner of any

change of business location, whereupon the commissioner shall issue a new license and pocket card covering the new business address, without charge; provided that the license previously issued, together with the pocket card shall be taken up by the commissioner before issuing the new one. A change of business location without notification to the commissioner shall automatically cancel the license heretofore issued.

It shall be unlawful for any licensed real estate broker or real estate broker (salesman) to pay any part or share of a commission or other compensation received by him in his capacity as a real estate broker, or real estate broker (salesman) to any person who is not duly licensed under the provisions of this act, except to brokers in other states or countries.

The filing of such notice and bond shall supersede the order of the commissioner until the final termination of such appeal. The judge of the court shall summarily hear and determine the questions involved upon said appeal, and shall receive and consider any pertinent evidence whether oral or documentary concerning the matter. If such aggrieved party shall fail to perfect his appeal or file said transcript as herein provided, said stay shall automatically terminate. History: En. Sec. 1, Ch. 154, L. 1917. Construction of Uniform Warehouse Receipts Act, see note in Ann. Cas. 1917E, 29.

4080. Warehouse receipts—Terms—Liability for omission of terms. Warehouse receipts need not be in any particular form, but every such receipt must embody within its written or printed terms:

(a) The location of the warehouse where the goods are stored;

(b) The date of issue of the receipt;

(c) The consecutive number of the receipt;

(d) A statement whether the goods received will be delivered to bearer, to a specified person, or to a specified person or his order;

(e) The rate of storage charges;

(f) A description of the goods or of the packages containing them;

(g) The signature of the warehouseman, which may be made by his authorized agent;

(h) If the receipt is issued for goods of which the warehouseman is owner, either solely or jointly or in common with others, the fact of such ownership, and

(i) A statement of the amount of advances made and of liabilities incurred for which the warehouseman claims a lien. If the precise amount of such advances made or of such liabilities incurred is, at the time of the issue of the receipt, unknown to the warehouseman or to his agent who issues it, a statement of the fact that advances have been made or liabilities incurred and the purpose thereof is sufficient.

A warehouseman shall be liable to any person injured thereby, for all damages caused by the omission from a negotiable receipt of any of the terms herein required.

History: En. Sec. 2, Ch. 154, L. 1917.

4081. Insertion of other conditions—Effect. A warehouseman may insert in a receipt, issued by him, any other terms and conditions, provided that such terms and conditions shall not—

(a) Be contrary to the provisions of this act;

(b) In any wise impair his obligation to exercise that degree of care

in safe-keeping of the goods entrusted to him which a reasonably careful man would exercise in regard to similar goods of his own.

History: En. Sec. 3, Ch. 154, L. 1917.

4082. Non-negotiable receipt—Definition. A receipt in which it is stated that the goods received will be delivered to the depositor, or to any other specified person, is a non-negotiable receipt.

History: En. Sec. 4, Ch. 154, L. 1917.

4083. Negotiable receipt—Definition. A receipt in which it is stated that the goods received will be delivered to the bearer, or to the order of any person named in such receipt is a negotiable receipt.

No provisions shall be inserted in a negotiable receipt that is non-negotiable. Such provisions, if inserted, shall be void.

History: En. Sec. 5, Ch. 154, L. 1917.

4084. Duplicate receipts, how marked—Liability for failure to mark. When more than one negotiable receipt is issued for the same goods, the word "duplicate" shall be plainly placed upon the face of every such receipt, except the one first issued. A warehouseman shall be liable for all damage caused by his failure so to do to any one who purchased the subsequent receipt for value supposing it to be an original, even though the purchase be after the delivery of the goods by the warehouseman to the holder of the original receipt.

History: En. Sec. 6, Ch. 154, L. 1917.

4085. Non-negotiable receipts, how marked—Option of holder when not properly designated. A non-negotiable receipt shall have plainly placed upon its face by the warehouseman issuing it "non-negotiable," or "not negotiable." In case of the warehouseman's failure so to do, a holder of the receipt who purchased it for value supposing it to be negotiable, may, at his option, treat such receipt as imposing upon the warehouseman the same liabilities he would have incurred had the receipt been negotiable.

This section shall not apply, however, to letters, memoranda, or written acknowledgments of an informal character.

History: En. Sec. 7, Ch. 154, L. 1917.

4086. Delivery of goods upon demand. A warehouseman, in the absence of some lawful excuse provided by this act, is bound to deliver the goods upon a demand made either by the holder of a receipt for the goods or by the depositor, if such demand is accompanied with—

(a) An offer to satisfy the warehouseman's lien;

(b) An offer to surrender the receipt if negotiable with such indorsements as would be necessary for the negotiation of the receipt, and

(c) A readiness and willingness to sign, when the goods are delivered, an acknowledgment that they have been delivered, if such signature is requested by the warehouseman.

In case the warehouseman refuses or fails to deliver the goods in compliance with a demand by the holder or depositor so accompanied, the burden shall be upon the warehouseman to establish the existence of a lawful excuse for such refusal.

History: En. Sec. 8, Ch. 154, L. 1917.

4087. To whom goods may be delivered. A warehouseman is justified in delivering the goods, subject to the provisions of the three following sections, to one who is—

(a) The person lawfully entitled to the possession of the goods, or his agent;

(b) A person who is either himself entitled to delivery by the terms of a non-negotiable receipt issued for the goods, or who has written authority from the person so entitled either indorsed upon the receipt or written upon another paper, or

(c) A person in possession of a negotiable receipt by the terms of which the goods are deliverable to him or order or to bearer, or which has been indorsed to him or in blank by the person to whom delivery was promised by the terms of the receipt or by his mediate or immediate endorsee.

History: En. Sec. 9, Ch. 154, L. 1917.

4088. Warehouseman when liable for conversion. Where a warehouseman delivers the goods to one who is not in fact lawfully entitled to the possession of them, the warehouseman shall be liable as for conversion to all having a right of property or possession in the goods if he delivered the goods otherwise than as authorized by subdivisions (b) and (c) of the preceding section and though he delivered the goods as authorized by said subdivisions he shall be so liable, if prior to such delivery he had either—

(a) Been requested, by or on behalf of the person lawfully entitled to a right of property or possession in the goods, not to make such delivery, or

(b) Had information that the delivery about to be made was to one not lawfully entitled to the possession of the goods.

History: En. Sec. 10, Ch. 154, L. 1917.

Liability of warehouseman without notice of transfer of warehouse receipt for delivery of goods to original bailor, see note in Ann. Cas. 1914D, 1305.

Removal of goods in storage to another place of storage as in the nature of conversion, see note in 3 Ann. Cas. 470.

4089. Liability of warehouseman for failure to take up negotiable receipt. Except as provided in section 4114 of this code, where a warehouseman delivers goods for which he had issued a negotiable receipt, the negotiation of which would transfer the right to the possession of the goods, and fails to take up and cancel the receipt, he shall be liable to any one who purchases for value in good faith such receipt, for failure to deliver the goods to him, whether such purchaser acquired title to the receipt before or after the delivery of the goods by the warehouseman.

History: En. Sec. 11, Ch. 154, L. 1917.

4090. Same—Liability when portion of goods delivered. Except as provided in section 4114 of this code, where a warehouseman delivers part of the goods for which he had issued a negotiable receipt and fails either to take up and cancel such receipt, or to place plainly upon it a statement of what goods or packages have been delivered he shall be liable, to any one who purchases for value in good faith such receipt, for failure to deliver all the goods specified in the receipt, whether such purchaser

acquired title to the receipt before or after the delivery of any portion of the goods by the warehouseman.

History: En. Sec. 12, Ch. 154, L. 1917.

4091. Alteration of receipt—When not an excuse from liability. The alteration of a receipt shall not excuse the warehouseman who issued it from any liability if such alteration was—

(a) Immaterial;

(b) Authorized, or

(c) Made with fraudulent intent.

If the alteration was authorized, the warehouseman shall be liable according to the terms of the receipt as altered. If the alteration was unauthorized, but made without fraudulent intent, the warehouseman shall be liable according to the terms of the receipt, as they were before alteration.

Material and fraudulent alteration of a receipt shall not excuse the warehouseman who issued it from liability to deliver, according to the terms of the receipt as originally issued, the goods for which it was issued, but shall excuse him from any other liability to the person who made the alteration and to any person who took with notice of the alteration. Any purchaser of the receipt for value without notice of the alteration shall acquire the same rights against the warehouseman which such purchaser would have acquired if the receipt had not been altered at the time of the purchase.

History: En. Sec. 13, Ch. 154, L. 1917.

4092. Court may order delivery when receipt has been lost or destroyed—Bond and costs. Where a negotiable receipt has been lost or destroyed, a court of competent jurisdiction may order the delivery of the goods upon satisfactory proof of such loss or destruction and upon the giving of a bond with sufficient sureties to be approved by the court to protect the warehouseman from any liability or expense, which he or any person injured by such delivery may incur by reason of the original receipt remaining outstanding. The court may also, in its discretion, order the payment of the warehouseman's reasonable costs and counsel fees. The delivery of the goods under an order of the court as provided in this section, shall not relieve the warehouseman from liability to a person to whom the negotiable receipt has been or shall be negotiated for value without notice of the proceedings or of the delivery of the goods.

History: En. Sec. 14, Ch. 154, L. 1917.

4093. Duplicate receipt—Warranty of what. A receipt upon the face of which the word "duplicate" is plainly placed is a representation and warranty by the warehouseman that such receipt is an accurate copy of an original receipt properly issued and uncanceled at the date of the issue of the duplicate, but shall impose upon him no other liability.

History: En. Sec. 15, Ch. 154, L. 1917.

4094. Delivery of goods by warehouseman—When excused by title or right of possession. No title or right to the possession of the goods, on the part of the warehouseman, unless such title or right is derived directly or indirectly from a transfer made by the depositor at the time of or

subsequent to the deposit for storage, or from the warehouseman's lien, shall excuse the warehouseman from liability for refusing to deliver the goods according to the terms of the receipt.

History: En. Sec. 16, Ch. 154, L. 1917.

4095. Procedure on suit when goods are claimed by more than one person. If more than one person claims the title or possession of the goods, the warehouseman may, either as a defense to an action brought against him for non-delivery of the goods, or as an original suit, whichever is appropriate, require all known claimants to interplead.

History: En. Sec. 17, Ch. 154, L. 1917.

4096. When warehouseman may retain goods in case of adverse claim. If some one other than the depositor or person claiming under him has a claim to the title or possession of the goods, and the warehouseman has information of such claim, the warehouseman shall be excused from liability for refusing to deliver the goods, either to the depositor or person claiming under him or to the adverse claimant, until the warehouseman has had a reasonable time to ascertain the validity of the adverse claim or to bring legal proceedings to compel all claimants to interplead.

History: En. Sec. 18, Ch. 154, L. 1917.

4097. Claim of third person not a defense to action for failure to deliver. Except as provided in the two preceding sections and in sections 4087 and 4114 of this code, no right or title of a third person shall be a defense to an action brought by the depositor or person claiming under him against the warehouseman for failure to deliver the goods according to the terms of the receipt.

History: En. Sec. 19, Ch. 154, L. 1917.

4098. Liability of warehouseman for non-existence of goods or failure to correspond to description. A warehouseman shall be liable to the holder of a receipt for damages caused by the non-existence of the goods or by failure of the goods to correspond with the description thereof in the receipt at the time of its issue. If, however, the goods are described in a receipt merely by a statement of marks or labels upon them, or upon packages containing them, or by a statement that the goods are said to be goods of a certain kind, or that the packages containing the goods are said to contain goods of a certain kind, or by words of like purport, such statements, if true, shall not make liable the warehouseman issuing the receipt, although the goods are not of the kind which the marks or labels upon them indicate, or of the kind they were said to be by the depositor.

History: En. Sec. 20, Ch. 154, L. 1917.

4099. Liability for want of care. A warehouseman shall be liable for any loss or injury to the goods caused by his failure to exercise such care in regard to them as a reasonably careful owner of similar goods would exercise, but he shall not be liable, in the absence of an agreement to the contrary, for any loss or injury to the goods which could not have been avoided by the exercise of such care.

History: En. Sec. 21, Ch. 154, L. 1917.

Liability of warehouseman for loss of goods by fire, see notes in 19 Ann. Cas. 243; Ann. Cas. 1914A, 1123; 24 L. R. A. (N. S.) 1117.

Liability of warehouseman for injury to agricultural products by weevil, see note in 26 L. R. A. (N. S.) 1114.

4100. Goods to be kept separately to permit identification. Except as provided in the following section, a warehouseman shall keep the goods so far separate from goods of other depositors, and from other goods of the same depositor for which a separate receipt has been issued, as to permit at all times the identification and re-delivery of the goods deposited.

History: En. Sec. 22, Ch. 154, L. 1917.

4101. When interchangeable goods may be commingled. If authorized by agreement or by custom, a warehouseman may mingle fungible goods with other goods the same kind and grade. In such case the various depositors of the mingled goods shall own the entire mass in common and each depositor shall be entitled to such portion thereof as the amount deposited by him bears to the whole.

History: En. Sec. 23, Ch. 154, L. 1917.

Confusion of goods with consent of owners, see note in Ann. Cas. 1913E, 692.

4102. Liability of warehouseman to depositors of commingled goods. The warehouseman shall be severally liable to each depositor for the care and re-delivery of his share of such mass to the same extent and under the same circumstances as if the goods had been kept separate.

History: En. Sec. 24, Ch. 154, L. 1917.

4103. When goods cannot be attached or levied on in warehouseman's possession—Surrender of receipt. If goods are delivered to a warehouseman by the owner or by a person whose act in conveying the title to them to a purchaser in good faith for value would bind the owner, and a negotiable receipt is issued for them, they cannot thereafter, while in the possession of the warehouseman, be attached by garnishment or otherwise, or be levied upon by an execution, unless the receipt be first surrendered to the warehouseman, or its negotiation enjoined. The warehouseman shall in no case be compelled to deliver up the actual possession of the goods until the receipt is surrendered to him or impounded by the court.

History: En. Sec. 25, Ch. 154, L. 1917.

4104. Remedies of creditors. A creditor whose debtor is the owner of a negotiable receipt shall be entitled to such aid from courts of appropriate jurisdiction, by injunction and otherwise, in attaching such receipt or in satisfying the claim by means thereof as is allowed at law or in equity, in regard to property which cannot readily be attached or levied upon by ordinary legal process.

History: En. Sec. 26, Ch. 154, L. 1917.

4105. Warehouseman's lien. Subject to the provisions of section 4108 of this code, a warehouseman shall have a lien on goods deposited or on the proceeds thereof in his hands, for all lawful charges for storage and preservation of the goods; also for all lawful claims for money advanced,

interest, insurance, transportation, labor, weighing, coopering, and other charges and expenses in relation to such goods; also for all reasonable charges and the expenses for notice, and advertisements of sale, and for sale of the goods where default has been made in satisfying the warehouseman's lien.

History: En. Sec. 27, Ch. 154, L. 1917.

Right of lien for private storage of goods in absence of agreement for lien or of statute authorizing it, see note in Ann. Cas. 1913D, 1300.

4106. Enforcement of warehouseman's lien. Subject to the provisions of section 4108 of this code, a warehouseman's lien may be enforced—

(a) Against all goods, whenever deposited, belonging to the person who is liable as debtor for the claims in regard to which lien is asserted, and

(b) Against all goods belonging to other which have been deposited at any time by the person who is liable as debtor for the claims in regard to which the lien is asserted if such person has been so entrusted with the possession of the goods that a pledge of the same by him at the time of the deposit to one who took the goods in good faith for value would have been valid.

History: En. Sec. 28, Ch. 154, L. 1917.

4107. How lien is lost. A warehouseman loses his lien upon goods—

(a) By surrendering possession thereof, or

(b) By refusing to deliver the goods when a demand is made with which he is bound to comply under the provisions of this act.

History: En. Sec. 29, Ch. 154, L. 1917.

Waiver by warehouseman of lien by filing claim against decedent's estate as an unsecured one, see note in 2 A. L. R. 1132.

4108. Lien in case negotiable receipt is issued. If a negotiable receipt is issued for goods, the warehouseman shall have no lien thereon, except for charges for storage of those goods subsequent to the date of the receipt, unless the receipt expressly enumerate other charges for which a lien is claimed. In such case there shall be a lien for the charges enumerated so far as they are within the terms of section 4105 of this code, although the amount of the charges so enumerated is not stated in the receipt.

History: En. Sec. 30, Ch. 154, L. 1917.

4109. Warehouseman may refuse delivery until lien is satisfied. A warehouseman having a lien valid against the person demanding the goods may refuse to deliver the goods to him until the lien is satisfied.

History: En. Sec. 31, Ch. 154, L. 1917.

4110. Warehouseman entitled to charges and advances in all cases. Whether a warehouseman has or has not a lien upon the goods, he is entitled to all remedies allowed by law to a creditor against his debtor, for the collection from the depositor of all charges and advances which

the depositor has expressly or impliedly contracted with the warehouseman to pay.

History: En. Sec. 32, Ch. 154, L. 1917.

4111. Satisfaction of warehouseman's lien—Advertisement and sale of goods and disposition of proceeds. A warehouseman's lien for a claim which has become due may be satisfied as follows:

The warehouseman shall give written notice to the person on whose account the goods are held, and to any other person known by the warehouseman to claim an interest in the goods. Such notice shall be given by delivery in person or by registered letter addressed to the last known place of business or abode of the person to be notified. The notice shall contain—

(a) An itemized account of the warehouseman's claim, showing the sum due at the time of the notice and the date or dates when it became due;

(b) A brief description of the goods against which the lien exists;

(c) A demand that the amount of the claim as stated in the notice, and of such further claim as shall accrue, shall be paid on or before a day mentioned, not less than ten days from the delivery of the notice if it is personally delivered, or from the time when the notice should reach its destination, according to the due course of post, if the notice is sent by mail, and

(d) A statement that unless the claim is paid within the time specified the goods will be advertised for sale and sold by auction at a specified time and place.

In accordance with the terms of a notice so given, a sale of the goods by auction may be had to satisfy any valid claim of the warehouseman for which he has a lien on the goods. The sale shall be had in the place where the lien was acquired, or, if such place is manifestly unsuitable for the purpose, at the nearest suitable place. After the time for the payment of the claim specified in the notice to the depositor has elapsed, an advertisement of the sale, describing the goods to be sold, and stating the name of the owner or person on whose account the goods are held, and the time and place of the sale, shall be published once a week for two consecutive weeks in a newspaper published in the place where such sale is to be held. The sale shall not be held less than fifteen days from the time of the first publication. If there is no newspaper published in such place, the advertisement shall be posted at least ten days before such sale in not less than six conspicuous places therein.

From the proceeds of such sale the warehouseman shall satisfy his lien, including the reasonable charges of notice, advertisement, and sale. The balance, if any, of such proceeds shall be held by the warehouseman, and delivered on demand to the person to whom he would have been bound to deliver or justified in delivering the goods.

At any time before the goods are so sold any person claiming a right of property or possession therein may pay the warehouseman the amount necessary to satisfy his lien and to pay the reasonable expenses and liabilities incurred in serving notices and advertising and preparing for the sale up to the time of such payment. The warehouseman shall deliver

goods to the person making such payment if he is a person entitled, under the provisions of this act, to the possession of the goods on payment of charges thereon. Otherwise the warehouseman shall retain possession of the goods according to the terms of the original contract of deposit.

History: En. Sec. 33, Ch. 154, L. 1917.

4112. Notice to pay charges and remove perishable and other goods—Sale and disposition. If goods are of a perishable nature, or by keeping will deteriorate greatly in value, or by their odor, leakage, inflammability, or explosive nature, will be liable to injure other property, the warehouseman may give such notice to the owner, or to the person in whose name the goods are stored, as is reasonable and possible under the circumstances, to satisfy the lien upon such goods, and to remove them from the warehouse, and in the event of the failure of such person to satisfy the lien and to remove the goods within the time specified, the warehousman may sell the goods at public or private sale without advertising. If the warehouseman, after a reasonable effort is unable to sell such goods, he may dispose of them in any lawful manner, and shall incur no liability by reason thereof.

The proceeds of any sale made under the terms of this section shall be disposed of in the same way as the proceeds of sales made under the terms of the preceding section.

History: En. Sec. 34, Ch. 154, L. 1917.

4113. Remedy for enforcing lien not exclusive. The remedy for enforcing a lien herein provided does not preclude any other remedies allowed by law for the enforcement of a lien against personal property nor bar the right to recover so much of the warehouseman's claim as shall not be paid by the proceeds of the sale of the property.

History: En. Sec. 35, Ch. 154, L. 1917.

4114. Liability of warehouseman after goods have been sold to satisfy lien. After goods have been lawfully sold to satisfy a warehouseman's lien, or have been lawfully sold or disposed of because of their perishable or hazardous nature, the warehouseman shall not thereafter be liable for failure to deliver the goods to the depositor, or owner of the goods, or to a holder of the receipt given for the goods when they were deposited, even if such receipt be negotiable.

History: En. Sec. 36, Ch. 154, L. 1917.

4115. Negotiation of receipts—By delivery—When receipt is indorsed. A negotiable receipt may be negotiated by delivery—

(a) Where, by the terms of the receipt, the warehouseman undertakes to deliver the goods to the bearer, or

(b) Where, by the terms of the receipt, the warehouseman undertakes to deliver the goods to the order of a specified person, and such person or a subsequent indorsee of the receipt has indorsed it in blank or to bearer.

Where, by the terms of a negotiable receipt, the goods are deliverable to bearer, or where a negotiable receipt has been indorsed in blank or to bearer, any holder may indorse the same to himself or to any other speci-

fied person, and in such case the receipt shall thereafter be negotiated only by the indorsement of such indorsee.

History: En. Sec. 37, Ch. 154, L. 1917.

Transfer and negotiability of warehouse receipts, see notes in 84 Am. Dec. 752; 17 Ann. Cas. 670.

4116. Negotiation by indorsement. A negotiable receipt may be negotiated by the indorsement of the person to whose order the goods are, by the terms of the receipt deliverable. Such indorsement may be in blank, to bearer or to a specified person. If indorsed to a specified person, it may be again negotiated by the indorsement of such person in blank, to bearer or to another specified person. Subsequent negotiation may be made in like manner.

History: En. Sec. 38, Ch. 154, L. 1917.

4117. Transfer of non-negotiable receipts. A receipt which is not in such form that it can be negotiated by delivery may be transferred by the holder by delivery to a purchaser or donee.

A non-negotiable receipt cannot be negotiated, and the indorsement of such receipt gives the transferee no additional right.

History: En. Sec. 39, Ch. 154, L. 1917.

4118. Who may negotiate a receipt. A negotiable receipt may be negotiated—

(a) By the owner thereof, or

(b) By any person to whom the possession or custody of the receipt has been intrusted by the owner, if, by the terms of the receipt, the warehouseman undertakes to deliver the goods to the order of the person to whom the possession or custody of the receipt has been entrusted, or if at the time of such intrusting the receipt is in such form that it may be negotiated by delivery.

History: En. Sec. 40, Ch. 154, L. 1917.

4119. Rights of transferee when receipt has been negotiated. A person to whom a negotiable receipt has been duly negotiated acquires thereby—

(a) Such title to the goods as the person negotiating the receipt to him had or had ability to convey to a purchaser in good faith for value, and also such title to the goods as the depositor or person to whose order the goods were to be delivered by the terms of the receipt had or had ability to convey to a purchaser in good faith for value, and

(b) The direct obligation of the warehouseman to hold possession of the goods for him according to the terms of the receipt as fully as if the warehouseman had contracted directly with him.

History: En. Sec. 41, Ch. 154, L. 1917.

Delivery of warehouse receipt as passing title to goods sold from mass without necessity of separation, see note in 9 Ann. Cas. 31.

4120. Rights of transferee when receipt has not been negotiated—Notice to warehouseman—When and how rights may be defeated. A person to whom a receipt has been transferred but not negotiated, acquires thereby, as against the transferor, the title of the goods, subject to the terms of any agreement with the transferor.

If the receipt is non-negotiable such person also acquires the right to notify the warehouseman of the transfer to him of such receipt, and

thereby to acquire the direct obligation of the warehouseman to hold possession of the goods for him according to the terms of the receipt.

Prior to the notification of the warehouseman by the transferor or transferee of a non-negotiable receipt, the title of the transferee to the goods and the right to acquire the obligation of the warehouseman may be defeated by the levy of an attachment or execution upon the goods by a creditor of the transferor, or by a notification to the warehouseman by the transferor or by a subsequent purchaser from the transferor of a subsequent sale of the goods by the transferor.

History: En. Sec. 42, Ch. 154, L. 1917.

4121. When transferee of negotiable receipt may enforce indorsement. Where a negotiable receipt is transferred for value by delivery, and the indorsement of the transferor is essential for negotiation, the transferee acquires a right against the transferor to compel him to indorse the receipt, unless a contrary intention appears. The negotiation shall take effect as of the time when the indorsement is actually made.

History: En. Sec. 43, Ch. 154, L. 1917.

4122. Warranty in case of negotiation or transfer of receipt for value. A person who, for value, negotiates or transfers a receipt by indorsement or delivery, including one who assigns, for value, a claim secured by a receipt, unless a contrary intention appears, warrants—

(a) That the receipt is genuine;

(b) That he has a legal right to negotiate or transfer it;

(c) That he has a knowledge of no fact which would impair the validity or worth of the receipt, and

(d) That he has a right to transfer the title to the goods and that the goods are merchantable or fit for a particular purpose whenever such warranties would have been implied, if the contract of the parties had been to transfer without a receipt the goods represented thereby.

History: En. Sec. 44, Ch. 154, L. 1917.

4123. Indorser of receipt not liable for what. The indorsement of a receipt shall not make the indorser liable for any failure on the part of the warehouseman or previous indorsers of the receipt to fulfil their respective obligations.

History: En. Sec. 45, Ch. 154, L. 1917.

4124. Mortgagee or pledgee when debt is paid not deemed to warrant what. A mortgagee, pledgee, or holder for security of a receipt who in good faith demands or receives payment of the debt for which such receipt is security, whether from a party to a draft drawn for such debt or from any other person, shall not by so doing be deemed to represent or to warrant the genuineness of such receipt or the quantity or quality of the goods therein described.

History: En. Sec. 46, Ch. 154, L. 1917.

4125. Non-impairment of the validity of negotiation of a receipt. The validity of the negotiation of a receipt is not impaired by the fact that such negotiation was a breach of duty on the part of the person making the negotiation, or by the fact that the owner of the receipt was induced by fraud, mistake, or duress to entrust the possession or custody of the receipt to such person, if the person to whom the receipt was negotiated,

or a person to whom the receipt was subsequently negotiated, paid value therefor, without notice of the breach of duty, or fraud, mistake, or duress.

History: En. Sec. 47, Ch. 154, L. 1917.

4126. Negotiations for value of a receipt not affected by what. Where a person having sold, mortgaged, or pledged goods which are in a warehouse and for which a negotiable receipt has been issued, or having sold, mortgaged, or pledged the negotiable receipt representing such goods, continues in possession of the negotiable receipt, the subsequent negotiation thereof by that person under any sale, or other disposition thereof to any person receiving the same in good faith, for value and without notice of the previous sale, mortgage or pledge, shall have the same effect as if the first purchaser of the goods or receipt had expressly authorized a subsequent negotiation.

History: En. Sec. 48, Ch. 154, L. 1917.

4127. Rights of purchaser for value of a receipt not defeated by seller's lien or stoppage in transit—Unpaid seller to surrender receipt to warehouseman. Where a negotiable receipt has been issued for goods, no seller's liens or right of stoppage in transit shall defeat the rights of any purchaser for value in good faith to whom such receipt has been negotiated, whether such negotiation be prior or subsequent to the notification to the warehouseman who issued such receipt of the seller's claim to a lien or right of stoppage in transit. Nor shall the warehouseman be obliged to deliver or justified in delivering the goods to an unpaid seller unless the receipt is first surrendered for cancellation.

History: En. Sec. 49, Ch. 154, L. 1917.

4128. Penalty for warehouseman to issue receipt when goods have not been delivered. A warehouseman or any officer, agent, or servant of a warehouseman who issues or aids in issuing a receipt knowing that the goods for which such receipt is issued have not been actually received by such warehouseman, or are not under his actual control at the time of issuing such receipt, shall be guilty of a crime and upon conviction shall be punished for each offense by imprisonment not exceeding five years, or by a fine not exceeding five thousand dollars or by both.

History: En. Sec. 50, Ch. 154, L. 1917.

4129. Penalty for warehouseman to fraudulently issue receipt. A warehouseman, or any officer, agent, or servant of a warehouseman, who fraudulently issues or aids in fraudulently issuing a receipt for goods knowing that it contains any false statement, shall be guilty of a crime and upon conviction shall be punished for each offense by imprisonment not exceeding one year, or by a fine not exceeding one thousand dollars or by both.

History: En. Sec. 51, Ch. 154, L. 1917.

4130. Penalty for warehouseman to issue duplicate negotiable receipt when original is outstanding without marking the same "duplicate." A warehouseman, or any officer, agent, or servant of a warehouseman, who issues or aids in issuing a duplicate or additional negotiable receipt for goods knowing that a former negotiable receipt for the same goods or any part of them is outstanding and uncanceled, without plainly placing upon

the face thereof the word "duplicate," except in the case of a lost or destroyed receipt after proceedings as provided for in section 4092 of this code, shall be guilty of a crime, and upon conviction shall be punished for each offense by imprisonment not exceeding five years, or by a fine not exceeding five thousand dollars or by both.

History: En. Sec. 52, Ch. 154, L. 1917.

4131. Penalty for issuing negotiable receipt for goods of which warehouseman is owner. Where there are deposited with or held by a warehouseman goods of which he is owner, either solely or jointly or in common with others, such warehouseman, or any of his officers, agents, or servants who knowing this ownership, issues or aids in issuing a negotiable receipt for such goods which does not state such ownership shall be guilty of a crime, and upon conviction shall be punished for each offense by imprisonment not exceeding one year, or by a fine not exceeding one thousand dollars or by both.

History: En. Sec. 53, Ch. 154, L. 1917.

4132. Penalty for delivering goods against which negotiable receipt is outstanding without obtaining possession of same. A warehouseman, or any officer, agent, or servant of a warehouseman who delivers goods out of the possession of such warehouseman, knowing that a negotiable receipt, the negotiation of which would transfer the right to the possession of such goods if outstanding and uncanceled, without obtaining the possession of such receipt at or before the time of such delivery, shall, except in the cases provided for in sections 4092 and 4114 of this code, be guilty of a crime, and upon conviction shall be punished for each offense by imprisonment not exceeding one year, or by a fine not exceeding one thousand dollars or by both.

History: En. Sec. 54, Ch. 154, L. 1917.

4133. Penalty for negotiating receipt for deposited goods with defective title. Any person who deposits goods to which he has not title, or upon which there is a lien or mortgage, and who takes for such goods a negotiable receipt which he afterwards negotiates for value with intent to deceive and without disclosing his want of title or the existence of the lien or mortgage shall be guilty of a crime, and upon conviction, shall be punished for each offense by imprisonment not exceeding one year, or by a fine not exceeding one thousand dollars or by both.

History: En. Sec. 55, Ch. 154, L. 1917.

4134. What laws applicable in cases where this act does not prescribe rule. In any case not provided for in this act, the rules of law and equity, including the law merchant, and in particular the rules relating to the law of principal and agent and to the effect of fraud, misrepresentation, duress or coercion, mistake, bankruptcy, or other invalidating cause, shall govern.

CHAPTER 3.

REMOVAL OF COUNTY SEAT.

Section 4369. Removal of County Seat—Petition.
4370. Submission to Electors—Who Are Taxpayers.
4371. Election, Notice of, How Held and Conducted.
4372. Voter to Vote for Place He Prefers.
4373. Publication of Result.
4374. Place Chosen to Be County Seat.
4375. Statement of Result and Notice Transmitted.
4376. No Second Election to Be Held Within Four Years.
4377. County Seat May Be Removed From Time to Time.

4369. Removal of county seat—Petition. Whenever the inhabitants of any county of this state desire to remove the county seat of a county from the place where it is fixed by law, or otherwise, to another place, they may present a petition to the board of county commissioners of their county praying such removal, such place to be named in the petition, and that an election be held to determine whether or not such removal must be made. The petition to remove the county seat of the county from

the place where it is fixed by law to another place must be presented to the board of county commissioners at least sixty days prior to any action thereon being taken by the board of county commissioners, and action on said petition by the board of county commissioners must be had at a regular meeting of said board of county commissioners. Such petition must be filed with the county clerk, and the county clerk, immediately upon the filing of said petition, must cause to be printed in every newspaper published within said county a notice to the effect that a petition praying for the removal of said county seat has been filed with the county clerk, and that said petition is open to the inspection of any and all persons interested therein, and that said petition will be presented to the board of county commissioners at its next regular session for action thereon. No other or additional petition than the one originally filed shall be considered by the board of county commissioners, except that at any time on or before the date fixed for the hearing, any person having signed the original petition for the removal of the county seat may file a statement in writing with the county clerk that he desires to have his name withdrawn from such petition; provided, that not more than one withdrawal shall be permitted by the same person.

History: En. Sec. 4157, Pol. C. 1895; amd. Sec. 1, p. 145, L. 1901; re-en. Sec. 2851, Rev. C. 1907; amd. Sec. 1, Ch. 62, L. 1915; amd. Sec. 1, Ch. 10, L. 1919. Cal. Pol. C. Sec. 3976.

A board of county commissioners exercises judicial functions when it decides whether a petition for the submission of the removal of the county seat to the electors of the county is signed by sufficient number to require such submission. State ex rel. Buck v. Board of Commrs., 21 Mont. 469, 474, 54 Pac. 939.

The words "changing" and "removing" found in the constitution and the statute laws refer to the act of changing or removing a county seat that has been definitely located, and have no reference to a so-called temporary or provisional county seat. State ex rel. Geiger v. Long, 43 Mont. 401, 412, 117 Pac. 104.

Conceding that the selection or removal of a county seat is a purely political function, that function has not been confided to judges of election or to the canvassers of the returns, but to a certain proportion of the qualified electors of the county affected; it rests with the courts to ascertain and decide whether the choice actually made by the requisite proportion of the qualified electors has been duly declared; and, if not, to declare it and make it effective. Poe v. Sheridan County, 52 Mont. 279, 288, 157 Pac. 185.

Cited or applied as section 2851, Revised Codes, before amendment, in State ex rel. Powers v. Dale, 47 Mont. 227, 230, 131 Pac. 670, Ann. Cas. 1914D, 227; Ainsworth v. McKay, 55 Mont. 270, 271, 175 Pac. 887.

Right to withdraw names from petition for removal of county seat, see note in 35 L. R. A. (N. S.) 1113.

4370. Submission to electors—Who are taxpayers. If the petition is signed by sixty-five per cent. of the taxpayers of such county, the board of county commissioners must at the next general election submit the question of removal to the electors of the county; provided, that the term "taxpayers" used in this section shall be deemed to mean "ad valorem taxpayers," and that for the purpose of testing the sufficiency of any petition which may be presented to the county commissioners as provided in this section, the county commissioners shall compare such petition with the poll-books in the county clerk's office constituting the returns of the last general election held in their county, for the purpose of ascertaining whether such petition bears the names of sixty-five per cent. of the taxpaying voters listed therein; and they shall make a similar comparison of the names signed to the petition with those appearing upon the listed assessment-roll of the county for the purpose of ascertaining whether the

petition bears the names of sixty-five per cent. of the ad valorem taxpayers as listed in said assessment-roll; and if such petition then shows that it has not been signed by sixty-five per cent. of the voters of the county who are ad valorem taxpayers thereof, after deducting from the said original petition the names of all persons who may have signed such original petition, and who may have filed, or caused to be filed, with the county clerk of said county or the board of county commissioners, on or before the date fixed for the hearing, their statement in writing of the withdrawal of their names from the original petition, it shall be deemed insufficient, and the question of the removal of the county seat shall not be submitted.

History: En. Sec. 4158, Pol. C. 1895; amd. Sec. 2, p. 146, L. 1901; re-en. Sec. 2852, Rev. C. 1907; amd. Sec. 2, Ch. 10, L. 1919. Cal. Pol. C. Sec. 3977.

The official duty devolving upon the commissioners is presumed to have been regularly performed; it is presumed that the board compared the names signed to the petition with the poll-books of the "last election." State ex rel. Stringfellow v. Board of Commrs., 42 Mont. 62, 77, 111 Pac. 144.

A petition for the removal of a county seat is sufficient if it is signed by the required number of ad valorem taxpayers of the county, provided all the persons necessary to make up such number are qualified voters. State ex rel. Stringfellow v. Board of Commrs., 42 Mont. 62, 78, 111 Pac. 144.

Where a petition signed by the requisite number of ad valorem taxpayers of a county, who were qualified voters, for the change of a county seat, was submitted to the county commissioners, and was denied because it did not contain the number of taxpayers of the county required by the statute, it must be presumed that the petition was found sufficient, except for the fact that the board claimed that it should contain such number of taxpayers, which was determined to the contrary, in which case there was no discretion for the board to exercise, and mandamus was available to compel them to give legal effect to the petition. State ex rel. Stringfellow v. Board of Commrs., 42 Mont. 62, 78, 111 Pac. 144.

Under this section the board of county commissioners is limited in its investigation of the sufficiency of a petition for the removal of the county seat to a comparison of the names appearing thereon with the poll-books to ascertain whether the signers are voters, and with the assessment-roll, whether they are taxpayers, and may not, therefore, eliminate from the petition names of persons who have ceased to be legal voters or taxpayers. Ainsworth v. McKay, 55 Mont. 270, 175 Pac. 887.

Cited or applied as section 4158, Political Code, before amendment, in State ex rel. Buck v. Board of Commrs., 21 Mont. 469, 475, 54 Pac. 939.

4371. Election, notice of, how held and conducted. Notice of such election, clearly stating the object, must be given, and the election must be held and conducted, and the returns made, in all respects in the manner prescribed by law in regard to the submitting of questions to the electors of a locality under the general election law.

History: En. Sec. 4159, Pol. C. 1895; re-en. Sec. 2853, Rev. C. 1907. Cal. Pol. C. Sec. 3979.

4372. Voter to vote for place he prefers. In voting on the question, each elector must vote for the place in the county which he prefers, by placing opposite the name of the place the mark X.

History: En. Sec. 4160, Pol. C. 1895; re-en. Sec. 2854, Rev. C. 1907. Cal. Pol. C. Sec. 3980.

Cited or applied as section 2854, Revised Codes, in State ex rel. Stringfellow v. Board of Commrs., 42 Mont. 62, 75, 111 Pac. 144.

4373. Publication of result. When the returns have been received and compared, and the results ascertained by the board, if a majority of the qualified electors of the county have voted in favor of any particular place, the board must give notice of the results by posting notices thereof

in all the election precincts of the county, and by publishing a like notice in a newspaper printed in the county at least once a week for four weeks.

History: En. Sec. 3, p. 146, L. 1901; re-en. Sec. 2855, Rev. C. 1907; amd. Sec. 1, Ch. 27, L. 1921. Cal. Pol. C. Sec. 3981.

Cited or applied as section 2855, Revised Codes, in State ex rel. Stringfellow v. Board of Commrs., 42 Mont. 62, 75, 111 Pac. 144.

On what basis majority essential to adoption of proposition for change of county seat is to be computed, see note in 22 L. R. A. (N. S.) 478.

4374. Place chosen to be county seat. In the notice provided for in the next preceding section, the place selected to be the county seat of the county must be so declared from a day specified in the notice not more than ninety days after the election. After the day named in the notice, the place chosen is the county seat of the county.

4375. Statement of result and notice transmitted. Whenever any election has been held, as provided for in the preceding sections of this chapter, the statement made by the board of county commissioners, showing the result thereof, must be deposited in the office of the county clerk, and whenever the board gives the notice prescribed by section 4374 of this code, they must transmit a certified copy thereof to the secretary of state.

4376. No second election to be held within four years. When an election has been held and a majority of the votes are not cast for some other place than that fixed by law as the former county seat, no second election for the removal thereof must be held within four years thereafter.

CHAPTER 4.

LOCATION OF COUNTY SEATS.

Section 4378. Meeting and Organization of Board of Commissioners on Creation of New County—County Clerk.
4379. Designation of Temporary County Seat—Special Election.
4380. Proceedings After Petition for County Seat Election.
4381. Division of County Into Registration and Polling Precincts.
4382. Registration of Voters.
4383. Judges of Election—Ballots, Books, and Records.
4384. Applicability of General Election Laws.
4385. Form of Ballot.
4386. Canvass of Returns—Result of Election.
4387. Re-Election in Case of Failure to Select County Seat.
4388. Applicability of General Laws to New Counties and Officers.
4389. Submission of Question of Locating Permanent County Seat to Voters—Elections.

4378. Meeting and organization of board of commissioners on creation of new county—County clerk. Whenever a county is created hereafter in this state by legislative enactment, it shall be the duty of the persons appointed to the office of county commissioners of such county by the act creating it, to meet at some place in the county, to be agreed upon by a majority of said county commissioners, within fifteen days after the passage of the act creating the county, and then and there organize as a board of county commissioners by electing one of their number chairman.

The person appointed to the office of county clerk in the bill creating the county shall be notified in writing by the county commissioners, or some one of them, of the time and place of said meeting, and he must attend the meeting and act as the clerk thereof and keep a record of the proceedings. If no person is appointed to the office of county clerk by the act creating the county, the commissioners shall at such meeting select some person qualified to hold office of county clerk to act as clerk of such meeting.

History: En. Sec. 1, Ch. 135, L. 1911.

Prior to the passage of this measure, there was no general law by which a so-called temporary county seat could be located, changed, or removed, so that a temporary county seat, once designated, became in fact, permanent. State ex rel. Geiger v. Long, 43 Mont. 401, 412, 117 Pac. 104.

In this act there is no evidence of intention to require incorporation as a qualification for county seat in the use of the term "city or town." State ex rel. Powers v. Dale, 47 Mont. 227, 231, 131 Pac. 670; Ann. Cas. 1914D, 227.

City or applied as chapter 135, Laws of 1911, in Poe v. Sheridan County, 52 Mont. 279, 288, 157 Pac. 185.

4379. Designation of temporary county seat—Special election. Immediately after the organization of the board of county commissioners, as provided in the preceding section, said board shall, by a resolution spread upon the minutes of its proceedings, designate some place within said county as and to be the temporary county seat until the permanent county seat shall be located as hereinafter in this act provided. The place so designated shall be the temporary county seat of said county until the permanent county seat is located by the electors of said county at the general election to be held on the first Tuesday after the first Monday of November of the next even-numbered year after the creation of the county, or at a special election as hereinafter provided.

In the event of a majority of the county commissioners failing to agree upon the location of the temporary county seat, then each county commissioner shall write the name of the place he favors as the temporary county seat on a slip of paper and said slips be inclosed in envelopes of the same size, color, and texture, and shall be deposited in a box or other suitable receptacle, and the county clerk, in the presence of said commissioners, shall draw out one of the said slips. Thereupon the county commissioners shall, by resolution spread upon the minutes, declare the place named on the slip so drawn by the county clerk to be the temporary county seat of said county.

At said first general election after the creation of the county, it shall be the duty of the board of county commissioners and county clerk to have separate official ballots printed and distributed for the use of the electors at said election; which ballots shall be in the form and contain the same matter as the ballots provided for in section 4385 of this code,

and the provisions of section 4386 of this code shall apply to and govern the manner of voting and of canvassing said ballots, and the board of county commissioners shall declare the result of such election and the location of the permanent county seat, and said county seat shall be located in the manner and according to the provisions of said section 4386.

Provided, however, that at any time within six months after the passage of an act creating a new county, a petition or petitions may be filed with the county clerk of the board of county commissioners of such county asking the board to submit the question of the location of the permanent county seat to the electors of the county at a special election to be called and held in the manner hereinafter in this act provided. Said petition or petitions must contain in the aggregate the names of at least one hundred taxpayers, whose names appear upon the assessment-books containing the last assessment of the property situated in such new county, and whose names also appear as registered electors in some registration district established and existing in the territory embraced in the new county at the last general election held therein.

The petition or petitions when filed with the board must also have certificates attached thereto from the county clerk of the county in which the person or persons signing the petition resided before the creation of the new county, certifying that the names of the person signing said petition or petitions appear in the last assessment-books of his county, and also in the registration-books of his county containing the names of the electors registered in the last general election in the districts now embraced in the new county.

History: En. Sec. 2, Ch. 135, L. 1911.

4380. Proceedings after petition for county seat election. Upon filing said petition or petitions, duly certified to as provided in the preceding section, with the county clerk of the new county, he must immediately notify the chairman of the board of county commissioners who, upon receipt of such notice, must call a meeting of the board to be held within ten days after the filing of said petition, for the purpose of considering the same. If the board at such meeting finds that said petition conforms to the requirements of and is in accordance with the provisions of the preceding section, it shall at said meeting, by a resolution spread upon its minutes, call a special election of the qualified electors of said county for the purpose of voting upon the question of the location of the permanent county seat.

Said election shall be held on Tuesday and not less than forty nor more than sixty days after the date of calling the same. The board must issue an election proclamation containing a statement of the time of the election and the question to be submitted. A copy of this proclamation must be published in some newspaper printed in the county, if any, and posted at each place of election at least ten days before the election.

History: En. Sec. 3, Ch. 135, L. 1911.

4381. Division of county into registration and polling precincts. At the meeting of the board at which the special election is called for the purpose of locating the permanent county seat, the board shall, by resolution spread upon its minutes, divide the county into registration districts and

establish polling precincts in the manner provided by law. It must also, at such meeting, make an order designating the house or place within each precinct where the election shall be held. It must also at the same session of the board appoint registry agents for the several registration districts established by it, who must possess the qualifications required by law for registry agents. The county clerk must furnish the said registry agents with books, blanks, and other stationery required for the proper performance of their duties.

History: En. Sec. 4, Ch. 135, L. 1911.

4382. Registration of voters. The period for the registration of electors shall be between the hours of nine a. m. and nine p. m. on all legal days from nine a. m. of the fourth Monday prior to the date of said election to nine p. m. of the second following Saturday. It shall be the duty of each registry agent to publish and post notices of the time and places of registration in the manner provided by law for the publication of notices of registration for general elections. No person shall be entitled to register and vote at such special election unless he is a qualified voter of the state of Montana of the age of twenty-one years, and will have been a resident of Montana one year and of the territory embraced within the boundaries of the new county for a period of one hundred and eighty days on the day next preceding the day of such election, and also takes and subscribes to the oath provided in section 479, Revised Codes of Montana.

The general election laws of this state governing the registration of electors and defining the duties of the registry agents shall apply to and govern the registration of electors in elections held under this act in so far as the same do not conflict herewith.

History: En. Sec. 5, Ch. 135, L. 1911. Note.—Section 479, above referred to, was repealed by chapter 113, Laws of 1911.

4383. Judges of election—Ballots, books, and records. At the same meeting of the board of county commissioners at which the special election for the location of the permanent county seat is called, the board shall appoint three judges of election for each precinct in the county who shall act as the judges at said election. It shall be the duty of the county clerk to have printed and distributed to the judges of election the necessary ballots, the form of which shall be as provided in sections 4379, 4385, and 4387 of this code, and also supply the judges with the necessary books, records, stationery and ballot-boxes required to hold such election in the manner provided by law.

History: En. Sec. 6, Ch. 135, L. 1911.

4384. Applicability of general election laws. The judges appointed for said special election must qualify as required by the general election law, and the polls must be opened and closed, the voting done, the ballots counted, returns made to the board of county commissioners, and all other matters connected with said election carried on and conducted in accordance with and as provided by the general election laws of this state.

History: En. Sec. 7, Ch. 135, L. 1911.

4385. Form of ballot. The form of the ballot used at such elections shall be as follows: There shall be a stub across the top of each ballot,

and separated therefrom by a perforated line. The part above the perforated line, designated as the stub, shall extend the entire width of the ballot, and shall have a depth of not less than two inches. Upon the face of the stub there shall be printed in what is known as brevier capitals the following instructions:

"To vote this ballot the elector will write in the blank space on the ballot the name of the town or place at which he desires the permanent county seat to be located."

The ballot below the perforated line shall be in the following form:

"For the permanent county seat of.....county my choice is ....."; (here insert name of county)

Provided, that any person who, from any cause, is unable to write, may have one of the judges in the presence of another judge write his choice on the ballot.

History: En. Sec. 8, Ch. 135, L. 1911.

4386. Canvass of returns—Result of election. When the name of a town or place in a county shall be so inserted in the blank space on such ballot by an elector, and the ballot has been cast as provided by law, the same shall be deemed a vote for the designated town or place as the location of the permanent county seat of said county. The board of county commissioners of said county shall canvass the returns of said election in the manner provided by law for the canvassing of election returns, and upon such canvassing of returns the town or place found to have received a majority of all votes cast on such questions shall be declared by the board the permanent county seat of the county. The order declaring the result of such election shall be entered of record in the minutes of the proceedings of the board of county commissioners by the county clerk, and from the date of the declaration of the results of the election the town or place selected shall be and remain, until lawfully changed in the manner provided by law, the permanent county seat of such county. Within ten days after the declaration of the result of such election, all records and county offices of the county, if elsewhere located, must be moved to and remain at the place declared the permanent county seat.

History: En. Sec. 9, Ch. 135, L. 1911.

Equity jurisdiction of election contest relating to county seat, see note in Ann. Cas. 1912 C. 692.

4387. Re-election in case of failure to select county seat. If no town or place receives a majority of all votes cast on such question, then the town or place receiving the highest number of votes shall be declared by the board and immediately become the temporary county seat of the county, and at the next general election the two towns or places receiving the greatest number of votes at said first election shall be the candidates for the permanent county seat. At said next general election, the county clerk shall have separate ballots in the form provided for in section 4385 of this code printed and distributed as provided by law containing the names of said candidates for the permanent county seat. On the stub of such ballots shall be printed the following instructions:

"To vote this ballot the elector will place an X in the square before the name of the town he intends to vote for."

The form of such ballots below the perforated line shall be as follows:

☐.....for the permanent county seat

☐.....for the permanent county seat

Of said towns or places the one receiving a majority of all the votes cast on such question shall be declared the permanent county seat, and the board of county commissioners must canvass the returns and declare the result, and the county seat must be located in accordance with the provisions of this act.

History: En. Sec. 10, Ch. 135, L. 1911.

4388. Applicability of general laws to new counties and officers. All laws of general nature applicable to the several counties of the state of Montana and to the officers thereof, and to their powers and duties, shall be applicable to a new county and the officers thereof from and after the creation of the county, except as otherwise provided in this act, or the act creating the county.

History: En. Sec. 11, Ch. 135, L. 1911.

4389. Submission of question of locating permanent county seat to voters—Elections. Any county heretofore created, in which the permanent county seat has not been located by valid election held for the purpose of locating the permanent county seat of said county, may have a special election, for the purpose of voting on such question, called and held under the provisions of this act, or if no special election is held for such purpose, then said question shall be submitted by the county commissioners at the next general election after the passage of this act and in the manner provided herein for the submission of such questions at general elections; provided, however, that no special election shall be called for the purpose of submitting such question unless a petition or petitions containing in the aggregate the names of one hundred taxpaying electors of such county, whose names appear upon the last assessment book, and also on the last registration-books of said county, are filed with the clerk of the board of county commissioners within six months after the passage and approval of this act.

Upon the filing of such petition or petitions within said time, containing the requisite number of taxpaying electors, which must be ascertained by the board from the records of said county, said board must immediately call such special election as herein provided.

If registration districts and polling precincts have already been established in said county, they shall remain the same for such special election, but a new registration shall be had and said special election conducted and the result determined as in this act provided.

The provisions of this section shall not apply in any case where there has been a permanent county seat located and maintained for a period of three years from the date immediately subsequent to the date of the approval of this act, whether the same was located by a legal election or otherwise.

History: En. Sec. 12, Ch. 135, L. 1911.

4390. Creation of new counties—Debts and assets prorated. New counties may from time to time be formed and created in this state from portions of one or more counties, which shall have been created and in existence for a period of more than two years, in the manner set forth and provided in this act; provided, however, that no new county shall be established which shall reduce any county to an assessed valuation of less than eight million dollars, inclusive of all assessed valuation as shown by the last preceding assessment; nor shall any new county be established which shall reduce the area of any existing county from which territory is taken to form such new county, to less than twelve hundred square miles of surveyed land, exclusive of all forest reserve and Indian reservations within old counties, nor shall any new county be formed which contains an assessed valuation of property less than four million dollars, inclusive of all assessed valuation as shown by the last preceding assessment, of the county or counties from which such new county is to be established, nor shall any new county be formed which contains less than one thousand square miles of surveyed land exclusive of all forest reserve land, or Indian reservations, not open for settlement, nor shall any line thereof pass within fifteen miles of the court-house situate at the county seat of the county sought to be divided; provided, that such county line may be run within a distance of ten miles of a county seat in cases where the natural contour of the county, by reason of mountain ranges or other topographical conditions, is such as to make it difficult to reach the county seat, and in such cases a petition, signed by at least fifty-eight per cent. of the voters in the proposed new county, shall be presented to the judge of the district court in which the county affected is located, asking for the appointment of a commission of five disinterested persons, who shall determine if the topographical conditions are such as to warrant the fixing of the county division lines closer than at fifteen miles

from the county seat, as such boundaries are legally fixed and determined at the date of the filing of the petition or petitions referred to in section 4393 of this code.

Every county which shall be enlarged or created from the territory taken from any other county or counties shall be liable for a pro rata proportion of the existing debts and liabilities of the county or counties from which such territory shall be taken, and shall be entitled to a pro rata proportion of the assets of the county or counties from which such territory is taken, to be determined as hereinafter provided.

History: Sec. 1, Ch. 226, L. 1919.

Note.—The first new county act was chapter 112, Laws of 1911. The first four sections of this act were amended and the rest re-enacted by chapter 133, Laws of 1913; section 7 of the act was also amended by chapter 135, Laws of 1913. All these acts were repealed and a complete new county law enacted by chapter 139, Laws of 1915. This act was repealed by chapter 226, Laws of 1919, which is here given as amended.

In proceedings for the organization of a new county, the board of county commissioners is required to act as a quasi judicial tribunal, and this constitutes no invasion of the constitutional provisions which lodge the judicial power of the state in its courts. State ex rel. Arthurs v. Board of County Commrs., 44 Mont. 51, 71, 118 Pac. 804; State ex rel. Jacobson v. Board of Commrs., 47 Mont. 531, 536, 134 Pac. 291; State ex. rel. Lang v. Furnish, 48 Mont. 28, 33, 134 Pac. 297.

Since the enactment of statutes providing for the creation of new counties, the involuntary character of counties in this state is somewhat modified, but the change does not affect their status as political subdivisions of the state for governmental purposes; only incorporated cities and towns are municipal corporations in this state. Hersey v. Neilson, 47 Mont. 132, 144, 131 Pac. 30, Ann. Cas. 1914C, 963.

A valid petition describing the territory to be included within the proposed new county was the very foundation of the proceedings for the creation of a new county. While under certain circumstances the board of county commissioners was authorized to exclude territory, there was not any authority in the board to incorporate within the boundaries of a proposed new county territory which was not included in the petition praying for its creation, or to exclude territory unless a proper petition for withdrawal thereof was presented. State ex rel. Jacobson v. Board of County Commrs., 47 Mont. 531, 537, 134 Pac. 291.

In enacting this statute, it was competent for the legislature to prescribe the order in which an exclusion petition and an inclusion petition should be considered by the board, but it failed to do so. It did, however, create the board a special tribunal, and clothed it with authority to hear the petitions and determine them, and in the absence of legislative restrictions, this necessarily involved the authority to determine which of the two should be considered first. Apparently the legislature referred this question to the sound discretion of the board, and in the absence of fraud its action thereon is not subject to judicial control by mandamus. State ex rel. Koefod v. Board of Commrs., 56 Mont. 355, 360, 185 Pac. 147.

Act cited or applied as Laws 1911, p. 205, before amendment, in State ex rel. Powers v. Dale, 47 Mont. 227, 228, 131 Pac. 670; Ann. Cas. 1914D, 227. State ex rel Dowen v. District Court, 50 Mont. 249, 146 Pac. 467; State ex rel Furnish v. Mullendore, 53 Mont. 109, 110, 161 Pac. 949.

Division of territory of county as affecting its rights and liabilities, see note in 39 L. R. A. (N. S.) 285.

4391. Basis of taxation upon creation of new county—Terms used in law defined. For the purposes of this act the assessed valuation of all property, whether included within the boundaries of a proposed new county, or remaining within the boundaries of any existing county or counties from which territory is taken, shall be fixed and determined on the same basis as is used for the imposition of taxes in the state of Montana, to-wit: By taking that percentage of the true and full value of all taxable property in any county specified by section 2000 of this code.

Whenever in this act the term "assessed valuation" or "valuation based on the last assessment roll" is used, said terms shall be construed

as meaning taxable valuation determined as herein provided, not the full and true valuation of property.

History: En. Sec. 1, Ch. 16, Ex. L. 1919.

4392. Cities and towns eligible for county seat. No city, town, or village shall become the temporary or permanent county seat of any county organization under the provisions of sections 4390 to 4407 of this code, or created by an act of the legislative assembly, unless such city or town shall have been incorporated in the manner provided by law, or unless such village shall have been regularly platted and a plat thereof filed in the office of the county clerk and recorder, and there be fifty qualified electors residing within the boundaries of such platted village, and the temporary county seat selected upon the organization of such county shall remain as such county seat until the permanent county seat shall be established as provided by law.

History: En. Sec. 1, Ch. 16, Ex. L. 1919.

4393. Petition for creation of new county—Attached affidavits—Notice and hearing. Whenever it is desired to divide any county or counties and form a new county out of a portion of the territory of such then existing county or counties, a petition shall be presented to the board of county commissioners of the county from which the new county is to be formed, in case said proposed new county is to be formed from but one county, or to the board of county commissioners of the county from which the largest area of territory is proposed to be taken for the formation of such new county, in case said new county is to be formed from portions of two or more existing counties; and such board of county commissioners shall be empowered and have jurisdiction to do and perform all acts provided for to be done or performed in this act, for each of the several counties from which any proposed territory is to be taken, and shall direct that a certified copy of all orders and proceedings had before such board of county commissioners shall be certified by the county clerk to the board of county commissioners of each of the several counties from which any territory is taken by the proposed new county; and all officers of any such county shall comply with the orders of the board of county commissioners, in the same manner as if said order had been duly made by the board of county commissioners of each respective county from which territory is proposed to be taken. Such petition shall be signed by at least fifty-eight per cent. of the qualified electors of the proposed new county, whose names appear on the official registration books and who are shown thereon to have voted at the last general election preceding the presentation of said petition to the board of county commissioners as herein provided; provided, that in cases where the proposed new county is to be formed from portions of two or more counties, separate petition shall be presented from the territory taken from each county; and each of said separate petitions shall be signed by at least fifty-eight per cent. of the qualified electors of each of said proposed portions. Such signatures need not all be appended to one paper, but may be signed to several petitions which must be similar

in form, and when so signed the several petitions may be fastened together and shall be treated and presented as one petition.

Such petition or petitions shall contain:

1. A particular description of the boundaries of the proposed new county.

2. A statement that no line thereof passes within fifteen miles of the court-house situated at the county seat of any county proposed to be divided, except as hereinafter in this act provided.

3. A statement of the assessed valuation of such proposed county as shown by the last preceding assessment, inclusive of all assessed valuation.

4. A statement of the surveyed area in square miles which will remain in the county or counties from which territory is taken to form such new county, after such county is formed, and a statement of the surveyed area in square miles which will be in the new county after formed.

5. The name of the proposed new county.

6. A prayer that such proposed new county be organized into a new county under the provisions of this act.

There shall be attached and filed with said petition or petitions an affidavit of five qualified electors and taxpayers residing with each county sought to be divided, to the effect that they have read said petition and examined the signatures affixed thereto, and they believe that the statements therein are true, and that it is signed by at least fifty-eight per cent. of the qualified electors as herein provided, of the proposed new county, or of the proposed portion thereof, taken from each existing county, where the proposed new county is to be formed from portions of two or more existing counties; that the signatures affixed thereto are genuine; and that each of such persons so signing was a qualified elector of such county therein sought to be divided, at the date of such signing. Such petition or petitions so verified, and the verification thereof, shall be accepted in all proceedings permitted or provided for in this act, as prima facie evidence of the truth of the matters and facts therein set forth. Upon the filing of such petition or petitions and affidavits with the clerk of the said board of county commissioners, said clerk shall forthwith fix a date to hear the proof of the said petitions and of any opponents thereto, which date must be not later than thirty days after the filing of such petition with the clerk of said board. The county clerk shall also, at the same time, designate a newspaper of general circulation published in the old counties, but not within the proposed new county, and also a newspaper of general circulation published within the boundaries of the proposed new county, if there be such, in which the said county clerk shall order and cause to be published, at least once a week for two weeks next preceding the date fixed for such hearing, a notice in substantially the following form:

Notice.

Notice is hereby given that a petition has been presented to the board of county commissioners of.....county (naming the county represented by the board of county commissioners with which said petition was filed), praying for the formation of a new county out of portion of the said.....county and.....county (naming the county

or counties of which it is proposed to form the new county), and that said petition will be heard by the said board of county commissioners at its place of meetings (designating the city or town and the day and hour of the meeting so to be held), and when and where all persons interested may appear and oppose the granting of said petition, and make any objections thereto.

Dated at.....at.....Montana.

....., County Clerk.

Said petitioners shall, on or before the date fixed for said hearing, file with the said board of county commissioners a bond to be approved by said board, in an amount of five thousand dollars, payable to the county in which said petition is filed, conditioned that the obligors named in said bond will pay to said county all expenses incurred in the election provided for in this act, not exceeding the amount specified in said bond, in the event that at the election herein provided for more than forty-two per cent. of the votes cast at said election are "for the new county of.....(naming the proposed new county)," "No."

At the time so fixed for said hearing, the board of county commissioners shall proceed to hear the petitioners and any opponents and protestants upon the petition or protests filed on or before the time fixed for the hearing. No petition or protest or petition for the exclusion of territory shall be considered unless the same is filed at least one day before the time fixed for the hearing, and such petition for the exclusion of territory shall contain the names of not less than fifty per cent. of the qualified electors who are resident property taxpayers of any territory to be excluded. All such territory being excluded must be in one block, and contain an area of not less than thirty-six square miles, and be totally within one county, and contiguous thereto, and the board of county commissioners may adjourn such hearing from time to time, but not for more than ten days after the time fixed for the hearing, and shall receive the proof to establish or controvert the facts set forth in said petition. No withdrawals of signatures to the original petition for the creation of a proposed county shall be filed or considered which have not been filed with the county clerk on or before the date fixed for the hearing. No withdrawals of any signature from the petition for the exclusion of territory shall be received or considered which is not filed within five days after the filing of the petition for such exclusion of territory.

The board of county commissioners, on the final hearing of such petition or petitions, shall, by a resolution entered on its minutes, determine:

1. The boundaries of the proposed new county, and the boundaries so determined by said board of county commissioners shall be the boundaries of such proposed new county, if it be created as herein provided.

2. Whether the said petition contains the genuine signatures of at least fifty-eight per cent. of the qualified electors of the proposed new county as herein required, or in cases where separate petitions are presented from portions of two or more existing counties as herein required, whether each petition is signed by at least fifty-eight per cent. of the qualified electors of that portion of each of such existing counties which it is proposed to take into the proposed new county.

3. Whether any line of the proposed new county passes within fifteen miles of the court-house situate at the county seat of any county proposed to be divided, except as hereinbefore provided.

4. Whether the proposed new county will contain property, according to the last preceding assessment, which will equal in amount at least four million dollars, inclusive of all assessed valuation.

5. Whether the area of any existing county from which territory is taken to form such new county will be reduced to less than twelve hundred square miles of surveyed land, by taking the territory proposed to be taken therefrom to form such new county.

6. Whether the area of the proposed new county will contain at least one thousand square miles of surveyed land to form such new county.

7. The class to which said proposed new county after its creation will belong, and the name of said proposed new county, as stated in such petition.

8. Whether the area embraced within the proposed new county will be reasonably compact.

On final hearing the board of commissioners, upon petition of not less than fifty per cent. of the qualified electors (as shown by the official registration books on the day of the filing of any such petition) of any territory lying within said proposed new county contiguous to the boundary line of the said proposed new county, and of the old county from which such territory is proposed to be taken, and lying entirely within a single old county and described in said petition, asking that said territory be not included within the proposed new county, must make such changes in the proposed boundaries as will exclude such territory from such new county, and shall establish and define such boundaries. On final hearing the board of commissioners, upon petition of not less than fifty per cent. of the qualified electors who are resident property taxpayers of any territory lying outside said proposed new county, and contiguous to the boundary line of said proposed new county, and of the old county or counties from which such territory is proposed to be included, asking that said territory be included within the proposed new county, must make such changes in the proposed boundaries as will include such territory in such new county, and shall establish and define such boundaries; provided, however, that the segregation of such territory from any old county or counties shall not leave such county or counties with less than eight million dollars of assessed valuation, based upon the last assessment-roll; provided, that no change or changes so made shall result in reducing the valuation of the proposed new county to less than an assessed valuation of four million dollars, inclusive of all assessed valuation; and provided, further, that no change shall be made which shall leave the territory so excluded separate and apart from and without the county of which it was formerly a part. Petitions for exclusion shall be disposed of in the order in point of time in which they are filed with the clerk of the board of county commissioners, and on final determination of boundaries no changes in the boundaries

originally proposed shall be made except as prayed for in said petition or petitions, or to correct clerical errors or uncertainties.

History: Sec. 2, Ch. 226, L. 1919.

In computing the number of signatures the petition must bear, the board must take into consideration only those who are qualified electors at the time of the signing of the petition and the number of electors who are shown to have been disqualified must be deducted from the total number residing in the proposed county. State ex rel. Bogy v. Board of County Commrs., 43 Mont. 533, 538, 117 Pac. 1062; State ex rel. Fadness v. Eie, 53 Mont. 138, 145, 162 Pac. 164.

The board of county commissioners, which is intrusted with the duty of passing upon the sufficiency of the petition required to be filed to effect the elimination of certain territory from a proposed new county, must read it in connection with the original petition for the creation of such county; and if thus, by any fair intendment, a description of the territory sought to be eliminated may be arrived at, it is the duty of the board to give the intention of the petitioners full force and effect. State v. Board of Commrs., 44 Mont. 51, 60, 61, 118 Pac. 804.

A board of county commissioners, in passing upon the sufficiency of the petition, is presumed to understand the method pursued by the government in its surveys of public land, and is chargeable with knowledge of the territory included within its own county, as well as its boundaries. State v. Board of Commrs., 44 Mont. 51, 61, 118 Pac. 804.

The petition for an elimination of certain territory from the area included within the boundaries of a proposed new county, must contain a description of the territory sought to be eliminated, and a prayer for the relief demanded. The other facts may be made to appear by evidence upon the hearing, without being specially alleged. State v. Board of Commrs., 44 Mont. 51, 67, 68, 118 Pac. 804.

The fact that a board of county commissioners, in erroneously rejecting a petition seeking the elimination of certain territory from the area of a proposed new county as insufficient, acted in a quasi-judicial capacity, is not any defense to the issuance of mandamus. State v. Board of Commrs., 44 Mont. 51, 70, 118 Pac. 804.

In determining whether a petition for the exclusion of territory from a county proposed to be created was signed by 50 per cent. of the qualified electors therein, the board of county commissioners may resort to whatever competent evidence it has at hand, including the great register of voters. State ex rel. Lang v. Furnish, 48 Mont. 28, 35, 134 Pac. 297.

In the absence of legislative expression to the contrary, signers of a petition may withdraw their names at any time before final action thereon; and the board of county commissioners was in error in refusing to consider withdrawals from petitions theretofore filed asking the exclusion of certain territory from a proposed new county upon the ground that the withdrawals of signatures, though filed before final action, had not been presented until after the date fixed for the hearing. State ex rel. Lang v. Furnish, 48 Mont. 28, 35, 36, 134 Pac. 297.

The burden of establishing the number of qualified electors residing in territory sought to be excluded from a proposed new county is upon the petitioners seeking exclusion, and not upon the proponents of the new county. State ex rel. Lang v. Furnish, 48 Mont. 28, 37, 134 Pac. 297.

A recital in the affidavit verifying a petition for the elimination of certain territory from the area included within the boundaries of a proposed new county, that fifty per cent. of the qualified electors of the territory sought to be withdrawn had signed such petition, was sufficient prima facie showing of that fact. State v. Board of Commrs., 44 Mont. 51, 68, 118 Pac. 804. But this is not so where the petition is unaccompanied by such affidavit, in which case it may not be taken as prima facie evidence of such facts. State ex rel. Lang v. Furnish, 48 Mont. 28, 38, 134 Pac. 297.

The matter of the creation of a new county must be determined on the case as made upon the date fixed for the hearing, save as it may be affected by subsequent withdrawals before final action taken; therefore, protests against its creation, or petitions for the exclusion of territory from within its proposed boundaries filed after the date fixed for the hearings, may not be entertained by the board of county commissioners. State ex rel. Lang v. Furnish, 48 Mont. 28, 38, 39, 134 Pac. 297.

The expression "qualified electors," means persons who possess the necessary constitutional qualifications, and not electors whose names appear on the great register of voters. State ex rel. Lang v. Furnish, 48 Mont. 28, 32, 33, 134 Pac. 297. The decision in this case is rigidly confined to counter-petitions for exclusion, and does not in terms or effect apply to original petitions for the creation of new counties. State ex rel. Wood v. Board of County Commrs., 49 Mont. 165, 167, 140 Pac. 728. See, also, State ex rel. Fadness v. Eie, 53 Mont. 138, 145, 146, 162 Pac. 164.

A counter-petition for the exclusion of territory from a proposed new county must contain the signatures of at least fifty per cent. of the qualified electors resident in the territory sought to be excluded, and

the burden is on the counter-petitioners to show that fact on the hearing. State ex rel. Lang v. Furnish, 48 Mont. 28, 37, 134 Pac. 297; State ex rel. Wood v. Board of County Commrs., 49 Mont. 165, 170, 140 Pac. 728.

A verification to a counter-petition asking for the exclusion of territory sought to be included in a proposed new county, which merely averred that each affiant believed that the counter-petition was signed by at least fifty per cent. of the qualified electors of the territory sought to be excluded, was of no probative value as to the facts alleged. State v. Board of County Commrs., 49 Mont. 165, 170, 171, 140 Pac. 728.

Since the statute does not require the verification of counter-petitions, and does not authorize the acceptance of it as probative, the counter-petitions, though verified, cannot be given any evidentiary value. State v. Board of County Commrs., 49 Mont. 165, 171, 140 Pac. 728; State ex rel. Arthurs v. Board of County Commrs., 44 Mont. 51, 68, 118 Pac. 804, explained by the above case.

A "taxpayer" within the meaning of this section, which requires petitions for the creation of a new county to be verified by five resident taxpayers, is one who owns property within the county and who pays, or is subject to and liable for, a tax. State ex rel. Woodward v. Moulton et al., 57 Mont. 414, 189 Pac. 59.

Id. Where the owner of personalty listed it and paid taxes thereon, failure of the assessor to place his name on the tax-roll, or the fact that the property was mistakenly assessed in the name of a newspaper of which he was the owner, did not have the effect of disqualifying him as a "taxpayer" as above defined.

Id. The requirement that territory sought to be excluded from a proposed new county must be in one block—the word "block" implying solidity or compactness—was not met by a petition describing an irregularly shaped tract distributed over fourteen townships, the exterior boundaries of which ran back and forth, in all directions of the compass, alternately including and excluding small tracts, so threaded together as to preserve its continuity, and including those against the creation of the new county and excluding those favoring it.

Id. The interest of the legislature in enacting the provision that territory sought to be excluded from a proposed new county must be in one block, held to have been that a block should be mapped out, irrespective of the personnel of those residing within it, the majority of the residents thereof to determine whether, as a whole and not as individuals, they go with the new or remain in the old county.

Validity of statute authorizing creation of new county only on ratification by voters within territory affected, see note in Ann. Cas. 1914C, 626.

4394. Duty of commissioners when findings justify new county—Division into township, road, and school districts—Change of boundaries of election precincts—Election—Temporary county seat. If the said board of county commissioners determine that the formation of said proposed new county will not reduce any county from which any territory is taken to an assessed valuation of less than eight million dollars, inclusive of the assessed valuation, nor the area thereof to less than twelve hundred square miles of surveyed land, and that the proposed new county contains property of an assessed valuation of at least four million dollars, inclusive of all assessed valuation, and that the proposed new county has an area of at least one thousand square miles of land, and that no line of said proposed new county passes within fifteen miles of the court-house situate at the county seat of any county proposed to be divided, except as hereinbefore provided, and that said petition contains the genuine signatures of at least fifty-eight per cent. of the qualified electors of the proposed new county, or in cases where separate petitions are presented from portions of two or more existing counties (as herein required), that each of said petitions contain the genuine signatures of at least fifty-eight per cent. of the qualified electors of that portion of the proposed new county from which it is taken, then the said board of county commissioners shall divide the proposed new county into a convenient number of

township, road, and school districts, and define their boundaries and designate the names of such districts. Said board of county commissioners shall also, if necessary for the purpose of the election hereinafter provided for, change the boundaries of the election precincts in said old county or counties to make the same conform to the boundaries of the proposed new county; provided, that the boundary lines of no such precinct shall extend beyond the boundary lines of the then existing county in which it is located, and from which the territory is proposed to be taken; and said board shall appoint election officers to act at said election and to be paid by said board. Within two weeks after its determination of the truth of the allegations of said petition as aforesaid, the said board of county commissioners shall order and give proclamation and notice of an election to be held on a specified day in the territory which is proposed to be taken for the new county, not less than ninety days nor more than one hundred and twenty days thereafter, for the purpose of determining whether such territory shall be established and organized into a new county; and for the election of officers and location of a county seat therefor, in case the vote at such election shall be in favor of the establishment and organization of such new county. All qualified electors residing within the proposed new county who are qualified electors of the county or counties from which territory is taken to form such proposed new county, and who have resided within the limits of the proposed county for a period of more than six months next preceding the day of election, and who are registered under the provisions of the registration laws of the state, shall be entitled to vote at said election. Registration and transfers of registration shall be made and shall close in the manner and at a time provided by law for registration and transfers of registration for a general election in the state of Montana. Such proclamation and notice of election shall be published at least once a week for three weeks before the holding of such election, in some newspaper of general circulation published in the territory which is proposed to be taken for the new county, and a copy thereof shall be mailed immediately by the county clerk of the county in which the petition is filed to the county clerk of each county from which territory is taken for the proposed new county. Such proclamation and notice shall require the voters to cast ballots which shall contain the words, "For the new county of..... (giving the name of the proposed new county)" "Yes," and "For the new county of..... (giving the name of the proposed new county)," "No," and each voter desiring to vote for the establishment and organization of said new county shall mark a cross (X) opposite the words, "For the new county of.....," "Yes," in the manner now required by law in other elections, and each voter desiring to vote against the establishment and organization of said new county shall mark a cross (X) opposite the words, "For the new county of.....," "No," in the manner now required by law in other elections; and shall also contain the names of persons to be voted for to fill the various elective offices designated in said proclamation for counties of the class to which said proposed county will belong, as determined by the board of county commissioners as herein otherwise provided. There shall also be

printed upon said ballot the words, "For the county seat," and the names of all cities or towns which may have filed with the county clerk a petition signed by at least twenty-five qualified electors, nominating any city or town within the proposed new county for the county seat, and the voter shall designate his choice for county seat by marking a cross (X) opposite the name of the city or town for which he desires to cast his ballot. At the special election to be held, as provided in this act, the question of the election of the county seat is hereby provided to be submitted to the qualified electors of the proposed new county, and the majority of all the votes cast therefor shall determine the election thereon. In case any city or town fails to receive a majority of all the votes cast, then the city or town receiving the highest number of all votes cast shall be designated as the temporary county seat, and in case any city or town is not the choice of the election for the county seat by a majority of all the votes cast, the question of choice between the two cities or towns for which the highest number of votes shall have been cast shall be submitted in like manner to the qualified electors at the next general election thereafter. When the county seat shall have been selected as herein provided, it shall not thereafter be changed except in the manner provided by law.

The proclamation calling the election and the notice thereof provided for in this act shall be made and given exclusively by the board of county commissioners with which is filed the said petition for the formation and establishment of such new county, and such board shall cause the clerk of said county to furnish to the officers of each precinct in such proposed new county all ballots, poll list, tally lists, registers for voters' signatures, ballot-boxes, and other election supplies and equipment necessary to conduct such election, and which are not hereinafter specifically directed to be furnished by the clerk of another county or counties. Such election shall be governed and controlled by the general election laws of the state, so far as the same shall be applicable, except as herein otherwise provided. The returns of all elections for the creation of the county, and for officers and for location of the county seat as provided for in this act, shall be made to and canvassed by the board of county commissioners of the county from which the largest area is taken by the proposed county.

The county clerk of each county from which territory is taken for the proposed new county shall, not less than five days before the date of such election, furnish to each board of election within said proposed new county, a copy of the official register for the precincts of such proposed new county as are within their respective counties, and the copies of indexes thereof required by law containing the names of all persons who were qualified electors at the last general election before the date of such election.

All returns of election herein provided for shall be made to the board of county commissioners calling such election.

All nominations of candidates for the office required to be filled at said election shall be made in the manner provided by law for the nomination of candidates by petition.

The provisions of the election laws relating to preparation, printing, and distribution of sample ballots, except the provisions of said laws

relating to primary elections in this state, shall have application to any election provided for in this act.

History: Sec. 3, Ch. 226, L. 1919.

After an order calling an election to determine whether a new county should be created had been made and the board of county commissioners clothed with jurisdiction had adjourned sine die, it was without power to grant a rehearing. State v. Board of County Commrs., 49 Mont. 165, 172, 140 Pac. 728.

4395. Measures to be taken after election—Officers—Effect of adverse vote. If, upon the canvass of the votes cast at such election, it appears that fifty-eight per cent. of the votes cast are "For the new county of .....," "Yes," the board of county commissioners shall, by a resolution entered upon its minutes, declare such territory duly formed and created as a county of this state, of the class to which the same shall belong, under the name of.....county, and that the city or town receiving the highest number of votes cast at said election for county seat shall be the county seat of said county until removed in the manner provided by law, and designating and declaring the person receiving respectively the highest number of votes for the several offices to be filled at said election, to be duly elected to such offices. Said board shall forthwith cause a copy of its said resolution, duly certified, to be filed in the office of the secretary of state, and ninety days from and after the date of such filing said new county shall be deemed to be fully created, and the organization thereof shall be deemed completed, and such officers shall be entitled to enter immediately upon the duties of their respective offices upon qualifying in accordance with law and giving bonds for the faithful performance of their duties, as required by the laws of the state. The clerk of the board of county commissioners with which said petition was filed, as herein provided, must immediately make out and deliver to each of said persons so declared and designated to be elected, a certificate of election authenticated by his signature and the seal of said county. The persons elected members of the board of county commissioners and the county clerk shall immediately, upon receiving their certificates of election, assume the duties of their respective offices.

The board of county commissioners shall have authority to provide a suitable place for the county officers, and to purchase such supplies as may be deemed necessary for the proper conduct of the county government. All other officers take office ninety days after the filing of the resolution herein provided for with the secretary of state. All the officers elected at said election, or appointed under this act, shall hold their offices until the time provided by general law for the election and qualification of such officers in this state, and until their successors are elected and qualified, and for the purpose of determining the term of office of such officers, the years said officers are to hold office are to be computed respectively from and including the first Monday after the first day of January following the last preceding general election. If, however, upon such canvass it appears that more than forty-two per cent. of the votes cast at said election are "For the new county of.....," "No," the board of county commissioners canvassing said vote as provided herein shall pass a resolution in accordance therewith, and thereupon the proceedings relating to division of such county or counties shall cease; and no

other proceedings in relation to any other division of said old county or counties shall be instituted for at least two years after such determination.

History: Sec. 4, Ch. 226, L. 1919.

4396. Officers of new county—Judicial district. At the election provided for in section 4394 of this code, there shall be chosen such county, township, and district officers as are now or may hereafter by general law be provided for in counties of the class to which the said new county is determined to belong, as herein provided; provided, that all duly elected, qualified and acting officers of the county or counties, who may reside within the proposed new county, shall be deemed to be officers of said new county if they file with the board of county commissioners, whose duty it shall be to call the election, within five days after the final hearing and determination of said petition for such proposed new county, their intention to become officers of said proposed new county, and the board of county commissioners issuing the proclamation of any election, as in this act provided, shall omit providing for the election of any such officers as may have filed their declaration as herein provided; and provided, also, that all duly elected, qualified, and acting justices of the peace and constables residing within the proposed new county at the time of the division of such county into townships, as hereinbefore in section 4394 provided, shall hold office as such justices of the peace or constables in said county for the remainder of the term for which they were elected on qualifying as justices of the peace or constables for the respective townships in which they reside, when said townships are organized as provided in this act; provided, further, that all duly elected, qualified, and acting school trustees residing within the proposed new county at the time of the division of such county into school districts, as hereinbefore in section 4394 provided, shall hold office as school trustees in said new county for the remainder of the term for which they were elected on qualifying as school trustees for the respective districts in which they reside, as said districts are organized as provided by this act. Each person elected or appointed to fill an office of such new county under the provisions of this act shall qualify in the manner provided by law for such officers, except as herein otherwise provided, and shall enter upon the discharge of the duties of his office within such time as herein provided, after the receipt of the certificate of his election. Each of such officers may take the oath of office before any officers authorized by the laws of the state of Montana to administer oaths, and the bond of any officer from which a bond is required shall be approved by any judge of the district court of the district to which such new county is attached for judicial purposes. The officers elected or appointed under the provisions of this act shall each perform the duties and receive the compensation now provided by general law for the office to which he has been appointed or elected in the counties of the class to which such new county shall have been determined to belong, as herein provided under the general classification of counties in this state.

Said new county, when created and organized in pursuance of the provisions of this act, shall be attached to such judicial district as may be designated by the governor of the state of Montana, in a proclamation

to be issued by him, designating such new county as attached to the particular judicial district for judicial purposes.

History: En. Sec. 5, Ch. 226, L. 1919.

4397. Commission appointed by governor to adjust indebtedness of old and new counties. It shall be the duty of the persons elected to or continuing to hold the office of county commissioners of said new county to meet at the county seat thereof within five days after all of them shall have qualified, and upon organization of said board of county commissioners it shall notify the governor of the state of the organization of said county, and thereupon it shall be the duty of the governor to appoint three persons, one of whom shall be a resident and a taxpayer within the new county, and no two of whom shall be from any one county; the three persons so appointed shall form and be a board of commissioners. Such commissioners shall, within ten days after the notice of the appointment, meet at the county seat of the new county and organize by electing from their number a chairman, and also elect a secretary who must not be a member of said commission. Thereafter such commission may meet at such place or places as it may select. A majority of such commissioners shall constitute a quorum for the transaction of business. Said commission shall have power to compel by citation or subpoena, signed by their president and secretary, the attendance of such persons and the production of such books and papers before said commission as may be required in the performance of the duties imposed by this act, except that the official records of any county or counties from which said new county was formed shall in no case be taken away from the county seat of said county. It shall be the duty of the sheriff of any county to execute in his county all lawful orders and citations of the said commission; and for any services so performed the sheriff shall be allowed the same fees as are allowed to him for services in civil actions; and all witnesses attending before said commission shall be entitled to the same compensation and mileage as is allowed to witnesses in courts of record; provided, that no witness shall be excused from attendance at the time and place mentioned in said order or citation by reason of the failure of the officer making such service to tender to such witness his fees and mileage in advance.

4398. Determination of amount of indebtedness and value of property—Taxation. Said board of commissioners shall immediately after its organization ascertain the costs of the election held hereunder, and apportion the same pro rata among each of the counties from which territory was taken to form such new county; shall ascertain the indebtedness of each county from which territory was taken to form the new county, as the same existed at the time when the result of the election was declared by the board of county commissioners, as hereinbefore provided, and also ascertain the total value of all property at the time belonging to each of said counties from which territory was taken and situated within the limits of said old counties, respectively. It shall also ascertain the

assessed value of all property in each of the original old counties from which territory was so taken, according to the last completed assessment made for said county, and also the assessed value, under the same assessment, of all property within the territory of the new county which shall have been taken from the old county or counties from which said new county was formed. They shall then find the difference between the amount of the indebtedness of the old county and the value of the property belonging to the old county at the date of the declaration of the result of said election, as hereinbefore provided, and if such indebtedness exceeds the value of such property belonging to the old county, the new county shall pay to the old county a due proportion thereof, to be determined as follows:

"As said assessed value of the property in the old county is to the said assessed value of the property in the territory by this act to be incorporated within the new county from said old county, so is the amount of said excess to the amount to be paid by said new county to said old county."

Said board of commissioners shall certify forthwith to the board of county commissioners of the new county, and the old counties thereby affected, the amount constituting the due proportion of said excess payable by such new county to each of them; also the value of any property belonging to each old county at the time when said division took effect (as hereinbefore provided), which is situated in the new county. The sum of said ascertained value of said last-mentioned property added to the ascertained proportion of said excess which the new county is to pay the old county, and its proportion of the expense of said election as aforesaid, shall be an indebtedness from the new county to the old county, and the said property situated as aforesaid in the new county shall upon settlement therefor, as provided in this act, become the property of the new county; and the old county shall pay the entire indebtedness against it, and the expense of said election shall be paid by the county calling such election, and any other county affected thereby shall pay its proportion thereof, as hereinbefore provided. The proceedings in this section required to be taken in the ascertainment and adjustment of property rights and debts shall be had and taken as between said new county and each of the counties from which territory is taken to form said new county, in the manner and at the ratio in said section provided. If, upon the settlement between the old and the new county as herein provided for, the new county shall be found to be indebted to the old county, or either of the old counties, the money necessary to pay said indebtedness shall be raised by a tax levied upon the property contained in said new county, and said new county shall pay the same; provided, however, that such payment by said new county may be made in not more than three equal annual payments, or by funds to be derived from the sale of bonds of said new county, as may be determined by a resolution of the board of county commissioners of said new county, adopted within one year after the receipt of the statement from the board of commissioners, as aforesaid, of the amount or amounts due from it. If the value of the property belonging to the old county exceeds the indebtedness of the old county,

then the old county shall pay to the new county a due proportion of such excess, which proportion shall be determined by the board of commissioners, and shall be paid by the old county to the new county in the same manner and subject to the same conditions herein provided for payment by the new county to the old county, when the indebtedness of the old county exceeds the value of the property in the old county. In the determination of the value of county property all buildings and their furniture, real estate, road tools, and machinery, and all steel bridges which may have been constructed and in use for a less period than ten years, shall be taken into consideration by the said commissioners.

Delinquent taxes due to the old county against property situated in the new county shall be transcribed in and collected by the new county.

History: Sec. 7, Ch. 226, L. 1919.

Generally speaking, bridges are not such county property as that their value shall enter into consideration in the adjustment of the indebtedness of the old county with the new one. A bridge is to be treated as but a portion of a public highway. State ex rel. Foster v. Ritch, 49 Mont. 155, 156, 157, 140 Pac. 731.

Error committed by a board of commissioners appointed to adjust the indebtedness between an old and a newly created county, which is a function judicial in character, in taking bridges into consideration as county property, constitutes error within jurisdiction not correctible by certiorari, even though provision is not made for an appeal or some other mode of review of the board's action. State ex rel. Furnish v. Mullendore, 53 Mont. 109, 112, 161 Pac. 949.

Mandamus is the proper remedy to compel commissioners appointed to adjust county indebtedness between an old and a new county to reassemble and correctly apportion such indebtedness; the fact of their adjournment being immaterial. Such proceedings should be brought in the name of the county, and not by the board of county commissioners in their official capacity. State ex rel. Furnish v. Mullendore, 53 Mont. 109, 116, 117, 161 Pac. 949.

4399. Compensation and expenses of commissioners. Members of the board of commissioners provided for under this act shall receive a compensation of not to exceed eight dollars per day for every day they are actually employed under the provisions of this act, all of which expenses, together with the reasonable expenses of stationery, postage, and incidental expenses, shall be borne in equal proportions by the counties affected by such division, including said new county, and the amounts payable by each county shall be paid by the treasurers of the respective counties, after the same shall have been presented to and allowed by the board of county commissioners, as is provided by law for claims against any county.

History: Sec. 8, Ch. 226, L. 1919.

4400. Assessment and collection of taxes. After the creation of a new county, as herein provided, its officers shall proceed to complete all proceedings necessary for the assessment or collection of the state and county taxes for the then current year, and all acts and steps theretofore taken by the officers of the old county or counties prior to the creation of the new county shall be deemed and taken as having been performed by the officers of the new county for the benefit of the new county; and upon the creation of the new county it shall be the duty of the officers of the old county or counties to immediately execute and deliver to the board of county commissioners of such new counties copies of all assessments or other proceedings relative to the assessment and collection of the current state and county taxes of property in such new county. Such copies shall

be filed with the respective officers of the new county who would have the custody of the same if the proceedings had been originally had in the new county, and such certified copies shall be taken and deemed as originals and original proceedings in the new county, and all proceedings therein recited shall be taken and deemed as original proceedings in the new county, and shall have the same effect as if the proceedings therein stated had been had at the proper time and in the proper manner by the respective officials of the new county; and the officials of the new county are hereby authorized and directed to proceed thenceforth with the assessment and collection of said taxes as if the proceedings originally had in the old county or counties had been originally had in the new county.

4440. Retention of office by county, township, and district officials—County boundaries. Persons who are, at the date of the rendition of the decree, the county, township, and district officers or officials, and members of the legislative assembly of the county under its former name, shall remain in office and shall thereafter be the county, township, district, and legislative officials of the county under its new name, and as such shall be entitled to the same salaries or compensation during the remainder of their terms of office that they were entitled to receive from the county under its former name. No change of name shall be so construed as to alter or modify the boundaries of the county as the same existed and were established under the former name of the county, but such boundaries shall be and remain the same until changed according to law.

CHAPTER 8.

GENERAL POWERS AND LIMITATIONS UPON COUNTIES.

Section 4441. Every County a Body Corporate.
4442. Powers, How Exercised.
4443. Name and Designation.
4444. Enumeration of Powers.
4445. Restriction on Loaning Credit.
4446. Restriction on Temporary Loans.
4447. Limit of Indebtedness.
4448. Service of Process.
4449. Witnesses and Jurors, Competency of.
4450. No Execution to Issue.
4451. Money Illegally Paid Recovered.

4441. Every county a body corporate. Every county is a body politic and corporate, and as such has the power specified in this code, or in special statutes, and such powers as are necessarily implied from those expressed.

History: En. Sec. 4190, Pol. C. 1895; re-en. Sec. 2870, Rev. C. 1907. Cal. Pol. C. Sec. 4000.

A county is one of the civil divisions of the state for political and judicial purposes, created by the sovereign power of the state of its own will, without the consent of the people who inhabit it. It is quasi-corporate in character, but has only such powers as are expressly provided by law or are necessarily implied by those expressed. State ex rel. Lambert v. Coad, 23 Mont. 131, 137, 57 Pac. 1092; Independent Publishing Co. v. County of Lewis and Clark, 30 Mont. 83, 86, 75 Pac. 860; Yellowstone Co. v. First Trust & Savings Bank, 46 Mont. 439, 450, 128 Pac. 596; Hersey v. Neilson, 47 Mont. 132, 143, 131 Pac. 30 Ann. Cas. 1914C, 963; Edwards v. County of Lewis and Clark, 53 Mont. 359, 365, 165 Pac. 297.

While, in a strict sense, a county is not a municipal corporation, yet, in the sense that it is a body corporate with such powers only as are expressly conferred by the code and special statutes, and such as are necessarily implied from those expressed, it comes within the rules and principles applicable to such corporations. State ex rel. Lambert v. Coad, 23 Mont. 131, 137, 57 Pac. 1092; Morse v. Granite County, 44 Mont. 78, 88, 119 Pac. 286.

A county is a body corporate, but does not possess the powers of local legislation and control which are the distinguishing characteristics of a municipal corporation. Hersey v. Neilson, 47 Mont. 132, 141, 131 Pac. 30 Ann. Cas. 1914C, 963.

A county does not have any powers other than those indicated in this section. Hersey v. Neilson, 47 Mont. 132, 145, 131 Pac. 30 Ann. Cas. 1914C, 963.

Cited or applied as section 2870, Revised Codes, in State ex rel. Furnish v. Mullendore, 53 Mont. 109, 117, 161 Pac. 949.

4442. Powers, how exercised. Its powers can only be exercised by the board of county commissioners, or by agents, and officers acting under their authority, or authority of law.

History: En. Sec. 4191, Pol. C. 1895; re-en. Sec. 2871, Rev. C. 1907. Cal. Pol. C. Sec. 4001.

The powers of a county are exercised by the commissioners, but they are not therefore authorized to bring actions in their official capacity on behalf of the county, in the absence of a provision conferring upon them the right to do so. State ex rel. Furnish v. Mullendore, 53 Mont. 109, 117, 161 Pac. 949.

4443. Name and designation. The name of a county designated in the law creating it is its corporate name, and it must be known and designated thereby in all actions and proceedings touching its corporate rights, property, and duties; but this provision does not prevent county officers, when authorized by law, from suing in their name of office for the benefit of the county.

History: En. Sec. 4192, Pol. C. 1895; re-en. Sec. 2872, Rev. C. 1907. Cal. Pol. C. Sec. 4002.

A county by its corporate name is the proper party to bring "all actions and proceedings touching its corporate rights,

property, and duties"; hence, a mandamus proceeding to compel a board of county commissioners to reapportion an indebtedness between an old county and a new one should be brought in the name of the county; the board itself is not authorized to bring such a proceeding in its own name. State ex rel. Furnish v. Mullendore, 53 Mont. 109, 117, 161 Pac. 949.

4444. Enumeration of powers. It has power:

1. To sue and be sued.
2. To purchase and hold lands within its limits.
3. To make such contracts and purchase and hold such personal property as may be necessary to the exercise of its powers.
4. To make such orders for the disposition or use of its property as the interests of its inhabitants require.
5. To levy and collect such taxes for the purposes under its exclusive jurisdiction as are authorized by this code or by special statutes.

History: En. Sec. 1, p. 498, Bannack Stat.; re-en. Sec. 1, p. 433, Cod. Stat. 1871; re-en. Sec. 335, 5th Div. Rev. Stat. 1879; re-en. Sec. 744, 5th Div. Comp. Stat. 1887; amd. Sec. 4193, Pol. C. 1895; re-en. Sec. 2873, Rev. C. 1907. Cal. Pol. C. Sec. 4003.

Delegation of power of taxation to county authorities, see note in 15 L. R. A. (N. S.) 62.

4445. Restriction on loaning credit. No county must ever give or loan its credit in aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association, or corporation, or become a subscriber to or a shareholder in any company or corporation, or a joint owner with any person, company or corporation.

History: En. Sec. 4194, Pol. C. 1895; re-en. Sec. 2874, Rev. C. 1907. Cal. Pol. C. Sec. 4004.

4446. Restriction on temporary loans. All moneys borrowed by or on behalf of any county must be used only for the purpose specified in the law authorizing the loan.

History: En. Sec. 4195, Pol. C. 1895; re-en. Sec. 2875, Rev. C. 1907. Cal. Pol. C. Sec. 4005.

4447. Limit of indebtedness. No county must become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding five per centum of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness, and all bonds or obligations in excess of such amount given by or on behalf of such county are void. No county must incur any indebtedness or liability for any single purpose to an amount exceeding ten thousand dollars without the approval of a majority of the electors thereof voting at an election to be provided by law.

History: En. Sec. 4196, Pol. C. 1895; re-en. Sec. 2876, Rev. C. 1907.

The issuance by a county of coupon bonds to the extent of one hundred and fifty thousand dollars for the purpose of redeeming outstanding county warrants to that amount is merely a change in the form of a subsisting liability, and not the creation of a new indebtedness or liability, and is, therefore, not within the inhibition of the constitution and laws of the state which provide in effect that counties shall not incur an indebtedness or liability for any single purpose in an amount exceeding ten thousand dollars without the approval of a majority of the electors of the county. Hotchkiss v.

Creation of indebtedness within the meaning of debt-limit provision, see notes in 37 L. R. A. (N. S.) 1058; L. R. A. 1917E, 437.

4448. Service of process. In all legal proceedings against the county, process must be served on the chairman of the board of county commissioners; and whenever an action or proceeding is commenced, it is the duty of the chairman forthwith to notify the county attorney thereof, and to lay before the board of county commissioners, at its next meeting, all the information he may have in regard to such action or proceeding.

History: En. Sec. 4197, Pol. C. 1895; re-en. Sec. 2877, Rev. C. 1907.

4449. Witnesses and jurors, competency of. On the trial of an action in which the county is interested, the inhabitants of such county are competent jurors, if otherwise competent and qualified according to law.

History: En. Sec. 341, 5th Div. Rev. Stat. 1879; re-en. Sec. 750, 5th Div. Comp. Stat. 1887; amd. Sec. 4198, Pol. C. 1895; re-en. Sec. 2878, Rev. C. 1907.

Effect on competency of juror of his residence in county interested in suit, see notes in 6 Ann. Cas. 961; Ann. Cas. 1913A, 120.

4450. No execution to issue. When a judgment is rendered against the county, or against any county officer, in an action prosecuted against him in his name of office, when the same is to be paid by the county, no execution must issue upon the judgment, but the same must be paid as other county charges; and when so collected, must be paid by the county treasurer to the proper person to whom the same is adjudged, upon the delivery of a proper voucher therefor.

History: En. Sec. 342, 5th Div. Rev. Stat. 1879; re-en. Sec. 751, 5th Div. Comp. Stat. 1887; amd. Sec. 4199, Pol. C. 1895; re-en. Sec. 2879, Rev. C. 1907.

Cited as section 4199, Political Code, in Greeley v. Cascade County, 22 Mont. 580, 587, 57 Pac. 274.

4451. Money illegally paid recovered. Whenever any board of county commissioners, without authority of law, orders any money paid as a salary, fees, or for other purposes, and such money has been actually paid, or whenever the county clerk has drawn any warrant or warrants in his own favor, or in favor of any other person, without being authorized thereto by the board of county commissioners, or by the law, and the same has been paid, the county attorney of such county must institute an action in the name of the county against such person or persons to recover the money so paid, and twenty per cent. damage for the use thereof, and no order of the board of county commissioners therefor is necessary in order to maintain such action; when the money has not been paid on such orders, it is the duty of the county attorney to commence an action in the name of the county for restraining the payment of the same; and no order of the board of county commissioners therefor is necessary to maintain such action.

CHAPTER 9.

COUNTY COMMISSIONERS—ORGANIZATION, MEETINGS, AND COMPENSATION.

Section 4452. Board, How Composed.
4453. Member Must Be Elector of County.
4454. Vacancy, How Filled.
4455. Bond of Members of Board.
4456. Chairman of Board—Administration of Oaths.
4457. Special Meetings, How Called.
4458. Meetings and Records Published.
4459. Clerk.
4460. Duties of Clerk.
4461. Duties of Board.
4462. Regular Meetings—Extra Sessions.
4463. Other Meetings.
4464. Compensation of Members of Board.

4452. Board, how composed. Each county must have a board of county commissioners, consisting of three members, whose term of office is four years.

History: En. Sec. 4210, Pol. C. 1895; re-en. Sec. 2881, Rev. C. 1907. Cal. Pol. C. Sec. 4022.

Cited as section 4210, Political Code, in Williams v. Commrs. of Broadwater Co., 28 Mont. 360, 364, 72 Pac. 755.

4453. Member must be elector of county. Each member of a board of county commissioners must be an elector of the county he represents.

History: En. Sec. 4211, Pol. C. 1895; re-en. Sec. 2882, Rev. C. 1907. Cal. Pol. C. Sec. 4023.

4454. Vacancy, how filled. Whenever a vacancy occurs in the board of county commissioners from a failure to elect or otherwise, the district judge or judges in whose district the vacancy occurs must fill the vacancy, and such appointee shall hold office until the next general election.

History: En. Sec. 4212, Pol. C. 1895; re-en. Sec. 2883, Rev. C. 1907; amd. Sec. 1, Ch. 5, L. 1913; amd. Sec. 1, Ch. 28, L. 1921. Cal. Pol. C. Sec. 4026.

The power to fill a vacancy in the office of county commissioner is conferred by the constitution upon the district judge of the district in which the vacancy occurs and the provisions of this section, enacted in pursuance thereof, but such power is ministerial, not judicial, in character. Certiorari does not lie to annul an order filling a vacancy deemed by the judge to exist in that office in a newly created county because of the alleged unconstitutionality of the act under which the office was filled by election, and because the incumbent was holding two other offices regarded by him as incompatible. State ex rel. Dowen v. District Court, 50 Mont. 249, 251, 252, 146 Pac. 467.

Cited as section 1, chapter 5, Laws of 1913, and construed as to constitutionality, in State ex rel. Rowe v. Kehoe, 49 Mont. 582, 586, 144 Pac. 162.

Cited or applied as section 2883, Revised Codes, before amendment, and construed as to constitutionality, in State ex rel. McGowan v. Sedgwick, 46 Mont. 187, 193, 127 Pac. 94.

4455. Bond of members of board. Each person elected or appointed to the office of county commissioner must, before he enters upon the duties of his office, execute and file with the clerk of the district court of the county a bond, as provided in section 466 of this code. It is the duty of the district judge on the first day in each term or session of court, in open court, to examine and inquire into the sufficiency of such bond, and order a new bond if found insufficient, and if found sufficient, his approval must be entered in the minutes of the court.

History: Ap. p. Sec. 917, 5th Div. Comp. Stat. 1887; amd. Sec. 4213, Pol. C. 1895; re-en. Sec. 2884, Rev. C. 1907.

4456. Chairman of board—Administration of oaths. The board of county commissioners must elect one of its members chairman. The chairman must preside at all meetings of the board, and in case of his absence or inability to act, the members present must, by an order, select one of their number to act as chairman temporarily. Any member of the board may administer oaths to any persons concerning any matter submitted to them or connected with their powers or duties.

History: En. Sec. 4214, Pol. C. 1895; re-en. Sec. 2885, Rev. C. 1907. Cal. Pol. C. Sec. 4028.

4457. Special meetings, how called. If at any time after the adjournment of a regular meeting the business of the county requires a meeting of the board, a special meeting may be ordered by a majority of the board. The order must be entered of record, and five days' notice thereof must by the clerk be given to each member not joining in the order. The order must specify the business to be transacted, and none other than that specified must be transacted at such special meeting.

History: En. Sec. 4215, Pol. C. 1895; re-en. Sec. 2886, Rev. C. 1907. Cal. Pol. C. Sec. 4034.

Where the board of county commissioners called a special meeting for the purpose, among other things, of doing "all necessary things in connection with the advertising and sale of" proposed bonds, and at such meeting adopted a formal resolution directing the bonds to issue, the debentures were not void because the call did not specifically state that one of the purposes of the meeting was the making of an order directing them to issue, such purpose being included in the general purpose of the meeting. Morse v. Granite County, 44 Mont. 78, 93, 94, 119 Pac. 286.

The purpose of the requirement of this section, that "the order must specify the business to be transacted, and none other that that specified must be transacted at such meeting," is to give every member of the board the opportunity to be present and take part in the business to be transacted. If he does not care to attend, he has the assurance that the board will not take up any other business than that specified. Morse v. Granite County, 44 Mont. 78, 93, 94, 119 Pac. 286. See Reid v. Lincoln County, 46 Mont. 31, 56, 57, 125 Pac. 429.

4458. Meetings and records published. All meetings of the board must be public, and the books, records, and accounts must be kept at the office of the clerk, open at all times for public inspection, free of charge.

History: En. Sec. 4216, Pol. C. 1895; re-en. Sec. 2887, Rev. C. 1907. Cal. Pol. C. Sec. 4035.

Cited as section 4216, Political Code, in Williams v. Commrs. of Broadwater Co., 28 Mont. 360, 364, 365, 72 Pac. 755.

4459. Clerk. The county clerk is the clerk of the board of county commissioners. The records must be signed by the chairman and the clerk.

History: En. Sec. 4217, Pol. C. 1895; re-en. Sec. 2888, Rev. C. 1907. Cal. Pol. C. Sec. 4029.

4460. Duties of clerk. The clerk of the board must:

1. Record all the proceedings of the board.

2. Make full entries of all its resolutions and decisions on all questions concerning the raising of money for, and the allowance of accounts against the county.

3. Record the vote of each member on any question upon which there is a division, or at the request of any member present.

4. Sign all orders made and warrants issued by order of the board for the payment of money, and certify the same to the county treasurer.

5. Record the reports of the county treasurer of the receipts and disbursements of the county.

6. Preserve and file all accounts acted upon by the board.

7. Preserve and file all petitions and applications for franchises, and record the action of the board thereon.

8. Record all orders levying taxes.

9. Designate upon every account allowed by the board the amount allowed, and he must deliver to any person who may demand it a certified copy of any record in his office, or any account on file therein.

10. As often as a new township is organized, or the boundaries of any township are altered, to immediately make out and transmit to the secretary of state a certified statement of the names and boundaries, and the boundaries of any township altered.

11. Perform all other duties required by law or any rule or order of the board.

History: En. Secs. 32, 33, 35, p. 505, Bannack Stat.; re-en. Secs. 32, 33, 35, p. 439, Cod. Stat. 1871; re-en. Secs. 366, 367, 368, 5th Div. Rev. Stat. 1879; re-en. Secs. 770, 771, 773, 5th Div. Comp. Stat. 1887; amd. Sec. 4218, Pol. C. 1895; re-en. Sec. 2889, Rev. C. 1907. Cal. Pol. C. Sec. 4030.

4461. Duties of board. The board of county commissioners must cause to be kept:

1. A "Minute Book," in which must be recorded all orders and decisions made by them, and the daily proceedings had at all regular and special meetings.

2. A "Road Book," containing all proceedings and adjudications relating to the establishment, maintenance, change, and discontinuance of roads and road districts, or relating to road supervisors and their reports and accounts, as provided in section 2604 (see note) of this code.

3. A "Franchise Book," containing all franchises granted by them, for what purpose, the length of time, and to whom granted, the amount of bond and license tax required.

4. A "Warrant Book," in which must be entered, in the order of drawing, all warrants drawn on the treasury, with their number and reference to the order on the minute book, with the date, amount, on what account, and name of payee.

History: En. Sec. 4219, Pol. C. 1895; re-en. Sec. 2890, Rev. C. 1907. Cal. Pol. C. Sec. 4031.

Note.—The reference to section 2604, supra, is obsolete, the section having been repealed. See section 1622 of this code.

Cited or applied as section 2890, Revised Codes, in Smith v. Zimmer, 45 Mont. 282, 300, 125 Pac. 420.

4462. Regular meetings—Extra sessions. The board of county commissioners, except as may otherwise be required of them, may meet at the county seat of their respective counties on the first Monday of each and every month of the year, for the purpose of allowing bills and attending to any other business that may regularly come before them, and may sit not exceeding three days at each session, except the December session, at which time they may sit not exceeding eight days. But the board may at any time, by giving at least five days' public notice, hold an extra session of not over three

days' duration; provided, that the limitations as to the time of sessions of the board of county commissioners contained in this section shall not apply to counties of the first, second, third or fourth classes.

History: Ap. p. Sec. 380, 5th Div. Rev. Stat. 1879; amd. Sec. 785, 5th Div. Comp. Stat. 1887; amd. Sec. 4220, Pol. C. 1895; re-en. Sec. 2891, Rev. C. 1907; amd. Sec. 1, Ch. 148, L. 1915. Cal. Pol. C. Sec. 4032.

Note.—Chapter 148, Laws of 1915, was in terms repealed by section 20, chapter 225, Laws of 1921; the latter act was "An Act for the General Revision of the Civil and Criminal Practice Acts of Montana," etc. The evident intent of the 1921 act was to repeal chapter 149, Laws of 1915, instead of chapter 148, which relates to a wholly different subject. Whether or not this intent may be judicially declared, the repeal of chapter 148 is believed to be void as not germane to the subject of chapter 225, Laws of 1921.

Cited or applied as section 2891, Revised Codes, before amendment, in Smith v. Zimmer, 45 Mont. 282, 307, 125 Pac. 420.

4463. Other meetings. Such other meetings must be held to canvass election returns, equalize taxation, and other purposes as are prescribed in this code or provided by the board.

History: En. Sec. 4221, Pol. C. 1895; re-en. Sec. 2892, Rev. C. 1907. Cal. Pol. C. Sec. 4033.

4464. Compensation of members of board. Each member of the board of county commissioners is entitled to eight dollars per day for each day's attendance on the sessions of the board, and ten cents per mile for the distance necessarily traveled in going to and returning from the county seat and his place of residence, and no other compensation must be allowed.

History: En. Sec. 347, 5th Div. Rev. Stat. 1879; amd. Sec. 755, 5th Div. Comp. Stat. 1887; amd. Sec. 4222, Pol. C. 1895; re-en. Sec. 2893, Rev. C. 1907.

CHAPTER 10.

GENERAL POWERS OF BOARDS OF COUNTY COMMISSIONERS.

Section 4465. General and Permanent Powers.
4466. Validation of Sales Made Under Subdivision 10 of Preceding Section.

4465. General and permanent powers. The board of county commissioners has jurisdiction and power under such limitations and restrictions as are prescribed by law:

1. To supervise the official conduct of all county officers, and officers of all districts and other subdivisions of the county, charged with assessing, collecting, safe keeping, management, or disbursement of the public revenues; see that they faithfully perform their duties; direct prosecutions for delinquencies; and, when necessary, require them to renew their official bonds, to make reports, and to present their books and accounts for inspection.

2. To divide the counties into township, school, road, and other districts required by law, change the same, and create others as convenience requires.

3. To establish, abolish, and change election precincts, and to appoint judges of election, canvass all election returns, declare the result, and issue certificates thereof.

4. To lay out, maintain, control, and manage public highways, ferries, and bridges, within the county, and levy such tax therefor as required by law; provided, however, that they may, in the exercise of a sound discretion, jointly with other counties, lay out, maintain, control, manage, and improve public highways, ferries, and bridges in adjacent counties, wholly or in such part as may be agreed upon between the boards of county commissioners of the counties concerned, and levy taxes therefor as provided by law.

5. To provide for the care and maintenance of the indigent sick, or the otherwise dependent poor of the county; erect and maintain hospitals therefor, or otherwise provide for the same; and to levy the necessary tax therefor, per capita, not exceeding two dollars, and a tax on property not exceeding one-fifth of one per cent., or either of such levies when both are not required, and to expend not to exceed five per cent. of any such levy for the collection of said tax, or of any part thereof.

6. To provide a farm for the support of the poor of the county, and make regulations for working the same.

7. When there are no necessary county buildings, to provide suitable rooms for county purposes.

8. To purchase, receive by donation, or lease any real or personal property necessary for the use of the county, preserve, take care of, manage, and control the same; but no purchase of real property must be made unless the value of the same has been previously estimated by three disinterested citizens of the county appointed by the district judge for that purpose, and no more than the appraised value must be paid therefor.

9. To cause to be erected and furnished a court-house, jail, hospital, and such other public buildings as may be necessary.

10. To sell at public auction at the court-house door, after thirty days' previous notice, given by publication in a newspaper of the county, or posted in five public places of the county, and convey to the highest bidder, for cash, any property, real or personal, belonging to the county, paying the proceeds into the county treasury for the use of the county.

11. At the regular meetings of the board, to examine and allow the accounts of all officers having the care, management, collection, or disbursement of moneys belonging to the county, or appropriated by law or otherwise for its use and benefit.

Note.—The language of subdivision 27 is retained in this code for the reason that it alludes to the Political Code 1895, instead of to the Political Code 1907. The sections referred to are 4614 to 4635 and 4717 to 4721 of this code.

For a decision concerning the validity of a contract entered into by the board of county commissioners for the care of the poor under former statutes, see Lebcher v. Commrs. of Custer Co., 9 Mont. 315, 23 Pac. 713.

Under the law as it stood in 1892, the commissioners of a county had power to levy a tax on the taxable property of a school district within their county to satisfy a judgment against the trustees of such district, where the funds under the control of such district were insufficient to pay the same, and mandamus was available to compel such levy without a statute expressly authorizing county commissioners to make an assessment for such purpose. State ex rel. Shapley v. Board of Commrs. of Yellowstone Co., 12 Mont., 503, 507, 31 Pac. 78.

A board of county commissioners, is one of limited powers, and must in every instance justify its action by reference to the provisions of law defining and limiting these powers. If, however, there is no question of the existence of the power to do the act proposed, and the mode of its exercise is not pointed out, the board is left free to use its own discretion in selecting the mode it shall adopt or the course it shall pursue, and the result cannot be called in question if the course pursued is reasonably well adapted to the accomplishment of the end proposed. State ex rel. Lambert v. Coad. 23 Mont. 131, 137, 57 Pac. 1092; State ex rel. Gillett v. Cronin, 41 Mont. 293, 295, 109 Pac. 144; Morse v. Granite County, 44 Mont. 78, 89, 119 Pac. 286; Hersey v. Neilson, 47 Mont. 132, 145, 131 Pac. 30 Ann. Cas. 1914C, 963.

A contract with an attorney for his services, entered into by the chairman of the board individually, is not binding on the county, since the commissioners have power to bind the county only where they act as a legal entity. Williams v. Commrs. of Broadwater Co., 28 Mont., 360, 365, 366. 72 Pac. 755.

The board of county commissioners did not have the power to erect and maintain a detention hospital for persons affected with contagious or pestilential diseases, at the expense of the county. Yegen v. Board of County Commrs., 34 Mont. 79, 86, 85 Pac. 740.

A contract made by a board of county commissioners, a few weeks before the expiration of its term of office, and upon the expiration of a prior contract, for county printing for the two succeeding years, is valid in the absence of fraud or bad faith in the making, and is not against public policy. Picket Pub. Co. v. Board of County Commrs., 36 Mont. 188, 194, 195, 92 Pac. 524, 122 Am. St. Rep. 352, 12 Ann. Cas. 986, 13 L. R. A. (N. S.) 1115.

While the board of county commissioners has the power under this section to change the boundaries of a county, or to abolish a township altogether, a due regard for other provisions of the code requires that its authority in this respect be limited to the extent that there must always be at least two townships in each county, and in abolishing all but one township in a county it acts in excess of its jurisdiction. State ex rel. Gillett v. Cronin, 41 Mont. 293, 296, 109 Pac. 144.

The eighth subdivision of this section, relative to the manner of purchasing real estate, applies to a bridge. State ex rel. Donlan v. Board of Commrs., 49 Mont. 517, 523, 143 Pac. 984.

This section refers to an outright purchase of property for county purposes, but it has no application to the acquisition of a right of way under the general highway law. Flynn v. Beaverhead County, 54 Mont. 309, 314, 170 Pac. 13.

The word "accounts" used in this section must be understood in a broad, generic sense, and as including any right to or claim for money which is due and payable from the county treasury. State ex rel. Dolin v. Major, 58 Mont. 140, 148, 192 Pac. 618.

Cited or applied as section 2894, Revised Codes, before amendment, in State ex rel. Stuewe v. Hindson, 44 Mont. 429, 439, 120 Pac. 485; Reid v. Lincoln County, 46 Mont. 31, 64, 125 Pac. 429; State ex rel. Hillis v. Sullivan, 48 Mont. 320, 324, 137 Pac. 392; State v. Story, 53 Mont. 573, 581, 165 Pac. 748.

4466. Validation of sales made under subdivision 10 of preceding section. All sales heretofore made of real property owned in fee simple by any county in this state, by the board of county commissioners of any

county, the validity of which may be in doubt or involved by reason of the failure of the board of county commissioners to comply with the provisions of subdivision 10 of the preceding section, are hereby legalized and declared to be valid and binding sales, and all deeds or conveyances heretofore executed by any board of county commissioners, or by its chairman duly authorized by said board, for and on behalf of any county, transferring and conveying any such real property so sold, are hereby legalized and declared to be valid, and vesting the title of the property so conveyed in the purchaser named in such conveyance in fee simple.

4525. Care of county poor—Letting of contracts by commissioners. The board must, at its regular session in September, 1909, and at each regular September session thereafter, immediately preceding the expiration of any contract previously made for the care, support, and maintenance of the county poor, make an order directing the clerk of the board to publish a notice in a newspaper inviting sealed proposals for the care, support, and maintenance of the indigent sick, poor, and infirm of the county, per capita, by the week, for a period of not less than one nor more than two years, said proposals to include the entire cost of feeding, clothing, and nursing of the indigent sick, poor, and infirm, and the burial expenses. The notice must be published in a newspaper printed in the county for four successive weeks, at least once a week.

The several provisions of the statute, relating to the care of county charges, are to be construed together. State ex rel. Stuewe v. Hindson, 44 Mont. 429, 439, 120 Pac. 485.

There is a manifest contradiction of terms in this section, but, when read in connection with section 4526, it is evident that it was the intention of the legislature that bids should be asked for one year only, and that any contract made by the board of county commissioners for the care of the poor should run but one year. State ex rel. Stuewe v. Hindson, 44 Mont. 429, 441, 120 Pac. 485.

Liability of municipality for medical attendance furnished pauper, see note in Ann. Cas. 1916D, 183.

4526. Contract for care of poor and infirm. The proposal must be addressed to the clerk of the board, and the board must annually, at their September session, award the contract for the care, support, and maintenance of the sick, poor, and infirm of the county to the lowest responsible bidder for the ensuing year; provided, however, that in a county owning a county poor-farm, with suitable buildings of sufficient size to care for the indigent sick, poor, and infirm of such county, the county commissioners of such county may employ some suitable person as superintendent of such poor-farm, and the county may maintain the said indigent sick, poor, and infirm at said farm at the expense of such county. Such superintendent shall at all times be under the control of and subject to the orders of the board of county commissioners, and may be removed by them at any time.

For a decision concerning the validity of a contract entered into by the board of county commissioners for the care of the poor under former statutes, see Lebcher v. Commrs. of Custer Co., 9 Mont. 315, 23 Pac. 713.

The board of county commissioners having the power, under section 4528, to reject all bids, no absolute duty is imposed upon it to accept the lowest responsible bid,

and hence mandamus does not lie, either at the suit of an unsuccessful bidder or a taxpayer, to coerce the board to let the contract to the lowest responsible bidder. State ex rel. Stuewe v. Hindson, 44 Mont. 429, 440, 120 Pac. 485.

The letting of contracts to the lowest bidder is for the benefit of the public; the provision requiring it does not confer any right upon the lowest bidder as such; but an unsuccessful bidder may, as a taxpayer, invoke the aid of a court, by mandamus, to compel action by the board, where it has failed to act. State ex rel. Stuewe v. Hindson, 44 Mont. 429, 440, 120 Pac. 485.

In advertising for bids for two years, and in assuming to let a contract to the highest bidder, the board exceeds its authority: State ex rel. Stuewe v. Hindson, 44 Mont. 429, 441, 120 Pac. 485.

A contract fraudulently let is a nullity. State ex rel. Stuewe v. Hindson, 44 Mont. 429, 441, 120 Pac. 485.

4527. Contract for medicines and medical attendance. The board must annually, at their December meeting, make a contract with some resident practising physician to furnish medical attendance to the sick, poor, and infirm of the county, and to the inmates of the county jail, and must also make provision for the furnishing of medicine to the same; provided, however, that the board may let such contract for the furnishing of medical attendance to the physician appointed by such board as county health officer, and may fix a salary or other rate of compensation to be paid to such county health officer for the furnishing of such medical attendance, which salary or other compensation shall be in addition to the salary of such physician as county health officer.

4528. Board may reject any bid. The board may reject the bid of and refuse to contract with any person whom they deem unsuitable as a contractor under the next three preceding sections.

History: En. Sec. 3207, Pol. C. 1895; re-en. Sec. 2057, Rev. C. 1907. See also history of Sec. 4521.

The authority of the board to reject all bids is necessarily implied; and, if the situation warrants it, the board may readvertise. State ex rel. Stuewe v. Hindson, 44 Mont. 429, 440, 120 Pac. 485.

4529. Bond of contractor—Duty of physician to examine and notify contractor. Any person with whom any such contract is made must execute a bond to the state in a sum not less than one thousand nor more than five thousand dollars, with two or more sureties, conditioned for the faithful performance of his contract; said bond to be approved by and filed with the chairman of the board. It is the duty of the physician with whom the contract for medical attendance is made to examine each week any person who is a charge upon the county, and if, after such examination, he is satisfied that such person is able to support and maintain himself, he must so notify the contractor having the person in charge, by leaving with the contractor a notice of the fact that such person requires no further medical attendance, and file a duplicate thereof with the clerk of the board. After the serving of said notice and filing the duplicate thereof with the clerk, the person mentioned therein ceases to be a charge upon the county.

being made, give assistance to such person as is necessary, and if the person dies, the board must give him a decent burial, and make allowance for the expenses incurred and order the same to be paid out of the county treasury.

History: Sec. 2059, Rev. C. 1907. See also history of Sec. 4521.

4531. Application of persons seeking relief. Any person seeking relief must make application to any member of the board, who, before granting an order for relief, must require satisfactory evidence that he has been a resident of the county for two months immediately preceding the day upon which the application is made.

History: Sec. 2060, Rev. C. 1907. See also history of Sec. 4521.

4532. Persons belonging to another county to be removed. When application is made, if it appears to the satisfaction of the board that the person applying has resided in the county for two months, he is entitled to the relief provided by this chapter; but if on examination it appears that the applicant is a resident of some other county of the state, the board must, at the expense of the county, cause him to be removed to the county of which he is a resident.

History: Sec. 2061, Rev. C. 1907. See also history of Sec. 4521.

4533. Non-residents furnished temporary relief. Persons who have not been residents of a county two months may be furnished relief by the commissioners in cases of extreme necessity and destitution.

4534. Poor-farm and workhouse. The board may purchase, improve, and keep in repair a tract of land not exceeding one hundred and sixty acres, to be known as a poor-farm, and to erect thereon suitable workhouses for the use, health, and employment of all persons as are a county charge, and the poor-farm, with the workhouses and the persons who are a county charge, must be under such rules and regulations as the board orders. It may also provide for the care, support, and maintenance of the sick, poor, and infirm of the county upon the poor-farm.

History: Sec. 2063, Rev. C. 1907. See also history of Sec. 4521.

4535. Surplus moneys in poor fund. Any surplus that may accumulate in the poor fund of the county may be set apart and applied to the purposes of the next preceding section.

The library building shall be under the general supervision and care of the county librarian. The county librarian shall be allowed actual and necessary traveling expenses incurred in the business of the office, and such compensation as the board of county commissioners may fix. Each claim against the county free library fund shall be authorized and approved by the county librarian, or in his absence from the county, by his assistant. History: En. Sec. 7, Ch. 45, L. 1915.

4570. School libraries as branches of county library. Whenever the county in which a school district library is situated shall maintain a county free library, the board of school trustees or city board of education may agree with the proper authorities of such county to make the school district library a branch of such county library. In this event this board of school trustees or city board of education shall turn over the books to the county free library, and shall annually transfer to such county free library

its library fund, as soon as it is available, to be kept and expended as other funds of such county library. The said county free library shall thereupon have such district library managed and maintained according to the rules and regulations established by the authorities of the county free library.

History: En. Sec. 8, Ch. 45, L. 1915.

At least once a week for four successive weeks prior to taking such action, the board of county commissioners shall publish, in a newspaper designated by them and published in the county, notice of such contemplated action, giving therein the date and place of meeting for a public hearing at which contemplated action is proposed to be taken; provided, that an interval of three months shall elapse between such action and the disestablishment.

History: En. Sec. 10, Ch. 45, L. 1915.

4573. How libraries of city or town may assume functions of county library. Instead of establishing a separate county free library, the board of county commissioners may enter into a contract with the board of library trustees, or other authority in charge of the free public library of any incorporated city or town, and the board of library trustees, or other authority in charge of such free public library, is hereby authorized to make such a contract. Such contract may provide that the free public library of such incorporated city or town shall assume the functions of a county free library within the county with which such contract is made, and the board of county commissioners may agree to pay out of the county free library fund into the library fund of such incorporated city or town such sum as may be agreed upon. Either party to such contract may terminate the same by giving six months' notice of intention to do so.

History: En. Sec. 1, Ch. 147, L. 1921.

Note.—The first act regulating creation of rural improvement districts was chapter 123, Laws of 1915; this was superseded by chapter 156, Laws of 1917, which was amended by chapter 67, Laws of 1919; all the above acts were repealed by chapter 147, Laws of 1921.

4575. Resolution of intention—Publication, mailing and notice. Before creating any special improvement district for the purpose of making any of the improvements, acquiring any private property for any purpose authorized by this act, the board of county commissioners shall pass a resolution of intention so to do, which resolution shall designate the number of such district, describe the boundaries thereof, and state therein the general character of the improvements which are to be made, designate the name of the engineer who is to have charge of the work, and an approxi-

mate estimate of the cost thereof. Upon having passed such a resolution the board of county commissioners must give notice of the passage of such resolution of intention, which notice must be published for ten consecutive days in a daily newspaper or in two issues of a weekly newspaper published nearest to the place where such improvement district is to be created, and shall also cause to be posted within the boundaries of such special improvement district, a copy of such notice in three public places, and a copy of such notice shall be mailed to every person, firm or corporation, or the agent of such person, firm or corporation owning property within the proposed district, at his last known place of residence upon the same day such notice is first published or posted.

Such notice must describe the general character of the improvement, or improvements, so proposed to be made, state the estimated cost thereof, and designate the time when, and the place where, the board of county commissioners will hear and pass upon all protests that may be made against the making or maintenance of such improvements, or the creation of such district, and the said notice shall refer to the resolution on file in the office of the county clerk for the description of the boundaries.

History: En. Sec. 2, Ch. 147, L. 1921. See also note to Sec. 4574.

4576. Extension of district where cost exceeds one-half assessed valuation of property. Whenever a contemplated work, or improvement, in the opinion of the board of county commissioners, is of more than local or ordinary public benefit, or whenever according to the estimates furnished by the county surveyor or an engineer approved by the board of county commissioners and designated in the petition, the total estimated cost and expenses thereof would exceed one-half of the total assessed value of the lots and lands assessed, if assessed upon the lots and lands fronting upon such proposed work or improvement according to the valuation fixed by the last assessment-roll, whereon it was assessed for taxes, the board of county commissioners may make the expense of such work chargeable upon the extended district, and which may include other lots and lands not fronting on the improvement, and which the said board of county commissioners shall in its resolution of intention declare to be the district benefited by said work or improvements, and to be assessed to pay the cost and expense thereof.

History: En. Sec. 3, Ch. 147, L. 1921. See also note to Sec. 4574.

4577. Protests against creation or extension of district—Hearing. At any time within fifteen days after the date of the first publication of the notice of the passage of the resolution of intention, any owner of property liable to be assessed for said work may make written protest against the proposed work or against the extending or creation of the district to be assessed, or both. Such protest must be in writing and be delivered to the county clerk, who shall endorse thereon the date of its receipt by him. At the next regular meeting of the board of county commissioners, after the expiration of the time within which said protest may be so made, the board of county commissioners shall proceed to hear and pass upon all protests so made, and its decision shall be final and conclusive; provided, however, that when the protest is against the proposed work and the cost thereof

is to be assessed upon the property fronting thereon, and the board of county commissioners finds that such protest is made by the owners of more than fifty per cent of the area fronting on the proposed work, or when the protest is against the proposed work and the cost thereof is to be assessed upon the property within the extended district, and the board of county commissioners finds that such protest is made by the owners of more than one-half of the area of the property to be assessed for such improvements, no further proceedings shall be taken for a period of six months from the date when said protest was received by the said county clerk, except in case the improvements are the construction of sanitary sewers, when the said protests may be overruled by a unanimous vote of the board of county commissioners. In determining whether or not sufficient protests have been filed in the proposed district to prevent further proceedings therein, property owned by the county shall be considered the same as other property in the district. The board of county commissioners may adjourn said hearing from time to time.

History: En. Sec. 4, Ch. 147, L. 1921. See also note to Sec. 4574.

4578. Jurisdiction attaches, when—Resolution creating district. When no protests have been delivered to the county clerk within fifteen days after the date of the first publication of the notice of the passing of the resolution of intention, or when a protest shall have been found by said board of county commissioners to be insufficient, or shall have been overruled, or when a protest against the extending of the proposed district shall have been heard and denied, immediately thereupon the board of county commissioners shall be deemed to have acquired jurisdiction to order improvements, but before ordering any of the said proposed improvements, the board of county commissioners shall pass a resolution creating the said special improvement district in accordance with the resolution of intention theretofore introduced and passed by the board of county commissioners.

History: En. Sec. 5, Ch. 147, L. 1921. See also note to Sec. 4574.

4579. Sufficiency of subsequent resolutions, etc. In all resolutions, notices, orders and determinations subsequent to the resolution of intention and notice of improvements it shall be sufficient to briefly describe the work or the assessment district, or both, and to refer to the resolution of intention for further particulars.

History: En. Sec. 6, Ch. 147, L. 1921. See also note to Sec. 4574.

4580. Notice inviting proposals—Publication and posting—Opening bids—Re-advertisement. A notice inviting proposals and referring to specifications on file with the engineer selected as hereinbefore provided, shall be published at least twice in a daily, semi-weekly or weekly newspaper published and circulated nearest to the boundaries of the said proposed improvement district, and which paper shall be designated by the board of county commissioners for that purpose, and a copy of said notice shall be posted in at least three public places within the boundaries of the proposed district.

The board of county commissioners may call for bids for proposals for several kinds or types of materials for any of the improvements proposed, reserving the right to select the kind of type or materials to be used in

making any or all of said improvements after the bids or proposals therefor shall have been opened, examined and declared.

4607. Claims in Favor of County Commissioners.
4608. Payment of Claims Incurred in Counties of the First Class.
4609. Account Must Be Filed Prior to Session.
4610. Appeals.
4611. Duty of Clerks on Appeals.
4612. Warrants, Specification, Presentation, and Payment.
4613. Annual Examination of Warrants by Board.

4604. County officer not to present certain claims against county. No county officer must, except for his own service, present any claim, account, or demand for allowance against the county, nor in any way advocate the relief asked on the claim or demand made by another. Any citizen and taxpayer of the county in which he resides may appear before the board and oppose the allowance of any claim or demand made against the county.

History: En. Sec. 4285, Pol. C. 1895; re-en. Sec. 2944, Rev. C. 1907. Cal. Pol. C. Sec. 4071.

4605. All claims must be itemized. No account must be allowed by the board unless the same is made out in separate items, the nature of each item stated, and is verified by affidavit showing that the account is just and wholly unpaid; and if it is for official services for which no specified fees are fixed by law, the time actually and necessarily devoted to such service must be stated. Every claim against the county must be presented within a year after the last item accrued.

History: Ap. p. Sec. 23, p. 503, Bannack Stat.; re-en. Sec. 23, p. 437, Cod. Stat. 1871; amd. Sec. 1, p. 63, L. 1874; re-en. Sec. 357, 5th Div. Rev. Stat. 1879; re-en. Sec. 762, 5th Div. Comp. Stat. 1887; amd. Sec. 4286, Pol. C. 1895; re-en. Sec. 2945, Rev. C. 1907. Cal. Pol. C. Sec. 4072.

A complaint in an action against a county to recover witness fees, which failed to allege that the claim had been presented under oath to the county, in separate items, with the nature of each item stated, was held to be defective. First Nat. Bank v. Custer County, 7 Mont. 464, 472, 17 Pac. 551.

A claim against a county for the repayment of taxes paid under protest was an "account" within the meaning of a section similar to the above. Powder River Cattle Co. v. Commrs. of Custer County, 9 Mont. 145, 152, 153, 22 Pac. 383.

The presentation of a claim to the board of county commissioners is a condition precedent to the commencement of an action against the county for its recovery. Powder River Cattle Co. v. Commrs. of Custer County, 9 Mont. 145, 152, 22 Pac. 383; Greeley v. Cascade County, 22 Mont. 580, 588, 57 Pac. 274. See also First Nat. Bank of Billings v. Custer County, 7 Mont. 464, 472, 17 Pac. 551.

A section similar to the above was held not to apply to the claim of a surveyor for services performed by virtue of his employment under the terms of a special act creating a boundary commission for the survey of the boundaries of certain counties, and empowering such commission to ascertain the expenses incurred in such survey, and to certify to and file with the county clerks of their respective counties the amount thereof. Kornburg v. Commrs. Deer Lodge Co., 10 Mont. 325, 329, 25 Pac. 1041.

A person who serves as a member of a sheriff's posse in obedience to a law requiring him to do so, cannot recover from the county for expenses or services rendered, in the absence of an express or implied provision of law authorizing payment therefor. Sears v. Gallatin County, 20 Mont. 462, 465, 52 Pac. 204, 40 L. R. A. 405. See State ex rel. McGrade v. District Court, 52 Mont. 371, 376, 157 Pac. 1157.

The subject-matter of an action against a county by which it was sought to obtain compensation for land taken for road purposes under an agreement, the consideration for which failed, is not a "claim" against the county, within the meaning of this section, an action on which is barred if not brought within one year after its accrual. Flynn v. Beaverhead County, 54 Mont. 309, 314, 170 Pac. 13.

Cited or applied as section 2945, Revised Codes, in State v. Story, 53 Mont. 573, 582, 165 Pac. 748; State ex rel. Dolin v. Major, 58 Mont. 140, 146, 192 Pac. 618.

4606. In what transactions commissioners not to be interested. No member of the board must be interested, directly or indirectly, in any property purchased for the use of the county, nor in any purchase or sale of property belonging to the county, nor in any contract made by the board or other person on behalf of the county, for the erection of public buildings, the opening or improvement of roads, or the building of bridges, or the purchasing of supplies, or for any other purpose.

History: En. Sec. 4292, Pol. C. 1895; re-en. Sec. 2951, Rev. C. 1907. Cal. Pol. C. Sec. 4077.

4607. Claims in favor of county commissioners. All claims against the county presented by members of the board for per diem and mileage, or other service rendered by them, must be verified as other claims, and must state that the service has been actually rendered.

History: En. Sec. 4293, Pol. C. 1895; re-en. Sec. 2952, Rev. C. 1907. Cal. Pol. C. Sec. 4082.

This section is a mere prescription, touching the manner in which commissioners' claims for compensation shall be formulated, and is designed in connection with section 4605 to enable the board to determine in the first instance whether it will even consider the claim. The effect of the section is not to authorize compensation to county commissioners, for attending to business of the county other than meetings of the board, and inspecting and overseeing road work, without a previous order of the board, charges for which services are otherwise illegal. State v. Story, 53 Mont. 573, 582, 583, 165 Pac. 748.

4608. Payment of claims incurred in counties of the first class. The board of county commissioners in any county of the first class may, in its discretion, allow any claims for services rendered or labor performed for or on behalf of the county by any person at the request of any county officer, whether or not such county officer was empowered or authorized to secure, obtain, or contract for the rendition of any such service rendered or labor performed, where the person holding such claim has presented the same in due time in the manner provided by law, prior to the passage of this act; provided, that such claims shall not exceed the sum of two hundred and fifty dollars for any one year.

History: En. Sec. 1, Ch. 88, L. 1911.

4609. Account must be filed prior to session. No account must be necessarily passed upon by the board, unless made out as prescribed in the preceding section and filed by the clerk prior to the session at which it is asked to be heard.

History: En. Sec. 4287, Pol. C. 1895; re-en. Sec. 2946, Rev. C. 1907. Cal. Pol. C. Sec. 4073.

4610. Appeals. Whenever a claim against a county is disallowed in whole or in part, or when any taxpayer of the county is not satisfied with any allowance made by the board, the claimant or such taxpayer may appeal from the decision of the board to the district court for the county, by causing a written notice of appeal to be served on the clerk of the board, within thirty days after the making of the decision or allowance, and executing a bond to the county, with surety to be approved by the clerk of the board, conditioned to prosecute such appeal to effect and to pay all costs that may be adjudged against the appellant.

History: Ap. p. Sec. 25, p. 503, Bannack Stat.; re-en. Sec. 25, p. 437, Cod. Stat. 1871; amd. Sec. 2, p. 63, L. 1874; re-en. Sec. 359, 5th Div. Rev. Stat. 1879; re-en. Sec. 764, 5th Div. Comp. Stat. 1887; amd. Sec. 4288, Pol. C. 1895; re-en. Sec. 2947, Rev. C. 1907. Cal. Pol. C. Sec. 4075.

Where a taxpayer took an appeal to the district court from an allowance by a board of county commissioners of a claim against a county under a statute similar to the above, and thereafter a judgment by default was rendered by such court upon the failure of the board to appear, adjudging such claim illegal and setting aside the allowance of the same, without a trial or inquiry of any character respecting its merits, such judgment was unauthorized and constituted no defense to an application for a writ of mandamus to compel the payment by the county treasurer of a warrant issued in payment of such claim. State ex rel. Cope v. Minar, 13 Mont. 1, 4, 31 Pac. 723.

On an appeal by a taxpayer from the allowance by the commissioners of a claim against the county under a similar statute, service of the notice of appeal upon the claimant whose bill was allowed was not considered necessary to give the district court jurisdiction, but it was the duty of the court, after acquiring jurisdiction, to give the claimant notice of the pendency of the case and an opportunity to be heard before rendering judgment. Twohy v. Board of Commrs. of Granite County, 17 Mont. 461, 464, 43 Pac. 494.

Where an appeal was taken by a taxpayer from the allowance by the commissioners of a bill against the county, and a notice of appeal was served upon the county clerk, and the clerk thereupon transmitted the proceedings in the case, with the copy of the notice of appeal, to the district court, all of which was done under statutes similar to those now in force, it was held that the clerk thereby waived any irregularity or insufficiency of the service of the notice. Twohy v. Board of Commrs. of Granite County, 17 Mont. 461, 463, 43 Pac. 494.

An appeal may be taken by a taxpayer from one or more items of a claim against the county allowed by the commissioners, without appealing from the whole of the allowance. Twohy v. Board of Commrs. of Granite County, 17 Mont. 461, 464, 43 Pac. 494.

A claimant against a county has the right to maintain an independent action on a claim rejected by the board of commissioners in view of section 9035. Greeley v. Cascade County, 22 Mont. 580, 586, 57 Pac. 274.

In the case of claims against counties, the claimant, or the objecting taxpayer, and the county are the real parties in interest, and therefore adversary parties. State ex rel. Hackshaw v. District Court, 48 Mont. 477, 480, 138 Pac. 1100.

On appeal from an order of the board of county commissioners allowing or disallowing a claim under this and the following section, the parties are the county and the claimant, or, in a taxpayer's suit, the county and the objecting taxpayer. Albers v. Barnett, 53 Mont. 71, 79, 161 Pac. 518.

When the auditor has disapproved a claim, the board must disallow it so that the claimant may proceed to enforce it against the county by appeal to the district court. State ex rel. Dolin v. Major, 58 Mont. 140, 151, 192 Pac. 618.

Cited or applied as section 4288, Political Code, in Independent Publishing Co. v. County of Lewis and Clark, 30 Mont. 83, 84, 75 Pac. 860; as section 2947, Revised Codes, in State ex rel. Hackshaw v. District Court, 48 Mont. 477, 480, 138 Pac. 1100; Thien v. Wiltse, 49 Mont. 189, 194, 141 Pac. 146.

4611. Duty of clerk on appeals. The clerk of the board, upon an appeal being taken, must immediately give notice thereof to the county attorney and must make out a return of the proceedings in the matter before the board, with its decision thereon, and file the same, together with the bond and all the papers therein in his possession, with the clerk of the district court; and such appeal must be entered, tried, and determined the same as appeals from justices' courts, and costs are awarded in like manner.

History: Ap. p. Sec. 26, p. 504, Bannack Stat.; re-en. Sec. 26, p. 437, Cod. Stat. 1871; re-en. Sec. 360, 5th Div. Rev. Stat. 1879; re-en. Sec. 765, 5th Div. Comp. Stat. 1887; amd. Sec. 4289, Pol. C. 1895; re-en. Sec. 2948, Rev. C. 1907.

Appeals from actions of boards of county commissioners are prosecuted and tried like appeals from a justice of the peace. State ex rel. Seres v. District Court; 19 Mont. 501, 504, 48 Pac. 1104.

The language of the last clause of this section can mean no more than that the court may try de novo the question whether the action of the board in its allowance or disallowance was correct, and so declare. The board is not a court, and its action is not tantamount to a judgment. Its refusal to allow a claim is not conclusive, even though the claimant does not appeal. Greeley v. Cascade County, 22 Mont. 580, 586, 57 Pac. 274; Albers v. Barnett, 53 Mont. 71, 80, 161 Pac. 518.

The jurisdiction of the district court on appeal from an order made by county commissioners allowing or disallowing a claim against the county is limited to the determination of the question whether the action of the board was correct and to a declaration affirming or reversing it, with a judgment for costs. Albers v. Barnett, 53 Mont. 71, 80, 161 Pac. 518.

4612. Warrants—Specification—Presentation and payment. Warrants drawn by order of the board on the county treasurer for the current expenses during each year must specify the liability for which they are drawn and when they accrued, and must be paid in the order of presentation to the treasurer. If the fund is insufficient to pay any warrant, it must be registered and thereafter paid in the order of its registration.

History: En. Sec. 4290, Pol. C. 1895; re-en. Sec. 2949, Rev. C. 1907. Cal. Pol. C. Sec. 4076.

An action cannot be maintained against a county on a county warrant. Greeley v. Cascade County, 22 Mont. 580, 588, 57 Pac. 274.

Constitutionality as to pre-existing warrants of statute making validity of warrants dependent on registration, see note in 5 Ann. Cas. 259.

4613. Annual examination of warrants by board. The board, at its annual March session, or oftener if necessary, must examine the county warrants returned by the county treasurer, by comparing each warrant with the record of warrants issued in the county clerk's office. The board must cause to be entered on said record, opposite to the entry of each warrant issued, the date when the same was canceled; and make a list of the warrants so canceled, specifying the number, date, amount, and the person to whom the same was payable, and enter the same on the minutes of the board. The board must cause to be canceled all county warrants that have remained one year or more uncalled for in the county clerk's office, the same to be canceled in the same manner as other county warrants. At the same time the county treasurer must deliver to the board all warrants or vouchers that he may have in his possession for moneys disbursed by him as treasurer, and the clerk must receipt for the same.

History: Ap. p. Sec. 28, p. 504, Bannack Stat.; amd. Sec. 28, p. 438, Cod. Stat. 1871; re-en. Sec. 362, 5th Div. Rev. Stat. 1879; re-en. Sec. 767, 5th Div. Comp. Stat. 1887; amd. Sec. 4291, Pol. C. 1895; re-en. Sec. 2950, Rev. C. 1907.

4631. County Commissioners to Transfer Funds.
4632. Contingent Fund—How Made.
4633. Surplus of Contingent Fund.

4638. Validation of Highway Elections and Bonds.
4639. Preceding Section Not Applicable to Actions to Test Validity of Proceedings.

4614. Refunding bonds. The board of county commissioners of any county is hereby vested with the power and authority to issue and negotiate, on the credit of the county, coupon bonds to an amount sufficient to enable the county to redeem all legal outstanding bonds, warrants, or orders; or for the purchase of necessary public building sites, and for the construction of necessary public buildings, public highways, and bridges, and for the ordinary and necessary expenses of the county authorized by the general laws of this state, and also for the purpose of enabling any county to liquidate its indebtedness to another county incident to the creation of a new county, or the change of any county boundary lines, not exceeding in the aggregate, including outstanding bonded indebtedness, five per cent. of the value of the taxable property within such county, to be ascertained by the last assessment for state and county taxes previous to issuing such bonds. Such bonds are redeemable and payable at such time not longer than twenty years after the date thereof, as the board determines, and the interest which such bonds bear must be fixed by the board, not exceeding six per cent. per annum, and be represented by interest coupons payable semiannually on the first days of January and July of each year.

History: Ap. p. Sec. 808, 5th Div. Comp. Stat. 1887; re-en. Sec. 4240, Pol. C. 1895; amd. Sec. 1, Ch. 41, L. 1905; re-en. Sec. 2905, Rev. C. 1907; amd. Sec. 1, Ch. 32, L. 1915. Cal. Pol. C. Sec. 4048.

Note.—See Edwards v. County of Lewis and Clark, 53 Mont. 359, 165 Pac. 297, for history of other early acts. See California Political Code, section 4048.

This section confers the power, among others, to issue bonds for the purchase of necessary building sites, and for the construction of necessary buildings; and the interest, not exceeding six per cent., must be made payable on the first days of January and July of each year. Morse v. Granite County, 44 Mont. 78, 89, 92, 119 Pac. 286.

The amendment made to this section by the act of February 26, 1915, did not alter in any respect the provisions authorizing the county commissioners to issue bonds for refunding or retiring outstanding indebtedness, and under the rule of construction provided by the codes, the portion of the section relating to that subject is to be considered as having been the law from the time when it was first enacted. Edwards v. County of Lewis and Clark, 53 Mont. 359, 367, 165 Pac. 297.

The authority of the board of county commissioners to issue refunding bonds in excess of ten thousand dollars must be determined by reference to this section and section 4717. Edwards v. County of Lewis and Clark, 53 Mont. 359, 367, 368, 165 Pac. 297.

Refunding bonds as indebtedness within meaning of debt limit provisions, see notes in 37 L. R. A. (N. S.) 1099; L. R. A. 1917E, 451.

4615. Form and execution of bond. The board must fix the denomination of each bond issued under this article, and prescribe the form thereof; and each bond and all coupons attached thereto must be signed by the chairman of the board and the treasurer of the county; and each bond and coupon must be countersigned by the county clerk, and each bond sealed by him; provided, a lithographic or engraved facsimile of the signatures of the chairman of the board, treasurer, and county clerk may be affixed to the coupons, only, when so recited in the bond. Each bond issued must be registered by the county treasurer in a book provided for that purpose, which must show the number and amount of each bond, and when and to whom issued.

History: En. Sec. 1, p. 133, L. 1899; re-en. Sec. 2906, Rev. C. 1907. Cal. Pol. C. Sec. 4048.

County bonds issued to provide funds for a highway system, which included a free ferry, were not invalid because the form of the bonds omitted reference to ferries, ferries being a mere portion of the highway. Reid v. Lincoln County, 46 Mont. 31, 61, 125 Pac. 429. See Hefferlin v. Chambers, 16 Mont. 349, 350, 40 Pac. 787; Yegen v. Board of County Commrs., 34 Mont. 79, 83, 85 Pac. 740; Jenkins v. Newman, 39 Mont. 77, 80, 101 Pac. 625; Morse v. Granite County, 44 Mont. 78, 90, 119 Pac. 286.

4616. Notice of sale to be published. When the board issues any bonds authorized by this article, it is its duty to sell the same and give notice by advertisement in some newspaper published in the county, or if there be no newspaper published in the county, then in any newspaper published in an adjoining county, for a period of not less than thirty days prior to the time said bonds are to be sold; such advertisement must be for sealed proposals, which must state the amount of such bonds offered for sale, and the person offering the highest price therefor, in conformity with the requirements of the notice of sale, is entitled to receive the amount of such bonds which he offers to buy; but no bonds must be sold for any price less than the par value thereof; provided, however, that the board may effect an exchange of such county bonds to take up its legal outstanding indebtedness, or issue same to meet its obligation to another county incident to the creation of a new county, change of county boundary, or on county division, without publishing the notice herein provided for.

History: En. Sec. 4242, Pol. C. 1895; re-en. Sec. 2907, Rev. C. 1907; amd. Sec. 2, Ch. 32, L. 1915. Cal. Pol. C. Sec. 4049.

When the board of county commissioners issues any bonds, it is the duty of the board to sell the same and give notice by advertisement of the time of sale, but there is nothing in the law which requires the form of bonds to be adopted prior to the advertisement; it is not necessary to give the form of the bonds in the advertisement, or even a description thereof. Reid v. Lincoln County, 46 Mont. 31, 61, 125 Pac. 429.

4617. Disposition of proceeds of sale of bonds. The proceeds derived from the sale of bonds authorized to be issued by this article must be paid into the county treasury, and must be applied to the payment of the legal bonds, warrants, or orders of the county which may be outstanding or unpaid in the order in which said bonds, warrants, or orders become due, or applied in liquidation of its indebtedness incident to the creation of a new county, county division, or change of county boundary lines. But the board may, at any lawful meeting, provide by resolution for the exchange of any bonds issued under the provisions of this article to take up any outstanding county bonds then due and subject to payment, and in order to redeem and pay any legal county warrants or orders of the county issued prior to a day to be fixed by the board and entered of record in the minutes of its proceedings. In the making of such exchange by the issuance and delivery of bonds to take up any such legal outstanding indebtedness of the county, the board is vested with judgment and discretion to issue such bonds in such manner as may appear to the advantage and benefit of the county, and is hereby authorized to issue and deliver same in such manner and upon such terms as are deemed for the best interest and advantage of the county. The exchange when made must be made dollar for dollar with accrued interest thereon. And the board may advertise the privilege to so exchange bonds then due, and warrants and orders of the county issued prior to the day so fixed, in some newspaper printed and published in the county, or, if there be no newspaper published in the county, then in a newspaper published in an adjoining county for such period as the board may designate, in the event that the board shall determine it to be to the best interest and advantage of the county to delay proceedings respecting the proposed liquidation of outstanding indebtedness until such publication has been made. The board is also authorized, upon the same conditions and restrictions herein prescribed, to issue such bonds against the county in order to liquidate any indebtedness which may be occasioned because of the creation of a new county, county division, or change of county boundary lines.

History: En. Sec. 4243, Pol. C. 1895; re-en. Sec. 2908, Rev. C. 1907; amd. Sec. 3, Ch. 32, L. 1915. Cal. Pol. C. Sec. 4049.

4618. Validation of refunding bonds previously issued. All bonds which have heretofore been issued by any county of the state of Montana by virtue and under authority of section 4614 of this code, for the purpose of funding or refunding outstanding indebtedness of such county, which bonds have been so issued without the question of issuing the same, or the question of funding or refunding such outstanding indebtedness, having been first submitted to and approved by the electors of such county, be, and the same are hereby legalized and validated and declared to be legal and valid and binding obligations of the county issuing the said bonds; provided, however, that this act shall only apply to such issue or issues of funding or refunding bonds which, at the time of the issuance thereof, together with other existing indebtedness of the respective county did not exceed the constitutional limit of the total indebtedness of such county.

History: En. Sec. 1, Ch. 5, Ex. L. 1918.

4619. Redeemed bonds, etc., to be canceled. All bonds, coupons, warrants, or orders which are called in or redeemed, or paid under the provisions of this article, and in lieu of which coupon bonds are issued, must be canceled in the same manner in which county warrants are canceled, and the board must preserve, in a book provided for that purpose, a correct description of such bonds, coupons, warrants, or orders so canceled, and the amount of the principal and interest paid to redeem the same, and a copy of such record must be transmitted to the county treasurer.

History: Sec. 2909, Rev. C. 1907.

Note.—Sections 4619 to 4623 appeared in substance as sections 812 to 817, Fifth Division Compiled Statutes 1887; enacted as sections 4244 to 4248, Political Code 1895; appearing as sections 2909 to 2913, Revised Codes 1907.

4620. County commissioners to print bonds. The board must cause suitable bonds, with coupons attached, to be printed or lithographed, and must pay therefor out of any moneys in the treasury of such county not otherwise approriated.

History: Sec. 2910, Rev. C. 1907. See also history of Sec. 4619.

4621. Notice of redemption to be published. When the board is prepared to redeem any bonds or pay any legal outstanding indebtedness of the county, it must cause a notice to be published in the newspapers mentioned in section 4616 of this code, that within thirty days from the date of such notice it will redeem or pay such indebtedness, briefly describing the same; such notice must be sent by mail to the owner or holder of such indebtedness, in case the board has notice or knowledge of the address of such owner or holder; and if, at the expiration of the said thirty days, the holder or holders fail or neglect to present the same for payment, interest thereon must cease; but the county treasurer must at all times thereafter be ready to redeem the same on presentation.

History: Sec. 2911, Rev. C. 1907. See also history of Sec. 4619.

Cited or applied as section 2911, Revised Codes, in Morse v. Granite County, 44 Mont. 78, 92, 119 Pac. 286.

4622. Bond fund to be provided. The board issuing bonds under the provisions of this article must, annually, at the time of levying taxes, levy upon the taxable property, in addition to all other taxes, a sum sufficient to pay the interest on all the bonds issued under the provisions of this article, as the same becomes due, and also a sum sufficient to provide for the redemption of the bonds as the same become due or are called in for payment, according to the conditions thereof, and such tax when collected must be set apart in a fund known as the "bond fund," and used for no other purpose than the payment of such bonds and interest accruing thereon.

History: Sec. 2912, Rev. C. 1907. See also history of Sec. 4619.

Cited or applied as section 2912, Revised Codes, in Morse v. Granite County, 44 Mont. 78, 92, 119 Pac. 286.

4623. County treasurer to pay bonds and interest. The county treasurer must pay the interest upon the bonds authorized to be issued under the provisions of this article when the same become due, on the presentation to him of the proper coupons therefor; and all bonds and coupons which may be paid by the county treasurer must be returned by the treasurer to the county clerk at his next settlement after such payment:

and the county clerk must cancel said bonds and coupons in the manner provided by law for the cancelation of county warrants.

History: Sec. 2913, Rev. C. 1907. See also history of Sec. 4619.

4624. Record to be kept. It is the duty of the county treasurer, upon taking up county orders for the purpose in this article mentioned, to keep a record of the same, to cancel said orders, and to make a report thereof to the board at each regular meeting of the board, and to the county clerk.

History: En. Sec. 4249, Pol. C. 1895; re-en. Sec. 2914, Rev. C. 1907.

4625. County warrants—Interest. All county warrants, after having been presented to the county treasurer and by him indorsed, "Not paid for want of funds in the treasury," from and after the date of presentation and indorsement draw interest at the rate of six per cent. per annum.

History: En. Sec. 1, p. 99, L. 1899; re-en. Sec. 2915, Rev. C. 1907.

Under the act of February 8, 1865, authorizing county commissioners to pay interest on county warrants, it was held that the neglect of the county treasurer to indorse a county warrant, "not paid for want of funds in the treasury," does not release the county from its liability to pay the interest authorized by statute, and that the indorsement should show that the warrant had been presented for payment at a certain time and payment refused for want of funds in the treasury. Territory ex rel. Largey v. Gilbert, 1 Mont. 371, 375, 378.

Interest on county warrants, see 3 Ann. Cas. 459.

4626. Lost bond or warrant. The board is authorized, upon satisfactory proof that any original bond, warrant, or coupon has been lost or destroyed, to issue to the owner or holder of such bond, warrant, or coupon a duplicate thereof, which will take the place in order of registration and payment of such original bond, warrant, or coupon, and in all cases supersede and take the place of such original.

History: Sec. 2916, Rev. C. 1907.

Note.—Sections 4626 to 4630 were enacted as sections 1 to 5, p. 83, Laws of 1881; re-enacted as sections 4251 to 4255, Political Code 1895; re-enacted sections 2916 to 2920, Revised Codes 1907.

4627. Indemnity to be given. Before issuing such duplicate bond, warrant, or coupon, the board must require the person demanding the same to execute and deliver to the treasurer of the county a bond, payable to the county, in double the amount of the bond, warrant, or coupon, with at least two good and sufficient sureties, who must be required to justify as in case of attachment, the conditions of such bond being that the principal and sureties therein will indemnify and save harmless the county from all loss, costs, or damages by reason of the issuing of the duplicate, and will pay to any person entitled to receive the same, as the lawful holder of the original bond, warrant, or coupon, all moneys received upon such duplicate.

History: Sec. 2917, Rev. C. 1907. See also history of Sec. 4626.

4628. Duplicate bonds, how given. The chairman of the board, at the time of issuing any duplicate bond, warrant, or coupon, must write across or upon the face thereof the word "duplicate," in red ink.

History: En. Sec. 2918, Rev. C. 1907. See also history of Sec. 4626.

4629. What notice imparted. The word "Duplicate" upon any bond warrant, or coupon imparts notice to all persons that the same is issued subject to the provisions of this article.

History: Sec. 2919, Rev. C. 1907. See also history of Sec. 4626.

4630. Duty of county treasurer in reference to lost bonds. It is the duty of the county treasurer, upon the production to him of any original bond, warrant, or coupon, by the lawful owner or holder thereof, to assign by indorsement and to deliver to him the bond mentioned in section 4627, and such owner or holder may maintain an action in his own name upon such bond for the recovery of any moneys paid upon such duplicate, but the delivery of such bond does not relieve or exonerate the county from the payment of the amount specified therein upon a demand and refusal of the sureties named in the indemnifying bond to pay the same.

History: Sec. 2920, Rev. C. 1907.

4631. County commissioners to transfer funds. The board is authorized to transfer all surplus moneys that may be on hand in any of the several county funds, except the school fund, to such fund or funds as they may deem for the best interest of the county, or to appropriate said surplus moneys to the payment of the outstanding indebtedness of the county; but no moneys belonging to the school fund must be taken therefrom except for school purposes.

History: En. Sec. 371, 5th Div. Rev. Stat. 1887; re-en. Sec. 4256, Pol. C. 1895; Stat. 1879; re-en. Sec. 775, 5th Div. Comp. re-en. Sec. 2921, Rev. C. 1907.

4632. Contingent fund—How made. The board must set aside a sum not less than one nor more than twenty-five per cent. of the county fund, annually, which is known as the "contingent fund," to defray incidental expenses of the county; and if a surplus of such contingent fund so set aside remains, it must be paid out on registered warrants as other county funds at the expiration of each quarterly settlement.

Whenever there has been a total or partial failure of crops by reason of drought, hail, or other misfortune, in any county of the state, it shall be lawful for the board of county commissioners of such county, upon being petitioned so to do, to purchase seed-grain of such kinds as may be necessary and to furnish and supply such seed-grain to the inhabitants of such county who are engaged in the occupation of farming, and who are financially unable to procure seed-grain, and who require such seed-grain in order to enable them to plant and sow crops at the next ensuing planting season. Such petition must be in writing and signed by not less than one hundred freeholders residing in such county, and must be filed with the county clerk of such county; provided, however, that the signature need not be appended to one paper, but each signer shall add to his signature, his postoffice address and the number of his voting precinct, and all such papers when bound or fastened together and filed shall constitute and be considered as one petition.

History: En. Sec. 1, Ch. 19, Ex. L. 1918.

The seed-grain law of 1915, in so far as it sought to create an indebtedness by a county bond issue in excess of ten thousand dollars, upon a mere petition, without the approval of the qualified electors, and no provision for an election having been made, was declared unconstitutional in State ex rel. Cryderman v. Wienrich, 54 Mont. 390, 170 Pac. 942.

Validity of statute providing for supply of seed grain by government, see note in 7 L. R. A. (N. S.) 1196.

4641. Meeting of county commissioners to consider petition—Notice of meeting. Upon the filing of such petition with the county clerk, such officer must forthwith call a special meeting of the board of county commissioners of such county to consider such petition, and the date fixed for such meeting shall be not more than five days after the filing of such petition. Written notice of the calling of such special meeting shall be given each member of the board by the county clerk by delivering such notices personally or by registered mail; provided, however, that if any one member shall fail to attend such meeting by reason of not receiving such notice, or for any other reason, the other two members of said board may hold such meeting; and provided further, that notice of such meeting may be dispensed with by the unanimous consent of all of the members of such board, which consent must be entered on the minutes of such meeting.

History: En. Sec. 2, Ch. 19, Ex. L. 1918.

4642. Order granting petition after investigation—Minutes of board. At such meeting the board shall examine such petition and make, or cause to be made, such investigation as may be necessary for the board to ascertain and determine whether or not it is necessary that such county supply and furnish any of the inhabitants of such county with seed-grain, in order to enable them to plant and sow crops at the next ensuing planting season, and if a majority of the board shall find and determine from such investigation that it is necessary for such county to do so, then said board shall make an order granting such petition, and shall make an estimate of the quantity of seed-grain of different kinds which is required for such purpose, and the amount of indebtedness the county will be required to incur in order to furnish and supply the same. The finding and determination of the board, the order granting the petition, the estimate of

the quantity of seed-grain required, and the amount of indebtedness necessary to be incurred for such purpose, shall be entered on the minutes of the board.

History: En. Sec. 3, Ch. 19, Ex. L. 1918.

4643. Purchase and furnishing of seed-grain. If the estimate of the board of county commissioners of the amount of indebtedness which such county will be required to incur in order to supply and furnish such seed-grain does not exceed the sum of ten thousand dollars, and, together with the then existing indebtedness of such county, does not exceed the constitutional limit of indebtedness, the board of county commissioners shall proceed to purchase such seed-grain and to furnish and supply the same, in the manner hereinafter provided, to applicants therefor who are inhabitants of such county engaged in the occupation of farming, and who are financially unable to procure seed-grain for planting and sowing crops at the next ensuing planting season; provided, however, that such county shall not incur an indebtedness for such purpose in excess of ten thousand dollars, except as hereinafter provided.

4644. Submission of question to electors when amount required exceeds ten thousand dollars. If the estimate of the board of county commissioners of the amount of indebtedness which the county will be required to incur in order to supply and furnish such seed-grain exceeds the sum of ten thousand dollars, the board must forthwith call a special election for the purpose of submitting to the electors of such county the question of whether or not such county shall incur an indebtedness to the amount of such estimate, or if the amount of such estimate, together with the then existing indebtedness of such county, will exceed the constitutional limit of indebtedness, then in any amount less than the amount of such estimate, and which will not, together with the then existing indebtedness of such county, exceed the constitutional limit of indebtedness, for the purpose of furnishing and supplying seed-grain to the inhabitants of such county who are engaged in the occupation of farming, and who are financially unable to procure seed-grain for planting and sowing crops at the next ensuing planting season; provided, however, that such election may be held at the same time as any other special election called for any purpose.

History: En. Sec. 5, Ch. 19, Ex. L. 1918.

4645. Notice of election—Publication and posting of proclamation. Said special election shall be called for a day not less than fifteen days nor more than thirty days after the day on which the order is made by such board for the holding of such special election, and the board shall give notice of the calling of such election by issuing an election proclamation, which proclamation shall be published two successive times in the newspaper published in such county having the contract for publishing official notices of such county, if such newspaper be published weekly, but if it be published daily, then eight successive insertions thereof; and copies of such proclamation shall be posted in three public places in each voting precinct in such county at least ten days before the day on

which such election is to be held. The judges of election for each election precinct are hereby designated and appointed deputy registrars, within their respective election precincts, for the purpose of carrying out the provisions of this section, and shall have all the powers and perform all of the duties of the registrar authorized and required by chapter one hundred twenty-two, acts of the fourteenth legislative assembly. The judges of election shall, at the same time and in the same manner the election returns of such election are delivered or mailed to the county clerk, deliver or mail to the county clerk all affidavits and registry cards made and filled out before them at such election. The county clerk shall provide such election judges with a suitable number of blank affidavits and registry cards for use in their respective precincts during such election.

History: En. Sec. 8, Ch. 19, Ex. L. 1918.

4648. Form of ballots. The ballots for such special election shall conform as near as possible with the ballots used at general elections, and shall have printed thereon in fair sized legible type and black ink, in one or more lines as required, the words "For incurring an indebtedness not exceeding the sum of (stating such sum), for the purpose of purchasing seed-grain to be furnished and supplied by the county to the inhabitants of the county who are engaged in the occupation of farming, and who are financially unable to procure such seed-grain and who require such seed-grain in order to enable them to plant and sow crops at the

next ensuing planting season,'' and thereunder in one or more lines, as required, the words ''Against incurring an indebtedness not exceeding the sum of (stating such sum), for the purpose of purchasing seed-grain to be furnished and supplied by the county to the inhabitants of the county who are engaged in the occupation of farming, and who are financially unable to procure such seed-grain, and who require such seed-grain in order to enable them to plant and sow crops at the next ensuing planting season.'' And there shall be before the word ''For'' and before the word ''Against,'' each, a square space of sufficient size to place a cross or X therein.

History: En. Sec. 9, Ch. 19, Ex. L. 1918.

4649. Purchasing and furnishing seed-grain after approval by electors. If a majority of the votes cast at such special election are in favor of such indebtedness being incurred by such county, then the board of county commissioners shall proceed to purchase seed-grain and to furnish and supply the same, in the manner hereinafter provided, to applicants therefor who are inhabitants within such county engaged in the occupation of farming, and who are financially unable to procure seed-grain; provided, however, that no indebtedness shall be incurred for such purpose in excess of the amount authorized by such special election.

History: En. Sec. 11, Ch. 19, Ex. L. 1918.

4651. Warrants for payment of seed-grain. In payment for seed-grain purchased by such county under the provisions of this act, warrants shall be ordered drawn against a fund to be known as the ''seed-grain fund,'' which said warrants shall be registered by the county treasurer of such county, and shall bear interest at the rate of not to exceed seven per cent. per annum from the date of registration thereof, until called for payment by the county treasurer.

History: En. Sec. 12, Ch. 19, Ex. L. 1918.

4652. Issue, sale, or exchange of bonds for funding warrants. Whenever there are any warrants outstanding drawn against the ''seed-grain fund,'' and there is insufficient money in such fund to pay said warrants with the interest thereon, the board of county commissioners, whenever such board deems it advisable to do so, may issue and sell or exchange bonds of said county for the purpose of funding such outstanding warrant indebtedness; provided, however, that it shall not be necessary for the

board of county commissioners to submit to the electors of the county the question of whether or not such bonds shall be issued and sold or exchanged for the purpose of funding such outstanding warrant indebtedness.

History: En. Sec. 13, Ch. 19, Ex. L. 1918.

4653. Denomination, rate of interest, and period of bonds. Such bonds shall be in denominations of one thousand dollars, shall bear a rate of interest to be fixed by the board, not exceeding seven per cent. per annum, represented by interest coupons payable semiannually at such place and at such times as shall be determined by the board, and all such bonds shall become due and payable in not less than two nor more than five years from the date thereof, the date of maturity to be fixed by the board.

History: En. Sec. 14, Ch. 19, Ex. L. 1918.

4654. Form and execution of bonds and coupons—Registration of bonds. The board must prescribe the form of such bonds, and each bond and all coupons attached thereto must be signed by the chairman of the board and by the county treasurer, and each bond and coupon must be countersigned by the county clerk, and each bond sealed by him; provided, a lithographic or engraved facsimile of the signature of the chairman of the board, county treasurer, and county clerk may be affixed to the coupons only when so recited in the bond. Each bond issued must be registered by the county treasurer in a book provided for that purpose, which must show the number and amount of each bond, and when and to whom issued.

History: En. Sec. 15, Ch. 19, Ex. L. 1918.

4655. Printing or lithographing of bonds. The board must provide suitable bonds, with coupons attached, to be printed or lithographed, and must pay therefor out of the seed-grain fund.

History: En. Sec. 17, Ch. 19, Ex. L. 1918.

4657. Tax levy for payment of warrants. When warrants have been drawn and issued against said seed-grain fund, and such warrant indebtedness has not been funded by the issuance and sale or exchange of bonds as provided in this act, the board of county commissioners must, at the time and in the manner other taxes are levied, levy a tax upon the taxable property in said county, in addition to other taxes, sufficient to pay such outstanding warrants and the interest thereon; provided, however, that the board shall not be required to levy during any one year an amount sufficient to pay all of such outstanding warrant indebtedness and interest, but may levy such tax during succeeding years; provided, further, that such tax shall be in such amount during each year that all of said warrants with the interest thereon shall be fully paid within three years.

Such tax, when collected, shall be paid into the seed-grain fund, and shall be used for no other purpose than the payment of warrants drawn against such fund and the interest thereon.

History: En. Sec. 18, Ch. 19, Ex. L. 1918.

4658. Tax levy for payment of bonds. If such warrant indebtedness has been funded by the issuance and sale or exchange of bonds in the manner provided by this act, the board of county commissioners must, annually, at the time and in the manner other taxes are levied, levy a tax upon the taxable property in such county, in addition to other taxes, sufficient to pay the interest on all such bonds as the same becomes due, and also sufficient to provide a proportionate amount of the total amount required for the redemption of such bonds as the same become due or are called in for payment, according to the conditions thereof, and such tax, when collected, must be set apart in a fund known as the "seed-grain bond fund" and used for no other purpose than the payment of such bonds and interest accruing thereon.

History: En. Sec. 19, Ch. 19, Ex. L. 1918.

All inhabitants of such county, engaged in the occupation of farming, and who, by reason of such partial or total failure of crops or other misfortunes, are financially unable to procure seed-grain for planting and sowing crops at the next ensuing planting season, desiring to avail themselves of the benefits of this act, shall file with the county clerk of the county in which such applicant resides, an application duly sworn to before said county clerk or some other officer authorized to administer oaths, which application shall contain a true statement of the number of acres the applicant has plowed or prepared for seeding; how many acres the applicant intends to have plowed or prepared for seeding; how many bushels and what kind of grain he will require to seed the ground so prepared, or to be prepared as aforesaid; how many bushels of grain the applicant harvested the preceding season; the amount and kind of seed-grain in his possession; that said applicant has not procured and is financially unable to procure the necessary seed-grain for the next ensuing planting season; that he desires the same for seed and for no other purpose, and that he will not sell or dispose of the same or any part thereof, but will use the same and the whole thereof in seeding the land so prepared, or to be prepared for crop, at the next ensuing planting season. Said applicant shall also contain a true and full description of all real and personal property owned by the applicant, if any, and the incumbrances thereon; and a true description by government subdivisons of the land upon which the seed-grain is to be sown; if the applicant is a homesteader, a description of the land embraced in his homestead entry, and the date of the filing of his homestead application; and if the applicant is a renter or tenant, the name and postoffice address of the owner of the land on which the seed-grain is to be sown. All applications shall be consecutively numbered and shall be open to public inspection, and no application shall be considered by the board of county commissioners unless made out and filed as prescribed in this section. If

the applicant is a renter or tenant, the owner of the land shall also sign the application, unless the same be waived by the board of county commissioners, which waiver must be indorsed on the application and signed by the chairman of the board.

The board of county commissioners shall constitute a board of examination and adjustment, and shall examine and adjust and approve or disapprove all applications filed for seed-grain under the provisions of this act. Said board shall meet at such time or times as the board may deem necessary at the regular meeting place of the board of county commissioners, and examine and consider separately each and every application filed, and determine who are entitled to receive seed-grain from such county, and the amount to which each applicant is entitled; provided, however, that no one applicant shall be entitled to receive more than one hundred fifty bushels of seed-wheat, or the equivalent thereof in value of other kinds of seed-grain. On each application shall be indorsed the approval or disapproval of the board, and if approved, the quantity and kinds of seed-grain for which the same is approved, which indorsement shall be signed by the chairman of the board, and all applications shall, immediately after being acted upon by the board, be delivered to the county clerk.

History: En. Sec. 21, Ch. 19, Ex. L. 1918.

4661. Duty of county clerk—Contract of applicant—Conditions. The county clerk shall, as soon as said board has delivered the applications to him, upon demand of each applicant whose application has been approved by said board, issue to such applicant an order for the number of bushels of each kind of seed-grain which has been allowed to said applicant, unless otherwise directed by the board of county commissioners or chairman thereof; provided, however, that said order must not be delivered until the applicant shall have signed a contract in duplicate, which contract shall have the same force and effect as a promissory note, acknowledged in the same manner as deeds are acknowledged, to the effect that such applicant, for and in consideration of.....bushels of seed-grain received from.....county, promises to pay to said county.....dollars, the amount of the cost of said seed-grain, together with interest thereon from the date of said contract until said amount is paid, at the rate of not exceeding seven per cent. per annum; that the same shall be a lien upon all property, both real and personal, owned by such applicant, if he be the owner of any real property, which property must be particularly described therein, and shall also be a lien upon all crops grown from said seed-grain; that the amount thereof shall become due and payable on the first day of October following the harvesting of the crop grown from said seed-grain; provided, however, that the amount due may be paid at any time prior to said date, and that if not paid by the twentieth day of October following the harvesting of the crop grown from said seed-grain, if the applicant is the owner of property,

either real or personal, the amount thereof shall be levied as a tax against such property and collected at the same time and in the same manner as other taxes are collected; provided, further, that if the applicant is a renter or tenant, unless the same be waived by an order of the board of county commissioners indorsed on said contract, said contract shall provide that the amount specified therein, with interest thereon, shall be and constitute a lien against the land upon which said seed-grain is sown, which land shall be described therein, and such contract shall also be signed by the owner of such land.

History: En. Sec. 22, Ch. 19, Ex. L. 1918.

4662. Disposition of contract—Lien of county upon property of applicant—Nature and scope of lien. One of the contracts provided for by the preceding section shall be delivered to the county treasurer, who shall file the same in his office without charge, and the other shall be filed in the office of the county recorder, and upon the filing of such contract in the office of the county recorder, without charge, the county shall have and acquire a just and valid lien upon all of the real and personal property owned by the applicant, and upon all crops grown from such seed-grain, and upon the land upon which seed-grain is to be sown, if the owner of such land has signed such contract, to the amount due the county upon such contract, which lien shall be prior to all liens and incumbrances against or upon said property, except liens and incumbrances filed or recorded in the office of the county recorder of such county prior to the filing of such contract, and except liens of threshermen for threshing, and liens of laborers for planting and harvesting the crop grown from such seed-grain; and the filing of such contract shall be full and sufficient notice to all persons of the existence and extent of said lien upon said crops and property, and such lien shall continue in force until the amount specified in such contract, with the interest thereon, shall be fully paid; provided, however, that such seed-grain lien shall not apply to or be prior to or superior to renewals of mortgages, which mortgages are prior liens at the time such seed-grain lien attaches.

History: En. Sec. 23, Ch. 19, Ex. L. 1918.

4663. Foreclosure of lien. If the person receiving such seed-grain is a renter or tenant, and is not the owner of any property subject to taxation, and the owner of the land upon which such seed-grain was sown has not signed such contract, and the amount due on such contract is not paid to the county treasurer by January first of the year following the year in which the crops grown from said seed-grain are harvested, the county treasurer shall, if ordered to do so by the board of county commissioners after the said first day of January, deliver to the sheriff of such county a full, true, and correct copy of the contract of such person, and such sheriff must immediately demand from the person or persons signing such contract, payment of the amount due thereon, and if the same is not paid to the sheriff upon such demand being made, the sheriff must forthwith seize and sell, in the manner provided by law for sale of personal property under execution, a sufficient amount of grain or other

property belonging to such person to pay the amount due on such contract, together with interest and costs and expenses of seizure and sale.

History: En. Sec. 24, Ch. 19, Ex. L. 1918.

4664. Entry of amount of indebtedness upon tax-rolls and collection of tax. If the amount specified in said contract with the interest thereon is not paid by the twentieth day of October of the year in which the crop grown from said seed-grain is harvested, it shall be the duty of the county treasurer of such county to enter the amount of such indebtedness upon the tax-rolls of such county for that year as a tax upon all property, real and personal, which is described in said contract as being subject to the lien thereof, which tax shall be collected at the time and in the same manner as other taxes are collected, and if such tax becomes delinquent, said property shall be sold for delinquent taxes at the same time and in the same manner that property is sold for delinquent taxes.

History: En. Sec. 25, Ch. 19, Ex. L. 1918.

4665. Entry of satisfaction when amount is paid. Whenever the amount due on any such contract is paid to the county treasurer, it shall be the duty of such county treasurer to indorse on the contract on file in his office the amount paid thereon, with the date of payment, and to make the same indorsement on the contract filed in the office of the county clerk, and such indorsement shall be a satisfaction and release of the lien created thereby.

History: En. Sec. 26, Ch. 19, Ex. L. 1918.

4666. Duty to market crop and make payment. Each and every person who has received seed-grain under the provisions of this act shall, as soon as his crops grown therefrom are harvested and threshed, market and sell a sufficient amount of the grain grown from such seed-grain to pay the amount then due on his contract, and pay the amount received therefrom to the county treasurer of such county.

History: En. Sec. 27, Ch. 19, Ex. L. 1918.

4667. Disposal of crop contrary to law—Penalties—Title to grain. Any person or persons who shall, contrary to the provisions of this act, sell, transfer, take, or carry away, or in any manner dispose of the seed-grain, or any part thereof, furnished by the county under the provisions of this act, or shall use or dispose of said seed-grain, or any part thereof, for any other purpose than that of planting or sowing the same as stated in the application on which the same was furnished by the county, or shall sell, transfer, take, or carry away, or in any manner dispose of the crop, or any portion thereof, grown from such seed-grain, except as provided in the preceding section, shall be guilty of a misdemeanor, and, upon conviction thereof, shall pay a fine of not less than one hundred dollars nor more than five hundred dollars, or may be imprisoned in the county jail for a term of not more than six months, or may be both so fined and imprisoned; and whoever under any of the provisions herein shall be guilty of false swearing shall be deemed to have committed perjury, and shall, upon conviction thereof, suffer the penalties of that crime.

Upon the filing of said contract in the office of the county recorder, and the planting and sowing of said seed-grain, the title and right of possession to the growing crop and the grain grown from such seed-grain shall be in the county until the amount specified in such contract, with the interest thereon, shall be fully paid, and any seizure thereof or interference therewith, except by the applicant and those in his employ for the purpose of harvesting, threshing, and marketing and selling the same to pay the amount due on such contract shall be deemed a conversion thereof, and the county may recover treble damages against the person or persons so converting the same.

History: En. Sec. 28, Ch. 19, Ex. L. 1918.

4668. Arrest and prosecution for violation of law. It shall be the duty of the members of the board of county commissioners, constables, sheriffs, and county attorneys of the several counties furnishing seed-grain under the provisions of this act, having any knowledge of a violation of any of the provisions of this act, to make complaint thereof to a justice of the peace, and said justice shall thereupon issue a warrant for the arrest of the offender, and proceed to hear and determine the matter, or to bind the offender over to appear before the district court, as the case may be.

History: En. Sec. 29, Ch. 19, Ex. L. 1918.

4669. Duty of sheriff to seize grain under certain circumstances. If the sheriff shall be informed by any county or township officer, or shall have reason to believe that any person who has received seed-grain from the county under the provisions of this act is about to remove from such county, or is about to sell and dispose of the grain grown from such seed-grain, with the intention of defrauding the county out of the amount due on such contract, it shall be his duty to immediately seize and sell, in the manner provided by law for the sale of personal property under execution, a sufficient amount of such grain to pay the amount due on such contract, together with the costs and expenses of such seizure and sale.

History: En. Sec. 30, Ch. 19, Ex. L. 1918.

4670. Pro rata distribution of seed-grain—Power of board to disapprove application or revise allowances. If more seed-grain is applied for than can be supplied by the board of county commissioners under the provisions of this act, a pro rata distribution shall be made among those who shall be found entitled to the benefits of this act. The board shall have the right to refuse and disapprove any application which it may deem improper to grant, and may revise its adjustment of applications at any time before final distribution.

History: En. Sec. 31, Ch. 19, Ex. L. 1918.

4671. Seed-grain to be furnished at actual cost—Violation a misdemeanor. It shall be the duty of the commissioners providing seed-grain under the provisions of this act to furnish the same to the applicants at the actual cost thereof to the county, with transportation and handling

charges added, if any there be, and any person requiring or extorting from any applicant a greater price shall be deemed guilty of a misdemeanor.

History: En. Sec. 32, Ch. 19, Ex. L. 1918.

4672. Disposition of money collected on grain contracts. All money received by the county treasurer in payment for seed-grain furnished under the provisions of this act, and in payment of interest thereon, shall, if the warrant indebtedness incurred by the county in the purchase of such seed-grain has not been funded by the issuance and sale or exchange of bonds, be paid into and become a part of the seed-grain fund, but if such warrant indebtedness has been funded by the issuance and sale or exchange of bonds, then such money shall be paid into the seed-grain bond fund.

History: En. Sec. 33, Ch. 19, Ex. L. 1918.

4673. When tax levy shall be dispensed with—Limitation to tax levy. In case the amount of money received by the county treasurer in any one year in payment for seed-grain furnished under the provisions of this act shall be sufficient to pay all outstanding warrants and interest thereon, if such warrant indebtedness has not been funded by the issuance and sale or exchange of bonds, or shall be sufficient to pay the interest on and place in the bond fund a proportionate amount of the total amount required for the payment and redemption of the bonds, if such warrant indebtedness has been funded by the issuance and sale or exchange of bonds, then no tax shall be levied for such purpose in that year, and in no year shall there be a greater tax levied than will, together with the balance then on hand in the county treasury, be sufficient to pay the interest and principal of all warrants or bonds then outstanding.

History: En. Sec. 34, Ch. 19, Ex. L. 1918.

4674. Transfer of funds from general fund for payment of interest. If such warrant indebtedness shall be funded by the issuance and sale or exchange of bonds, and there shall at any time be insufficient money in the seed-grain bond fund with which to pay any interest on such bonds when the same becomes due, the board of county commissioners may order that sufficient money for such purpose be transferred from the general fund of the county to the seed-grain bond fund, but such amount so ordered transferred shall, whenever there is thereafter sufficient money in the seed-grain bond fund, be, by order of the board of county commissioners, retransferred to the general fund.

History: En. Sec. 35, Ch. 19, Ex. L. 1918.

4675. Transfer of seed-grain fund to general fund. Any balance remaining in the seed-grain fund of any county, after the necessity for aiding needy farmers shall have passed, and all warrants and bonds issued under the provisions of this act shall have been paid and retired, shall be by the county commissioners transferred to the general fund of such county.

History: En. Sec. 36, Ch. 19, Ex. L. 1918.

4676. Construction of law. This act and all of its provisions shall be liberally construed so as to effectuate its purpose, and a failure to give

any of the notices herein provided for, or to perform any of the acts herein required, within the exact time prescribed, shall not invalidate any election held hereunder, or any warrants or bonds issued; provided, there has been a substantial compliance with the provisions of this act except as to time.

History: En. Sec. 37, Ch. 19, Ex. L. 1918.

4677. Extension of time of payment for seed-grain. The board of county commissioners of any county in this state is hereby authorized upon the written application of any farmer procuring seed-grain under the provisions of sections 4640 to 4676 of this code, to make an extension of the time of payment of the indebtedness of such farmer to the county until the thirty-first day of December in the year following the year in which said loan was made; provided, however, that, upon a similar application, the time of payment of such indebtedness may be extended to the thirty-first day of December of the year following any extension of time previously granted. The county clerk is hereby authorized and directed to provide the necessary blanks for applications for extension, and to assist any applicant in preparing such applications for presentation to the board of county commissioners. The making of any such extension shall rest in the discretion of the board of county commissioners.

History: En. Sec. 1, Ch. 53, L. 1919; amd. Sec. 1, Ch. 1, Ex. L. 1919.

4678. Delinquent tax penalty to be canceled. Upon making such extension in the time of payment of the indebtedness to the county, the clerk of the board of county commissioners shall direct the county treasurer not to add the usual statutory penalty to the amount of the delinquent tax due and owing to the county on account of such seed-grain indebtedness, and if such penalty has already been added by the county treasurer to the amount of such tax, such penalty shall be canceled.

History: En. Sec. 2, Ch. 53, L. 1919.

4679. Payment of indebtedness within extended period—Penalty for failure to make payment. Any farmer, the payment of whose indebtedness to the county on account of such seed-grain loan has been extended by the board of county commissioners, may pay and discharge his indebtedness to the county by paying the principal of such indebtedness, together with interest thereon at the rate of seven per cent. per annum from the date of such seed-grain contract to the date of payment; provided, however, that such payment be made within the time so extended; and, if such payment is not made within the period of time as extended, the county treasurer shall enter the same as delinquent taxes, adding the usual statutory penalty, and the property shall be sold for delinquent taxes at the same time and in the same manner that property is sold for delinquent taxes, but, any person holding or owning any of the liens or incumbrances mentioned as excepted in section 4662 of this code, may pay the taxes upon the property covered by such lien or incumbrance, without payment of such seed-grain indebtedness.

History: En. Sec. 3, Ch. 53, L. 1919; amd. Sec. 1, Ch. 1, Ex. L. 1919.

History: En. Sec. 1, Ch. 8, Ex. L. 1919.

4681. Petitions for relief—Signatures. Petitions for such relief must be in writing and signed by not less than one hundred freeholders residing in a county, and must be filed with the county clerk of such county; provided, however, that the signatures need not be appended to one paper,

but each signer shall add to his signature his postoffice address and the number of his voting precinct, and all such papers when bound or fastened together and filed shall constitute and be considered as one petition.

History: En. Sec. 2, Ch. 8, Ex. L. 1919.

4682. Special meeting of board for consideration of petitions—Notice of meeting. Upon the filing of such petition with the county clerk, such officer must forthwith call a special meeting of the board of county commissioners of such county to consider such petition, and the date fixed for such meeting shall be not more than five days after the filing of such petition. Written notice of the calling of such special meeting shall be given each member of the board by the county clerk, by delivering such notices personally or by registered mail; provided, however, that if any one member shall fail to attend such meeting by reason of not receiving such notice, or for any other reason, the other two members of said board may hold such meeting; and provided, further, that notice of such meeting may be dispensed with by the unanimous consent of all of the members of such board, which consent must be entered on the minutes of such meeting.

History: En. Sec. 3, Ch. 8, Ex. L. 1919.

4683. Proceeding at meeting for consideration of petitions—Order granting petition. At such meeting the board shall examine such petitions and make or cause to be made such investigation as may be necessary for the board to ascertain and determine whether or not it is necessary that such county supply and furnish any of its inhabitants with seed-grain, feed, provisions, or other supplies. If a majority of the board shall find and determine from such investigation that it is necessary for such county to do so, the board shall make an order granting such petition, and shall make an estimate of the quantity of seed-grain, feed, provisions, or other supplies required for such purpose, and also of the amount of indebtedness the county will be required to incur in order to supply the same. The findings and determination of the board, together with its estimates, and the order granting the petition, shall be entered on the minutes of the board.

History: En. Sec. 4, Ch. 8, Ex. L. 1919.

4684. Purchase of supplies and furnishing of relief—Limit to amount of indebtedness. If the said estimate of the amount of indebtedness required to be incurred does not exceed the sum of ten thousand dollars, and, together with the then existing indebtedness of such county, does not exceed the constitutional limit of indebtedness, the board of county commissioners shall proceed to purchase the seed-grain, feed, provisions, or other supplies, and to furnish and supply the same in the manner hereinafter provided. Said relief shall be furnished to applicants therefor of the class specified in this act, who are inhabitants of such county, and who have filed the application and statement hereinafter specified; provided, however, that such county shall not incur an indebtedness for such purpose in excess of ten thousand dollars, except as hereinafter provided.

History: En. Sec. 5, Ch. 8, Ex. L. 1919.

4685. Special election when amount required exceeds ten thousand dollars or constitutional limit. If the estimate of the board of county commissioners of the amount of indebtedness which the county will be required to incur in order to supply and furnish the relief herein provided for exceeds the sum of ten thousand dollars, the board must forthwith call a special election for the purpose of submitting to the electors of such county the question of whether or not such county shall incur an indebtedness to the amount of such estimate, or if the amount of such estimate, together with the then existing indebtedness of such county, will exceed the constitutional limit of indebtedness, then in any amount less than the amount of such estimate, and which will not, together with the then existing indebtedness of such county, exceed the constitutional limit of indebtedness, for the purpose of furnishing and supplying the relief herein provided for to the inhabitants of such county, and who are financially unable to procure the same; provided, however, that such election may be held at the same time as any other special election called for any purpose.

History: En. Sec. 6, Ch. 8, Ex. L. 1919.

Where additional county indebtedness authorized by a favorable vote of the electors, together with existing indebtedness, did not exceed five per cent. of its assessed valuation, it was the plain legal duty of the board of county commissioners to act under the authority thus conferred, and mandamus lies to compel its performance. State ex rel. Galles v. Board of County Commrs. et al., 56 Mont. 387, 185 Pac. 456.

Said special election shall be called for a day not less than fifteen days nor more than thirty days after the day on which the order is made by such board for the holding of such special election, and the board shall give notice of the calling of such election by issuing an election proclamation, which proclamation shall be published two successive times in the newspaper published in such county having the contract for publishing official notices of such county, if such newspaper be published weekly, but if it be published daily, then eight successive insertions thereof, and copies of such proclamation shall be posted in three public places in each voting precinct in such county at least ten days before the day on which such election is to be held. Said proclamation shall clearly state the amount of indebtedness to be incurred, the purpose for which said indebtedness is to be incurred, the day on which such election is to be held, and the hours when the polls will be open, and no other notice shall be given of the calling or holding of such election.

History: En. Sec. 7, Ch. 8, Ex. L. 1919.

History: En. Sec. 8, Ch. 8, Ex. L. 1919.

4688. Registration of voters, etc. None of the provisions of sections 566 and 567 of this code shall apply to said election, but the county clerk shall close registration for such election at five o'clock p. m. on the eleventh day before the day on which said election is to be held, and all

electors whose names shall appear on the registration books of such county at the time the same are closed for such election shall be entitled to vote at such special election; provided, however, that if any person whose name does not appear on the register of voters for the precinct in which such person resides, shall request the judges of election for such precinct to permit him to vote at such election, such judges shall enter the name of such person upon the register of voters for such precinct upon such person taking the oath, answering the questions, and complying with such other provisions of section 554 of this code as are required for registration, and thereupon such person shall be permitted to vote at such election. The judges of election for each election precinct are hereby designated and appointed deputy registrars, within their respective election precincts, for the purpose of carrying out the provisions of this section, and shall have all the powers and perform all of the duties of the registrar authorized and required by chapter one hundred twenty-two, acts of the fourteenth legislative assembly. The judges of election shall, at the same time and in the same manner the election returns of such election are delivered or mailed to the county clerk, deliver or mail to the county clerk all affidavits and registry cards made and filled out before them at such election. The county clerk shall provide such election judges with a suitable number of blank affidavits and registry cards for use in their respective precincts during such election.

History: En. Sec. 9, Ch. 8, Ex. L. 1919.

4689. Form of ballot. The ballots for such special election shall conform as near as possible with the ballots used at general elections, and shall have printed thereon in fair-sized legible type and black ink, in one or more lines as required, the words "For incurring an indebtedness not exceeding the sum of (stating the amount) for the purpose of purchasing seed-grain, feed, provisions, and other necessary supplies to be furnished and supplied by the county to its inhabitants who are financially unable to procure the same, and who have been reduced to such condition by reason of drouth, hail, or other unfavorable climatic conditions." And thereunder, in one or more lines as required, the words "Against incurring an indebtedness not exceeding the sum of (stating the amount) for the purpose of purchasing seed-grain, feed, provisions, and other necessary supplies to be furnished and supplied by the county to its inhabitants who are financially unable to procure the same, and who have been reduced to such condition by reason of drouth, hail, or other unfavorable climatic conditions." There shall be placed before the word "for" and before the word "against," each, a square space of sufficient size to place a cross or "X" therein.

History: En. Sec. 10, Ch. 8, Ex. L. 1919.

4690. Duty of commissioners to furnish relief when majority vote favors measure. If a majority of the votes cast at such special election are in favor of such indebtedness being incurred, then the board of county commissioners shall proceed to purchase and procure the seed-grain, feed, provisions, or other supplies, and to furnish and supply the same in the manner hereinafter provided to applicants therefor who

are inhabitants of the county, who are in need of such relief, who have made application therefor as hereinafter provided, who are financially unable to procure such relief, and who have been reduced to such condition by reason of drouth, hail, or other unfavorable climatic conditions; provided, however, that no indebtedness shall be incurred for such purpose in excess of the amount authorized by such special election.

History: En. Sec. 11, Ch. 8, Ex. L. 1919.

4691. Mode of purchasing supplies. The board of county commissioners shall not be required to advertise for bids for the furnishing of the relief herein provided for to the county, nor to purchase the total amount required from any one individual, copartnership, firm, association, or corporation, nor to purchase at one time the whole amount or quantity required, but such articles must be purchased at the lowest price at which they can be obtained, and may be purchased from different individuals, copartnerships, firms, associations, and corporations, and at such times and in such amounts and quantities as the same may be required from time to time.

History: En. Sec. 12, Ch. 8, Ex. L. 1919.

4692. Warrants upon "special relief fund." In payment for the articles purchased by such county under the provisions of this act, warrants shall be ordered drawn against a fund to be known as the "special relief fund," which said warrants shall be registered by the county treasurer of such county, and shall bear interest at the rate of not to exceed seven per cent. per annum from the date of registration thereof until called for payment by the county treasurer.

History: En. Sec. 13, Ch. 8, Ex. L. 1919.

4693. Issue, sale, or exchange of county bonds to fund outstanding warrants. Whenever there are any warrants outstanding drawn against the special relief fund, and there is insufficient money in such fund to pay said warrants with the interest thereon, the board of county commissioners, whenever such board deems it advisable to do so, may issue and sell or exchange bonds of said county for the purpose of funding such outstanding warrant indebtedness provided, however, that it shall not be necessary for the board of county commissioners to submit to the electors of the county the question of whether or not such bonds shall be issued and sold or exchanged for the purpose of funding such outstanding warrant indebtedness.

History: En. Sec. 14, Ch. 8, Ex. L. 1919.

This act contemplates that the active management of the fund created by a bond issue for the relief of drought sufferers, shall be confided to the judgment and discretion of the board of county commissioners, and that therefore, under the rule above, a plan whereby purchases of seed and supplies were to be made by the applicant for relief, instead of by the board, the applicant to determine the quality and price thereof, was a departure from the mode prescribed by the act and not permissible. State ex rel. Nelson v. Timmons, 57 Mont. 602, 189 Pac. 871.

4694. Denomination, interest and term of bonds. Such bonds shall be in denomination of one thousand dollars, shall bear a rate of interest to be fixed by the board, not exceeding seven per cent. per annum, represented by interest coupons payable semi-annually at such place and at

such times as shall be determined by the board, and all of such bonds shall become due and payable in not less than five nor more than ten years from the date thereof, the date of maturity to be fixed by the board.

History: En. Sec. 15, Ch. 8, Ex. L. 1919; amd. Sec. 1, Ch. 82, L. 1921.

4695. Form, execution, and registration of bonds. The board must prescribe the form of such bonds, and each bond and all coupons attached thereto must be signed by the chairman of the board and by the county treasurer, and each bond and coupon must be countersigned by the county clerk, and each bond sealed by him; provided, a lithographic or engraved facsimile of the signature of the chairman of the board, county treasurer, and county clerk may be affixed to the coupons only when so recited in the bond. Each bond issued must be registered by the county treasurer in a book provided for that purpose, which must show the number and amount of each bond, and when and to whom issued.

History: En. Sec. 16, Ch. 8, Ex. L. 1919.

4696. Printing of bonds. The board must provide suitable bonds, with coupons attached, to be printed or lithographed, and must pay therefor out of the special relief fund.

History: En. Sec. 17, Ch. 8, Ex. L. 1919.

4697. Laws applicable to sale or other disposition of bonds. All such bonds must be advertised for sale, sold, or exchanged, the proceeds thereof applied, and said bonds and interest coupons redeemed and paid, and record thereof kept in the manner provided by sections 4616, 4617, 4619, 4621, 4623, and 4624 of this code.

History: En. Sec. 18, Ch. 8, Ex. L. 1919.

4698. Tax levy for payment of warrants upon special relief fund. When warrants have been drawn and issued against said special relief fund, and such warrant indebtedness has not been funded by the issuance and sale or exchange of bonds as provided in this act, the board of county commissioners must, at the time and in the manner other taxes are levied, levy a tax upon the taxable property in said county in addition to other taxes sufficient to pay such outstanding warrants and the interest thereon; provided, however, that the board shall not be required to levy during any one year an amount sufficient to pay all of such outstanding warrant indebtedness and interest, but may levy such tax during succeeding years; provided, further, that such tax shall be in such amount during each year that all of said warrants with interest thereon shall be fully paid within three years. Such tax, when collected, shall be paid into the special relief fund, and shall be used for no other purpose than the payment of warrants drawn against such fund and interest thereon.

History: En. Sec. 19, Ch. 8, Ex. L. 1919.

4699. Tax levy to prove a "special relief bond fund." If such warrant indebtedness has been funded by the issuance and sale or exchange of bonds in the manner provided by this act, the board of county commissioners must, annually, at the time and in the manner other taxes are levied, levy a tax upon the taxable property in such county in addition to other taxes, sufficient to pay the interest on all such bonds, as the same

becomes due, and also sufficient to provide a proportionate amount of the total amount, required for the redemption of such bonds as the same become due, or are called in for payment, according to the conditions thereof, and such tax when collected must be set apart in a fund known as the "special relief bond fund" and used for no other purpose than the payment of such bonds and interest accruing thereon.

History: En. Sec. 20, Ch. 8, Ex. L. 1919.

4700. Application for relief—Contents. All inhabitants of such county, who by reason of drouth, hail, or other unfavorable climatic conditions, are financially unable to procure the relief herein authorized, and who desire to avail themselves of the benefits of this act, shall file with the county clerk of the county in which such applicant resides, an application duly sworn to before said county clerk or some other officer authorized to administer oaths. Said application shall state that because of misfortune resulting from drouth, hail, or other unfavorable climatic conditions (stating the precise condition responsible for the misfortune), the applicant has not procured and is financially unable to procure the seed-grain, feed, provisions, or other supplies applied for; that the applicant desires the same for his own use or support, or for the use or support of his family or dependents residing in the state of Montana; that such relief is needed at once; that the same cannot be procured from any other source known to the applicant; and that the applicant will not sell or dispose of the same or any part thereof. In case the application be for seed-grain, it shall also state the following matters, to-wit: The number of acres owned by applicant; the number of acres plowed or prepared for seeding; the number of acres intended to be plowed or prepared for seeding; the amount and kind of grain required; the amount and kind of grain, if any, harvested by applicant the preceding season, and the amount and kind of grain, if any, in his possession. Said application shall also in such case contain an agreement that the applicant will use the seed-grain furnished and all thereof in seeding his land at the next ensuing planting season. Said application shall also in all cases contain a true and full description of all real and personal property owned by the applicant, if any, and the incumbrances thereon, together with a true description of the land upon which seed-grain is agreed to be sown. No application shall be considered by the board of county commissioners unless made out and filed as prescribed in this section.

History: En. Sec. 21, Ch. 8, Ex. L. 1919.

4701. Duties of county commissioners with respect to applications. The board of county commissioners shall constitute a board of examination and adjustment, and shall examine and adjust and approve or disapprove all applications filed under the provisions of this act. Said board shall meet at such time or times as the board may deem necessary at the regular meeting place of the board of county commissioners, and examine and consider separately each and every application filed, and determine who are entitled to receive relief from such county, and the amount to which each applicant is entitled; provided, however, that no one applicant shall be entitled to receive relief exceeding in value the sum of one thousand dollars. On each application shall be indorsed the

approval or disapproval of the board, and if approved, the quantity and kinds of relief for which the same is approved, which indorsement shall be signed by the chairman of the board, and all applications shall, immediately after being acted upon by the board, be delivered to the county clerk.

History: En. Sec. 22, Ch. 8, Ex. L. 1919.

4702. Duty of county clerk to issue orders for relief, when—Promissory note of applicant—Refusal of relief—Security to be furnished, when. The county clerk shall, as soon as said board has delivered the applications to him, upon demand of each applicant whose application has been approved by said board, issue to such applicant an order for the relief which has been allowed to said applicant, unless otherwise directed by the board of county commissioners, or chairman thereof. The applicant for relief shall, before receiving such order, execute to the county and deliver to the board of county commissioners his promissory note, and if a married man same shall be indorsed by his wife, for the cost of the seed-grain, feed, provisions, or other supplies ordered to be delivered to him. Such note shall bear interest at the rate of six per cent., and shall in ordinary cases be due in one year from its date; provided, however, that in all cases it shall be optional with the board of county commissioners, in the exercise of its discretion, to authorize the giving of said note for a longer period of time, or to modify the conditions of said note in any manner deemed advisable by the board; provided, further, that in all cases where applications are made for seed-grain under the terms of this act, it shall be the duty of the board of county commissioners to investigate the financial condition and prospects of the applicant. If, after such investigation, the board is satisfied that the applicant is the owner of land or other property upon which he is able to give security for the relief extended, or that there is a reasonable probability that the applicant will be able to repay the amount of said relief out of his crop to be raised the ensuing year, it shall be optional with said board to refuse relief under the terms of this act, and to require the applicant to avail himself of the terms of the seed-grain law, being sections 4640 to 4676 of this code. It is expressly declared that the purpose of this act is to extend relief to financially destitute persons only, and that in all cases where applicants for seed-grain are unable to give the contract and security provided for in said sections above named, that he shall be required to obtain relief under the terms of said act; provided, further, that in those counties where no provision has been made for seed distribution under the seed-grain law provided in sections 4640 to 4676 of this code, the board of county commissioners shall investigate the financial conditions and prospects of the applicant, and request such security from the applicant as they see fit.

History: En. Sec. 23, Ch. 8, Ex. L. 1919.

4703. Penalty for disposing of supplies and false swearing. Any person who shall sell, transfer, or in any manner dispose of any seed-grain, feed, provisions, or other supplies, or any part thereof, furnished to him by the county under the provisions of this act, shall be guilty of a misdemeanor, and, upon conviction, shall be punished by a fine of not less

than one hundred dollars nor more than five hundred dollars, or by imprisonment in the county jail for a term not to exceed six months, or by both such fine and imprisonment, and any person who shall be guilty of false swearing in his application for relief under the terms of this act shall be deemed to have committed perjury, and shall upon conviction suffer the penalties of that crime.

History: En. Sec. 24, Ch. 8, Ex. L. 1919.

4704. Violations of law to be prosecuted. It shall be the duty of boards of county commissioners, constables, sheriffs, and county attorneys to diligently inquire into and prosecute all violations of any of the provisions of this act.

History: En. Sec. 25, Ch. 8, Ex. L. 1919.

4705. Pro rata distribution of relief—Control of county commissioners over applications—Relief furnished at actual cost. If more relief is applied for than can be supplied by the board of county commissioners of any county under the provisions of this act, a pro rata distribution shall be made among those who shall be found entitled to the benefits of this act. The board shall have the right to refuse or disapprove any application which it may deem improper to grant, and may revise its adjustment of applications at any time before final distribution. All relief shall be furnished at actual cost including transportation and handling charges.

History: En. Sec. 26, Ch. 8, Ex. L. 1919.

4706. Moneys received by county treasurer payable into what funds. All money received by the county treasurer in payment for relief furnished under the provisions of this act, and in payment of interest thereon, shall, if the warrant indebtedness incurred by the county in the purchase of such seed-grain has not been funded by the issuance and sale or exchange of bonds, be paid into and become a part of the special relief fund, but if such warrant indebtedness has been funded by the issuance and sale or exchange of bonds, then such money shall be paid into the special relief bond fund.

History: En. Sec. 27, Ch. 8, Ex. L. 1919.

4707. Tax levy may be dispensed with when—Annual levy limited to what amount. In case the amount of money received by the county treasurer in any one year in payment for articles furnished under the provisions of this act shall be sufficient to pay all outstanding warrants and interest thereon, if such warrant indebtedness has not been funded by the issuance and sale or exchange of bonds, or shall be sufficient to pay the interest on and place in the bond fund a proportionate amount of the total amount required for the payment and redemption of the bonds, if such warrant indebtedness has been funded by the issuance and sale or exchange of bonds, then no tax shall be levied for such purpose in that year, and in no year shall there be a greater tax levied than will, together with the balance then on hand in the county treasury, be sufficient to pay the interest and principal of all warrants or bonds then outstanding.

History: En. Sec. 28, Ch. 8, Ex. L. 1919.

4708. Transfer of moneys from general fund to special relief bond fund. If such warrant indebtedness shall be funded by the issuance and sale or exchange of bonds, and there shall at any time be insufficient money in the special relief bond fund with which to pay any interest on such bonds when the same becomes due, the board of county commissioners may order that sufficient money for such purpose be transferred from the general fund of the county to the special relief bond fund, but such amount so ordered transferred shall, whenever there is thereafter sufficient money in the special relief bond fund, be, by order of the board of county commissioners, retransferred to the general fund.

History: En. Sec. 29, Ch. 8, Ex. L. 1919.

4709. Transfer of unused funds in special relief fund to general fund. Any balance remaining in the special relief fund of any county, after the necessity for aiding needy farmers shall have passed, and all warrants and bonds issued under the provisions of this act shall have been paid and retired, shall be, by the county commissioners, transferred to the general fund of such county.

History: En. Sec. 30, Ch. 8, Ex. L. 1919.

4710. Liberal construction of law. This act and all of its provisions, shall be liberally construed so as to effectuate its purpose, and a failure to give any of the notices herein provided for, or to perform any of the acts herein required within the exact time prescribed, shall not invalidate any election held hereunder, or any warrants or bonds issued, provided there has been a substantial compliance with the provisions of this act except as to time.

History: En. Sec. 31, Ch. 8, Ex. L. 1919.

4711. Construction of law in relation to seed-grain law of 1918. It is expressly declared that this act does not repeal or in any way modify or affect the provisions of sections 4640 to 4676 of this code, but that in so far as the furnishing of seed-grain is concerned, this act is cumulative to the former act, and provides an additional method by which seed-grain relief may be procured by those in destitute circumstances.

History: En. Sec. 32, Ch. 8, Ex. L. 1919.

A special election called to determine whether indebtedness should be incurred by a county to aid drought sufferers, held on application for injunction, not to have been invalidated by failure to post the required notice in certain precincts owing to the interruption of the mail and impassability of the roads caused by a storm, where the electors had been advised of the election through the medium of newspapers, where fraud was not charged, the number of electors voting greatly exceeding the number of votes cast at a preceding election held for the same purpose at which the proposition was defeated. State ex rel. Nelson v. Timmons, 57 Mont. 602, 189 Pac. 871.

CHAPTER 22.

BOND ISSUE AND TAX LEVY FOR BRIDGE CONSTRUCTION.

Section 4712. Petition for Construction of Bridge—Submission of Question of Bond Issue.
4713. Increased Tax Levy for Road and Bridge Construction.
4714. Submission of Question to Electors.
4715. Majority Vote Required.
4716. Collection of Tax.

4712. Petition for construction of bridge—Submission of question of bond issue. The county commissioners of any county in the state of Montana, whenever a petition signed by ten per cent. of the resident taxpayers of the county is filed with the county clerk and recorder, shall cause to be submitted to the voters of the county, on the same date as is held the next general election following the filing of the said petition, the question of whether or not the county shall issue bonds for an amount exceeding ten thousand dollars, for the purpose of securing money to construct a bridge at or near such a place in the county as is designated by the petition; provided, however, that said petition shall be filed with the county clerk and recorder not later than seventy-five days previous to the date of the holding of any general election; provided, further, that whenever a petition or petitions are filed with the county clerk and recorder praying that the question or questions of issuing bonds for the construction of more than one bridge in the same locality in a county be submitted to a vote, the county commissioners shall select and cause to be submitted to a vote only one of said questions. This act, however, shall not preclude the county commissioners from submitting more than one bridge bonding question to a vote at the same election, in case separate ballots are provided for each such question.

History: En. Sec. 1, Ch. 56, L. 1919.

4713. Increased tax levy for road and bridge construction. The board of county commissioners may, in their discretion, for the purpose of constructing roads and bridges, make an increased levy upon the taxable property of the county of ten mills or less; provided, that such proportion of the funds derived under the provision of this act as are expended on state and main highways shall be expended under plans approved by the state highway commission.

History: En. Sec. 1, Ch. 160, L. 1919.

4714. Submission of question to electors. Before such increased levy shall be made, the question shall be submitted to a vote of the people at some general or special election, and shall be submitted in the following form, inserting the number of mills proposed to be levied:

"Shall there be an increased levy of.....mills upon the taxable property of the county of....., state of Montana, for the purpose of constructing roads and bridges?

☐	Yes.
☐	No."

History: En. Sec. 2, Ch. 160, L. 1919.

4715. Majority vote required. A majority of the votes cast shall be necessary to adopt such measure.

History: En. Sec. 3, Ch. 160, L. 1919.

4716. Collection of tax. Such levy shall be collected in the same manner as other road taxes are collected.

History: En. Sec. 4, Ch. 160, L. 1919.

CHAPTER 23.

QUESTION OF RAISING MONEY TO BE SUBMITTED TO A VOTE.

Section 4717. Commissioners Not to Borrow Money Except as Herein Provided.
4718. Commissioners to Determine Amount Necessary.
4719. Notice of Election to Be Given.
4720. Ballots—What to Contain.
4721. When Loan May Be Made.
4722. Form of Ballots—Voting.

4717. Commissioners not to borrow money except as herein provided. The board of county commissioners must not borrow money for any of the purposes mentioned in this title, or for any single purpose to an amount exceeding ten thousand dollars, without the approval of a majority of the electors of the county, and without first having submitted the question of a loan to a vote of such electors; provided, that it shall not be necessary to submit to the electors the question of borrowing money to refund outstanding bonds, or for the purpose of enabling any county to liquidate its indebtedness to another county incident to the creation of a new county or the change of any county boundary lines.

History: En. Sec. 4270, Pol. C. 1895; re-en. Sec. 2933, Rev. C. 1907; amd. Sec. 1, Ch. 92, L. 1919.

The meaning of this section and section 5, article XIII, of the constitution, declaring that counties shall not incur any indebtedness in an amount exceeding $10,000, without the approval of a majority of the electors "voting at an election," etc., coupled with section 4721, providing that such a loan may be made "if a majority of the votes cast" is in favor of it, is the same, and the approval of a majority of the electors voting at an election to determine whether a proposed indebtedness shall be incurred was sufficient to legalize a bond issue. Morse v. Granite County, 44 Mont. 78, 95, 96, 119 Pac. 286.

Though the language of this section deviates from that employed in section 5 of article XIII of the constitution, it was evidently enacted in pursuance thereof, and must be held to mean the same. Morse v. Granite County, 44 Mont. 78, 95, 96, 119 Pac. 286.

The board of county commissioners cannot borrow money to refund outstanding indebtedness exceeding ten thousand dollars, by the issuance of bonds or otherwise, without having first obtained the approval of the electors of the county. Edwards v. Lewis and Clark County, 53 Mont. 359, 368, 165 Pac. 297.

The term, "incur indebtedness or liability," as used in section 5, article XIII, of the constitution, is not synonymous with the term "borrow money" used in this section; the former having to do with the creation of new indebtedness, while the latter deals with borrowing money through the instrumentality of issuing bonds for any of the purposes mentioned in the title of which the section forms a part. Edwards v. County of Lewis and Clark, 53 Mont. 359, 369, 370, 165 Pac. 297.

The restraint laid upon the legislature by the constitutional provision, limiting the amount of new indebtedness that a county could incur, did not operate to prevent it from imposing upon counties further limitations in the management of county finances. Edwards v. County of Lewis and Clark, 53 Mont. 359, 379, 165 Pac. 297.

Cited or applied as section 4270, Political Code, before amendment, with succeeding sections, in Tinkel v. Griffin, 26 Mont. 426, 429, 68 Pac. 859; as section 2933, Revised Codes, in State ex rel. Rowe v. Kehoe, 49 Mont. 582, 592, 144 Pac. 162; State ex rel. Cryderman v. Wienrich, 54 Mont. 390, 399, 170 Pac. 942; Parker v. City of Butte, 58 Mont. 531, 533, 193 Pac. 748.

4718. Commissioners to determine amount necessary. Whenever it is necessary to submit to a vote of the electors of the county the question of

making a loan, the board must first determine the amount necessary to be raised.

History: En. Sec. 4271, Pol. C. 1895; re-en. Sec. 2934, Rev. C. 1907.

Upon submitting the question of a bond issue to the voters, the determination by the board of the amount of the issue is a necessary prerequisite to the validity of subsequent proceedings, and in so doing the board may proceed upon its own initiative and determine the necessity of the loan, without waiting the filing of a petition. Morse v. Granite County, 44 Mont. 78, 90, 119 Pac. 286.

Where the board of county commissioners has determined the amount necessary for the general purpose of a proposed bond issue, such as the erection of a courthouse, it is not required, before submitting the question to a vote, to ascertain the cost of a suitable site for the building, nor that of the necessary furnishings. Morse v. Granite County, 44 Mont. 78, 90, 91, 119 Pac. 286.

The only question which the board of county commissioners was required to submit to the electors upon the proposition of procuring funds to erect a court-house was whether a loan in the amount found necessary should be effected for such purpose. Morse v. Granite County, 44 Mont. 78, 91, 92, 93, 119 Pac. 286; Carlson v. City of Helena, 39 Mont. 82, 102 Pac. 39, 17 Ann. Cas. 1233, distinguished.

Cited or applied as section 4271, Political Code, in Tinkel v. Griffin, 26 Mont. 426, 429, 68 Pac. 859.

4719. Notice of election to be given. Notice of the election, clearly stating the amount to be raised and the object of the loan, must be given, and the election held and conducted, and the returns made in all respects in the manner prescribed by law in regard to the submission of questions to the electors of a locality under the general election law.

History: En. Sec. 4272, Pol. C. 1895; re-en. Sec. 2935, Rev. C. 1907.

This section has no reference to the printed form of the ballot, but merely requires that the provisions of the general election law touching the qualifications of the voters, the appointment of judges and clerks, the secrecy of the ballot, and the method of voting should be observed. Tinkel v. Griffin, 26 Mont. 426, 430; 68 Pac. 859.

A constitutional restriction that a board of county commissioners shall not incur any indebtedness or liability, above a designated amount, is a limitation upon the authority of the board; it has no reference to the power of the people. Reid v. Lincoln County, 46 Mont. 31, 57, 125 Pac. 429.

The provision of this section, that the notice of election shall clearly state the object of the loan, means the general object of the loan. It is not necessary to specify all of the details. So long as a reasonably comprehensive notice is given, the courts have no power to declare it insufficient. Reid v. Lincoln County, 46 Mont. 31, 57, 125 Pac. 429. See Mansur v. City of Polson, 45 Mont. 585, 593, 125 Pac. 1002.

The order and notice for a special election held for the issuance of bonds to create a highway system, with bridges, which included public ferries, was not invalid because merely stating those purposes generally, and not mentioning ferries, a "ferry" being a mere incident or movable portion of a highway where it crosses a stream. Reid v. Lincoln County, 46 Mont. 31, 57, 58, 125 Pac. 429. Distinguished in State ex rel. Kehoe v. Stromme, 49 Mont. 25, 27, 139 Pac. 1002.

Cited or applied as section 2935 Revised Codes, with other sections, in State ex rel. Cryderman v. Wienrich, 54 Mont. 390, 399, 170 Pac. 942.

4720. Ballots—What to contain. There must be written or printed on the ballots the words "For the loan" and "Against the loan," and in voting the elector must vote for the proposition he prefers by making an X opposite the proposition.

History: En. Sec. 4273, Pol. C. 1895; re-en. Sec. 2936, Rev. C. 1907.

In an election held for the incurring of indebtedness by the issue of bonds for the erection and furnishing of a county courthouse, ballots on which were printed the words "for the loan" and "against the loan," without specifying the nature and purpose of the proposed loan, were held sufficient. Tinkel v. Griffin, 26 Mont. 426, 430, 68 Pac. 859; Reid v. Lincoln County, 46 Mont. 31, 61, 125 Pac. 429.

4721. When loan may be made. If a majority of the votes cast are in favor of the loan, then the board may make the loan, issuing bonds, or otherwise, as may seem best for the interests of the county.

History: En. Sec. 4274, Pol. C. 1895; re-en. Sec. 2937, Rev. C. 1907.

Cited or applied as section 4274, Political Code, in Tinkel v. Griffin, 26 Mont. 426, 429, 68 Pac. 859; as section 2937, Revised Codes, in Morse v. Granite County, 44 Mont. 78, 94, 119 Pac. 286.

4722. Form of ballots—Voting. Hereafter whenever, in due course of law, in the manner and form required by law and according to the provisions and requirements of law, any question or proposition of or relating to bonded indebtedness, or of issuing bonds or of refunding, increasing, or creating a bonded indebtedness is submitted, ordered submitted, or to be submitted to the electors of any county, at a general or other election, when, at the same time, candidates for national, state, or county office or offices are to be voted upon or for by the qualified electors of such county, such question or proposition relating to bonds or bonded indebtedness shall not be placed or printed upon the official ballots furnished electors at such election for the purpose of voting for candidates for any office or offices, and containing the names of candidates for office or offices to be voted for at such election, but the county commissioners shall authorize, and the county clerk shall have printed and furnished to election judges and officials in each voting precinct of such county, separate ballots therefor, equal in number to the official ballots so furnished, and containing the names of such candidates for office. Said separate ballots shall be white in color and of convenient size, being only large enough to contain the printing herein required to be done and placed thereon, and shall have printed thereon in fair-sized, legible type and black ink, in one line or more, as required, the words "For" said bonding proposition (stating it and the terms thereof explicitly and at length), and thereunder the words "Against" said bonding proposition (stating it and the terms thereof explicitly and at length in like manner, as above); and there shall be before the word "For" and before the word "Against," each, a square space of sufficient size to place a plain cross or X therein, and such arrangement shall be in this manner:

☐	For (stating propositions.)
☐	Against (stating propositions.)

Such separate ballots shall be kept, stamped, given out, received, counted, returned, and disposed of by election judges in like manner as other official ballots herein referred to. Each qualified elector offering to vote and permitted to vote shall, at the time he is offered by the election judges an official ballot bearing the names of candidates for office, be handed one of the separate ballots above described, and he may then and there, in a booth as provided by law, and not otherwise, vote on such separate ballot for or against said proposition by placing a cross or X before the word "For" or the word "Against," in the vacant square provided therefor; and such separate ballot shall be returned to the

election judges by the voter, with said other official ballot, if the voter chooses to vote for candidates for office and is entitled to do so. The election judges shall deposit said separate ballot on the bonding proposition, separate from the voter's other official ballot, in the ballot-box.

History: En. Sec. 1, p. 13, L. 1901; re-en. Sec. 2938, Rev. C. 1907.

The ballot, in a special election to authorize the issuance of county bonds for a public highway system in a county, which recited that the issue was the bonding of the county in a designated amount to provide funds for a system of public highways, bridges, and free ferries, said bonds to be payable in twenty years and redeemable in fifteen, was sufficient under this section. Reid v. Lincoln County, 46 Mont. 31, 59, 125 Pac. 429. See Tinkel v. Griffin, 26 Mont. 426, 429, 68 Pac. 859.

4750. Duties of county treasurer. The county treasurer must:

1. Receive all moneys belonging to the county, and all other moneys

by law directed to be paid to him, safely keep the same, and apply and pay them out, rendering account thereof as required by law;

2. Keep an account of the receipt and expenditures of all such moneys in books provided for the purpose, in which must be entered the amount, the time when, from whom, and on what account all moneys were received by him; the amount, time when, to whom, and on what account all disbursements were made by him;

3. So keep his books that the amount received and paid out on account of separate funds or specific appropriations is exhibited in separate and distinct accounts, and the whole receipts and expenditures shown in one general or cash account;

4. Enter no moneys received for the current year on his account with the county for the past fiscal year, until after his annual settlement for the past year has been made with the county clerk;

6. Keep all school moneys in a separate fund, and keep a separate account of their disbursement to the several school districts which are entitled to receive them, according to the apportionment of the county superintendent of common schools;

7. Notify the county superintendent of the amount of the county school fund in the county treasury subject to apportionment, whenever required, and inform him of the amount of school moneys belonging to any other fund subject to apportionment;

9. Make, annually, during the month of September of each year, a financial report for the last preceding year ending with August 31st, to the county superintendent in such form as may be required by him.

History: En. Sec. 4350, Pol. C. 1895; re-en. Sec. 2986, Rev. C. 1907. Cal. Pol. C. Sec. 4144.

The owner of a warrant which the treasurer refuses to pay cannot obtain a money judgment against the county in an action on the warrant. Greeley v. Cascade County, 22 Mont. 580, 588, 57 Pac. 274.

The phrase, "or as otherwise provided by law," in the fifth subdivision of this section, includes juror's certificates, and the restriction as to the power of payment by the treasurer applies as well to them as to other claims against the county. In re Farrell, 36 Mont. 254, 261, 92 Pac. 785; County of Silver Bow v. Davies, 40 Mont. 418, 426, 107 Pac. 81.

The provisions of this section are mandatory. The use of the word "only" in the fifth subdivision limits the power of the treasurer to pay out the money of the county, both as to the amount and the precedent conditions of payment. In re Farrell, 36 Mont. 254, 261, 92 Pac. 785. See also County of Silver Bow v. Davies, 40 Mont. 418, 426, 107 Pac. 81.

The duty of a county treasurer to account for and pay over the moneys paid directly to him by members of the public, as revenue due the county, or directed by a court or by statute to be deposited with him for safe-keeping, is clearly statutory, and his liability for dereliction in this respect is a liability created by statute. Gallatin County v. United States F. & G. Co., 50 Mont. 55, 62, 144 Pac. 1085.

Cited or applied as section 2986, Revised Codes, in Gallatin County v. United States F. & G. Co., 50 Mont. 55, 62, 144 Pac. 1085.

4751. Must receipt for money. When any money is paid to the county treasurer, he must give to the person paying the same a receipt therefor, which must forthwith be deposited with the county clerk, who

must charge the treasurer therewith and give the person paying the same a receipt.

History: En. Sec. 4351, Pol. C. 1895; re-en. Sec. 2987, Rev. C. 1907. Cal. Pol. C. Sec. 4146.

4752. Mode of redeeming warrants. When a warrant is presented for payment, if there is money in the treasury for that purpose, he must pay the same, and write on the face thereof "Paid," the date of payment, and sign his name thereto.

History: En. Sec. 4352, Pol. C. 1895; re-en. Sec. 2988, Rev. C. 1907. Cal. Pol. C. Sec. 4147.

4753. Registry of warrants—Interest. When any warrant is presented to the treasurer for payment and the same is not paid for want of funds, the treasurer must indorse thereon, "Not paid for want of funds," annexing the date of presentation, and sign his name thereto; and from that time until paid the warrant bears six per cent. per annum interest.

History: Ap. p. Sec. 4353, Pol. C. 1895; amd. Sec. 2, p. 99, L. 1899, re-en. Sec. 2989, Rev. C. 1907. Cal. Pol. C. Sec. 4148.

4754. Notice of redemption of warrants. When there are sufficient moneys to pay the warrants drawing interest, the treasurer must give notice in some newspaper published in his county, or, if none is published, then by written notice posted upon the courthouse door, stating therein that he is ready to pay such warrants. From the first publication or posting of such notice such warrants cease to draw interest.

History: En. Sec. 4354, Pol. C. 1895; re-en. Sec. 2990, Rev. C. 1907. Cal. Pol. C. Sec. 4149.

4755. What it must state and how published. In advertising warrants under the provisions of this section in any newspaper, the treasurer must not publish the warrants in detail, but give notice only that county warrants presented for payment prior to such date, stated in the notice, are payable. When a part only of the warrants presented for payment on the same day are payable, the treasurer must designate such payable warrants in the advertisement.

History: En. Sec. 4355, Pol. C. 1895; re-en. Sec. 2991, Rev. C. 1907. Cal. Pol. C. Sec. 4150.

4756. Priority in payment of warrants. Warrants drawn on the treasury and properly attested are entitled to preference as to payment out of moneys in the treasury properly applicable to such warrants according to the priority of time in which they were presented. The time of presenting such warrants must be noted by the treasurer, and upon the receipts of moneys into the treasury not otherwise appropriated, he must set apart the same, or so much thereof as is necessary for the payment of such warrants.

History: Ap. p. Sec. 94, p. 452, Cod. Stat. 1871; amd. Sec. 1, p. 68, L. 1874; re-en. Sec. 440, 5th Div. Rev. Stat. 1879; re-en. Sec. 893, 5th Div. Comp. Stat. 1887; amd. Sec. 4356, Pol. C. 1895; re-en. Sec. 2992, Rev. C. 1907. Cal. Pol. C. Sec. 4151.

4757. Warrants must be registered in name of payee. The county treasurer must not register any county order or warrant in the name of any person other than the payee thereof, except at the request of such payee, or his agent, assignee, or legal representative, whose authority must

be produced to the treasurer in writing, and he must not pay any order or warrant except to the payee thereof, or to his agent, assignee, or legal representative, whose authority must be in writing and delivered to him, and must be returned with such order or warrant, when paid, to the board of county commissioners.

History: En. Sec. 98, p. 453, Cod. Stat. 1871; re-en. Sec. 444, 5th Div. Rev. Stat. 1879; re-en. Sec. 897, 5th Div. Comp. Stat. 1887; re-en. Sec. 4357, Pol. C. 1895; re-en. Sec. 2993, Rev. C. 1907.

4758. Funds reserved sixty days therefor. If such warrants be not re-presented for payment within sixty days from the time of the notice hereinbefore provided for is given, the fund set aside for the payment of the same must be by the treasurer applied to the payment of unpaid warrants next in order of registry. The board of county commissioners may, on application and presentation of warrants properly indorsed, which have been advertised, pass an order directing the treasurer to pay them out of any money in the treasury not otherwise appropriated.

History: En. Sec. 4358, Pol. C. 1895; re-en. Sec. 2994, Rev. C. 1907. Cal. Pol. C. Sec. 4152.

4759. Notation on warrant of interest paid. When the treasurer pays any warrant on which any interest is due, he must note on the warrant the amount of interest paid thereon, and enter on his account the amount of such interest distinct from the principal.

History: En. Sec. 4359, Pol. C. 1895; re-en. Sec. 2995, Rev. C. 1907. Cal. Pol. C. Sec. 4153.

4760. Settlements, how made—Monthly and annually. The treasurer must settle his accounts relating to the collection, care and disbursement of public revenue, of whatsoever nature and kind, with the county clerk, on the first Monday of each month. For the purpose of making such settlements he must make out a statement, under oath, of the amount of money or other property received prior to the period of such settlement, the sources whence the same was derived, the amount of payments or disbursements, and to whom, with the amount remaining on hand. He must, in such settlements, deposit all warrants redeemed by him and take the county clerk's receipt therefor. He must make a full settlement of all accounts with the county clerk, annually, on the first Monday of January, in the presence of the county commissioners, who have control thereof.

History: En. Sec. 4360, Pol. C. 1895; re-en. Sec. 2996, Rev. C. 1907. Cal. Pol. C. Sec. 4154.

4761. Report to board of commissioners each session. Each county treasurer must make a detailed report, at every regular meeting of the board of county commissioners of his county, of all moneys received by him and the disbursement thereof, and of all debts due to and from the county, and of all other proceedings in his office, so that the receipts into the treasury and the amount of disbursements, together with the debts due to and from the county, may clearly and distinctly appear.

History: En. Sec. 4361, Pol. C. 1895; re-en. Sec. 2997, Rev. C. 1907. Cal. Pol. C. Sec. 4155.

History: En. Sec. 4363, Pol. C. 1895; re-en. Sec. 2999, Rev. C. 1907. Cal. Pol. C. Sec. 4157.

4764. When he must sue coroner. If the coroner, or any justice of the peace acting as coroner, fails to deliver to the treasurer, within thirty days after any inquest upon a dead body, all money and property found upon such body, unless claimed in the meantime by the public administrator or other legal representative of the decedent, as required by section 4850, the treasurer must proceed against the coroner, or justice acting as coroner, to recover the same by civil action in the name of the county.

History: En. Sec. 4364, Pol. C. 1895; re-en. Sec. 3000, Rev. C. 1907. Cal. Pol. C. Sec. 4158.

4765. Disposition of property received from coroner. The treasurer, upon receiving from the coroner, or justice acting as coroner, money found on a dead body, must place it to the credit of the county. On receiving other property in like manner he must, within thirty days, sell it at public auction upon reasonable public notice, and must in like manner place the proceeds to the credit of the county.

History: En. Sec. 4365, Pol. C. 1895; re-en. Sec. 3001, Rev. C. 1907. Cal. Pol. C. Sec. 4159.

4766. Money from coroner in treasury may be demanded within six years. If the money in the treasury is demanded within six years by the legal representatives of the decedent, the treasurer must pay it to them, after deducting the fees and expenses of the coroner and of the county in relation to the matter; or the same may be so paid at any time thereafter upon the order of the board of county commissioners.

History: En. Sec. 4366, Pol. C. 1895; re-en. Sec. 3002, Rev. C. 1907. Cal. Pol. C. Sec. 4160.

4767. Deposit of public funds. It shall be the duty of the county treasurer to deposit all public moneys in his possession and under his control, excepting such as may be required for current business, in any solvent bank or banks located in his county subject to national supervision or state examination, as the board of county commissioners shall designate, and no other, and the sums so deposited shall bear interest at the rate of two and one-half per centum per annum, payable quarter-annually. The treasurer shall take from such banks such security in public bonds or other securities, or indemnity bonds, as the board of county commissioners of such county may prescribe, approve, and deem fully sufficient

and necessary to insure the safety and prompt payment of all such deposit on demand.

When more than one such bank is available in any county, such deposits shall be distributed ratably among all such banks qualifying therefor, substantially in proportion to the paid-in capital of each such bank willing to receive such deposits under the terms of this act, and it shall be the duty of the county treasurer to prorate all such deposits among all the banks in his county qualified to receive same as in this act provided, to the end that an equitable distribution of such deposits be maintained. If no such bank exists in the county, or if any bank or banks existing therein fails or refuses to qualify under the terms of this act to receive such deposits, then and in such case, or in either of such cases, such moneys, or any portion thereof, shall be deposited under the terms of this act in the bank or banks most convenient to such county, willing to accept such deposits under the terms of this act, and qualified as above provided. Any bank or banks receiving such deposits, shall, through its president and cashier, make a statement quarter-annually of account, under oath, showing all such moneys that have been deposited with such bank during the quarter, the amount of daily balances in dollars, and the amount of interest by such bank or banks credited or paid therefor, and showing that neither such bank, nor any officer thereof, nor any person for it, has paid or given any consideration or emolument whatsoever to the treasurer or to any other person other than the interest provided for herein, for or on account of the making of such deposits with any such bank. All such deposits shall be subject to withdrawal by the treasurer in such amounts as may be necessary from time to time, and no deposit of funds shall be made, or permitted to remain in any bank, until the security for such deposits shall have been first approved by the board of county commissioners and delivered to the treasurer. All interest paid and collected on such deposits shall be credited to the general fund of the county. Where moneys shall have been deposited in accordance with the provisions of this act, the treasurer shall not be liable for loss on account of any such deposit that may occur through damage by the elements, or for any other cause or reason occasioned through means other than his own neglect, fraud, or dishonorable conduct.

History: Ap. p. Sec. 4367, Pol. C. 1895; amd. Sec. 1, Ch. 5, L. 1903; amd. Sec. 3003, Rev. C. 1907; amd. Sec. 1, Ch. 88, L. 1913. Cal. Pol. C. Sec. 4161.

That a county treasurer was following a custom established by his predecessor in depositing public moneys in bank, without requiring the security prescribed by statute, was no defense to a suit by the county to have the bank declared a trustee ex maleficio of such moneys for its benefit, and to be decreed entitled to preference in the distribution of the assets of the bank then in the hands of a receiver. Yellowstone Co. v. First Trust & Savings Bank, 46 Mont. 439, 451, 128 Pac. 596.

Where a county treasurer has county funds on deposit in a bank, in compliance with this section, the moneys so deposited constitute a general deposit and make of the county a general creditor of the bank. In case of the bank's failure, it must, under these circumstances, either share alike with other general creditors in the distribution of the bank's assets, or look to the surety for relief. Yellowstone Co. v. First Trust & Savings Bank, 46 Mont. 439, 449, 128 Pac. 596.

Where a county treasurer had county funds on deposit in a bank in the sum of thirty-three thousand dollars, without first having exacted an indemnity bond, and the bank later furnished bond in the sum of twenty-five thousand dollars, the legal effect of such latter action was a redeposit of a sum equal to one-half the amount of the bond, and neither its validity nor sufficiency was impaired by the wrongful act of the treasurer in keeping on deposit

a sum in excess of the latter amount. Yellowstone Co. v. First Trust & Savings Bank, 46 Mont. 439, 449, 128 Pac. 596.

The keeping of county funds on deposit to the extent of $20,500, excess over and above the sum of $12,500 secured by bond, as required by this section, was unlawful and without the county's consent, and as to such excess, the bank, chargeable with knowledge of the unlawful conduct of the county treasurer, and therefore an active participant in the wrong, became a trustee ex maleficio, for the use and benefit of the county. Yellowstone Co. v. First Trust & Savings Bank, 46 Mont. 439, 450, 128 Pac. 596.

The fact that neither the county commissioners nor the state examiner, whose duty it was to ascertain the depositaries of county funds and inquire into the sufficiency of the bonds held to secure them, interposed any objection to a county treasurer's wrongful conduct in depositing county funds in a bank without exacting any security, did not constitute an estoppel on the part of the county to claim that his act was wrongful. Yellowstone Co. v. First Trust & Savings Bank, 46 Mont. 439, 451, 128 Pac. 596.

A county, not having authority to empower its treasurer to make a general deposit of its funds without requiring security as provided by statute, cannot ratify the treasurer's wrongful act in doing so, and therefore is not estopped to assert that such act was wrongful because of its presumed ratification thereof. Yellowstone Co. v. First Trust & Savings Bank, 46 Mont. 439, 451, 128 Pac. 596.

Liability of public officer for loss of public money, see notes in 17 Ann. Cas. 929; Ann. Cas. 1914C, 492; 36 L. R. A. (N. S.) 285.

4768. County commissioners may suspend treasurer. Whenever any action based upon official misconduct is commenced against any county treasurer, the board of county commissioners may, in its discretion, suspend him from office until such suit is determined, and may appoint some person to fill the vacancy.

History: En. Sec. 4368, Pol. C. 1895; re-en. Sec. 3004, Rev. C. 1907. Cal. Pol. C. Sec. 4162.

4769. No commissions allowed. In case of the death of any county treasurer, his legal representatives must deliver up all official moneys, books, accounts, papers, and documents which come into their possession. No percentage must be allowed to the treasurer on any money by him received from his predecessor in office, or from the legal representative of such predecessor.

History: En. Sec. 4369, Pol. C. 1895; re-en. Sec. 3005, Rev. C. 1907. Cal. Pol. C. Sec. 4163.

4771. Must permit state examiner and county clerk to examine books. The treasurer must permit the state examiner and county clerk or the board of county commissioners to examine his books and count the money in the treasury, whenever any of them may wish to make an examination or counting.

4829. Must keep records. The county auditor shall carefully preserve all documents, books, records, and other papers required to be kept in his office, and each county auditor on going out of office, shall deliver over to his successor in office all documents, books, records, and property in his hands belonging to the county.

History: Sec. 3105, Rev. C. 1907. See also history of Sec. 4824.

4830. Must audit and investigate claims. It shall be the duty of persons holding claims against any county having a county auditor to present the same to the county auditor, whose duty it shall be to audit the same. The county auditor shall also investigate and examine into all claims presented to him, and report the same with his finding to the board of county commissioners at their regular session after such investigation shall have been completed, with his approval or disapproval indorsed thereon, and he shall keep a complete record of all such claims and of his investigations and examinations of the same in a book kept for that purpose. In all counties having a county auditor, all bills, claims, accounts, or charges for materials of any kind or nature that may be purchased by and on behalf of the county by any of the county officers, or contracted for by the county commissioners, shall be investigated, examined, and inspected by the county auditor, who shall indorse his approval or disapproval thereon before any warrant for the payment of the same can be drawn. In all counties having a county auditor, no claim against the county shall be paid or warrant drawn therefor unless the same shall have the approval of the county auditor; provided, however, that the judge of the district court of the county where any claim has been disapproved by the county auditor may order the payment of the same.

History: Sec. 3106, Rev. C. 1907. See also history of Sec. 4824.

The word "audit" is not used in its narrow and restricted sense, and does not limit the auditor to merely ascertaining whether the claims are in proper form and mathematically correct. State ex rel. Dolin v. Major, 58 Mont. 140, 152, 192 Pac. 618.

The board may exercise its judgment in ordering paid those claims which have the approval of the auditor, but the only power which the board has in reference to claims disapproved by him is to disallow them State ex rel. Dolin v. Major, 58 Mont. 140, 150, 192 Pac. 618.

It would seem that the proviso empowering district judges to order the payment of claims against the county after the approval by the auditor, is repugnant to section 1 of article IV of the constitution for the reason that it undertakes to cast upon district judges a power which pertains exclusively to the executive branch of the government. State ex rel. Dolin v. Major, 58 Mont. 140, 151, 192 Pac. 618.

4831. Must record list of claims. The county clerk and recorder shall return to the county auditor, within ten days after the adjournment of each session of the board of county commissioners, a list of the claims allowed or rejected either in whole or in part by them, which list shall be recorded by the auditor in a book kept for that purpose, and carefully preserved in his office.

History: Sec. 3107, Rev. C. 1907. See also history of Sec. 4824.

4832. Must examine books and accounts. It shall be the duty of the county auditor to make an examination of the books and accounts of the county treasurer, the county clerk and recorder, the sheriff, and clerk of the district court, and all other county and township officers, within fifteen days next preceding each regular session of the board of county commissioners at their next session immediately following such examination, unless a longer time be granted him by the board in which to report the same, and said report shall contain a full and complete statement of the moneys received and disbursed by each of the said officers since the last examination and report of the same, and for this purpose the county auditor shall have free access to all books and papers in each of said offices.

History: Sec. 3108, Rev. C. 1907. See also history of Sec. 4824.

4833. County superintendent of poor. The county auditor hereby created is also made county superintendent of the poor, whose duty it shall be, under such rules and regulations as may be prescribed by the county commissioners, to care for and examine all claims that may be made upon the county for charity; also to have, under the direction of the county commissioners, general supervision of the county poorhouse or farm.

History: Sec. 3109, Rev. C. 1907. See also history of Sec. 4824.

4834. Other duties. The county auditor shall also perform such other duties, clerical or otherwise, as he may be directed to perform by the county commissioners; provided, a reasonable amount of time must be allowed the county auditor for the performance of the duties definitely set forth in this act.

Expenses, not imposed by law, are not a charge against a county. Wade v. Lewis and Clark County, 24 Mont. 335, 340, 61 Pac. 879.

Under subdivision 3, all expenses necessarily incurred by a county attorney in prosecutions for public offenses arising in the county are a county charge. Ind. Pub. Co. v. Lewis and Clark County, 30 Mont. 83, 85, 75 Pac. 860.

4953. Costs on removal of criminal actions. When a criminal action is removed before trial, the costs accruing upon such removal and trial must be a charge against the county in which the indictment was found or information filed.

History: En. Sec. 4682, Pol. C. 1895; re-en. Sec. 3200, Rev. C. 1907. Cal. Pol. C. Sec. 4345.

Where a criminal action is removed from one county to another for trial, it is the duty of the county to which it is transferred to furnish a prosecuting officer, and if for any reason its county attorney is unable to act as such officer, and the court appoints special counsel to represent the state, the cost incident to his employment is not a proper charge against the county from which the change of venue was had. State ex rel. Cascade Co. v. Lewis and Clark County, 34 Mont. 351, 355, 86 Pac. 419.

County chargeable with expense of trial in case of change of venue, see note in Ann. Cas. 1913B, 187.

4954. Proceedings in collection of such costs. The district court of the county to which such action is removed must certify the amount of costs allowed and certified by the court to the board of county commissioners of their county, and such board of county commissioners shall audit the same and draw their warrants therefor upon the treasurer of the county from which such action was removed, and such board of county commissioners shall forward to said treasurer and board of county commissioners of the county from which said action was transferred, as aforesaid, a certified copy of the total amount allowed by the court, giving each item as certified to them by the clerk of the district court and the court; and the board of county commissioners receiving such certified copy of said costs allowed shall enter the same in their books as a charge against the treasurer of their county, and the county treasurer of the county from which such action was removed must immediately upon presentation pay said warrant out of the general fund of said county; or if, at the time of presentation, there is not sufficient moneys in the said general fund to pay the same, he must indorse upon said warrant, "Not paid for want of funds," and said warrant must be registered, and shall draw interest at the same rate and be paid in the same manner as though it had been drawn by the board of county commissioners of the county where the indictment was found or information filed.

History: En. Sec. 4683, Pol. C. 1895; re-en. Sec. 3201, Rev. C. 1907. Cal. Pol. C. Sec. 4346.

The mere certification of the costs resulting from the removal of a cause for trial from one county to another, required under this section, may not be said to have the force and effect of a judgment against the county from which the cause was removed, where no action was pending to which it was a party. State v. Lewis and Clark County, 34 Mont. 351, 356, 86 Pac. 419.

GENERAL POWERS OF CITIES AND TOWNS.

Section 4955. General Powers.
4956. Distribution of Powers of Cities.
4957. Distribution of Powers of Towns.
4958. City and Town, How Named—General Corporate Powers.

4955. General powers. A city or town is a body politic and corporate, with the general powers of a corporation, and the powers specified or necessarily implied in this chapter, or in special laws heretofore enacted.

History: En. Sec. 4700, Pol. C. 1895; re-en. Sec. 3202, Rev. C. 1907. Cal. Pol. C. Sec. 4354.

A city has only such authority as is conferred upon it by express legislative declaration or necessary implication, and

where there is a fair and reasonable doubt as to the existence of a particular power, it must be resolved against the municipality and the power denied. Davenport v. Kleinschmidt, 6 Mont. 502, 527, 13 Pac. 249; City of Helena v. Kent, 32 Mont. 279, 283, 80 Pac. 258, 4 Ann. Cas. 235; State ex rel. Quintin v. Edwards, 40 Mont. 287, 303, 106 Pac. 695, 20 Ann. Cas. 239; Helena etc. Ry. Co. v. City of Helena, 47 Mont. 18, 31, 130 Pac. 446; Shapard v. City of Missoula, 49 Mont. 269, 278, 141 Pac. 544; Sharkey v. City of Butte, 52 Mont. 16, 19, 155 Pac. 266; State ex rel. Billings v. Billings Gas Co., 55 Mont. 102, 108, 173 Pac. 799.

A city has no powers except such as are conferred upon it by legislative grant, either directly or by necessary implication. Davenport v. Kleinschmidt, 6 Mont. 502, 527, 13 Pac. 249; City of Helena v. Kent, 32 Mont. 279, 283, 80 Pac. 259, 4 Ann. Cas. 235; Palmer v. City of Helena, 40 Mont. 498, 507, 107 Pac. 512; Sharkey v. City of Butte, 52 Mont. 16, 19, 155 Pac. 266.

It is the duty of a city organized under the laws of this state to establish and improve streets, and damages can be recovered by one who is injured by its negligence in permitting its streets to become and remain in a dangerous condition. Sullivan v. City of Helena, 10 Mont. 134, 141, 25 Pac 94; Snook v. City of Anaconda, 26 Mont. 128, 134, 66 Pac. 756; May v. City of Anaconda, 26 Mont. 140, 142, 66 Pac. 759; Ford v. Great Falls, 46 Mont. 292, 306, 127 Pac. 1004.

This section, taken in connection with section 4958 and subdivision 1 of section 5039, constitutes a general grant of power, as well as a limitation of power, for authority is given to the city to pass all ordinances necessary for its government and management, and such ordinances shall not contravene constitutional or statutory provisions. City of Helena v. Kent, 32 Mont. 279, 285, 80 Pac. 259, 4 Ann. Cas. 235.

When the mode of exercising any power is pointed out in the statute granting it to a municipal corporation, the mode thus prescribed must be pursued in all substantial particulars. McGillic v. Corby, 37 Mont. 249, 254, 95 Pac. 1063, 17 L. R. A. (N. S.) 1263; Carlson v. City of Helena, 39 Mont. 82, 109, 102 Pac. 39, 17 Ann. Cas. 1233; Shapard v. City of Missoula, 49 Mont. 269, 278, 141 Pac. 544.

In an action against a city to recover damages for injuries to real property, an averment in the complaint that the city "is a municipal corporation, organized and existing under the laws of the state," was sufficient as against the objection that the pleading did not state a cause of action. Judicial notice will be taken of the fact that during a certain year a city was a municipal corporation existing under the laws of this state. Drew v. City of Butte, 44 Mont. 124, 125, 119 Pac. 279.

No consistency whatever has been observed in the legislative use of the term "town." State ex rel. Powers v. Dale, 47 Mont. 227, 230, 131 Pac. 670, Ann. Cas. 1914D, 227.

The entire municipal code is to be treated as one statute whose provisions are interdependent. Brown v. Foster, 48 Mont. 114, 118, 135 Pac. 993.

Cited or applied as section 3202, Revised Codes, in Davis v. Stewart, 54 Mont. 429, 434, 171 Pac. 281.

For text treatment of selected cases relating to municipal corporations, see Cal. Jur. and 19 R. C. L. 678.

4956. Distribution of powers of cities. Every city has legislative, executive, and judicial power. Its legislative power is vested in a city council, its executive power in a mayor and his subordinate officers, and its judicial power in a police court.

History: En. Sec. 4701, Pol. C. 1895; re-en. Sec. 3203, Rev. C. 1907. Cal. Pol. C. Sec. 4355.

In the exercise of its legislative powers, a city is ruling its people, and is bound to transmit its powers of government to its successive sets of officers unimpaired. State v. Great Falls City Council, 19 Mont. 518, 534, 49 Pac. 15.

4957. Distribution of powers of towns. Every town has legislative, executive, and judicial power. Its legislative power is vested in a town council, its executive power in a mayor and his subordinate officers, and its judicial power in justices of the peace of the township in which the town is situated.

History: En. Sec. 4702, Pol. C. 1895; re-en. Sec. 3204, Rev. C. 1907.

4958. City and town, how named, general corporate powers. Every city or town organized under this title is entitled "the city of....."

(naming it), or "the town of ....." (naming it), and by such name has perpetual succession; may sue and be sued in all courts and places, and in all proceedings whatsoever, and may have and use a common seal; may purchase, receive, have, take, hold, lease, use, and enjoy property of every name or description, and dispose of the same for the common benefit; and has such other powers as are incident to municipal corporations not inconsistent with the laws of the United States or the state.

History: En. Sec. 4703, Pol. C. 1895; re-en. Sec. 3205, Rev. C. 1907.

Note.—The four foregoing sections appear in part as sections 323, 324, Fifth Division Compiled Statutes 1887.

Mandamus will lie to compel a city to audit and pay a bill which it owes to a water company for the rent of hydrants, although this section provides that cities may sue or be sued. State v. Great Falls City Council, 19 Mont. 518, 537, 49 Pac. 15; State ex rel. Kaiser W. Co. v. City of Philipsburg, 23 Mont. 16, 22, 57 Pac. 405.

CLASSIFICATION AND ORGANIZATION OF CITIES AND TOWNS.

Section 4959. Cities and Towns Classified.
4960. Basis of Classification.
4961. Organization of Cities and Towns—Petition and Census.
4662. Election—How Conducted.
4963. First Election for Officers.
4964. Officers Elected and Conduct of Election.
4965. Existing Cities Reorganized Hereunder.
4966. Such Cities Become Cities of the First or Second Class or Towns.
4967. Old Officers Continue in Office—Election.
4968. Effect of Reorganization of Cities and Towns Hereunder.

4959. Cities and towns classified. Every city having a population of ten thousand or more is a city of the first class; every city having a population of less than ten and more than five thousand is a city of the second class; every city having a population of less than five thousand and more than one thousand is a city of the third class; and every municipal corporation having a population of three hundred and less than one thousand is a town.

History: En. Sec. 4710, Pol. C. 1895; re-en. Sec. 3206, Rev. C. 1907.

Cited or applied as section 3206, Revised Codes, in Davis v. Stewart, 54 Mont. 429, 434, 171 Pac. 281.

Validity of statute classifying municipalities according to differences in population, see note in 15 Ann. Cas. 856.

4960. Basis of classification. The census taken under the direction of the congress of the United States in the year eighteen hundred and ninety, and every ten years thereafter, shall be the basis upon which the respective populations of said municipal corporations shall be determined, unless a direct enumeration of the inhabitants thereof be made by the state or municipal corporation, in which case such direct enumeration constitutes such basis.

History: En. Sec. 4711, Pol. C. 1895; re-en. Sec. 3207, Rev. C. 1907.

4961. Organization of cities and towns—Petition and census. Whenever the inhabitants of any part of a county desire to be organized into a city or town, they may apply by petition in writing, signed by not less than fifty qualified electors, residents of the state, and residing within the limits of the proposed incorporation, to the board of county commissioners of the county in which the territory is situated, which petition must describe the limits of the proposed city or town, and of the several wards thereof, which must not exceed one square mile for each five hundred inhabitants resident therein. The petitioners must annex to the petition a map of the proposed territory to be incorporated, and state the name of the city or town. The petition and map must be filed in the office of the county clerk. Upon filing the petition, the board of county commissioners, at its next regular or special meeting, must appoint some suitable person to take a census of the residents of the territory to be incorporated. After taking the census, the person appointed to take the same must return the list to the board of county commissioners, and the same must be filed by it in the county clerk's office. No municipal cor-

poration must be formed unless the number of inhabitants is three hundred or upwards.

History: En. Sec. 315, 5th Div. Comp. Stat. 1887; re-en. Sec. 4720, Pol. C. 1895; re-en. Sec. 3208, Rev. C. 1907; amd. Sec. 1, Ch. 56, L. 1909.

Note.—The first general municipal incorporation act was that of February 17, 1881 (Laws of 1881, pp. 13-38). This was superseded by sections 315 to 440, Fifth Division Compiled Statutes 1887. Many of the provisions of this act are so different from the present law that exact historical comparison of the several sections cannot be made.

Cited or applied as section 3208, Revised Codes, as amended, in Davis v. Stewart, 54 Mont. 429, 434, 171 Pac. 281.

4962. Election—How conducted. After filing the petition and census, if there be the requisite number of inhabitants for the formation of a municipal corporation, as required in the preceding section, the county commissioners must call an election of all the qualified electors residing in the territory, described in the petition. Said election must be held at a convenient place within the territory described in the petition, to be designated by the board, notice of which election must be given by publication in some newspaper published within the limits of the territory to be incorporated, or, if none be published therein, by posting notice in three public places within said limits. The notice must be published thirty days prior to the election, and must specify the time and place when and where the same is held, and contain a description of the boundaries of the city or town. The board must appoint judges and clerks of election, who must qualify as required by law, and after the election they must report the result to the board, together with the ballots cast at said election. The ballots used at the election must be "For incorporation" or "Against incorporation," and all elections must be conducted as provided in sections 531 to 828 of this code.

History: En. Sec. 316, Fifth Div. Comp. Stat. 1887; amd. Sec. 2, p. 178, L. 1889; re-en. Sec. 4721, Pol. C. 1895; re-en. Sec. 3209, Rev. C. 1907.

Validity of statute authorizing creation of new municipality only on ratification by voters within territory affected, see note in Ann. Cas. 1914C, 626.

4963. First election for officers. When the incorporation of a city or town is completed, the board of county commissioners must give notice for thirty days in a newspaper published within the limits of the city or town, or, if none be published therein, by posting notices in six public places within the limits of the corporation, of the time and place or places of holding the first election for offices of the corporation. At such election all the electors qualified by the general election laws of the state, and who have resided within the limits of the city or town for six months, and within the limits of the ward for thirty days preceding the election, are qualified electors and may choose officers for the city or town, to hold office as prescribed in the next succeeding section.

History: Ap. p. Sec. 318, 5th Div. Comp. Stat. 1887; amd. Sec. 2, p. 178, L. 1889; re-en. Sec. 4722, Pol. C. 1895; re-en. Sec. 3210, Rev. C. 1907.

The expression "preceding the election," as used in this section, is equivalent in meaning to "next preceding the election." Dowty v. Pittwood, 23 Mont. 113, 118, 57 Pac. 727.

4964. Officers elected and conduct of election. At such election there must be elected, in a city of the first class, a mayor, a police judge, a city attorney, a city treasurer, a city marshal, and two aldermen from each

ward into which the city may be divided; in a city of the second class, a mayor, a police judge, a city treasurer, a city marshal, and two aldermen from each ward; in a town, a mayor, and two aldermen from each ward, who hold office until the first Monday of May after the first annual election, and until their successors are elected and qualified. The persons so elected must qualify in the manner prescribed by law for county officers. The board of county commissioners must appoint judges and clerks of election, and canvass and declare the result thereof. The election must be conducted in the manner required by law for the election of county officers.

History: En. Sec. 318, 5th Div. Comp. Stat. 1887; amd. Sec. 2, p. 178, L. 1889; re-en. Sec. 4723, Pol. C. 1895; re-en. Sec. 3211, Rev. C. 1907.

4965. Existing cities reorganized hereunder. All cities and towns existing or heretofore incorporated under the laws of the territory or state of Montana, either under general or special laws or charters, on the adoption of this code become and are incorporated under the provisions of this code relative to the government of cities and towns, and have the powers conferred, or that may hereafter be conferred by law, upon cities or towns of the class to which each may belong.

History: En. Sec. 5032, Pol. C. 1895; re-en. Sec. 3481, Rev. C. 1907.

Note.—The word "title" originally appearing in the above section changed to conform to arrangement of this code.

The use of the term "incorporated," as applied to cities and towns, clearly connoting the opposite idea of unincorporated cities or towns, is clearly shown in this and other sections of the code. State ex rel. Powers v. Dale, 47 Mont. 227, 229, 230, 131 Pac. 670, Ann. Cas. 1914D, 227.

Cited or applied as section 5032, Political Code, in Drew v. City of Butte, 44 Mont. 124, 125, 119 Pac. 279.

4966. Such cities become cities of the first or second class or towns. Such cities or towns are and become cities of the first or second class or towns according to their population as determined by the federal census of 1890.

History: En. Sec. 5033, Pol. C. 1895; re-en. Sec. 3482, Rev. C. 1907.

4967. Old officers continue in office—Election. All officers of such city or town holding office at the time of the adoption of this code remain in office until the next annual election and the first Monday of May next ensuing thereafter, and until their successors are elected and qualified. The duties and compensation of such officers and the liabilities of sureties on official bonds remain the same. All elections must be held under the provisions of this code relative to the government of cities and towns.

History: En. Sec. 5034, Pol. C. 1895; re-en. Sec. 3483, Rev. C. 1907. See note to Sec. 4965.

4968. Effect of reorganization of cities and towns hereunder. Any such city or town is the identical corporation theretofore existing, and the reorganization hereunder in no way affects or impairs the title to any property owned or held by such city or town, or in trust therefor, or any debts, demands, liabilities, bonds, or other evidences of indebtedness, or other obligations in favor of or against such city or town, or any action or proceeding then pending, nor does it operate to repeal or affect in any manner any ordinance, resolution, or by-law theretofore passed or

adopted and remaining unrepealed, or to discharge any person from any liability, civil or criminal, for any violation thereof; but such ordinances, resolutions, and by-laws, so far as the same are not in conflict with that part of this code relating to the government of cities and towns, are and remain in full force until repealed or amended, and all proceedings commenced theretofore, after the adoption of this code, must be conducted in accordance with the provisions of this code relating to the government of cities and towns.

History: En. Sec. 5035, Pol. C. 1895; re-en. Sec. 3484, Rev. C. 1907. See note to Sec. 4965.

This section is not curative in character, but was intended simply to preserve the statu quo of all municipal corporations in existence at the time of the adoption of the code of 1895. It imparted no validity to a void ordinance providing compensation for the acting mayor of a municipality. McGillic v. Corby, 37 Mont. 249, 254, 95 Pac. 1063, 17 L. R. A. (N. S.) 1263.

CHAPTER 39.

CHANGE OF CLASSIFICATION OF CITIES AND TOWNS.

Section 4969. Proceedings for Advancement and Census.
4970. Resolution Declaring the Advancement.
4971. New Officers—Election.
4972. Old Ordinances, etc., Remain in Force Until When.
4973. Cities May Be Reduced in Class—Proceedings.
4974. Disincorporation of City or Town—Proceedings.
4975. Duty of County Clerk and City or Town Treasurer—Property and Money to Be Turned Over.

4969. Proceedings for advancement and census. Whenever it manifestly appears to a city or town council from the last federal, state, county, city, or town census, that such city or town has the requisite population to entitle it to be classified as provided in section 4959 of this code, such city or town must be advanced as provided in the next section.

History: En. Sec. 4950, Pol. C. 1895; amd. Sec. 1, p. 225, L. 1897; re-en. Sec. 3447, Rev. C. 1907.

Constitutional provision for transition of municipal corporation from one class to another as self-executing, see note in Ann. Cas. 1916D, 868.

4970. Resolution declaring the advancement. If it appears by such census that the city or town contains the requisite population to be advanced, the council must thereupon, by resolution, declare that the town is advanced to a city of the first, second, or third class, or a city of the third class is advanced to a city of the second or first class, or a city of the second class is advanced to a city of the first class, as the case may be, and file a certified copy of such resolution in the office of the county clerk of the county and in the office of the secretary of state. Whereupon such town becomes a city of the first, second, or third class, and a city of the third class becomes a city of the second or first class, and a city of the second class becomes a city of the first class, as the case may be, to be governed under the provisions of this code relative to cities and towns.

Note.—The word "title" originally appearing in the above section has been changed in this code.

4971. New officers—Election. The first election of officers of the new municipal corporation organized under the provisions of this chapter must

be at the first annual municipal election after such proceedings, and the old officers remain in office until the new officers are elected and qualified.

History: En. Sec. 4952, Pol. C. 1895; re-en. Sec. 3449, Rev. C. 1907.

4972. Old ordinances, etc., remain in force until when. All ordinances, by-laws, and resolutions adopted by the old municipal corporation, as far as consistent with the provisions of this code relative to cities and towns, remain in force until repealed by the council of the new municipal corporation.

History: En. Sec. 4953, Pol. C. 1895; re-en. Sec. 3450, Rev. C. 1907. See note to Sec. 4970.

4973. Cities may be reduced in class—Proceedings. Whenever it appears by the census taken by the United States, state, or otherwise, that the population of a city of the first or second class has decreased so as to be insufficient in number to entitle it to be a city of that class, the council must thereupon, by a resolution, declare that such city be reduced to a city of the second class or town, as the case may be. A certified copy of such resolution must be filed in the office of the county clerk and in the office of the secretary of state, and thereafter such city becomes a city of the second class or a town, as the case may be, to be governed under the provisions of this code relative to cities and towns. The provisions of sections 4971 and 4972 of this code apply to this section.

History: En. Sec. 4954, Pol. C. 1895; re-en. Sec. 3451, Rev. C. 1907. See note to Sec. 4970.

4974. Disincorporation of city or town—Proceedings. Whenever it appears by such census that a city or town has a population of less than three hundred inhabitants, the corporate existence of such city or town under this code relative to cities and towns must be discontinued. The board of county commissioners of the county in which the city or town is situated must declare, by resolution, that the incorporation thereof be discontinued, and must provide for the payment of the indebtedness of the same, and thereafter annually levy a tax on all the property situate within the limits of such city or town until all of such indebtedness is paid. The books, documents, records, papers, and seal of such city or town must be deposited with the county clerk for safe-keeping and reference, and the records of the police judge or police court must be deposited with one of the justices of the peace of the township in which such city or town is situated, who has power to execute and complete all unfinished business of such police judge or court.

4975. Duty of county clerk and city or town treasurer—Property and money to be turned over. The county clerk must send a certified copy of the resolution of discontinuance to the secretary of state, and all moneys in the hands of the city or town treasurer must be paid to the county treasurer, which must be applied in payment of the indebtedness of such city or town, and all other property must be delivered to the board of county commissioners, which must be sold and disposed of for the purpose of paying such indebtedness.

CHAPTER 40.

ADDITIONS TO CITIES AND TOWNS.

Section 4976. Additions to Cities or Towns.
4977. Additions, How Made.
4978. Extension of Corporate Limits Over Contiguous Platted Tracts.
4979. Election on the Question of Annexation.

4976. Additions to cities or towns. Whenever territory adjoining any incorporated city or town is surveyed, and laid off into streets or blocks as an addition thereto, upon filing the map or plat thereof in the office of the county clerk, said territory may become a part of such city or town, upon the approval of the mayor and a majority of the council indorsed thereon.

History: En. Sec. 4724, Pol. C. 1895; re-en. Sec. 3212, Rev. C. 1907.

Where a certain tract of land was not a part of a city, and the owner was not entitled to the privileges of an owner of city lots, he was under no obligation to pay special assessments for a sewer constructed by the city in the street in front of such land. Farlin v. Hill, 27 Mont. 27, 36, 69 Pac. 237. See Sharkey v. City of Butte, 52 Mont. 16, 21, 155 Pac. 266.

The use of the term "incorporated," as applied to cities and towns, clearly connoting the opposite idea of unincorporated cities or towns, is clearly shown in this and other sections of the code. State ex rel. Powers v. Dale, 47 Mont. 227, 229, 230, 131 Pac. 670, Ann. Cas. 1914D, 227.

The approval of the mayor and a majority of the council indorsed on the map or plat of an addition to a city or town is essential to bring the territory included therein within the jurisdiction of the council. Pool v. Town of Townsend, 58 Mont. 297, 304, 191 Pac. 385.

Cited or applied as section 3212, Revised Codes, in Barnard Realty Co. v. City of Butte, 48 Mont. 102, 113, 136 Pac. 1064; De Sandro v. Missoula Light & Water Co., 48 Mont. 226, 234, 136 Pac. 711.

4977. Additions, how made. The council has control of all such additions, and power by ordinance to compel the owners of these additions to lay out streets, avenues, and alleys, so as to have the same correspond in width and direction and be continuations of the streets, avenues, and alleys in the city or town, or in the addition thereto, contiguous to or near the proposed addition. The owner of any addition has no rights or privileges unless the terms and conditions of the ordinance are complied with, and the plat thereof has been submitted to and approved by the mayor and council, and such approval indorsed thereon.

History: En. Sec. 4725, Pol. C. 1895; re-en. Sec. 3213, Rev. C. 1907.

Cited or applied as section 3213, Revised Codes, in Barnard Realty Co. v. City of Butte, 48 Mont. 102, 113, 136 Pac. 1064; De Sandro v. Missoula Light & Water Co., 48 Mont. 226, 234, 136 Pac. 711.

4978. Extension of corporate limits over contiguous platted tracts. Any tracts or parcels of land, which have been or may hereafter be platted into lots or blocks, streets, and alleys, and the map or plat thereof filed in the office of the county clerk and recorder of the county in which the same are situated, and which shall be contiguous to any incorporated city or town, may be embraced within the corporate limits thereof, and the boundaries of such city or town extended so as to include the same in the following manner: When, in the judgment of any city or town council, expressed by resolution duly and regularly passed and adopted, it will be to the best interest of such city or town and the inhabitants thereof, and of the inhabitants of any contiguous platted tracts or parcels of land, as aforesaid, that the boundaries of such city or town shall be extended, so as to include the same within the corporate limits thereof, the

city or town clerk of such city or town shall forthwith cause to be published in the newspaper published nearest such platted tracts or parcels of land, at least once a week for two successive weeks, a notice which shall be to the effect that such resolution has been duly and regularly passed, and that for a period of twenty days after the first publication of such notice, such city or town clerk will receive expressions of approval or disapproval, in writing, of the proposed extensions of the boundaries of such city or town, from resident freeholders of the territory proposed to be embraced therein. The clerk shall, at the next regular meeting of the city or town council after the expiration of said twenty days, lay before the same all communications in writing by him so received for its consideration, and if, after considering the same, such council shall duly and regularly pass and adopt a resolution to that effect, the boundaries of such city or town shall be extended so as to embrace and include such platted tracts or parcels of land, the time when the same shall go into effect to be fixed by such resolution; provided, that such resolution shall not be adopted by such council if disapproved by a majority of the resident freeholders of the territory proposed to be embraced.
